RAJASTHAN STATE POLLUTION CONTROL BOARD (RSPCB) – OVERVIEW

Two-tier structure of Pollution Control Boards:

- CPCB – Central Pollution Control Board (national level)
- SPCBs/PCCs – State Pollution Control Boards / Pollution Control Committees (state/UT level)

Aim: Prevent, control, and reduce pollution; ensure sustainable development and protect public health.

Table: Key Details of RSPCB

Particulars	Details
Constitution	Established in 1975 under Section 4 of the Water (Prevention & Control of Pollution) Act, 1974
Basic Mandate	To maintain wholesomeness of air, water, and environment
Parent Framework	Functions under the Water Act, 1974, Air Act, 1986, and Environment (Protection) Act, 1986.

Table: Functions & Responsibilities of RSPCB

Functional Area	Description
Regulatory Role	Enforces Water, Air, and Environment Act along with CIE/CIO, formulates and guidelines.
Monitoring & Control	Monitors air, water, and conducts regular checks, reports, and issues orders.
Advisory Role	Advises governments on various environmental, clearance, and impact assessments.
Awareness & Capacity Building	Organizes training, seminars, and technical programs for officials and students.
Research & Development	Conducts studies, reduces pollution, promotes renewable energy and recycling.
