Sub: TOR for proposed expansion project of MS & SS Billets, Flats & Casting Unit of M/s Synergy Steels Limited at 2 MIA, RIICO, Village-Desula, Tehsil & District-Alwar

Sir,

This has reference to your application dated 10.3.11 seeking environmental clearances for the above project under EIA Notification 2006. The proposal has been appraised as per prescribed procedure in the light of provisions under the EIA Notification 2006 on the basis of the mandatory documents enclosed with the application viz. the questionnaire, EIA, EMP and additional clarifications furnished in response to the observation of the State Level Expert Committee Rajasthan, in its meetings held on 28/29.4.11 & 25/26.7.11.

2. Brief details of the Project:

1. Item No. in the list of 3(a) B Schedule / Category: RIICO, MIA, Alwar
2. Location of Project: 44, 963 sq. m.
3. Plot Area/Area: From 66,000 TPA to 89,000 TPA (total after expansion will be 1,55,000 TPA)
4. Product & Capacity: Rs. 8525 lacs (on cover page, it is given as Rs. 1625 lacs)
5. Expected cost: 307.5 KLD water supply (for process 300 KLD, for domestic 7.5 KLD);
7. Fuel & Energy Plan: 14,500 KVA (contract demand); Source: GSS
8. Environment Management Plan: 20,000 KVA (transformer capacity)
   The PP has proposed an amount of Rs. 1,00,000/- as capital cost for the first two years
   and Rs. 20,000 as recurring cost against CSR.

3. The SEAC Rajasthan after due considerations of the relevant documents submitted by the project
   proponent and additional clarifications/documents furnished to it have recommended for Environmental
   Clearance with certain stipulations. The SEIIAA Rajasthan after considering the proposal and
   recommendations of the SEAC Rajasthan hereby accord Environmental Clearance to the project as per
   the provisions of Environmental Impact Assessment Notification 2006 and its subsequent amendments,
   subject to strict compliance of the terms and conditions as follows:

i. The capacity of the industry shall be limited for production by manufacturing of SS Billets, Flats &
   Casting Unit of capacity 66,000 TPA to 89,000 TPA (total after expansion will be 1,55,000 TPA)
   Provide measures for leakage detection in for underground storage tank of fuel, if any.
   The PP shall achieve the stack emission standards and ambient air standards as notified under EP Rules
   1986.
   Total water consumption shall be limited to 307.5 KLD water supply (for process 300 KLD, for domestic
   7.5 KLD); Source: RIICO and existing 2 bore wells.
   The stack height for disbursement of the process emissions shall not be less than 30.00 Mtrs. above GL.
   The PP shall ensure implementation of the proposed EMP in its letter and spirit.
   The PP has proposed an amount of Rs. 1,00,000/- as capital cost for the first two years and Rs. 20,000 as
   recurring cost against CSR.
   The PP shall operate its unit with prior Consent to Establish and Consent to Operate under the provisions
   of Water (Prevention & Control of Pollution) Act, 1974 and Air (Prevention & Control of Pollution) Act,
   1981.
   The PP shall ensure implementation of the proposed EMP in its letter and spirit.
   The particulate matter and gaseous emissions (SOx, NOx, CO, CO2 etc) from various
   processes/units storages should conform to the standards prescribed by the RPCB/CPCB or under the EP
   Rules'86 from time to time.
x. At no time, the emissions should go beyond the prescribed standards. In the event of failure of any pollution control system adopted by the units, the unit shall immediately put off operation and shall not restart until the control measures are rectified to achieve the desired efficiency.

xi. Ambient air quality monitoring stations should be set up consultation with RSPCB in the down wind direction as well as where max. ground level concentration of PM, SO\textsubscript{2}, NO\textsubscript{x}, CO, CO\textsubscript{2} are anticipated.

xii. Portholes and sampling facilities should be provided for the stack emissions monitoring as per the CPCB guidelines. Stack emissions should be monitored in consultation with RPCB.

xiii. Data on ambient air quality and stack emissions should be submitted to RPCB once in six months carried out by MOEF/NAB/NEPCB/Government approved lab.

xiv. The PP should provide separate drainage and outlets with the precaution that the storm water.

xv. The waste slag of the process is hazardous in nature and, therefore, must be handled as per the provisions of Hazardous Waste (Management, Handling & Trans-boundary Movement) Rules, 2008. Authorization is to be obtained from Rajasthan State Pollution Control Board for its management and disposal.

xvi. Handling, manufacture, storage and transportation of hazardous chemicals should be in accordance with the Manufacture, Storage and Import of Hazardous Chemicals Rules, 1989 (amended till date).

xvii. Adequate measures for the control of noise should be taken so as to keep the noise levels below 85 dB (A) in the work environment. Persons working near the machines should be provided with well-designed ear muffs/plugs and other personnel protective equipments.

xviii. Suitable alarm system and standard procedure for transmitting the information on the occurrence of an accident to the proper focal point should be established.

xix. Efforts should be made to increase green belt all around the premises. Native plant species should be selected for this purpose in consultation with the local Forest Department A green belt development plan be prepared and implemented so as to cover at least 33% area of the plot size.

xx. A qualified person in the field of environment or separate Environmental Management Cell to be established to implement and carry out various functions is set up under the control of a Senior Executive who will report directly to the head of the project.

xxi. The PP will ensure that no employee or worker remains on duty within the plant premises for more than 8 hours per day in one stretch. No residential facilities (even for security staff) within the factory premises will be provided.

xxii. A voluntary commitment taking up social responsibility through various activities to be undertaken by the project proponent is to be given and the budgeted amount proposed for such activities will be kept. An initial amount of 5% of the project cost and 5% of profit thereon annually be kept, an undertaking regarding this should be submitted along with CET application. Periodical medical check up of the workers should be done in six months and records maintained. The funds earmarked for the environmental protection measures should be kept in separate account and should not be diverted for other purposes and year wise expenditure should be reported to the RPCB under the rules prescribed for environmental audit.

xxiii. The PP shall ensure taking necessary steps on urgent basis to improve the living conditions of the construction labour at site.

xxiv. The PP shall ensure that, the EC letter as well as the status of compliance of EC conditions and the monitoring data are placed on company's website and displayed at the project site.

xxv. The PP shall ensure advertising in at least two local newspapers widely circulated in the region, one of which shall be in vernacular language that, the project has been accorded environmental clearance and copies of the clearance letters are available with SEIAA, Rajasthan and the Rajasthan State Pollution Control Board and may also be seen on the website of the Board at www.rpcb.nic.in. The advertisement shall be made within 7(seven) days from the date of issue of the environmental clearance and a copy shall also be forwarded to the SEIAA, Rajasthan and Regional Office, Jaipur($) of the Board.

xxvi. The SEIAA, Rajasthan reserve the right to add new conditions, modify/annual any condition and/or to revoke the clearance if implementation of any of the aforesaid condition/other stipulations imposed by competent authorities is not satisfactory. Six monthly compliance status reports on project along with implementation of environmental measures shall be submitted to MoEF, Regional Office, Lucknow and RPCB.

xxvii. The PP shall ensure taking necessary steps for taking permission for C.G.W.A.

Yours faithfully,

(Sankatha Prasad)
