EXECUTIVE SUMMARY

Background: Rajasthan Secondary Towns Development Sector Project (RSTDSP), is the fourth phase of investment projects financed by Asian Development Bank (ADB) and implemented by the Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited-Externally Aided Projects (RUDSICO-EAP), previously known as Rajasthan Urban Infrastructure Development Project (RUIDP). RSTDSP seeks to improve water supply sewerage and other infrastructure services in secondary towns of Rajasthan with populations ranging from 20,000-110,000 through a sector loan modality. The project is aligned with the following impact(s): (i) access to potable, affordable, reliable, equitable, and environmentally sustainable drinking water supply in all urban areas of Rajasthan improved; and (ii) health status of urban population, especially the poor and under-privileged improved through improvements in sewerage systems of sub-project towns (iii) improvements in other infrastructure services of some towns. Under RSTDSP, in Tranche 1; contracts for 14 project towns were awarded and execution of works are in full swing. RSTDSP will support the ongoing efforts of the Government of Rajasthan towards improving the sewerage conditions of 13 towns through undertaking Faecal Sludge and Septage Management (FSSM) works from the savings in project cost under Tranche 1 projects. RSTDSP will further take up improvements in water supply, wastewater and other infrastructure services in about 23 towns under Tranche 2. Government of Rajasthan (GoR) has decided to take up implementation of Water Supply, Sewerage, Drainage, Faecal Sludge and Septage Management (FSSM) and other city improvement works in about 23 towns under additional financing of US \$200 million from Asian Development Bank (ADB). Department of Economic Affairs (DEA), Government of India has agreed for additional financing of these new projects.

Nimbahera is a city and a municipality in Chittorgarh district in the Indian state of Rajasthan. Nimbahera is located at 24.62°N 74.68°E. It is located around 350 km south-west of the state capital, Jaipur. As per Census 2011, there are total 12,776 families residing in the Nimbahera city. The total population of Nimbahera is 61,949 out of which 31,896 are males and 30,053 are females. The average sex ratio of Nimbahera is 942.

Presently water supply distribution system exists in the town, which needs capacity enhancement of reservoirs, rehabilitation of existing water reservoirs and improvement in distribution system and rising main. Water supply in the towns is also not adequate in terms of coverage, quality and quantity and huge water losses persist in existing water supply system in the town. Therefore, improvements to the water supply system are proposed in this town with ADB financial assistance.

Subproject Description: The proposed water supply components are: (i) Construction of intake well (5.74 MLD) at Gambhiri Dam (ii) Construction of water treatment plant of 5.74 MLD in village Arniyajoshi near Gambhiri Dam inside PHED campus (iii) Construction of 02 numbers of clear water reservoir (CWR) of 1000 kL near B.R college and CWR of 1600 kL is proposed to be constructed in the PHED campus (where WTP is also proposed) in village Arniyajoshi near Gambhiri Dam (iv) Transmission mains-27.0740 km of diameter ranging from 250 mm to 400 mm including feeder mains-7.5 km of diameter ranging from 150 mm to 350 mm. (v) distribution networks-149.088 km of diameter ranging from 75 mm to 350 mm (vi) Refurbishment of 08 over head service reservoirs (OHSRs), 02 CWRs and pump houses (vii) Refurbishment of 28 tube wells and 6 open wells (viii) House Service Connections- 12,600 no. (ix) Construction of 05 numbers of tube-wells near Gambhiri Dam (x) Construction of 01 Master Control Centre (MCC) and 02 numbers of Consumer Relation Management Centre (CRMC).

Scope of Land Acquisition and Resettlement: No involuntary acquisition of private land is anticipated for this project. The intake well is proposed at Gambhiri Dam which is under jurisdiction

of Department of Water Resources. 70 mcft water is allocated for PHED for drinking water supply, therefore there will be no impact on water usage on the existing users due to proposed water supply works. Based on multiple site visits by stakeholders (officials of PHED, Municipality, and Fisheries Department) it has been ascertained that construction of intake facility would have no livelihood impact. It has been confirmed by Municipal Board, Nimbahera and Department of Fisheries that construction of intake facility at Gambhiri Dam will have no impact on livelihood of any person or community. Water treatment plant of 5.74 MLD and CWR of 1600 kL will be constructed in the unused land within the existing campus of public health engineering department (PHED) at village Arniyajoshi. The proposed land parcels required for water supply component are under PHED's possession. One old abandoned structure—belonging to PHED within the premises will be dismantled. During impact assessment, it was noticed that no permanent or temporary impact (including access disruptions, relocation, economic impact etc) will be caused as the affected structure is an abandoned one and not in any use. Confirmation has already been given by PHED officials during discussion, written confirmation will be taken and same will be reported in the updated resettlement plan. CWR near B.R College will be constructed in the unused land owned by state government which has been allotted by District Collector for proposed works. Construction of tube wells 05 numbers would have no impacts as vacant land of PHED is available near Araniya Joshi near Gambhiri Dam. Land for proposed construction of CRMC and MCC has been identified, CRMC-I and MCC buildings will be constructed within the premises of proposed CWR (1000 kl) near B.R. College while CRMC-II will be constructed at AEn campus, PHED-Nimbahera, NOC from PHED has been received and appended in Appendix 7.

Involuntary Resettlement Impact: Pipelines of water supply network are proposed to be laid within the existing available right-of-way (ROW) of government roads, and no loss of structure, common property resources (CPRs) or relocation impact is envisaged. All proposed ROW of roads for laying pipelines are owned by government departments. However, transect walk along the proposed pipelaying corridor and public consultations suggest that execution of pipeline work may cause temporary loss of livelihood/income due to access disruptions to 642 roadside vendors/hawkers (561 male vendors and 81 female vendors – 3227 family members consisting of 1598 females and 1629 males). Based on data from the socio-economic survey, 182 (28%) of the affected persons belong to vulnerable category. Out of 182 vulnerable people (101 male vendors and 81 female vendors – 950 family members consisting of 468 females and 482 males), below poverty line (BPL) comprises 32 (18%), scheduled castes (SC) comprise 66 (36%), scheduled tribe (ST) comprise 6 (3%) and female headed households (FHH) comprise 78 (43%).

Temporary impacts will be minimized by scheduling civil works at night-time or on non-market days/hours and laying of pipelines in phases. The affected persons will be assisted in moving to the other side of the road during construction to continue their business. They will be assisted in shifting back to their original roadside location once laying of pipes is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents.

Consultation and Disclosure: Consultations with nearby households, affected persons, residents and stakeholders (including government department and ward councillors) have been conducted. A total of 88 individuals participated, consisting of 50 males and 38 females. Goals and objectives of the project have been disclosed to stakeholders (including, beneficiaries, affected persons, elected representatives and institutional stakeholders) through consultation meetings during preparation of detailed project report and preparation of draft resettlement plan. Leaflet containing project scope, types of impacts and entitlement, grievances mechanism was circulated to general public, beneficiaries and potential affected persons. A summary of resettlement framework and resettlement plan in local language (Hindi) will be disclosed to

representatives of all key stakeholders through a city level stakeholder workshop. A hard copy of summary resettlement plan will also be made available at government offices and complete documents will be uploaded at project management unit [PMU],) and ADB websites. A town specific team of community awareness and public participation consultant are mobilized for conduction awareness generation, public information about work schedule and consultation activities. Public information brochure (leaflet) is being distributed for information disclosure about the subproject including adopted grievance redress mechanism.

Grievance Redress Mechanism: A project-specific, three-tier grievance redress mechanism (GRM) covers both environment and social issues. The GRM established under tranche 1 of RSTDSP was found to be effective and has been adopted for subprojects under Additional Financing. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the project. A toll-free number dedicated for this town has been availed for recording grievances.

Policy Framework and Entitlements. The policy framework and entitlements for the program are based on the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (RFCTLARRA), 2013; ADB's Safeguard Policy Statement, 2009; and agreed resettlement framework.

Resettlement Budget and Financing Plan: The resettlement budget for Nimbahera water supply subproject components include compensation against temporary loss of income, resettlement assistance, as outlined in the entitlement matrix and 20% contingency provision, in total amounting to ₹ 64,86,307¹. PIU will issue sanction order to release payment to affected persons and transfer funds electronically. Community Awareness and Public Participation Consultant (CAPPC) will be involved in facilitating the disbursement process and opening bank accounts for the affected persons who do not have bank accounts.

Institutional Setup: The Local Self Government Department (LSGD), Government of Rajasthan (GOR) will be the executing agency (EA) of the project and LSGD will be responsible for overall strategic approvals, guidance, and monitoring of the project. Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited (RUDSICO) will be the Implementing Agency (IA) for the project. The Project Management Unit (PMU) is housed in the Externally Aided Projects division of RUDSICO (RUDSICO – EAP). Resettlement plan implementation will be closely monitored by PIU/PMU. Monitoring reports prepared by PIU will be compiled by PMU on a semi-annual basis for its due submissions to ADB.

¹ The exact alignments are yet to be finalized, hence survey was undertaken both sides of the road and accordingly budget has been calculated. Actual number of affected persons may come down as pipe lines will be laid only on one side of the road in most areas.

I. INTRODUCTION

A. Project Description

1. **Background:** Rajasthan Secondary Towns Development Sector Project (RSTDSP), is the fourth phase of investment projects financed by Asian Development Bank (ADB) and implemented by the Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited-Externally Aided Projects (RUDSICO-EAP), previously known as Rajasthan Urban Infrastructure Development Project (RUIDP). RSTDSP seeks to improve water supply sewerage and other infrastructure services in secondary towns of Rajasthan with populations ranging from 20,000-110,000 through a sector loan modality. The project is aligned with the following impact(s): (i) access to potable, affordable, reliable, equitable, and environmentally sustainable drinking water supply in all urban areas of Rajasthan improved; and (ii) health status of urban population, especially the poor and under-privileged improved through improvements in sewerage systems of sub-project towns (iii) improvements in other infrastructure services of some towns. Under RSTDSP, in Tranche 1; contracts for 14 project towns were awarded and execution of works are in full swing. RSTDSP will support the ongoing efforts of the Government of Rajasthan towards improving the sewerage conditions of 13 towns through undertaking Faecal Sludge and Septage Management (FSSM) works from the savings in project cost under Tranche 1 projects. RSTDSP will further take up improvements in water supply, wastewater and other infrastructure services in about 23 towns under Tranche 2. Government of Rajasthan (GoR) has decided to take up implementation of Water Supply, Sewerage, Drainage, Faecal Sludge and Septage Management (FSSM) and other city improvement works in about 23 towns under additional financing of US \$200 million from Asian Development Bank (ADB). Department of Economic Affairs (DEA), Government of India has agreed for additional financing of these new projects.

2. Nimbahera is a city and a municipality in Chittorgarh district in the Indian state of Rajasthan. Nimbahera is located at 24.62°N 74.68°E. It is located around 350 km south-west of the state capital, Jaipur. As per Census 2011, there are total 12,776 families residing in the Nimbahera city. The total population of Nimbahera is 61,949 out of which 31,896 are males and 30,053 are females thus the average sex ratio of Nimbahera is 942.

3. Presently water source of Nimbahera town is ground water. At present, the town receives its water supply from 06 numbers of open wells located near Gambhiri Dam site and various tube wells (TW's) available in the town at different locations. Water from 06 open wells is collected at Clear Water Reservoir (CWR) situated at Gambhiri Dam and further is transferred to different CWR's available in the town. Presently, water supply distribution system exists in the town, which needs capacity enhancement of new reservoirs, rehabilitation of existing reservoirs and improvement in distribution system and rising main. Water supply in the town is also not adequate in terms of coverage, quality and quantity and huge water losses persist in existing water supply system in the town. Therefore, water supply is proposed in this town under ADB financial assistance.

4. **Subproject Description:** The proposed water supply components are: (i) construction of intake well (5.74 MLD) at Gambhiri Dam (ii) Construction of water treatment plant of 5.74 MLD in village Arniyajoshi near Gambhiri Dam inside PHED campus (iii) construction of 02 numbers of clear water reservoirs (CWR) of 1000 kL near B.R college and CWR of 1600 kL is proposed to be constructed in the PHED campus (WTP is also proposed here) in village Arniyajoshi near Gambhiri Dam (iv) transmission mains-27.0740 km of diameter ranging from 250 mm to 400 mm including feeder mains-7.5 km of diameter ranging from 150 mm to 350 mm. (v) distribution networks-149.088 km, with diameter ranging from 75 mm to 350 mm, (vi) refurbishment of 08

overhead service reservoirs (OHSRs), 02 CWRs and pump houses (vii) refurbishment of 28 tube wells and 6 open wells (viii) provision of house service connections- 12,600 no. (ix) construction of 05 numbers of tube-wells near Gambhiri Dam (x) construction of 01 Master Control Centre (MCC) and 02 numbers of Consumer Relation Management Centres (CRMC).

5. **Measures to Avoid and Minimize Involuntary Resettlement:** To avoid and minimize involuntary resettlement impacts, the subproject considered the use of government land for proposed facilities and right-of-way of government road for laying of all proposed pipelines under this package. The pipelines are proposed to be laid underground within the existing available road ROW. Diameters of pipelines to be laid are proposed in the range of 75 mm to 400 mm, depending on road widths that vary between 5 m to 16 m, with a view to minimize economic and traffic impact to the extent possible.

6. The temporary impact on permanent shops will be avoided in busy market areas by executing work during night hours and with proper safety measures. Laying of pipelines in narrow roads and commercial areas will be carried out in phased manner, upon due consultation with shop owners. Works in such areas will be executed in small stretches, section by section. Civil work will be completed in one section before commencing work on the next section. The contractor will ensure that noise levels are within limits and do not exceed 55 dB (A) as per Noise Pollution (Regulation & Control) Rules 2000 (Refer to the detailed plan given in environment management plan for this subproject).

7. To further minimize construction impacts, work will be executed during the early hours of the day to avoid inconveniences to the public as well as traders and vendors/hawkers wherever there is restricted right of way (ROW). All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The project implementation unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days will be discussed with vendors, squatters, market committee members, and residents, and accordingly, construction activities will be planned. After laying pipes the lane/road will be restored to its original condition (including bitumen, and cement concrete interlocking tiles as applicable).

8. The project will adopt measures that include traffic management during pipe laying work, advance notice to residents and businesses prior to start of work, ensuring access to shops and businesses by providing pedestrian access through planks, assistance to mobile vendors/hawkers to shift to (and back from) nearby locations where they can continue with their economic activities. Where excavation close to residences or commercial properties cannot be avoided, simple mitigation measures such as provision of planks will be implemented as per available guidelines in environmental management plan and best practice. Timely information will be provided to the public about potential negative impacts and mitigation measures, including grievance redress procedures and time taken for the same, prior to start of project implementation.

