Participating bidders or their representatives, if required, may opt to get training from M/s ITI Ltd., New Delhi regarding the procedure of Reverse Auction by paying the charges. Please contact Sh. R. K. Batra, XEN, RVUN (Mobile No.: 09413349958) (nodal officer) and representative of M/s ITI Ltd. for further details on the above training.

Bidders are required to submit their acceptance to these terms/ conditions/modalities of RA along-with techno-commercial bids, without which the bidder will not be eligible to participate in the Reverse Auction.

6. **Procedure of Reverse Auction:**
  - i. **Online Reverse Auction:** The 'opening price' i.e. start price for RA and 'bid decrement' will be decided by RVUN and shall be intimated to qualified bidders before start of Reverse Auction. The RA shall be done on total Landed Cost Basis / total FOR price including AMC, which is the total evaluated cost inclusive of all price components.
  - ii. Bidders by offering a minimum bid decrement or the multiples thereof can displace a standing lowest bid and become "L1" and this continues as an iterative process.
  - iii. After the completion of the online Reverse Auction, the Closing Price (CP) shall be available for further processing.
7. **Schedule for Reverse Auction:** The date and time of Reverse Auction shall be intimated in due course of time and the duration of Reverse Auction will be **30** minutes.
8. **Auction extension time:** If a bidder places a bid in the last **8** minutes of closing of the Reverse Auction and if that bid gets accepted, then the auction's duration shall get extended automatically for another **8** minutes, for the entire auction. Please note that the auto-extension will take place only if a bid comes in those last **8** minutes and gets accepted. If the bid does not get accepted, the auto-extension will not take place even if that bid might have come in last **8** minutes. In case, there is no bid in last **8** minutes of closing of Reverse Auction, the auction shall get closed automatically without any extension. However, bidders are advised not to wait till the last minute or last few seconds to enter their bid during the auto-extension period to avoid complications related with internet connectivity, network problems, system crash down, power failure, etc.
9. The above process will continue till completion of Reverse Auction.
10. Start Bid Price / opening price: The Start Bid Price for Reverse Auction shall be intimated to every qualified bidder before start of Reverse Auction. The same shall be total evaluated FOR Price, which includes total ex-works prices, packing & forwarding charges, freight & insurance charges, inspection charges, AMC, GST, any other taxes & duties and any other charges applicable.
11. **Bidding currency and unit of measurement:** Bidding will be conducted in Indian Rupees as per the specifications against NIT No. TN-04/2019-20.
12. **Lowest bid of a bidder:** In case the bidder submits more than one bid in Reverse Auction, the lowest bid at the end of Online Reverse Auction will be considered as the bidder's final offer to execute the work.
13. **Post auction procedure:** RVUN will proceed with the Lowest Bid in the Reverse Auction for further processing.
14. During the Online Reverse Auction, if no bid is received in the auction system/portal within the specified time duration of the Reverse Auction, then RVUN, at its discretion, may decide to revise the auction's opening price / scrap the online reverse auction process or action as deemed appropriate by RVUN.
15. RVUN or the service provider i.e. M/s ITI Ltd., New Delhi are not responsible for any unforeseen circumstances i.e. failure of Internet connectivity, failure of power or loss of connectivity at the premises of bidders etc. due to which bidder is not able to participate in the Reverse Auction. On account of this, the time for the auction shall not be extended and neither RVUN nor M/s ITI Ltd., New Delhi is responsible for such eventualities. In order to ward-off such contingent situation bidders are requested to make all the necessary arrangements / alternatives whatever required so that they are able to circumvent such situation and still be able to participate in the Reverse Auction successfully.
16. Successful bidder(s) at the end of Reverse Auction is the one with lowest bid value for implementation of ABT monitoring, Data acquisition and ABT analysis for generating stations of

RVUN as per details mentioned in the tender documents against NIT No. TN-04/2019-20 after completion of Reverse Auction. Successful bidder(s) shall be required to submit the break-up of lowest prices (L1) quoted during the online Reverse Auction in prescribed format (BOQ) only, duly signed and stamped as token of acceptance without any new condition (other than those already agreed to before start of auction), after the completion of auction to RVUN within two working days of Auction without fail. Any variation between the final bid value and that in the confirmatory signed price breakup document will be considered as tampering the tender process and will invite punitive action by RVUN such as rejection of such bid and forfeiture of EMD.

17. Bidder's bid will be taken as an offer to execute the work/ supplies of the item as per Enquiry No. TN-04/2019-20. Bids once made by the bidder, cannot be cancelled/ withdrawn by the bidder and successful bidder shall be bound to execute the work as mentioned in tender documents at bidder's lowest bid price through RA accepted by RVUN. If successful bidder / supplier back out and does not execute the contract as per the lowest rates quoted by bidder in RA, RVUN shall forfeit the EMD and may take action like suspension of participating in future tenders etc.
18. Bidders shall be able to view the following on their screen along with the necessary fields during Online Reverse Auction:
  - a. Leading (Running Lowest) bid-price in the Auction (only total evaluated price of package)
  - b. Bid price placed by the bidder
  - a. Standing of its bid vis-a-vis other bids
  - b. Start Price
  - c. Decrement value
19. RVUN's decision on award of contract shall be final and binding on all the Bidders. RVUN reserves the right to extend, reschedule or cancel the Reverse Auction process at any time, without assigning any reason, with intimation to bidders. Contract may be awarded to the bidder having lowest bid value after Reverse Auction. However, RVUN does not pledge to accept the lowest or any tender and reserves the right of accepting the whole or any tender as it may think fit without assigning any reason.
20. RVUN shall not have any liability to bidders for any interruption or delay in access to the RA Portal irrespective of any cause. In such cases, the decision of RVUN shall be binding on the bidders.
21. If there is any clash between this document and the FAQ available in the web site of M/s ITI Ltd. (if any), the terms & conditions given in this document will supersede the information contained in the FAQs. Any changes made by RVUN/ service provider (due to unforeseen contingencies) after the first posting shall be deemed to have been accepted if the bidder continues to access the portal after that time.
22. Bidder shall not divulge either his bids or any other exclusive details of RVUN to any other party. If the bidder or any of his representatives are found to be involved in price manipulation/ cartel formation of any kind, directly or indirectly by communicating with other bidders, appropriate action shall be initiated by RVUN.
