CIRCULAR

The State Government is very keen to accelerate the industrial development and promotion. In order to pass on maximum benefits to the entrepreneurs and all other people associated with the industrial sector it is essential that the officers posted in the field should be people friendly and have 'PROBLEM SOLVING ATTITUDE'.

You are, therefore, requested that to convey this message to the entrepreneurs and general public, our offices should open in time, work efficiently and be people friendly. The representations received from the Industrial Associations and others should be addressed quickly and grievances, if any, should be redressed immediately.

A photocopy of the letter received from the State Government in this regard is also given overleaf.