9. The contractor will also be required to maintain access to shops and residences or other buildings along pipe alignments and to institutions located close to proposed sites and will ensure safety through hard barricading of excavated alignments/sites. Specific provisions related to impact avoidance will be undertaken for pipe laying activities including construction work near schools, health centers, *Anganwadi* centers (ICDS), etc.

10. Measures to be taken up by contractor to avoid/mitigate economic impacts include: (a) announcement of proposed civil works in advance (to enable shop owners to stock up and remain unaffected if goods vehicles are unable to reach them during construction), (b) provision of planks to ensure pedestrian access with handrails where excavations are equal to or more than 1m wide or deep (c) careful timing of implementation to avoid peak sale hours/days or school timings; (d) minimizing construction period to the extent possible; (e) assistance to mobile vendors/hawkers

if any present during construction, to shift nearby; (f) signage with project details and contact details for grievance redress; (g) proper coordination of civil works pertaining to water supply, such that the period of disruption along a particular road section is minimized; and (h) proper traffic management. These measures will be part of the contract and will be implemented with careful monitoring by the concerned project implementation unit (PIU).

B. Objectives of Resettlement Plan

11. The draft resettlement plan (RP) prepared for the Nimbahera water supply subproject under RSTDSP-additional financing is based on detailed project report and 100% socioeconomic surveys of potentially affected persons. This subproject is based on design-build-operate (DBO) modality. The final design will be carried out by the bidder based on the feasibility/detailed project report prepared prior to bidding. It addresses the potential involuntary resettlement impacts of the proposed subproject components based on detailed project report and is consistent with the agreed resettlement framework for RSTDSP-additional financing, prepared in accordance with national laws and as per ADB SPS (2009).

12. This draft resettlement plan is prepared in accordance with ADB SPS, 2009 requirements for involuntary resettlement category B projects and to meet the following objectives:

- (i) to describe the identified scope and extent of land acquisition and involuntary resettlement impacts because of identified project components, and address them through appropriate recommendations and mitigation measures in the resettlement plan;
- (ii) to present the socio-economic profile of the population in the project area, identify social impacts, including impacts on the poor and vulnerable, and the needs and priorities of different sections of the population, including women, poor and vulnerable;
- (iii) to describe the likely economic impacts and identified livelihood risks of the proposed project components;
- (iv) to describe the process undertaken during project design to engage stakeholders and the planned information disclosure measures and the process for carrying out consultation with affected people and facilitating their participation during project implementation;
- (v) to establish a framework for grievance redressal for affected persons that is appropriate to the local context, in consultation with stakeholders;
- (vi) to describe the applicable national and local legal framework for the project, and define the involuntary resettlement policy principles applicable to the project;
- (vii) to define entitlements of affected persons, and assistance and benefits available under the project;
- (viii) to present a budget for resettlement and define institutional arrangements, implementation responsibilities and implementation schedule for resettlement implementation; and
- (ix) to describe the monitoring mechanism that will be used to monitor resettlement plan implementation.

II. SCOPE OF LAND ACQUISITION AND INVOLUNTARY RESETTLEMENT

A. Land Acquisition and Involuntary Resettlement

13. **Construction of Water Intake at Gambhiri Dam:** An Intake well is proposed at Gambhiri Dam which is under the jurisdiction of Department of Water Resources (WRD). 70 mcft water is allocated for PHED for drinking water supply, therefore there will be no impact on water source in terms of water usage due to proposed water supply works. Summary table on the status of land availability is presented in **Appendix 1**. No objection /permission of WRD for construction of an intake well at Gambhiri Dam is attached in **Appendix 2**. Based on multiple site visits by the project consultants and other stakeholders it has been ascertained that construction of the intake facility would have no impact on any other activity related to livelihood of persons. The intake well is located in lake shore area. Fishing is practiced in the dam by fisheries department and no commercial fishing is being done by private fishermen. Thus, involuntary resettlement impacts are not envisaged. Mitigation measures are proposed in IEE for temporary negative impacts on ecology of lake and its fishes. Implementation of these mitigation measures will minimize these temporary impacts and will maintain the ecology of the lake for thriving aquatic life, including the fishes. The mitigation measures proposed for aquatic fauna and fishes in IEE (refer para 147 of IEE). Confirmation in this regard has also been obtained from Municipal Board, Nimbahera and Fisheries Department and is appended in **Appendix 3 and 3(A)**. Proposed location of intake well marked on google map is shown in **Figure 1**.

14. **Construction of Water Treatment Plant and CWR of 1600 kL:** No land acquisition is envisaged for the proposed subproject components. The water treatment plant (WTP) with the capacity of 5.74 MLD and CWR of 1600 kL capacity will be constructed in the unused and vacant land within existing campus of public health engineering department (PHED) at village Arniyajoshi. An old, abandoned structure within the premises will be dismantled. During impact assessment, it was noticed that the structure is abandoned and is not being used for any purpose. Total land required for proposed construction of WTP and CWR is approximately 5500 m² out of 214,200 m² of available land. Summary table on the status of land availability is presented in **Appendix 1**. Land record of proposed site is attached in **Appendix 4**. Location of proposed site marked on google map is shown in **Figure 2** and layout of proposed component is presented in **Figure 3**.

Figure 11: Photographs of the land proposed for construction of WTP and CWR

Source: Site visits June 2023

15. **Construction of one Clear Water Reservoir:** Land acquisition is not envisaged for construction of proposed subproject component. Proposed CWR 1000 kL will be constructed on available vacant land at Ishakpura, near Government College and land is owned by state government. Land has been allotted by District Collector for the construction of said work. Total land required for CWR is approximately 500 m² out of 13,300 m² of available land. Summary table on the status of land availability, ownership etc. is attached in **Appendix 1** and allotment letter of District collector for proposed land is attached in **Appendix 5** and land record of proposed site is attached in **Appendix 6**. Location of proposed site is marked on google map is shown in **Figure 4** and layout of proposed component is presented in **Figure 5**.

16. **Construction of Tube wells:** Construction of 05 tube wells in Village- Arniyajoshi, near Gambhiri Dam will not have any involuntary resettlement impacts as lands are under the possession of PHED and situated within the PHED campus. Land record of proposed sites where tube wells are proposed is attached in **Appendix 4**. It is pertinent to mention that tube wells will be constructed in the same PHED campus where WTP and CWR is proposed. Location of proposed sites of tube wells marked on google map is shown in **Figure 6** to **Figure 10**.

17. **Construction of Consumer Relation Management Centre (CRMC), and Master Control Centre (MCC):** Lands for Consumer Relation Management Centre (CRMC) and Master Control Centre (MCC) are proposed within the premises of proposed CWR of 1000 kL near B.R. College, Nimbahera while CRMC-II is proposed at AEn campus, PHED-Nimbahera. No objection Certificate (NOC) from PHED has been received and presented in **Appendix 7**.

18. **Rehabilitation of OHSRs CWRs/Pump houses and Tube wells:** Rehabilitation of OHSRs and CWRs/Pump houses and Tube wells will not have any involuntary resettlement impacts as all the structures and land parcels are owned by public health engineering department (PHED) and all the proposed works will be executed within the existing premises of the respective structures/facilities. Details of OHSRs (8 OHSR will be rehabilitated) and CWRs (2 CWR and pump houses to be rehabilitated) to be rehabilitated is presented in **Table 1** and **Table 2** and details of tube wells and open wells that to be rehabilitated is attached in **Appendix 8**.

19. **Pipe laying works:** Laying of transmission main/feeder main-27.070 km (water supply) of diameter 150 mm to 400 mm is proposed within the boundaries of right of way (ROW) of government roads. Trench width will be about 0.45 m to 0.70 m and will be laid in the roadside avoiding utility line. No commercial establishments are identified in the stretches where transmission main/feeder main are proposed. The details of the roads proposed for laying the transmission main/feeder main pipelines with photographs and proposed pipeline diameters are provided in **Table 4**, photographs of the alignment and location marked on google map is shown in **Figure 12** and **Figure 13** respectively.

Table 3: Details of main pipes proposed

Details of network	Length in km	Road width (m)	Diameter of Pipe	Trench width (m)
Water supply				
Transmission Main	27.070	5-16 m	150-400 mm	0.45-0.70

Figure 12: Photographs of the transmission main alignment

Source: Transect walks, DPR, December 2021 and June 2023

Figure 13: Location of Proposed Transmission Mains/Feeder Main in Nimbaheda on Google Earth Map

20. Water distribution network pipelines (149.088 km) will be mostly laid along the existing ROW of the town roads, as a result there would be temporary livelihood disruption on vendors/hawkers who are earning their livelihood by using ROW of the roads and considered non-titleholders. The diameter of pipeline ranges from 75 mm to 350 mm. Based on detailed project report and transect walks along the entire alignment where pipeline works are proposed, it is confirmed that there will be no loss of structure, common property resources (CPRs)² or other relocation impacts during laying of pipelines. All proposed ROW of roads for laying pipelines are owned by government departments. Transect walks confirm that the impacts of the proposed subproject are temporary in nature. The majority of affected persons comprise vendors/hawkers within ROW of roads, who will face temporary economic impacts during construction due to access disruption.

Table 4: Details of Proposed Pipeline- Water Supply

Details of Network	Length in (m)	Road Width	Dia of Pipe	Trench Width (m)
Water Supply Network				
Total proposed water supply distribution network in town	149.088	4 m to 14 m	75 mm to 350 mm	0.3-0.6

Source: Detailed project report (DPR), Nimbahera

21. Anticipating the possibility of changed alignment during finalization of service improvement plan (SIP), 100% socio economic survey has been undertaken for all the vendors/hawkers located on both sides of the roads where water supply pipeline is proposed to be laid. Prior to conducting inventory of loss survey, project area was categorized based on level of commercial activities/structures (high, medium and low density). 100% socio economic survey conducted in high and medium density areas and none were required in the low-density areas, where no impacts were assessed, based on transect walks and visual screening. The subproject is expected to cause temporary loss of access/disruption to livelihood during civil works³ to 642 vendors/hawkers (561 male vendors and 81 female vendors – 3,227 family members consisting of 1598 females and 1629 males).⁴ located at both sides of the road. After finalization of exact alignment, joint re-confirmatory survey will be conducted by the officials of PIU, CMSC and contractor to finalize the list of affected persons (APs) likely to be impacted due to civil works. While finalizing the alignment, efforts will be made to avoid the impacts. In sections where impacts would be avoided, the vendors present in that particular section will not be eligible for compensation. The process will be detailed out in the monitoring report. Those who will be impacted will be paid compensation and assistance as per agreed entitlement matrix. All the progress will be reported to ADB through semi-annual social monitoring report. In case there is a change to project design or additional scope is proposed during implementation, the ADB will be promptly informed, and required documents will be updated before the start of civil work. Based on data from the socio-economic survey out of 642 vendors, 182 (28%) of the affected persons belong to vulnerable category.⁵ Out of 182 vulnerable people (101 male vendors and 81 female

² Common property resources include public resources, community-owned facilities or cultural property such as temples, shrines, public utility posts, etc, that the landless poor and vulnerable depend on for survival.

³ For this subproject, the estimated period of disruption during pipe laying activities is assessed to be for 14 days. In case the period of disruption is greater than 14 days, the affected persons will be compensated based on the actual number of days of disruption.

⁴ Resettlement impacts based on the detailed survey.

⁵ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule castes and scheduled tribe households.

vendors – 950 family members consisting of 468 females and 482males), below poverty line (BPL)⁶ comprises 32 (18%), scheduled castes (SC) comprise 66 (36%), scheduled tribe (ST) comprise 6 (3%) and female headed households (FHH) comprise 78 (43%).⁷ Only few scheduled tribe (ST) households were identified during inventory of loss survey, who will face only temporary loss of livelihood (income loss) due to access disruption. The area-wise impact identified is presented in **Table 5** and involuntary resettlement impacts of all the subproject components are presented in **Table 6**. The socio-economic profile of temporarily affected persons is attached in **Appendix 9** and photographs of transect walk are attached in **Appendix 10**.

Table 6: Subproject Components and their Land Acquisition and Involuntary Resettlement Impacts

S. No	Name of the Components	Permanent Impact	Temporary Impact	Remarks
1	Construction of Intake well at Gambhir Dam	None	None	This intake well will be constructed on the available land not under any productive use. The site is under possession of Water

⁶ Government of Rajasthan has in recent times been using indicators of National Food Security Act (NFSA, 2013) for estimation of poverty in the state. State has set criteria for inclusion and exclusion in BPL list. For urban areas, BPL inclusion criteria requires a family to qualify under any of these- BPL families already identified under 2003 urban BPL census, all state BPL families, Antyodaya and Annapurna beneficiaries, families not included in preceding category but are beneficiary under schemes (7 schemes are mentioned) such as chief minister senior citizen yojana, Indira Gandhi national old age pension scheme, Indira Gandhi widow pension schemes and other listed national/state social assistance schemes or if they are surveyed families from slums, rag pickers, registered construction labour, rickshaw pullers, vendors and others (13 such groups are identified). A family is excluded if it fails under any of the 7 exclusion parameters that include- income tax payee in the family, family member in government/semi government employment, other asset-based parameters such as four-wheeler ownership (unless it constitutes source of livelihood), house ownership (of specified built and size).

⁷ Out of the 81 affected female vendors, 2 are considered vulnerable as BPL and 1 as scheduled caste.

S. No	Name of the Components	Permanent Impact	Temporary Impact	Remarks
				Resource Department (WRD). Permission of WRD obtained, attached in Appendix 2. NoC of Municipal Board-Nimbahera and Fisheries Department is attached in Appendix 3 and 3(A).
2	Construction of water treatment plant (5.74 MLD) and CWR (1600 kL) within the premises of proposed WTP	None	None	WTP and CWR will be constructed within the existing campus of PHED. The proposed site is available, vacant land and not under any productive use. Land record is attached in Appendix 3. An old, abandoned structures will also be dismantled. It was observed that the structure are abandoned and not in any use.
2	Construction of CWR (1000 kL) near BR College	None	None	This CWR will be constructed on the available vacant land not under any productive use. The site is under possession of state government. District Collector allotted the said land parcel for the construction of CWR work. Letter of Collector attached in Appendix 4 and land record of proposed land is attached in Appendix 5.
4	Transmission Main/Feeder Main (27.070 km)	None	None	No involuntary resettlement impact is envisaged. The ROW of roads along which pipe lines will be laid are free of encumbrances, are not being used by any vendor and have no structures of CPR.
5	Water supply distribution pipelines	None	Yes	As per survey, 642 businesses (vendors/hawkers) are identified as affected persons. The impact assessment survey was conducted on both sides of roads, although during implementation, the impact is likely on one side of the road, in most cases. Impacts avoided during implementation will be documented photographically as well as through consultations.

