EXPRESSION OF INTEREST

No.F(12)/PSC-18/PCB 153

Dated: 29/5/18

Subject: - Expression of Interest for engagement of consultant for benchmarking water resources in the State of Rajasthan & preparing guidelines for siting of industrial area & water intensive units.

1. Objective: -

The State Board intends to engage an external expert agency for benchmarking water resources in the State of Rajasthan & preparing guidelines for siting of industrial area & water intensive units.

2. Background: -

Rajasthan State has formulated a State Water Policy in the year 2010 and State Sewerage and Waste Water policy in 2016. State Pollution Control Board is monitoring water quality of 128 water bodies i.e. Rivers (15 stations), Lakes (27 stations) and Wells (86 stations).

Issues of recycle and re-use of domestic sewage have been covered in both the Policies. However industrial waste water has not been dealt with industries in several cases are a major user and generator of large amount of waste water.

It is therefore necessary to benchmarking the water resources & develop siting criteria for establishment of industrial area & water intensive units.

3. Consultant Responsibility: -

1. Review of State/ National policies/guidelines related to water and waste water and synchronize them.
2. Benchmarking the water resources in the State through secondary data & validating them with field studies.
3. Document competitive use of available water resource.
4. Develop criteria for developing industrial areas & locating water intensive units, from the point of view of available water resources.
5. Develop guideline for setting of industrial area & water intensive units from the point of view of available water resources & in conformity with State Water Rules, State Sewerage & Waste Water Rules, 2016 and another statutory requirement.
6. Development dynamic GIS based interface.
7. Role & contribution of various departments/agencies for implementation of guidelines for benchmarking water resources in the State of Rajasthan & preparing guidelines for siting of industrial area & water intensive units.

8. Eligibility Criteria: -

- a) Reputed National Institute or University or Government agencies or Non-Profit Organizations who have an experience of more than 20 years in the field of environment or Private Organization having turnover more than 5 crore in consecutive last 3 years.
- b) Having work experience in water resource management or waste water management or drafting of water policy/ waste water policy.
