

# E-Waste Awareness Drive Jaipur

## International E-Waste Day

**14th October 2022**  
**Time: 11:00AM onwards**

In Association

**E-waste refers to ELECTRICAL & ELECTRONIC EQUIPMENT which is discarded by consumers and also includes the waste generated during manufacturing and repair.**

**95% of India's e-waste is recycled in the informal sector and in a crude manner.**

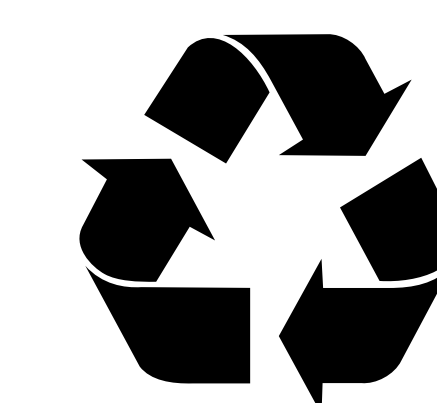

### Responsibilities of a Consumer

**Repair/Refurbish**  
Considering repairing/refurbishing the electronic devices before discarding or buying new product.

**Donate**  
Donate your unwanted electronics to subordinates or any other person in need.

**Recycle**  
Enquire and enrol in the Brand owner's take-back program or reach out to the authorized PRO/recycling partner/collection centre.