Table 7: Summary of Involuntary Resettlement Impact

S.N.	Details	Number of Affected Persons	Remarks
1.	Permanent land acquisition	None	Not required
2.	Structure loss	None	Not anticipated
3.	Permanent and significant livelihood impact (landowners)	None	Not anticipated
4.	Permanent loss of crops and	None	Not anticipated

S.N.	Details	Number of Affected Persons	Remarks
	trees (owners and/or squatter farming)		
5.	Permanent loss of livelihood	None	Not anticipated
6.	Temporary loss of access/disruption to livelihood	642	As per survey, 642 vendors/hawkers are likely to face temporary income loss. For this subproject, the estimated period of disruption during pipe laying activities is assessed to be for 14 days. In case the period of disruption is greater than 14 days, the affected persons will be compensated based on the actual number of days of disruption.
7.	Potential temporary income loss to employees in affected shops/ businesses ⁸	None	Not anticipated.
8.	Potential temporary loss of livelihood/ income of fishermen.	None	Not anticipated The intake well is located in lake shore area. Fishing is practiced in the dam by fisheries department and no commercial fishing is being done by private fishermen. Thus, IR impacts are not envisaged. (refer letter of Municipal Board, Nimbahera in appendix-03) Mitigation measures are proposed in IEE for temporary negative impacts on ecology of lake and its fishes. Implementation of these mitigation measures will minimize these temporary impacts and will maintain the ecology of the lake for thriving aquatic life, including the fishes. The mitigation measures are proposed for aquatic fauna and fishes in IEE (refer para 147 of IEE).
9.	Number of vulnerable affected persons	182	Based on data from the socio-economic survey, 28% of the 642 affected persons belong to vulnerable category. ⁹ Out of 182 vulnerable people, below poverty line (BPL) comprises 32 (18%), scheduled castes (SC) comprise 66 (36%), scheduled tribe (ST) comprise 6 (3%) and female headed households (FHH) comprise 78 (43%). ¹⁰
10.	Affected Indigenous People	6	Based on socio-economic survey data, 6 of 642 affected persons belong

⁸ No employees of shop owners have been identified as per the sample survey of affected businesses.

⁹ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule castes and scheduled tribe households.

¹⁰ Out of the 81 affected female vendors, 2 are considered vulnerable as BPL and 1 as scheduled caste.

S.N.	Details	Number of Affected Persons	Remarks
			to scheduled tribes. All of the 6 vendors sell fruit and vegetables on movable pushcarts using ROW of roads near the town bus-stand. During laying of pipelines along the ROW of roads, these vendors may need to move on the other side of the road to continue with their business. In case the 6 vendors face temporary loss of income during laying of pipelines, they will be compensated for such temporary loss of income in line with the entitlement matrix of the project. The impact of the subproject is limited to temporary loss of income (involuntary resettlement impacts) due to loss of access for a temporary period. The population of scheduled tribe in Nimbahera Town is scattered (does not stay in tribal groups/community enclaves), is well-assimilated in urban society and does not retain the characteristics of scheduled tribes or indigenous people's groups. Nimbahera Town is not part of any scheduled area.
11.	Landless	None	

Source-Socio-economic survey July 2023

B. Indigenous People

22. Based on census and socio-economic survey, out of 642 potential affected persons, 6 persons come under scheduled tribe category. These persons are using the ROW for running their businesses through sale of fruits and vegetables and will be impacted for temporary period of work. During freezing of final alignment, efforts will be made by the implementing agency to provide access, so that their livelihood is not affected. In case temporary livelihood impacts are unavoidable, compensation and assistances as per agreed entitlement matrix of the resettlement framework will be provided. As per ADB SPS, indigenous people's safeguards are triggered if a project directly or indirectly affects the dignity, human rights, livelihood systems, or culture of indigenous peoples or affects the territories or natural or cultural resources that indigenous peoples own, use, occupy, or claim as their ancestral domain; no such impacts are anticipated in Nimbahera.¹¹ Nimbahera Tehsil comes under district of Chittorgarh. It is pertinent to mention that as per The Gazette of India dated 19 May 2018¹² and Tribal Regional Development Department,

¹¹ ADB SPS, 2009 uses the term indigenous peoples in a generic sense to refer to a distinct, vulnerable, social and cultural group possessing the following characteristics: (i) self-identification as members of a distinct indigenous cultural group and recognition of this identity by others; (ii) collective attachment to geographically distinct habitats or ancestral territories in the project area and to the natural resources in these habitats or territories; (iii) customary cultural, economic, social or political institutions that are separate from those of the dominant society and culture; and (iv) a distinct language, often different from the official language of the country or region.

¹² <https://tad.rajasthan.gov.in/writereaddata/filesmanagement/pdf/03242021172518PMLink%202.pdf>

Udaipur, Government of Rajasthan order dated 5 June 2016,¹³ Bari Sadri Tehsil in Chittorgarh District has been declared as a partly scheduled area which is approximately 32 km from Nimbahera town.

23. Nimbahera is not located in a scheduled area¹⁴ as per Government of India 2018 notification. The town has a small proportion of population (3.15%) classified as scheduled tribe, which is scattered (does not stay in tribal groups/community enclaves), is well-assimilated in urban society and does not retain the characteristics of scheduled tribes or indigenous people's groups. No indigenous peoples impact involving direct or indirect impacts to the dignity, human rights, livelihood systems or territories or natural or cultural resources that are used, owned, occupied or claimed by indigenous peoples as their ancestral domain or asset, is anticipated. Hence, in accordance with the IPPF, no Indigenous Peoples Plan is required for this project town.

24. **Gender Considerations and Impacts.** Among the affected persons facing involuntary resettlement impacts (temporary income loss) there are 78 females (female headed households), making their livelihood through selling of fruits, cosmetics, flowers etc. During finalization of alignment, efforts will be made by the implementing agency to provide access for continuation of their livelihood activities. In case of temporary livelihood impacts cannot be avoided to such business owners, additional compensation and assistances as per agreed resettlement framework will be disbursed to them, over and above the replacement of lost income.

III. SOCIO-ECONOMIC INFORMATION AND PROFILE

25. The following sections present the socio-economic profile of the households likely to be affected by the proposed works. Based on inventory loss survey, 642 persons (vendors/hawkers) including 81 women will potentially be affected under the subproject. The survey provides information socio-economic conditions of affected households. A wide range of data including, social category, type of losses, type of occupation, sources of income, choice of resettlement etc. have been collected. The average dependency ratio of affected person households is 5 and average daily income of affected households are ₹312/day. About 28% of affected persons belong to vulnerable category.¹⁵

26. **Occupation Profile.** As per socio economic sample survey data, a significant number, 46% (295 vendors consisting of 47 females and 248 males) of affected persons are engaged in fruit and vegetable selling, 9% (61 vendors consisting of 3 females and 58 males) are engaged in auto repairing works, 9% (58 vendors consisting of 1 female and 57 males) are selling tea, 8% (49 vendors consisting of 2 females and 47 males) are involved in selling snacks, 6% (38 vendors consisting of 1 female and 37 males) are in selling general items and, 5% (33 vendors consisting

¹³ <https://tad.rajasthan.gov.in/writereaddata/FilesManagement/PDF/03242021172630PMLink%203.pdf>

¹⁴ As per the Constitutional provision under Article 244 (1) of the Constitution of India, the 'scheduled areas' are defined as "such areas as the President may by order declare to be scheduled areas"- as per paragraph 6(1) of the Fifth Schedule of the Constitution. The specification of "Scheduled Areas" in relation to a State is by a notified order of the President, after consultation with the State Government concerned. The same applies in the case of any alteration, increase, decrease, incorporation of new areas, or rescinding any Orders relating to "Scheduled Areas". Criteria for declaring any area as a "Scheduled Area under the Fifth Schedule are: • Preponderance of tribal population, • Compactness and reasonable size of the area, • A viable administrative entity such as a district, block or taluk, and • Economic backwardness of the area as compared to the neighboring areas. Source:

¹⁵ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule castes and scheduled tribe households.

of 0 females and 33 males) are involved in selling readymade garments, while 17% (108 vendors consisting of 27 females and 81 males) are engaged in different business-like footwear and flower selling, carpainter, cobbler, barber and pan/cigarette business etc. Most of them occupy earthen shoulders/ROW of roads for selling their goods.

Figure 14: Type of Occupation

27. **Income Profile:** Out of 642 households, 14% (89 vendors consisting 16 females and 73 males) of the households likely to be affected have net income ranging up to ₹200 per day. About, 38% (243 vendors consisting 29 females and 214 males) of the households have income in the range of ₹ 201-₹300 per day; 46% (300 vendors consisting 36 females and 264 males) of the households have income in the range of ₹301-₹400 per day and 2% (10 vendors all males) vendors have income in range of ₹401-₹500 per day. Average income of affected persons is ₹ 312 per day.

Figure 15: Income Level

28. **Caste Profile:** Households likely to be affected as per social category have been presented in **Appendix 9**. Affected persons belonging to general castes comprise of 45 (7%), other backward castes (OBC) comprise 507 (79%), and scheduled caste comprise 84 (13%) and scheduled tribe comprise 6 (1%), It can be noted that OBC constitutes the majority in the overall social profile.

Source: Transect walks and business surveys, June 2023.

The estimated number of affected persons presented in the table is based on socio-economic survey and inventory loss survey/ impact assessment for the entire subproject area where pipelines are proposed to be laid (both sides of the road). After the final alignments are frozen, this estimated number is likely to come down as pipe will be laid on one side of the road in most of the areas. The actual impacted persons and the compensation details will be updated and reported in the subsequent semi-annual social monitoring report for approval of ADB.

¹⁶ Out of the 81 affected female vendors, 2 are considered vulnerable as BPL and 1 as scheduled caste.

¹⁷ Government of Rajasthan has in recent times been using indicators of National Food Security Act (NFSA, 2013) for estimation of poverty in the state. State has set criteria for inclusion and exclusion in BPL list. For urban areas, BPL inclusion criteria requires a family to qualify under any of these- BPL families already identified under 2003 urban BPL census, all state BPL families, Antyodaya and Annapurna beneficiaries, families not included in preceding category but are beneficiary under schemes (7 schemes are mentioned) such as chief minister senior citizen yojana, Indira Gandhi national old age pension scheme, Indira Gandhi widow pension schemes and other listed national/state social assistance schemes or if they are surveyed families from slums, rag pickers, registered construction labour, rickshaw pullers, vendors and others (13 such groups are identified). A family is excluded if it fails under any of the 7 exclusion parameters that include- income tax payee in the family, family member in government/semi government employment, other asset-based parameters such as four-wheeler ownership (unless it constitutes source of livelihood), house ownership (of specified built and size).

Source: <https://niti.gov.in/writereaddata/files/rajasthan.pdf>.

During survey, respondents were inquired about their officially recognized poverty status (BPL or APL). This information is reflected in the table 10, above.

¹⁸ Total income per day of Surveyed affected persons (642 nos) comes to ₹ 200,470 and accordingly an average of ₹312 per day has been arrived. The average income arrived ₹312 approximately, is much above the current minimum wage rate prevalent at Rajasthan. Refer **Appendix 11**. As per survey all the potential affected person's income is above the current minimum wage rate prevalent at Rajasthan.

IV. CONSULTATION PARTICIPATION AND DISCLOSURE

A. Public Consultation

29. This draft resettlement plan was prepared in consultation with stakeholders. The key stakeholders consulted during draft resettlement plan preparation include (i) affected persons, including vulnerable households; (ii) program beneficiaries (iii) elected representatives (iv) local government and relevant government agency representatives; and (v) Project staff, PMU, PIU, and consultants. Meetings and individual interviews were held involving stakeholders particularly, potentially temporarily affected persons; and transect walks, survey and interviews were conducted to determine the potential impacts of the subproject. Despite Covid-19 pandemic, meeting and other stakeholders was undertaken following all safety norms and codes including social distancing. During meeting the stakeholders were briefed about the technical details of project and project implementation cycle; project benefits as well as adverse impacts envisaged during construction; environmental and social safeguards, gender inclusion, community participation aspects built into the project etc. The issues like extent of the project and development components, benefits of project, traffic disruptions and impacts on livelihood were discussed in detail with the stakeholders. The potentially affected persons were informed that appropriate measures will be undertaken during construction to minimize impacts including scheduling of activities and reducing construction activities during the rush hour). It was also informed that, if despite mitigation measures, there would be any temporary impacts on livelihood; these would be compensated in accordance with the agreed entitlement matrix. A total of 88 persons (50 males, 38 females) were consulted. Further consultations will also include focus group discussions (FGDs) and structured census surveys before project implementation. Details of consultation are attached in Table 9 and consultation sheet is attached in **Appendix 12**. Project Information Leaflets were also distributed to the households to make them aware about the works and its advantages (Copy of leaflet attached in **Appendix 13**).

All the participants are happy with proposed project and willing to pay for improved water supply services in the town. Participants assured to provide their full cooperation during work Pipeline laying work for water supply is proposed in the area and it will be well informed in advance Process of grievance mechanism was also briefed with participants for lodging complaints.
21 July 2023 Ahimsha Circle, Nimbahera				
06	05	01	Project components under RSTDSP and the benefits to the Community. Present status and access of Water Supply and drinking water facilities as well as waste water in the town and other concerned issues and challenges. Proposed components under WS, Nimbahera Process of logging grievance and its mechanism under the project. Willingness of local public to pay for improved services. Compensation will be paid to Affected Persons as per RF	All the participants are happy with proposed project and willing to pay for improved water supply services in the town. Participants assured to provide their full cooperation during work Pipeline laying work for water supply is proposed in the area and it will be well informed in advance Process of grievance mechanism was also briefed with participants for lodging complaints. Briefed about Resettlement Framework (RF), if any impact anticipated.
Total 88	50 (57%)	38 (43%)		

B. Information Disclosure

30. This draft resettlement plan will be duly uploaded in ADB and local government's websites. During the subproject implementation, construction schedules will be informed to all residents (including affected persons) prior to the commencement of pipe laying, through signboards. The signboards will be in local language and will include at minimum: (i) section to be affected, (ii) start and end dates, (iii) information on traffic rerouting if any, and (iv) contact information for sharing opinions/questions/grievances. A sample template of project information disclosure leaflet is provided in **Appendix 12**.

