

## **International Biodiversity Day Celebrated at SRN International School, Jaipur**

On the occasion of International Biodiversity Day (May 22nd), SRN International School in Jagatpura, Jaipur (Rajasthan), hosted a special event to raise awareness about the importance of biodiversity. The celebration included various activities and Biodiversity Quiz was conducted.

**Educational Talks or Activities:** Speakers from the Rajasthan Biodiversity Board or environmental experts have been delivered talks on biodiversity and its significance. These talks have covered topics like the rich biodiversity of Rajasthan, the threats it faces, and the importance of conservation efforts. Interactive activities or presentations could have also been conducted to engage students and make learning fun.

**Rajasthan Biodiversity Quiz:** This quiz presumably tested the students' knowledge about Rajasthan's specific biodiversity. It might have covered topics like the flora and fauna found in the state, its unique ecosystems, and conservation initiatives undertaken in the region. The quiz would have served as a stimulating way for students to learn and compete, while reinforcing the key message of biodiversity conservation.

The event likely helped students at SRN International School gain a deeper understanding of biodiversity and the importance of protecting it.

The Rajasthan Biodiversity Quiz would have encouraged students to learn more about Rajasthan's unique biodiversity and the challenges it faces.

The event might have inspired students to take action towards biodiversity conservation in their own lives or communities.
