Sir,

With reference to the subject & your letter cited above, the matter was discussed in the 49th meeting of SEIAA & on the recommendation SEAC, condition no. viii of construction phase is amended. Amended condition no. viii of construction phase is as under:-

"The Keoladeo National Park has been stated to be at the distance of 2.9 KM south west and Giraj/Goverdhan canal has been stated to be adjacent to the project and the state boundary of Uttar Pradesh have been stated as only 9.6 KM south east. Effective step should be taken regarding possible impact of the project on these environmental sensitive issues. The E.C is subject to obtaining prior clearance from forestry and wildlife angle including clearance from standing committee of the National Board for Wildlife as applicable, prior to the commissioning of the project. Further that the grant of environmental clearance does not necessarily implies that forestry and wildlife clearance shall be granted to the project and that their proposal for forestry and wildlife clearance will be considered by the respective authorities on their merits and decision taken. The investment made in the project, if any, based on environmental clearance so granted, in anticipation of the clearance from forestry and wildlife angle shall be entirely at the cost and risk of the project proponent and MoEF shall not be responsible in this regard in any manner".