31. During preparation of resettlement plan, cut-off date 25 July 2023 for temporary impacts was communicated in the entire affected area at the start of the census survey and also list of potential affected persons was displayed area wise on date 25 July 2023 at the same time for the entire city to prevent duplication in identification of affected persons specifically those moving into a new area during project planning and implementation phase. Copy of cut-off date notification is attached in **Appendix 14**.¹⁹ Such information sharing will facilitate affected persons to have access to lists in their area and resolve issues around any duplication, missing/absentee person from the list. Resettlement plan and information, education and communication (IEC) materials will be translated in Hindi and will be disclosed/discussed with affected persons and beneficiaries, including those who are unable to read, in Hindi and/or their local dialect.

C. Continued Consultation and Participation

32. Consultation and information disclosure is a continuous process since from the beginning of the project. Information dissemination is being carried out throughout project circle. TA team of community awareness and public participation consultants is mobilized for conduct of awareness generation, public information about work schedule and consultation activities. Public information brochure (leaflet) is being distributed for information disclosure about the subproject including the grievance redress mechanism. The PMU will continue (with the support of CAPPC) to design and conduct town specific public awareness campaigns and activities for all citizens.

V. GRIEVANCE REDRESS MECHANISM

33. A project-specific, three-tier grievance redress mechanism (GRM) covers both environment and social issues. A three-tier grievance redress mechanism (GRM) has already been established under Rajasthan Secondary Towns Development Sector Project (RSTDSP), Loan number-3972; project management unit (PMU) RSTDSP confirms that it shall be applicable for additional financing projects also. PIU of each additional subproject town has been established for ensure timely redress of grievances and the same GRM is applicable at these PIU levels also. The GRM is established to receive, evaluate, and facilitate the resolution of affected persons' concerns, complaints, and grievances about the social and environmental performance at project level. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns related to the project. Assessment of the GRM designed and implemented for Rajasthan Urban Sector Development Program (RUSDP)²⁰ shows that the

¹⁹ For the vendors/hawkers who were not present during conclusion of survey on 25th July 2023, opportunity was given to submit their details latest by 31st July 2023 in the Municipality office so that their respective name/s can be included in the list of affected persons.

²⁰ The procedures followed for grievance redress during implementation of RUSDP Phase III included the project GRM and the pilot GRM software application (Smart Check) in Pali, the Sampark portal of Government of Rajasthan, and the Chief Minister's helpline. Complaints received through various channels were mostly minor and pertained to

system was effective in timely resolution of grievances in a transparent manner.²¹ The multichannel, project-specific, three-tier GRM is functional at RUSDP, hence the design of GRM for RSTDSP takes into account the proposed institutional structure for RSTDSP and the positive features and learnings from the previous GRM.²²

34. **Common GRM.** A common GRM will be in place for social, environmental, or any other grievances related to the project. The implementation of the resettlement plan will follow the GRM described below. The GRM will provide an accessible and trusted platform for receiving and facilitating resolution of affected persons' grievances related to the project.

35. Public awareness campaigns within the entire municipal area will ensure that awareness on grievance redress procedures is generated. The nodal officer- safeguards and gender supported by ASO at zonal level, will oversee the conduct of subproject coverage area-based awareness campaigns by the town-level safeguards and safety officers, through the CAPPC. The awareness campaigns will ensure that poor and vulnerable households are made aware of grievance redress procedures and entitlements. Contractors will provide pamphlets to communities prior to start of works and billboards during construction. The pamphlets and billboards will include relevant environmental and social safeguards, GRM information, and contact details of key personnel from PIU and contractors.

36. Affected persons will have the flexibility of conveying grievances/suggestions by dropping grievance redress/suggestion forms (See Appendix 15 for template of grievance registration form. Form will be made available in local dialect) in complaint/suggestion boxes that will be installed by project PIUs or by e-mail, by post, or by writing in a complaints register in ULB offices/complaints register at contractor's work site or by sending a WhatsApp message to the PIU²³ or by dialling the phone number of town level PIU/CAPPC or by dialling a toll-free number.²⁴ Any aggrieved person can also avail the facilities of online grievance monitoring system 'Rajasthan Sampark' portal to register their grievances which is a parallel mechanism of grievance registration, in addition to the project GRM.²⁵ Careful documentation of the name of the complainant, date of receipt of the complaint, address/contact details of the person, location of the problem area, and how the problem was resolved will be undertaken and feedback provided to the complainant on action/decision taken. The SSO of town/city level PIU will have the overall responsibility for timely grievance redressal on environmental and social safeguards issues and

damage to existing water supply pipelines and disruption of water supply during construction, delays in road restoration, and pending new connections. Complaints related to damage to private property (compound walls/steps, etc.) were less in number. The grievances were mostly possible to resolve in coordination with the contractors. Complaints received were immediately referred by the CAPC/PMDSC supervision staff to the PIU Nodal officer (safeguards) and concerned engineer at PIU, who advised them on further action. Follow up with the contractor on complaint resolution was undertaken by PIU Nodal officer CAPC and PMDSC and final feedback sought from complainant upon resolution. Complaints requiring inter-departmental coordination were referred to the PMU for resolution, and feedback provided to complainant. The PMU kept regular track of grievances through WhatsApp and email alerts, ensuring registration and follow-up until resolution.

²¹ Town-level grievance registration data indicates that a large number of grievances were registered, pointing to the effectiveness of the multi-channel GRM. No major grievance was received for RUSDP Phase III. The GRM helped smoothen the process of project implementation, hence the proposed architecture for the RSTDSP GRM remains similar, with some refinement, taking into account the changes in institutional setup proposed for project implementation.

²² Continued logistics support at field level will be key to successful management of grievance redress under RSTDSP. The target date for establishment of the first level (PIU level) and second level (Zonal level) of GRM is before loan negotiation.

²³ It is suggested for each PIU to have a dedicated WhatsApp group for registration of grievances and receipt of quick feedback, to be followed by more formal communication.

²⁴ Project contractors in all project towns will have a toll-free number with specific working hours for registration of grievances related to RSTDSP.

²⁵ [HTTP://WWW.SAMPARK.RAJASTHAN.GOV.IN/RAJSAMWELCOME.ASPX](http://www.sampark.rajasthan.gov.in/RajSamWelcome.aspx)

for registration of grievances, related disclosure, with the assistance of project consultants. In case of grievances that are immediate and urgent in the perception of the complainant, the contractor, and officials of PIU with assistance from CMSC and CAPPC on-site will provide the most easily accessible or first level of contact for quick resolution of grievances. Contact numbers and names of the concerned PIU safeguard and safety officer, contractors, CAPPC and CMSC personal will be posted at all construction sites at visible locations.

- (i) **1st level grievance.** The contractors, PIU executive engineer /assistant engineer designated as SSO (social and environment), CMSC (safeguard staff) and CAPPC can immediately resolve issues on-site, in consultation with each other and will be required to do so within 7 days of receipt of a complaint/grievance. If required, city level monitoring committee (CLMC)²⁶ will be involved in resolution of grievances at the 1st level;²⁷
- (ii) **2nd level grievance.** All grievances that cannot be redressed within 7 days at field/PIU level will be brought to the notice of Zonal PIU headed by Additional Chief Engineer (ACE). The ACE at zonal PIU will resolve the grievance within 7 days of receipt of complaint/grievance in discussion with the assistant safeguard officer (ASO), field level PIU, CMSC, CAPPC and the contractor;²⁸
- (iii) **3rd level grievance.** All the grievances that are not addressed by Zonal PIU within 7 days of receipt will be brought to the notice of the PMU. Depending on the nature of grievance, the Project Officer (Social/Environment) at PMU will resolve the grievance within 15 days of receipt of grievance with necessary coordination of Zonal PIU and CMSC and guidance/instruction of additional project director (APD-PMU);
- (iv) Grievances not redressed through this process within/at the project level within stipulated time period will be referred to the CLC/grievance redress committee (GRC), which has been set up.²⁹ In its role as a GRC, the CLC will meet whenever there is an urgent, pending grievance. Other grievances can be discussed during its regular meetings. Zonal PIU will inform the CLC regarding any grievances required to be resolved urgently. The GRC will resolve the grievance within 15 days of receiving the complaint. In case of any indigenous peoples impacts in subprojects, the CLC/GRC must have representation of the affected indigenous people community, the chief of the tribe or a member of the tribal council as

²⁶ The CLMC has been formed at the town/city level for planning and monitoring of work, resolve issues related to departmental coordination etc. It is headed by Commissioner/Executive Officer ULB (Chairman) and city engineer of public health engineering department (PHED), public works department (PWD) and head of PIU acting as Member Secretary.

²⁷ In case the complainant is a vendor, the 1st level grievance redress committee will make effort to resolve the concern at this level, in his/her presence.

²⁸ In case the complainant is a vendor, and the grievance is not resolved at the 1st level, the issue will be brought up to 2nd level grievance redress committee. The 2nd level grievance committee, if required, may invite a representative from the local Town Vendor Committee to resolve the matter.

²⁹ City Level Committee (CLC)/grievance redress committees (GRCs) has been constituted for each town/city under the Chairmanship of District Collector to provide overall subproject guidance and "to sort out issues and remove hindrances, if any". CLC formed at city-level/district level with members composed of: District Collector as Chairperson and following as members: ULB Commissioner/Mayor/Chairman; Deputy Mayor/Vice Chairman ULB; Chairman / Secretary Urban Improvement Trust (UIT); Head of Zonal/field level PIU as Member Secretary; one representative each from relevant government departments as appropriate (PWD/PHED/Town Planning Department etc.). All CLCs in their role as GRCs will have at least one-woman member/chairperson. In addition, for project-related grievances, representatives of affected persons, community-based organizations (CBOs), and eminent citizens will be invited as observers in GRC meetings. The concerned Member of Parliament (MP) and Member of Legislative Assembly are also part of the CLC.

traditional arbitrator (to ensure that traditional grievance redress systems are integrated) and an NGO working with indigenous people groups.

37. The multi-tier GRM for the project is outlined below (Figure 17), each tier having time-bound schedules and with responsible persons identified to address grievances and seek appropriate persons' advice at each stage, as required. The GRC will continue to function throughout the project duration.

Figure 17: Grievance Redress Mechanism-RSTDSP

Note: APD = additional project director, ASO = assistant safeguards officer, CAPPC = community awareness and public participation consultant, CMSC = construction management and supervision consultants, CLC = city level committee, CLMC = city level monitoring committee, GRC = grievance redress committee, PIU = project implementation unit, PMU = program management unit, PMCBC = project management and capacity building consultant.

38. The project GRM, notwithstanding, an aggrieved person shall have access to the country's legal system at any stage and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. In case of grievance related to land acquisition, resettlement and rehabilitation, the affected persons will have to approach a legal body/court specially proposed under the RFCTLARRA, 2013.³⁰

39. People who are, or may in the future be, adversely affected by the project may submit complaints to ADB's Accountability Mechanism. The Accountability Mechanism provides an independent forum and process whereby people adversely affected by ADB-assisted projects can voice, and seek a resolution of their problems, as well as report alleged violations of ADB's operational policies and procedures. Before submitting a complaint to the Accountability Mechanism, affected people should make an effort in good faith to solve their problems by working with the concerned ADB operations department. Only after doing that, and if they are still dissatisfied, should they approach the Accountability Mechanism.³¹

40. **Record-keeping.** The PIU of Nimbahera town will keep records of grievances received, including contact details of complainant, date the complaint was received, nature of grievance,

³⁰ The Authority admits grievance only with reference to the Land Acquisition and R&R issues under the RFCTLARRA, 2013.

³¹ Accountability Mechanism. <http://www.adb.org/Accountability-Mechanism/default.asp>.

agreed corrective actions and the date these were affected and final outcome. The number of grievances recorded and resolved, and the outcomes will be displayed/disclosed in the PMU office, PIU offices, and on the web, as well as reported in monitoring reports submitted to ADB on a semi-annual basis.

41. **Periodic review and documentation** of lessons learned. The PMU project officers (Social and Environment) will periodically review the functioning of the GRM in each town and record information on the effectiveness of the mechanism, especially on the project's ability to prevent and address grievances.

42. **Costs.** All costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by the PMU. Cost estimates for grievance redress are included in resettlement cost estimates.

VI. POLICY AND LEGAL FRAMEWORK

43. The policy framework and entitlements for the RSTDSP-additional financing are based on:

- (i) The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (RFCTLARRA), 2013;³²
- (ii) ADB's Safeguard Policy Statement (SPS), 2009. The salient features of Government and ADB policies are summarized below. The involuntary resettlement principles and procedures to be followed for social safeguards under RSTDSP are detailed out in the resettlement framework document and project implementation shall be carried out in its full compliance,
- (iii) The Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014 and the Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016

A. Relevant National Acts/Policies

1. Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013

44. This Act repeals the Land Acquisition Act, 1984 and is applicable to all states in India including Rajasthan. RFCTLARRA, 2013 is a first national/central law that addresses land acquisition and rehabilitation and resettlement collectively. Establishing of a completely new Act, which was due from a long time, is a pioneering step taken by the Government of India in providing a humane, participative, informed and transparent process for permanent/temporary land acquisition in the public interest. The Act lays down procedures for estimating fair compensation of the affected families (and not just the titleholders) due to land acquisition, rehabilitation and resettlement. The Act prohibits acquisition of multi-cropped irrigated land as a special provision to safeguard food security, unless in exceptional circumstances as a demonstrable last resort³³ Step wise salient features of RFCTLARRA, 2013 are furnished below.

³² Ministry of Law and Justice. The Act has received the assent of the President on the 26 September 2013.

