

Revised Guidelines for Enlistment of Vendors/ Manufacturers of vendors of PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow to be used in water supply schemes/ projects of PHED Rajasthan as per Evaluation Criteria based on Marking Pattern

1. Vendors who are manufacturer of **PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow** have to download and fill the Enlistment form and enclose documents as per "List of enclosure", already available on departmental website".
2. Revised Check list of marking pattern for enlistment of vendors of **PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow** to be used in water supply schemes/ projects of PHED, Rajasthan along with **Annexure A(Mandatory Criteria) , Annexure B and Annexure C** is now available on departmental website as "**Revised Form M-12**".
3. Vendors / manufacturer of **PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow** have to download Revised Form M-12 and have to check and submit the additional documents (in addition to documents enclosed at para 1 above), required as per Annex. A (Mandatory Criteria), B & C of Revised **Form M-12** as applicable. All the documents required in Annex.A (applicable) are compulsory to qualify the eligibility for further evaluation.
4. Documents required as per Revised Form M-12 will be preferred over documents as per "List of enclosure" in case of any dispute/ ambiguity.
5. During scrutiny, **mandatory criteria i.e Annexure A** will be checked first,
 - a) The applicant full filling all the mandatory criteria (applicable), shall only be eligible & considered for further evaluation. The documents submitted as per Annex. 'B' (Revised Form M-12), will be examined and marks will be allotted accordingly.
 - b) If applicant is eligible w.r.t. mandatory criteria (Annexure A) and visit to manufacturing unit will be decided then Annex. 'C' (Revised Form M-12) will be applicable.
 - c) Marking of Part A and Part B of Annex. 'C' (Revised Form M-12) will be on the basis of document submitted & subsequently verified during shop survey.

- d) Marking of Part C of Annex. 'C' (Revised Form M-12) will be as witnessed, during shop survey.
- e) In case, applicant does not full fill any of the mandatory criteria (applicable), then the applicant shall not be considered for further evaluation and informed accordingly.
6. Minimum qualifying marks will be 75%. The vendor securing marks 75% or more in evaluation as per annexure "B" or "C" as the case may be, will be considered as recommended for approval for **PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow.**
7. Technical Committee of the department will be the final approving authority.
8. After approval of Technical Committee the Name of vendor / Make of vendor will be added to "List of Specified Makes" of the department and vendor will be informed accordingly.

NOTE: Technical committee in its 725th meeting held on 29.7.2022 has approved the inclusion of **PP Moulded integrated saddle with in-built SS flow control valve and compression elbow** in the "List of Specified makes" of the department as new Item. Further in 731th meeting of Technical Committee of RWSSMB dated 14.10.2022 AI/5 TC has relaxed evaluation criteria and allowed **PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow.** The name of the vendors will be reflected in the list against this newly included item of **PP integrated saddle with in-built SS flow control valve both Moulded in single piece or Fusion welded and compression elbow** after 3 or more vendors will be evaluated & approved by the TC on the basis of above marking pattern.
