CIRCULAR
(CAS- 61..)

Reg : Online Application under Flexi Loan Scheme.

In order to minimize public interface in dealing with loan application the Corporation has developed an online loan application module duly integrated with the online accounting software. The Customer can submit his loan application through this module online from anywhere without visiting office of the corporation. Monetary Incentive of 25% of the loan application fee (excluding taxes and cess) or Rs. 5000/- whichever is less is also provided to the customers for online submission of the loan application as per circular No.PG-1530 dated 22.03.2019.

It has been observed that this online facility is not being utilized by the prospective entrepreneurs and the corporation is getting all the loan application in physical form. To achieve full potential of the online application module and to encourage more prospective borrower, it has been decided that henceforth all new loan applications under flexi loan scheme would be compulsorily received online through the software.

The loan application module has the facility for generation of sanction letter also therefore it has also been advised that henceforth all the sanction letter under flexi loan scheme should be issued through this module only. Steps of the process is attached at Annexure -'A'.

(K.C. Verma)
Managing Director

About Corporation

The Rajasthan Financial Corporation (RFC) was constituted under a notification of the State Government dtd. 17 January, 1955 under the SFCs Act, 1951, for providing long term financial support to tiny, small scale and medium scale industries in the State of Rajasthan.

The Corporation is continuing to work as a Catalyst of development for translating into practice the industrial policies and priorities of the Central and the State Governments as also for providing and improving upon immediate assistance in the planned and balanced development of industries in the State, particularly in the small and tiny sectors. Since, its very inception, the Rajasthan Financial Corporation has been striving incessantly towards its Goal - that of extending a helping hand to varied entrepreneurial section of society for their financial requirements. A Goal, ultimately aimed at spurring up the process of industrialization of its parent State. For the fulfillment of its prime objective it operates various loan schemes for the tiny, small and medium scale industries, many of them tailor-made for specific entrepreneurial classes. Ever prepared to adopt as well as to adapt itself to the changing industrial needs, RFC has over the period, widened its network, multiplied its numerous schemes and added multifold to its policies and incentives, liberalising them with the need of the hour. Be a party to the grand task of industrialization of the State of Rajasthan and avail of any of our loan schemes.