³³ Wherever such land is acquired, an equivalent area of cultivable wasteland shall be developed for agricultural purposes or an amount equivalent to the value of land acquired shall be deposited with the appropriate Government

- (i) **Preliminary Investigations/Preparation of Social Impact Assessment/Social Impact Management Plan.** It is mandatory under the Act to conduct a time bound social impact assessment (SIA) and social impact management plan (SIMP).³⁴ No land acquisition shall be initiated unless SIA/SIMP is approved by the Expert Group. SIA shall also be conducted in a participatory manner and with all necessary public hearings, dissemination etc., duly followed;
- (ii) **Preliminary Notification, Objections and Hearing.** Under the Act, Preliminary Notification³⁵ shall be issued only after the approval of SIA and within 12 months from the date of SIA approval, failing which a fresh SIA/SIMP will be prepared. Preliminary Notification shall allow appropriate Government to undertake various surveys and update records, which needs to be compulsorily completed within two months. Within this period (60 days), all affected landowners/families shall be given right to raise objections in writing to the district collector and shall get a chance to be heard in person;
- (iii) **Preparation of Rehabilitation and Resettlement Scheme and its Declaration.** Following preliminary notification, administrator appointed for rehabilitation and resettlement shall conduct a survey, census of the affected families and prepare a draft rehabilitation and resettlement scheme (RRS)³⁶ Administrator first submits RRS to the district collector and district collector then to the commissioner-rehabilitation and resettlement who approves the RRS in the last. The district collector shall publish a summary of RRS along with Declaration under the hand and seal of secretary to such Government or any other official duly authorized³⁷ Declaration shall be published only after the requiring body deposits amount towards the cost of land acquisition.³⁸ RRS summary and declaration shall be compulsorily made within the 12 months after the issue of preliminary notification. If not complied, such notification shall be considered rescinded unless land acquisition was held up on account of any stay or injunction by the order of court; *and*

for investment in agriculture for enhancing food-security. This condition has been included in the entitlement matrix. These provisions however do not apply in case of projects that are linear in nature such as railways, highways, other roads, canals, power lines etc.

³⁴ SIA shall confirm: (i) the proposed acquisition is for the public purpose and extent of land proposed is the absolute bare minimum extent needed for the project; (ii) number of affected families, displaced families; details of extent of loss and other associated social impacts; and (iii) costing for addressing estimated losses and social impacts. The SIMP shall form a part of SIA and include each component wise ameliorative measures to address land acquisition and social impacts. SIA/SIMP shall be evaluated by independent multi-disciplinary Expert Group who reserves the right to approve it.

³⁵ The preliminary notification shall include: (i) statement on project/ public purpose; (ii) reasons necessitating the land acquisition; (iii) summary of SIA; and (iv) particulars of the Administrator appointed for the purpose of rehabilitation and resettlement.

³⁶ Draft RRS shall include: (i) particulars of land and immovable property to be acquired of each affected family; (ii) livelihood losses of landowners as well as dependent landless families; (iii) list of government/public buildings and details of utilities and/or infrastructure facilities where resettlement of affected families is involved; (iv) details of common property resources being acquired; and (v) particulars of the rehabilitation and resettlement entitlements of each affected landowner and landless family and list/details of government buildings, utilities, infrastructure facilities to be provided in the area. The Administrator shall also set implementation timeline in draft RRS⁴⁰ Government of Rajasthan, Local Self Government Department. 2023. [RESETTLEMENT FRAMEWORK: RAJASTHAN SECONDARY TOWNS DEVELOPMENT SECTOR PROJECT \(ADDITIONAL FINANCING\)](#). Jaipur

⁴⁰ Government of Rajasthan, Local Self Government Department. 2023. [RESETTLEMENT FRAMEWORK: RAJASTHAN SECONDARY TOWNS DEVELOPMENT SECTOR PROJECT \(ADDITIONAL FINANCING\)](#). Jaipur

⁴⁰ Government of Rajasthan, Local Self Government Department. 2023. [RESETTLEMENT FRAMEWORK: RAJASTHAN SECONDARY TOWNS DEVELOPMENT SECTOR PROJECT \(ADDITIONAL FINANCING\)](#). Jaipur

- (iv) **Public Notice and Award.** Following declaration and requiring body deposits amount towards the cost of land acquisition; the district collector shall issue a public notice and hear objections (if any) within 6 months from the date of its issue. The district collector shall make an award within a period of twelve months from the date of publication of the Declaration and if award is not made within that period, the entire proceedings of the acquisition of the land shall lapse.

45. Some of the key features related to estimation of project induced losses include: (i) multiplying market value of a land by factor up to two, depending upon its distance from the urban area, to match it with the prevailing market values; (ii) providing 100% solatium on total compensation amount (instead of 30%); (iii) compensation for damage incurred during surveys/investigations etc.; (iv) compensation of expenses/or any change if affected landowner is compelled to change his place of residence or business due to proposed land acquisition; (v) compensation for loss of profits (if any) from the date of declaration; (vi) compensation for livelihood losses of families (other than landowner) who are dependent on the land for minimum three years prior to the acquisition; and (vii) increased allowance/assistance for livelihood losses, travel, additional assistance for vulnerable families, artisans etc.³⁹

46. It is also mandatory under the Act to make land acquisition payment within 3 months and R&R payment within 6 months from the date of the award. The collector shall acquire land only after such payment. It is also necessary (at state level): (i) to appoint an officer of the rank of commissioner or secretary of that government for rehabilitation and resettlement of affected families under this Act, to be called the commissioner for rehabilitation and resettlement; and (ii) establish Land Acquisition, Rehabilitation and Resettlement Authority (LARRA) for the purpose of speedy disposal of disputes relating to land acquisition, compensation and R&R. The decisions made by Authority on disputes can only be challenged in high court/supreme court.

47. **The Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014.** The Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014 came into force on 5 March 2014 and seeks to protect the livelihoods of street vendors while regulating street vending. The Act recognizes street vendors of different types including mobile (moving) vendors, stationary (vending from a particular place), natural markets (spaces where buyers and sellers traditionally congregate), vendors with temporary built-up structures, hawkers, peddlers and squatters. It provides for regulation of street vendors, defines the rights and duties of street vendors and requires definition of designated vending zones, issue of certificates of vending and identity cards to street vendors, and proposes vending fees and maintenance charges. Under the Act, each state government is required to define the public purpose for which a street vendor may be evicted and the manner of relocation, manner of giving notice, and provides for a dispute resolution mechanism. As per the Act, planning and regulation of street vending is to be undertaken at town level by the Town Vending Committee. The Act also provides for social audit of the activities of the Town Vending Committee.

48. **The Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016.** In exercise of power conferred to state under Section 36 of the central act, the state government has framed rules for implementation of the Act in the state. The State rules outlines the following:

⁴⁰ Government of Rajasthan, Local Self Government Department. 2023. [RESETTLEMENT FRAMEWORK: RAJASTHAN SECONDARY TOWNS DEVELOPMENT SECTOR PROJECT \(ADDITIONAL FINANCING\)](#). Jaipur

- (i) The State Government shall constitute a Town Vending Committee (TVC) for every local authority [Section 3 (1)]. In the election for representative of street vendors if due representation of the Scheduled Castes, the Scheduled Tribes, Other Backward Classes, minorities and persons with disabilities is not found, the State Government shall nominate one additional member from amongst such categories in the Town Vending Committee [Section 3 (6)].
- (ii) Every street vendor, identified under the survey carried out under sub-section (1) of Section 3 of the Act. who has completed the age of eighteen years may be issued a certificate of vending by the Town Vending Committee. [Section 8 (1)]
- (iii) The Town Vending Committee at its office shall maintain all necessary records as are required to be maintained by it under the Act and these rules and also a soft copy duly updated into its computer system. All records relating to allotment of space to street vendors shall be preserved at least for five years and beyond that till the period of currency of their licenses and for such further period in cases where any litigation with regard to any place is pending. All records including maps, road plans showing existing site of street vending shall be a permanent record of Town Vending Committee. (Section 7)
- (iv) The Town Vending Committee shall take final decision about vending zones along with their holding capacity as worked out by the local authority. TVC shall be responsible for issuing, withholding, suspending and cancelling of the vending certificate. [Section 14 (1)]
- (v) The State Government shall constitute a Grievance Redressal and Dispute Resolution Committee at each divisional headquarters. (Section 15)
- (vi) Any street vendor having grievance for any matter under the Act, except those matters as are specified in Section 11 of the Act, may file an application in writing. (Section 16).

2. ADB's Safeguard Policy Statement, 2009

49. ADB has adopted SPS in 2009 including safeguard requirements for environment, involuntary resettlement and indigenous people. The objective of the SPS, 2009 is to avoid involuntary resettlement wherever possible; to minimize involuntary resettlement by exploring project and design alternatives; to enhance, or at least restore, the livelihoods of all displaced persons in real terms relative to pre-project levels; and to improve the standards of living of the displaced poor and other vulnerable groups.

50. The involuntary resettlement safeguards cover physical displacement (relocation, loss of residential land, or loss of shelter) and economic displacement (loss of land, assets, access to assets, income sources, or means of livelihoods) as a result of (i) involuntary acquisition of land, or (ii) involuntary restrictions on land use or on access to legally designated parks and protected areas. It covers them whether such losses and involuntary restrictions are full or partial, permanent or temporary. Following are the basic policy principles of ADB's SPS, 2009:

51. The key involuntary resettlement principles of the ADB Safeguards Policy Statement (2009) are:

- (i) Screen the project early on to identify past, present, and future involuntary resettlement impacts and risks. Determine the scope of resettlement planning through a survey and/or census of displaced persons, including a gender analysis, specifically related to resettlement impacts and risks;

- (ii) Carry out meaningful consultations with affected persons, host communities, and concerned nongovernment organizations. Inform all displaced persons of their entitlements and resettlement options. Ensure their participation in planning, implementation, and monitoring and evaluation of resettlement programs. Pay particular attention to the needs of vulnerable groups, especially those below the poverty line, the landless, the elderly, women and children, and Indigenous Peoples, and those without legal title to land, and ensure their participation in consultations. Establish a grievance redress mechanism to receive and facilitate resolution of the affected persons' concerns. Support the social and cultural institutions of displaced persons and their host population. Where involuntary resettlement impacts and risks are highly complex and sensitive, compensation and resettlement decisions should be preceded by a social preparation phase;
- (iii) Improve, or at least restore, the livelihoods of all displaced persons through (i) land-based resettlement strategies when affected livelihoods are land based where possible or cash compensation at replacement value for land when the loss of land does not undermine livelihoods, (ii) prompt replacement of assets with access to assets of equal or higher value, (iii) prompt compensation at full replacement cost for assets that cannot be restored, and (iv) additional revenues and services through benefit sharing schemes where possible;
- (iv) Provide physically and economically displaced persons with needed assistance, including the following: (i) if there is relocation, secured tenure to relocation land, better housing at resettlement sites with comparable access to employment and production opportunities, integration of resettled persons economically and socially into their host communities, and extension of project benefits to host communities; (ii) transitional support and development assistance, such as land development, credit facilities, training, or employment opportunities; and (iii) civic infrastructure and community services, as required;
- (v) Improve the standards of living of the displaced poor and other vulnerable groups, including women, to at least national minimum standards. In rural areas provide them with legal and affordable access to land and resources, and in urban areas provide them with appropriate income sources and legal and affordable access to adequate housing;
- (vi) Develop procedures in a transparent, consistent, and equitable manner if land acquisition is through negotiated settlement to ensure that those people who enter into negotiated settlements will maintain the same or better income and livelihood status;
- (vii) Ensure that displaced persons without titles to land or any recognizable legal rights to land are eligible for resettlement assistance and compensation for loss of non-land assets;
- (viii) Prepare a resettlement plan elaborating on displaced persons' entitlements, the income and livelihood restoration strategy, institutional arrangements, monitoring and reporting framework, budget, and time-bound implementation schedule;
- (ix) Disclose a draft resettlement plan, including documentation of the consultation process in a timely manner, before project appraisal, in an accessible place and a form and language(s) understandable to affected persons and other stakeholders. Disclose the final resettlement plan and its updates to affected persons and other stakeholders;
- (x) Conceive and execute involuntary resettlement as part of a development project or program. Include the full costs of resettlement in the presentation of project's costs and benefits. For a project with significant involuntary resettlement impacts,

- consider implementing the involuntary resettlement component of the project as a stand-alone operation;
- (xi) Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation;

Monitor and assess resettlement outcomes, their impacts on the standards of living of displaced persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. Disclose monitoring reports.

3. Comparison of Government and ADB Policy

52. The RFCTLARR Act, 2013 represents a significant milestone in the development of a systematic approach to address land acquisition, rehabilitation and resettlement collectively in India. RFCTLARRA, 2013 has also laid down similar principles like ADB's SPS, 2009 and focus on avoiding or minimizing involuntary impacts, if not restoring and enhancing the quality of life of affected families irrespective of title to the land. Table 10 presents a comparison of the Government of India policies (RFCTLARRA, 2013, the Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014 and the Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016), the state policies vis-à-vis ADB's SPS, 2009, and identifies gaps and gap filling measures.

Table 10: Detailed Policy Comparison

S. No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
1	Screen project	Screen the project to identify past, present and future involuntary resettlement impacts and risks. Conduct survey and/or census of displaced persons, including a gender analysis, specifically related to resettlement.	Section 4 (I) it is obligatory for the appropriate Government that intend to acquire land for a public purpose to carry out a Social Impact Assessment study in consultation with concerned Panchayat, Municipality or Municipal Corporation, as the case maybe, at village level or ward level in the affected area. The Social Impact Assessment study report shall Be made available to the public in the manner prescribed under section 6.	There is no specific requirement for screening mentioned in the central Act or State Rules. However, under sub-section (1) of Section 3 of the central Act it is mentioned that Town Vending Committee (TVC) will carry out a survey in every urban local body (ULB) area for identifying every street vendor; and those who have completed the age of eighteen years (18) may be issued a certificate of vending by the TVC. The TVC shall maintain all necessary records of street vendors including maps, road plans showing existing site of street vending shall be a permanent record of TVC. (Section 7 of State Rules) TVC shall take final decision about vending zones along with their holding capacity as	No gap in conduct of social impact analysis between RFCTLARRA and SPS. Gap in screening past, present and future involuntary resettlement impacts and risks. The project will undertake screening of all subprojects using the ADB involuntary resettlement checklist, to identify past, present and future involuntary resettlement impacts and risks.

S. No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
				worked out by the local authority.	
2	Consult stakeholders and establish grievance redress mechanism (GRM)	Carryout consultations with displaced persons, host communities and concerned NGOs. Informally displaced persons of their entitlements and resettlement options.	Whenever a Social Impact Assessment is required to be prepared under section 4, the appropriate Government shall ensure that a public hearing is held at the affected area, after giving adequate publicity about the date, time and venue for the public hearing, to ascertain the views of the affected families to be recorded and included in the social impact assessment report. The Land Acquisition Rehabilitation and Resettlement Authority shall be established in each state by the concerned state government to hear disputes arising out of projects where land acquisition has been initiated by the state government or its agencies.	Section 20 under the central Act 2014, outlines provision of redressal of grievances or resolution of disputes of street vendors. Section 15 and 16, of the State rules 2016 outlines grievance redressal mechanism.	No gap between SPS and RFCTLARRA. Gap in establishing a project-level GRM for projects that do not have significant resettlement impacts. The Project will establish project-level GRM.

