Ref.No.RFC/F.PG-1 (222)/330

CIRCULAR

Dated: 22.1.2010

References were being received from time to time from the employees of the Corporation requesting to review the decision of the Board taken by it in the appeal matters related to disciplinary action . The matter has been examined and observed that there were no such provisions for considering application for review appeals against the order passed by the Board in appeal. With a view to facilitate and to provide relief to the employees, the matter was placed before the Board in its meeting held on 26.8.09 for its consideration.

After due consideration, the Board has decided that review appeals of the employees against the orders passed by the Board in the appeal may be considered by adopting the same procedure as is being followed in the matter of first appeal before the Board i.e. the matter be placed first & heard by the Executive Committee and thereafter the same be submitted to the Board for its examination and decision. The Board has further decided that such review appeals shall be considered only if the same is submitted within one month from the date of order of the Board passed in appeal and disclose any new points / facts / circumstances, which may afford grounds for the reconsideration.

In view of the above decision of the Board all employees of the corporation are advised to make a note of it and if any review appeal is desired to be submitted by him against the order passed by the Board in appeal, such review appeal application be submitted within one month from the order of the Board if some new facts / points / circumstances are there which afford grounds for reconsideration.
