RAJASTHAN FOREST

STATISTICS 2021

Foreword

I am immensely happy to learn that the Forest Department of Rajasthan is releasing the Rajasthan Forest Statistics - 2021. It is a biennial report which covers an exhaustive and authoritative review of the state of forests in our state. In every organisation Statistics plays an important role in the assessment of performance and planning for future development along with improvement in the quality of works.

Efforts have been made by the department to incorporate data related to demographic, geographic, climate, livestock, important economic key indicators besides information related to land classification, forest land, forest and tree cover, protected areas, wildlife, forest development, physical and financial progress of development activities, forest diversion, CAMPA, forest produce and human resource of the department. In order to present a comprehensive view some data are compared with reference to other States & UTs of the country.

During updation and revision of Rajasthan Forest Statistics - 2021, attempts have been made to include information which is relevant and useful. I appreciate the effort put in by Shri Munish Kumar Garg, PCCF (Development), Shri Amar Singh Gothwal, CCF (Plan), Shri Ashutosh Ojha DCF (Plan), Shri Bharat Lal Meena, Statistical Officer, Shri Narendra Kumar, ASO, Shri Kamlesh Meena, Statistical Inspector in bringing out this compilation. I also appreciate the efforts of all those, whose names are not mentioned but without their support this compilation would not have seen the light of the day. I also express my gratitude to those forest officers who provided us beautiful photographs for this publication.

I trust this publication would prove to be useful to the organisation for the purpose of management, research and project formulation, planning etc. Suggestions are invited from all concerned for bringing about improvement in this compilation and its revision in future.

(Dr. Deep Narayan Pandey)
Principal Chief Conservator of Forest (HoFF),