S. No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
3	Improve or at least restore, the livelihoods of all displaced, and payment at replacement cost.	Improve or restore the livelihoods of all Displaced persons through: (i) land-based resettlement strategies; (ii) prompt replacement of assets with access to assets of equal or higher value, (iii) prompt compensation at full replacement cost for assets that cannot be restored, and (iv) additional revenues and services through benefit sharing schemes where possible.	The Deputy Commissioner having determined the market value of the land to be acquired shall calculate the total amount of compensation to be paid to the landowner (whose land has been acquired) by including all assets attached to the land.	No specific requirement related to restoration or improvement of livelihoods mentioned.	No gap between SPS and RFCTLARRA. Assets to be compensated at replacement cost without depreciation.
4	Assistance for displaced persons	Provide physically and economically displaced persons with needed assistance	Schedule I, provides market value of the land and value of the assets attached to land. Schedule II provides resettlement and rehabilitation package for landowners and for livelihood losers including landless and special provisions for Scheduled Tribes.	No specific rules mentioned.	No gap between SPS and RFCTLARRA. Entitlement Matrix outlines compensation and assistance for Affected persons.
5	Improve standard of living of displaced vulnerable groups	Improve the standards of living of the displaced poor and other vulnerable groups, especially those below the poverty line, the	Special provisions are provided for vulnerable groups.	No specific measures for vulnerable groups mentioned.	No gap between SPS and RFCTLARRA. Entitlement Matrix outlines assistance for vulnerable groups, as defined by ADB policy.

		landless, the elderly, women, children, indigenous peoples, and those without title to land, to at least national minimum standards.			
6	Negotiated settlement	Develop procedures in a transparent, consistent, and equitable manner if land acquisition is through negotiated settlement to ensure that those people who enter into negotiated settlements will maintain the same or better income and livelihoods status	Section 46 of RFCTLARR Act, 2013 permits direct purchase of land and undertaking direct negotiation with the land owner.	Not applicable.	To ensure a fair and transparent process, an independent third-party will be required to certify whether the process of negotiated settlement was undertaken without coercion, in a transparent, consistent and equitable manner.
7	Compensation for non-titleholders	Ensure that displaced persons without titles to land or any recognizable legal rights to land are eligible for resettlement assistance and compensation for loss of non-land assets. In the rural area, provide them with access to resources. In the urban area, provide	Schedule II provides benefits to families whose livelihood is primarily dependent on land acquired	No specific provisions.	Entitlement matrix outlines compensation and assistance for non- titleholders, including squatters, encroachers and sharecroppers.

S. No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
		them with access to housing.			
8	Prepare resettlement plan	Prepare a resettlement plan/indigenous peoples plan on displaced persons' entitlements, the income and livelihood restoration strategy, institutional arrangements, monitoring and reporting framework, budget, and time-bound implementation schedule.	Preparation of Rehabilitation and Resettlement Scheme including timeline for implementation. Section: 16. (1) and (2). Separate development plans to be prepared. Section 41.	No specific rules mentioned.	No gap between SPS and RFCTLARRA. Resettlement plan will be prepared for subprojects with impact.

S. No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
9	Disclose Resettlement Plan	Disclose a draft Resettlement plan, including documentation of the consultation processing a timely manner, before project appraisal, in an accessible place and a form and language(s) understandable to displaced persons and other stakeholders. Disclose the final resettlement plan and its updates to displaced persons and other stakeholders	Under clause 18, the Commissioner shall cause the approved Rehabilitation and Resettlement Scheme to be made available in the local language to the Panchayat, Municipality or Municipal Corporation. As the case maybe, and the offices of the district collector the Sub-Divisional Magistrate and the Taluka, and shall be published in the affected areas, in such manner as may be prescribed and uploaded on the website of the appropriate government.	No specific rules mentioned.	No gap between SPS and RFCTLARRA. The resettlement framework and resettlement plans will be disclosed to affected persons.
10	Cost of resettlement	Include the full costs of measures proposed in the resettlement plan and indigenous peoples plan as part of project's costs and benefits. For a project with significant involuntary resettlement impacts, consider implementing the involuntary resettlement component of the project as a stand-alone operation.	Section 16. (I) Upon the publication of the preliminary Notification under sub- section (/) of section II by the Collector, the Administrator for Rehabilitation and Resettlement shall conduct a survey and undertake a census of the affected families, in such manner and within such time as may be Prescribed, which shall include:(a) particulars of	No specific rules mentioned.	No gap between SPS and RFCTLARRA. Cost of resettlement will be covered by the executive agency.

S. No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
			lands and immovable properties being acquired of each affected family;(b) livelihoods lost in respect of land losers and landless whose livelihoods are primarily dependent on the lands being acquired;(c) a list of public utilities and government buildings which are affected or likely to be affected, where resettlement of affected families is involved;(d) details of the amenities and infrastructural facilities which are affected or likely to be affected, where resettlement of affected families is involved; and(e) details of any common property

No	Involuntary Resettlement Policy Principle	ADB Safeguard Policy Statement	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013	Street Vendors (Protection of Livelihood and Regulation of Street Vending) Act, 2014, and Rajasthan Street Vendors (Protection of Livelihood and Regulation of Street Vending) Rules, 2016	Measures to bridge gaps
11	Taking over possession before payment of compensation	Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation.	38 (I) The Collector shall take possession of Land after ensuring that full payment of compensation as well as rehabilitation and resettlement entitlements are paid or tendered to the entitled persons within a period of three months for the compensation and a period of six months for the monetary part of rehabilitation and resettlement entitlements listed in the Second Schedule commencing from the date of the award made Under section 30.	No specific rules mentioned.	No gap between SPS and RFCTLARRA.
12	Monitoring	Monitor and assess resettlement outcomes, their impacts on the standards of living of displaced persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. Disclose monitoring reports.	48 (I) The Central Government may, whenever necessary for national or inter-state projects, constitute a national monitoring committee for reviewing and monitoring the implementation of Rehabilitation and resettlement schemes or plans under this Act.	No specific rules mentioned.	RFCTLARRA does not specify the frequency of monitoring. The project will prepare monitoring reports semi-annually as per SPS.

ADB = Asian Development Bank, GRM = grievance redress mechanism, NGO = nongovernment organization, RFCTLARRA = Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, SPS = Safeguard Policy Statement

VII. ENTITLEMENTS, ASSISTANCE AND BENEFITS

A. Types of Losses and Affected Person (AP) Category

53. The anticipated types of losses due to the proposed subproject components under RSTDSP-additional financing comprise (i) potential temporary income loss to vendors/hawkers and (ii) impacts to vulnerable persons (from amongst the temporarily affected persons).

54. According to ADB SPS, 2009 in the context of involuntary resettlement vis-à-vis economic impacts, the affected persons (APs) are those who are economically displaced (loss of productive land, structures, assets, access to assets, income sources, or means of livelihood). The absence of formal and legal title to the land does not bar the affected person from receipt of compensation and resettlement assistance from the project. Vulnerable affected persons are eligible for additional compensation and assistance and are to be accorded priority in employment in project related construction activities.

B. Entitlements

55. As per agreed resettlement framework, all the affected persons will be eligible for compensation for loss of livelihood.⁴⁰ The maximum estimated duration of disruption is 14 days. All affected persons will be compensated for the time lags (7% annual inflation in survey income is provided) between payment of compensation and the time of survey, shifting assistance (lump sum ₹ 1500) will be paid to all the affected persons irrespective of their business type. The identified vulnerable persons will be eligible for special assistance amounting to ₹. 9,000 as one-time assistance under temporary impacts for livelihood restoration.

56. All affected persons who are identified in the subproject areas on the cut-off date⁴¹ will be entitled to compensation for their loss, and rehabilitation measures (as outlined in the entitlement matrix below) are deemed sufficient to assist them to improve or at least maintain their pre-project living standards, income-earning capacity and production levels. Affected persons who settle in the affected areas after the cut-off date 25th July 2023 will not be eligible for compensation and assistance.⁴² Affected persons will be provided 30 days' advance notice to ensure no or minimal disruption in livelihood. If required, they will also be assisted to temporarily shift for continued economic activity. For example, they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during subproject construction is the responsibility of contractors.

57. Work will be undertaken on one side of the road and temporarily affected person (APs) will be assisted in moving to the other side of the road and returning to their original roadside location after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents/environmental management plan (EMP). An alternate place in the vicinity will also be identified where a greater number of

⁴⁰ Government of Rajasthan, Local Self Government Department. 2023. [RESETTLEMENT FRAMEWORK: RAJASTHAN SECONDARY TOWNS DEVELOPMENT SECTOR PROJECT \(ADDITIONAL FINANCING\)](#). Jaipur

⁴¹ Permanent land acquisition will follow the various cut-off dates as specified under RFCTLARRA, 2013 while for the temporary impacts the start date of census surveys will be considered as cut-off date.

⁴² For the vendors/hawkers who were not present during conclusion of survey on 25th July 2023, opportunity was given to submit their details latest by 31st July 2023 in the PIU office so that their respective name/s can be included in the list of affected persons.

affected persons are affected at one place (e.g., vegetable market) so that they can continue with their livelihood activities.

Table 11: Entitlement Matrix⁴³

Sl. No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy ⁴⁴	Implementation Issues ⁴⁵	Responsible Agency
1.	Temporary disruption of livelihood	Temporary impacts	Legal titleholders, non-titled affected persons 642 Affected persons	30 days' advance notice regarding construction activities, including duration and type of disruption. - Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption. Contractor's actions to ensure there is no income/access loss consistent with the environmental management plan/IEE.⁴⁶ - Assistance to vendors/hawkers to temporarily shift for continued economic activity (₹ 1,500 as one-time assistance)⁴⁷ - For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance will be paid as per average daily income arrived at from census	Identification of alternative temporary sites to continue economic activity. Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, by phase constructions schedule and working one segment at a time and one side of the road at a time.	The Valuation Committee will determine income lost. Contractors will perform actions to minimize income/access loss.

⁴³ All entitlements in rupees (other than those provided under RFCTLARRA) will be adjusted for inflation till the year of compensation payment.

⁴⁴ Transportation costs, monthly subsistence allowance and resettlement costs are not incremental. For example, if an affected household loses land, shelter and commercial business in one lot, the family will get each of these allowances only once.

⁴⁵ For design, build and operate (DBO) contracts, the DBO contractor undertakes design tasks.

⁴⁶ This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.

⁴⁷ For example, assistance to shift to the other side of the road where there is no construction. These will be however given to only non-movable businesses (which are not on wheels).

Sl. No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy ⁴⁴	Implementation Issues ⁴⁵	Responsible Agency
				and socio- economic survey or as per applicable minimum wage, whichever is greater. This assistance shall be paid for a minimum of 14 days or the actual period of disruption, whichever is higher. ⁴⁸		
2	Impacts on vulnerable affected persons ⁴⁹	Temporary impacts	Vulnerable affected persons ⁵⁰ Number of affected vulnerable persons with temporary livelihood impact-182 affected persons	• Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. • Vulnerable persons/businesses will receive ₹9,000 as one-time assistance under temporary impacts.	Vulnerable households will be identified during the census.	CMSC will verify the extent of impacts through 100% surveys of affected households and determine assistance, verify and identify vulnerable households. PIU and CMSC will monitor and ensure this entitlement.
3	Any other loss not identified	-	-	• Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009 and RSTDSP resettlement framework.	-	CMSC/CAPPC will ascertain the nature and extent of such loss. PMU will finalize the entitlements in line with ADB SPS, 2009.

⁴⁸ Under this project it is suggested for a minimum of 14 days of impact period during construction for water supply. If actual days of impact is longer than 14 days, then allowance will be paid for actual impact period. Allowance will be paid as per the daily income estimated based on census and socio-economic survey or prevailing minimum wage rate as notified by Government of Rajasthan, whichever is higher.

⁴⁹ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule castes and scheduled tribe households

⁵⁰ Vulnerability benefits are incremental, i.e., in addition to other entitlements and benefits.

58. If construction activities result in unavoidable livelihood disruption, compensation for loss of income or a transitional allowance for the period of disruption, whichever is greater, will be provided. Vulnerable affected persons will be given priority in project construction employment and will be provided with additional special assistance for income restoration support. Compensation and assistance to affected persons must be made prior to possession of land/assets and prior to the award of civil works contracts. Since most affected households have moveable stalls, Identity cards should be distributed 30 days before compensation. In summary, temporarily affected persons will be provided with:

- (i) 30 days' advance notice regarding construction activities, including duration and type of disruption.
- (ii) Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.
- (iii) Assistance to vendors/hawkers to temporarily shift for continued economic activity. For example, assistance to shift to the other side of the road where there is no construction.
- (iv) For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater.

VIII. RESETTLEMENT BUDGET AND FINANCING PLAN

59. The resettlement budget for Nimbahera water supply subproject components includes resettlement assistance, as outlined in the entitlement matrix and contingency provision amounting to 20% of the total cost. It presented in Table 11. CAPPC will be involved in facilitating the disbursement process and will facilitate opening bank of accounts for the affected persons who do not have bank accounts. The total resettlement cost for the subproject is ₹ 6486307/⁵¹-. PIU will be issuing sanction order to payment of affected persons which shall be released through electronic clearance service/National Electronic Fund Transfer (ECS/NEFT) transaction from bank, through concerned Treasury of the state administration.

60. The details of resettlement plan budget estimate are the following:

- (i) **Total number of affected persons** – A total of 642 have been identified as project affected persons during income loss survey. Temporary livelihood losses are estimated for 14 days for each affected person under this subproject.
- (ii) **Total number of vulnerable affected persons** – As per socio-economic survey, 182 affected persons are from vulnerable category. Vulnerability assistance for RSTDSP has been budgeted amounting to ₹9,000 per person, in accordance with the entitlement matrix.

⁵¹ Due to non-freezing of final alignment, survey undertaken both side of the road and accordingly budget has been calculated. Actual number of affected persons will come down as pipe will be laid only on one side of the road in most of the areas.

