The objective of the scheme is to promote the reuse, regeneration, and redesign of materials by supporting industries, research institutions, start-ups, MSMEs, and innovators to develop a sustainable circular ecosystem in Rajasthan. The implementation of this scheme is expected to contribute significantly to environmental protection, employment generation, resource efficiency, and sustainable development.

Rajasthan State Pollution Control Board, through this scheme, shall provide:

- Financial incentives up to Rs. 2 crores will be provided for R&D in the field of Recycling and Reuse.
- MSMEs and Start-ups working in the domain of Circular Economy will be granted an additional 0.5% relaxation in the existing financial assistance schemes.