- (iv) **Compensation against daily income loss** – as per income loss survey, the total daily income for all surveyed affected persons is ₹200470 and accordingly, the average of this total figure i.e., ₹312 has been considered as average daily income of affected persons. This average has been applied for all 642 affected persons in budget estimate.
- (v) **Shifting assistance.** This has been considered for all affected persons. Based on nature of business of affected person, a uniform amount of ₹1500 is proposed as shifting assistance.
- (vi) **Contingency amount** – Contingency amount of 20% is also included in budget provisions as cushion for any unforeseen impacts during execution of civil work.

Table 12: Resettlement Budget⁵²

S. No	Item	Unit No.	Unit Rate*	Amount INR
A	Resettlement Costs			
1	Assistance for temporary livelihood impacts for 14 days ⁵³	642	₹312 per day ⁵⁴	2,804,256
2	Shifting Assistance (lump sum)	642	₹1,500 one time	963,000
3	Assistance for the temporary disruption of livelihood to vulnerable households	182	₹9,000 one time	1,638,000
	Sub-Total A			5,405,256
B	Contingency (20%)			1,081,051
	Grand Total (A+B)			6,486,307

*All cash entitlements and compensation to affected persons will be adjusted against inflation and payment amount determined accordingly.

61. The Superintending Engineer/Executive Engineer of the concerned PIU will make the payments directly in favour of the affected persons through electronic clearance service/National Electronic Fund Transfer (ECS/NEFT) transaction from bank, through concerned Treasury of the state administration. The PIU/project ULB will deposit appropriate amount with the district treasury for the same which will be sourced from resettlement and rehabilitation budget, kept aside as the state share, for this project. The PIU (with CMSC support staff at PIU level) and CAPPCC will be involved in facilitating the disbursement process and will facilitate opening bank accounts for the affected persons who do not have bank accounts. PIU will prepare compensation details including names of affected persons, bank account details, compensation amount, and submit to the district treasury to enable timely compensation payments prior to start of civil works. PIU with support from CMSC field staff and CAPPCC will monitor compensation payment to affected persons. CMSC will support the PIU to monitor, document and maintain evidence of payments in PIU's records. Zonal PIU will monitor all town level PIUs for compliances in this respect.

⁵² Grievance redress costs are part of the contractor's budget and PMU/PIU budgets hence not presented in budget table; and consultation costs are included in consultancy costs and hence not included in this budget.

⁵³ For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance will be paid as per average daily income arrived at from census and socio-economic survey or as per applicable minimum wage, whichever is greater. This assistance shall be paid for a minimum of 14 days or the actual period of disruption, whichever is higher.

⁵⁴ Total income per day of Surveyed affected persons (642 nos) comes to ₹ 200,470 and accordingly an average of ₹ 312 per day has been arrived. The average income arrived ₹312, is much above the current minimum wage rate (₹259 per day for unskilled labour, ₹271 per day for semi-skilled and ₹283 per for skilled labour, ₹333 per day for highly skilled labor) notified by government of Rajasthan, as per the state gazette notification dated 07.02.2022. Refer Appendix 11. However, at the time of payment, allowance will be determined as per the daily income estimated based on census and socio-economic survey (₹312 per day) and will be adjusted against inflation and payment amount determined accordingly.

IX. INSTITUTIONAL ARRANGEMENTS AND IMPLEMENTATION SCHEDULE

A. Institutional Arrangements

62. The implementation arrangements include Local Self Government Department (LSGD), Government of Rajasthan will be the executing agency of the Project. The department will be responsible for overall strategic guidance and for ensuring compliance with ADB's loan covenants. RUDSICO is the implementing agency for the RSTDSP, responsible for technical supervision and project implementation. The RUDSICO Board under the Chairmanship of the Minister for Urban Development, and members comprising of the Chief Secretary, Secretaries of LSGD, Finance, Planning, PWD, PHED and the project director, RUIDP as member secretary. It shall have full powers to decide on matters related to RSTDSP. The Board will take needful policy decisions, provide administrative and financial approvals, expedite clearances of project matters, ensure inter-departmental coordination and provide guidance to the PMU. As per GO dated 21 Feb 2018, all powers and responsibilities of earlier state level empowered committee (SLEC, under RUIDP Phase III) have now been transferred to RUDSICO Board.

63. RUDSICO established a state-level PMU, headed by dedicated project director, and housed in EAP division of RUDSICO. For the purpose of project implementation, two zonal PIUs, at Jaipur and Jodhpur, headed by ACE has been established. At field level, town-level PIUs will be established for project implementation on ground.

B. Safeguard Implementation Arrangement

64. **Project Management Unit.** RUDSICO already established a state-level PMU, headed by dedicated project director, and housed in EAP division of RUDSICO. For the purpose of project implementation, 2 zonal PIUs, at Jaipur and Jodhpur, headed by ACE has been established. At PMU, there are 2 dedicated project officers: (i) project officer (Environment); and (ii) project officer (Social and Gender), who is responsible for compliance with the environmental, social safeguards and gender in project implementation. Project officer (social and gender) will have an overall responsibility in implementation of the RSTDSP as per the social safeguards frameworks (resettlement framework and indigenous people planning framework [IPPF]) and gender equality and social inclusion (GESI) Action Plan agreed between ADB and the government, including appropriate monitoring and reporting responsibilities. Project Officer (Social and Gender) at the PMU will be supported by the SSS and the gender specialist of PMCBC. Key safeguard and gender mainstreaming related tasks and responsibilities at the PMU level are as follows:

65. Social Safeguards and Gender

- (i) Ensure subprojects conform to the agreed subproject selection criteria for the project;
- (ii) Review and finalize subproject involuntary resettlement and indigenous people category;
- (iii) Oversee preparation of resettlement plans, RIPPs and DDRs; confirm existing resettlement plans and DDRs are updated based on detailed designs, and that new subproject resettlement plans, RIPPs and DDRs are prepared in accordance with the resettlement framework and IPPF prepared for the project;
- (iv) Liaise with district administration for land acquisition, transfers; ensuring land availability;
- (v) Ensure that resettlement plans, RIPPs and DDRs are included in the bidding documents and civil works contracts;

- (vi) Provide oversight on social safeguard management aspects of subprojects and facilitate and follow-up to ensure that any delays in land procurement are addressed;
- (vii) Ensure and monitor the provision in the contract to include the indigenous people to benefit from the facilities constructed under the project;
- (viii) Facilitate and ensure compliance with all government rules and regulations regarding no objection certificates, third party certificates for negotiated settlement or donation, land ownership, and transfer details for each site, as relevant;
- (ix) Supervise and guide the zonal PIUs and city level PIUs to properly carry out the social safeguard monitoring;
- (x) Review, monitor, and evaluate the effectiveness with which the resettlement plans, RPPs and provisions of DDRs are implemented, and recommend corrective actions to be taken as necessary;
- (xi) Consolidate monthly social safeguard and gender monitoring reports from PIUs and the CMSCs and submit semi-annual social safeguard monitoring reports to ADB;
- (xii) Ensure timely disclosure of final resettlement plans, RPPs and DDRs in locations and form accessible to the public and affected persons;
- (xiii) Address any grievances brought about through the grievance redress mechanism promptly;
- (xiv) Oversee the assessment of training needs of affected persons and vulnerable persons by PIUs and/or PMCBC, coordinate training activities and convergence with the livelihood programs of the government;
- (xv) Ensure effective implementation of GRM at all levels;
- (xvi) Coordinate database management for social safeguards implementation and monitoring;
- (xvii) Coordinate public awareness campaigns by the PIUs including resettlement provisions with the help of print and electronic media; and
- (xviii) Serve as Gender Focal Point at PMU, which would involve overseeing - with the support of PMCBC, the implementation, monitoring and reporting on the GESI action plan.

66. The PMU is being supported by three institutional consultants under the supervision and control of project director, PMU: (i) the PMCBC is supporting the PMU; (ii) 2 CMSC are supporting the two zonal PIUs and town-level PIUs; and (iii) community awareness and public participation (CAPP) Consultants, will support the zonal PIUs and town-level PIUs.

67. **Zonal Project implementation units.** There are 2 zonal level PIUs at Jaipur and Jodhpur. Under each zonal PIU, there are city/town level PIUs, for ease of day-to-day monitoring and management at local level. The Additional Chief Engineer at each Zonal PIU is serving as the Nodal Officer, Safeguards and Gender. Each Zonal PIU have a staffed with an assistant safeguards officer (ASO Environmental and Social Safeguards) who assisting PMU project officer (environment/social) in implementation of the environmental/social safeguards and GESI Action Plan in PIUs under its jurisdiction. Zonal PIUs undertaking internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended.

68. The zonal level ASO is oversee safeguards implementation by the city/town level PIUs, coordinate public consultations, information disclosure, regulatory clearances and approvals, implementation of resettlement plans, RPPs, EMP implementation, and grievance redressal.

69. The Zonal PIUs will oversee and support social safeguards and gender equality and social inclusion action plan implementation by the PIUs at town/city level, through the following key tasks:

- (i) fill up involuntary resettlement and indigenous people impact checklist and classify the project;
- (ii) supervise CMSC to coordinate with PIUs and safeguards field staff for conduct census and socio-economic surveys, detailed measurement surveys, and verification surveys of affected persons, conduct consultations with affected persons, finalize the list of affected persons, prepare and/or update the resettlement plan, RIPP and DDR, with the assistance of CMSC and submit to PMU for review and approval and submission to ADB;
- (iii) supervise PIUs to inform affected persons about (a) the project cut-off date; (b) public notice for the schedule of land acquisition and/or occupation; (c) entitlement matrix; and (d) compensation packages against different categories of loss and a tentative schedule of land clearing and/or acquisition for the start of civil works activities;
- (iv) coordinate valuation of assets, such as land and trees of various species. Finalize compensation packages based on proper due diligence and assessment;
- (v) facilitate land acquisition and compensation processes in consultation with the district administration; coordinate, supervise, and monitor the disbursement of compensation;
- (vi) Support PIUs to obtain no objection certificates, land documents, and third-party certifications as required for the subproject, in coordination with PIUs;
- (vii) support PMU to include resettlement plans, RIPPs and DDRs in bidding documents and civil works contracts;
- (viii) guide PIUs to oversee implementation of avoidance and mitigation measures in the resettlement plans, RIPPs and DDRs by contractors, including compliance with all government rules and regulations; take necessary action for obtaining ROW;
- (ix) guide and monitor PIUs to oversee resettlement plans, RIPPs and DDR, and gender equality and social inclusion action plan implementation and maintenance of data for monitoring by contractors;
- (x) ensure listing of town wise BPL households;
- (xi) assist in conducting needs assessment to list skills relevant to the sector;
- (xii) assist to identify participants for livelihood and skilling training for women and members of other vulnerable groups;
- (xiii) ensure that the project maintains sex disaggregated data on staff, consultants, construction workforce participation, labor and project related trainings;
- (xiv) ensure that gender focal points are nominated in town level PIUs;
- (xv) ensure and monitor the provision in the contract to include the indigenous people to benefit from the facilities constructed under the project;
- (xvi) to ensure that corrective actions are taken when necessary to ensure compliance with SPS and loan covenants;
- (xvii) submit monthly social monitoring reports to PIUs and PMU;
- (xviii) guide PIUs to conduct continuous public consultation and awareness;
- (xix) address any grievances brought about through the grievance redress mechanism promptly;
- (xx) organize an induction course for the training of contractors, preparing them on resettlement plans, RIPPs, DDR, and GESI action plan implementation, social safeguard, and gender monitoring requirements related to mitigation measures, grievance redress mechanism and on taking immediate action to remedy

- unexpected adverse impacts or ineffective mitigation measures found during implementation;
- (xxi) liaise with the district administration, and line departments for dovetailing government's schemes for income generation and development programs for affected people, as and when required; and
- (xxii) assist in the implementation, monitoring, and reporting progress of gender equality and social inclusion action plan.

70. **Town/City Level Project Implementation Unit.** The town-level PIUs will be responsible for the quality of works executed under the project and being guided by the zonal PIUs. The city/town PIUs will be responsible for implementation of the IEE/resettlement plan/ RIPP/GESI action plan. The town-level PIUs will be headed by a project manager (executive engineer or assistant engineer) and will be supported by CMSC field staff. Environment specialist of CMSC will be assisting PIU in implementation of environmental safeguard. Social and gender specialist of CMSC will be assisting PIU in implementation of social safeguard and GESI related tasks. At each PIU, the assistant project manager will have an additional responsibilities of safeguard tasks and designated as SSO. The SSO will be assisted by the social and gender specialist and environment Specialist of CMSC in reviewing updated/revised IEEs, conducting surveys for updating of resettlement plan/due diligence report, public consultation and disclosure, assessment of entitlement and computation of compensation other than those covered under the RFCTLARRA, 2013, etc. The SSO, with the support of CMSC Social safeguards and Gender Specialist and CMSC field support staff, assisting Zonal ASO and PMU project officer (social) in implementation of the following key tasks. They are responsible for coordination of field level activities related to safeguards conducted by the DBO contractor and CMSC. Key role and tasks of town/city level PIU will be:

- (i) Provide field data to fill up IR/IP impact checklist and classify the project;
- (ii) Conduct census and socio-economic surveys, detailed measurement surveys, and verification surveys of affected persons, conduct consultations with affected persons, prepare list of affected persons, provide all data required to prepare/update resettlement plans/DDR/RIPPs with the assistance of CMSC field support, and ensure updated information is submitted to zonal PIU for preparation/updating of documents with CMSC and DBO contractor's support;
- (iii) Inform affected persons about tentative schedule of land acquisition/occupation, entitlement matrix and compensation packages against different categories of loss, and cut-off date;
- (iv) Coordinate valuation of assets, such as land, trees of various species, etc. Based on proper due diligence and assessment, prepare compensation packages;
- (v) Coordinate, supervise and monitor disbursement of compensation;
- (vi) Obtain no objection certificates (NOCs), land documents, third party certifications as required for the subproject;
- (vii) Support Zonal PIUs to prepare/update RPs/RIPPs /DDRs;
- (viii) Oversee day-to-day implementation of impact avoidance and mitigation measures in resettlement plans/DDR/RIPPs and EMP by contractors, including compliance with all government rules and regulations particularly health and safety, take necessary action for obtaining ROW;
- (ix) Oversee maintenance of data for monitoring, by consultants and contractors;
- (x) Implement corrective actions when necessary to ensure no adverse social impacts;
- (xi) Submit monthly social monitoring reports to zonal PIU;
- (xii) Conduct continuous public consultation and awareness;

- (xiii) Set up GRM at field/site/PIU level and ensure it is fully functional. Address any grievances brought about through the grievance redress mechanism in a timely manner;
- (xiv) Ensure that induction course for the training of contractors is conducted regularly. Prepare contractors (with consultants' support) on resettlement plans/DDR/RIPP/ GESI action plan implementation, social safeguard and gender monitoring requirements related to mitigation measures, health and safety and on taking immediate action to remedy unexpected adverse impacts or ineffective mitigation measures found during the course of implementation;
- (xv) Liaise with the District Administration and line departments for dovetailing Government's schemes for income generation and development programs for affected persons, as and when required;
- (xvi) Supervise the work of all consultants at town level (CMSC, CAPPC).
- (xvii) Undertake day-to-day implementation of final resettlement plans and GESI action plan;
- (xviii) Provide field level information required to prepare periodic safeguard monitoring reports in a format acceptable to ADB and quarterly GESI action plan updates in the format provided in PAM;
- (xix) Ensure relevant data on implementation of GESI action plan is collected and a gender-sensitive communication strategy and information, education and communication (IEC) materials are designed, illustrating key social and behavioural messages related to hygiene, sanitation, and health jointly with the communication specialist and in accordance with the GESI action plan; and
- (xx) Extend support in carrying out awareness campaigns in project towns.

71. **Design-build-operate Contractor.** The contractor will be responsible to providing final design (including pipe alignments) to the supervision consultant for finalization/updating of resettlement plan. The contractor will be appointed an environment, health and safety (EHS) engineer who is responsible on a day-to-day basis for (i) ensuring implementation of EMP, (ii) coordinating with the town-level PIUs and environment specialists of project consultant teams; (iii) community liaison,⁵⁵ consultations with interested/affected people, (iv) field-level grievance redress; and (v) reporting.

72. After approval of resettlement plan (RP) and IEE, a copy of the EMP or approved Specific Environmental Management Plan (SEMP) will be kept on-site during the construction period at all times. Non-compliance with, or any deviation from, the conditions set out in the EMP or SEMP constitutes a failure in compliance and will require corrective actions. The EARF and the IEEs specify responsibilities in EMP implementation during design, construction and operation and maintenance (O&M) phases.

73. The DBO Contractor will have a dedicated social outreach team (SOT) and designated social supervisor, who hold a Master's degree in social science and would have at least 5 years of experience in resettlement planning and implementation and engage with the PIU, CAPPC and CMSC on social safeguards, health and safety, and core labor standards. The key role of the Contractor's Social Supervisor related to social safeguards will be to:

⁵⁵ Reasonable size social outreach team (SOT) will be appointed by contractor to facilitate community liaison, consultations and R&R implementation (including resolution of grievances). Requirement of SOT will be included in bid document.

- (i) Work in close coordination with the PIU, CMSC and PMCBC engineers and social safeguards personnel to finalize detailed design keeping the safeguard principles adopted for the project in view;
- (ii) Ensure that all design-related measures (e.g., special considerations for the vulnerable related to facility locations or design, mitigation measures for affected persons etc.), are integrated into project designs before approval;
- (iii) Conduct joint walk-throughs with PIU, design engineers and social safeguards personnel of CMSC in sites/sections ready for implementation; identify the need for detailed measurement surveys, and support CMSC to jointly conduct detailed measurement surveys and census surveys to arrive at the final inventory of loss;
- (iv) Support project consultants in updating the draft resettlement plan/due diligence report/RIPP for submission to PIU/PMU and ADB for review and approval;
- (v) Ensure strict adherence to agreed impact avoidance and mitigation measures in the resettlement plan/DDR/RIPP during implementation;
- (vi) Assist with grievance redressal and ensure recording, reporting and follow-up for resolution of all grievances received; and
- (vii) Submit monthly progress reports including safeguards, health and safety and gender-disaggregated data as required for monitoring

74. **Civil works contracts:** The resettlement plans /IPPs are to be included in bidding and contract documents and verified by the PIUs and PMU. All contractors will be required to designate an Environment, Health and Safety (EHS) supervisor to ensure implementation of EMP/resettlement plan social safeguard provisions in the agreed resettlement framework for the Project during civil works and O&M, who will also have the responsibility for communication with the public under the guidance of PMU/PIUs and grievance registration. Contractors are to carry out all mitigation and monitoring measures outlined in their contract.

75. The PMU and PIUs will ensure that bidding and contract documents include specific provisions requiring contractors to comply with: (i) all applicable labor laws and core labor standards on (a) prohibition of child labor as defined in national legislation for construction and maintenance activities; (b) equal pay for equal work of equal value regardless of gender, ethnicity, or caste; and (c) elimination of forced labor; and with (ii) the requirement to disseminate information on sexually transmitted diseases, including HIV/AIDS, to employees and local communities surrounding the project sites.

Figure 18: Safeguard Organogram – RSTDSP

*Zonal PIU will be led by a nodal officer of the rank of assistant chief engineer who will also be the nodal person for safeguards and gender compliances in project implementation by town level PIUs. S/he will be supported by ASO in execution of these responsibilities.

76. Further details on agencies responsible for social safeguard implementation during different project phases are given in Table 13 below.

Table 13: Institutional Roles and Responsibilities

Responsible Agency	Responsibility		
	Pre-Construction Stage	Construction Stage	Post-Construction
PMU Project Officer; (Social),	(i) Review IR/IP impact categorization checklists, and assign categorization based on SPS 2009 (ii) Review and approve RPs/RIPPs/DDR and submit to ADB for approval and disclosure in ADB website (iv) Ensure approved RPs/RIPPs/DDR are disclosed in RSTDSP/PMU websites and summary posted in public areas accessible and understandable by local people. (v) Ensure social safeguard documents are included in bid documents and contracts	(i) Over-all social safeguards compliance of the project (ii) Monitor and ensure compliance of RPs/RIPPs as well as any other provisions and conditions. (iii) Review monthly monitoring report. (iv) Prepare and submit to ADB semi-annual monitoring reports. (v) If necessary, prepare Corrective Action Plan and ensure implementation of corrective actions to ensure no impacts are mitigated; (vi) Organize capacity	(i) Compliance monitoring to review the social safeguard performance of project component, if required and as specified in RPs/RIPPs. (ii) Coordinate for external monitoring reports if necessary.

Responsible Agency	Responsibility		
	Pre-Construction Stage	Construction Stage	Post-Construction
	(vi) Organize an orientation workshop for PMU, PIU, ULB and all staff involved in project implementation on ADB SPS, relevant national and/or state laws, RP/IPP preparation implementation and monitoring, timely payment of compensation before start of civil work, mitigation measures, public relations and ongoing and meaningful consultations, grievance redress, etc. (vii) Assist in timely redressal of grievances (viii) Organize an induction course for the training of contractors on social safeguards. (ix) Ensure compliance with ADB SPS and all government rules and regulations regarding impacts to IP (scheduled tribe) community. (x) Assist PMU, PIUs to document and develop good practices case studies as per the RP implementation process and schedule. (xi) Monitor the grievance redress process and ensure grievances redress within prescribed timeframe.	building programs on social safeguards (vii) Coordinate with national and state level government agencies (viii) Assist in addressing any grievances brought about through the Grievance Redress Mechanism in a timely manner as per the GRM (ix) Coordinate PIUs, consultants and contractors on mitigation measures involving the community and affected persons and ensure that social concerns and suggestions are incorporated and implemented.	
Zonal PIU, Assistant Safeguard Officer	(i) Coordinate updating/preparation of RPs/RIPPs/DDR's with CMSC's support and ensure the documents are included in bid documents and contract agreements. (ii) Disclose approved RPs/RIPPs/DDRs. (iii) Obtain all necessary agreements, sale deeds, transfers of title, consents/ NOCs, third party certification etc. as applicable. Ensure compliance to the provisions and conditions in such documents. (iv) Guide town/city level PIUs in RP/RIPP	(i) guide PIUs to oversee implementation of avoidance and mitigation measures in by contractors. (ii) Take necessary action for obtaining rights of way. (iii) Oversee implementation of RPs/RIPPs. (iv) Take corrective actions when necessary. (v) Ensure monthly reports contain relevant sections on social safeguards implementation.	(i) Conducting social monitoring, as specified in the RPs/RIPPs.

Responsible Agency	Responsibility		
	Pre-Construction Stage	Construction Stage	Post-Construction
	implementation including payment of compensation prior to civil work, encumbrance free sites for construction work, dissemination of information/notice prior to start of construction etc. (v) Organize an induction course for the training of contractors, preparing them on site situations and local sensitivities, scheduling of work as per local community's requirements, if any, monitoring requirements and taking immediate actions to mitigate unanticipated impacts. (vi) Consolidate monthly social and GESI monitoring reports by town-level PIUs and submit to PMU; (vii) Continued consultation activities with stakeholders.	Consolidate and submit monthly social monitoring reports to PMU, (vi) Conduct public consultation and awareness raising during the entire project cycle. (vii) (vii) Formulate time bound corrective actions for non-compliances (viii) Address any grievances brought about through the grievance redress mechanism in a timely manner as per the GRM.	
Town/City Level PIU Safeguard and Safety Officer	(i) Provide necessary data for IR/IP categorization. (ii) Conduct sample socio-economic surveys, data analysis during RP/RIPP preparation and detailed measurement surveys for RP/RIPP preparation and updating; submit updated information to zonal PIUs for updating of RPs/DDR/RIPPs with CMSC's support. (iii) Liaise with affected persons and district administration regarding land acquisition, payment of compensation. (iv) Coordination with departments/individuals regarding consent/NOCs/land records/agreements/transfers and third-party certification.	(i) Oversee day-to-day implementation of impact avoidance and mitigation measures proposed RPs/RIPPs/DDRs including compliance with all government rules and regulations. (ii) Take corrective actions when necessary to ensure no adverse social impacts. (iii) Submit monthly monitoring reports with social safeguards compliance to PMU. (iv) Conduct public consultation and awareness activities throughout the project cycle. (v) Address any grievances brought about through the grievance redress mechanism in a timely manner	(i) Ensure coordination with the stakeholders including APs/IP to ensure project benefits as envisaged. (ii) Prepare case studies/ good practices for the project.

Responsible Agency	Responsibility		
	Pre-Construction Stage	Construction Stage	Post-Construction
Consultants – PMCBC-Social Safeguard Specialist – 1	(i) Assist PMU to review IR/IP checklists and categorization; (ii) Assist PMU to review and ensure RPs/RIPPs are prepared/updated based on detailed design as per agreed RF/IPPF and submit to PMU for approval (iii) Assist PMU/PIUs in coordination with different departments, obtaining all necessary inter-departmental transfers, permits, consents, NOCs, etc. Ensure provisions and conditions are incorporated in the RPs/RIPPs/IPPs and detailed design documents. (iii) Assist in ensuring RPs/RIPPs are included in bid documents and contract agreements. Assist in determining adequacy of cost for RPs/RIPPs implementation. (iv) Assist in addressing any grievance. (v) Assist PMU in setting up monitoring systems for social safeguards and GESI. (vi) Assist PMU in the design and conduct training and capacity building programs and workshops. (vii) Assist PMU to guide all project entities (zonal PIUs, PIUs, CMSCs) in social safeguards and GESI implementation, monitoring and reporting.	(i) Assist PMU to monitor RP/RIPP implementation as per the approved document. (ii) Recommend corrective action measures for non-compliance by contractors, if any. (iii) Assist in the review of monitoring reports submitted by contractors. (iv) Assist in the compilation / preparation of semi-annual social monitoring reports. (v) Assist in the preparation of quarterly progress reports, including reporting on social safeguards and GESI implementation. (vi) Assist PMU to supervise and conduct public consultation and awareness activities throughout the project cycle. (vi) Assist in addressing any grievances brought about through the Grievance Redress Mechanism in a timely manner.	(i) Assist PMU in monitoring of socioeconomic status of affected persons, post RP/RIPP implementation.
2.CMSC-2 Social Safeguards Professional and field support staff	(i) Assist zonal PIUs and town/city level PIUs to prepare/update RPs based on detailed design and detailed measurement surveys; (ii) Guide CMSC field staff and contractor's social supervisor to conduct joint surveys and collect all information and conduct site-specific consultations required for	(i) Support zonal PIUs to ensure (through field staff) that PIUs and contractors implement impact avoidance and mitigation measures; (ii) Assist town level PIUs (though field staff) to ensure RPs/RIPPs are implemented and all compensation paid	(i) Supervise contractors to ensure any land required temporarily during construction, is restored to original condition, post construction. (ii) Assist zonal PIUs in

Responsible Agency	Responsibility		
	Pre-Construction Stage	Construction Stage	Post-Construction
	preparing/updating RPs/DDR/RIPPs and for preparing IR/IP checklists (iii) Guide CMSC field staff in supporting PIUs to announce cut-off dates, and disclose RPs/RIPPs to affected persons and implement RPs/RIPPs (iv) Support zonal and town-level PIUs in RP/RIPP and GESI implementation, monitoring and reporting, and grievance resolution and reporting.	prior to start of civil works (iii) Assist in monitoring and reporting, preparation of quarterly and semi-annual reports. (iv) Assist in grievance resolution and reporting.	monitoring of socioeconomic status of APs, post RP implementation.
Contractors (Officer)	(i) Review the RPs/RIPPs/IPPs and provide information about changes needed as per revised design and scope of works to PIU/CMSC/PMCBC for final revision of documents. (ii) Identify the need for detailed measurement surveys and conduct detailed measurement surveys to arrive at the final inventory of loss (iii) Support project consultants in updating the draft resettlement plan / due diligence report for submission to PIU/PMU and ADB for review and approval. (iv) Assist with grievance redressal and ensure recording, reporting and follow-up for resolution of all grievances received. (v) Assist PIU in disclosing relevant information on social safeguards. (vi) Ensure strict adherence to ADB and government policy on social safeguards.	(i) Ensure compensation is paid prior to start of work. Implement EMP. (ii) Implement corrective actions if necessary. (iii) Prepare and submit monitoring reports including pictures to PIU (iv) Brief staff, employees, and labor about the requirements of the good engineering practices to avoid / mitigate any impacts. (v) Bear the costs of any damages/compensation resulting from non-adherence to the provisions RPs/RIPPs or written site instructions; (viii) Ensure that PIUs are timely informed of any foreseeable activities related to RP/RIPP implementation.	(i) Ensure benefits are availed by citizens as envisaged. (ii) Request certification from PIU

ADB = Asian Development Bank, CMSC= Construction Management and Supervision Consultant, CAPPC = community awareness and participation consultant, FGD = focus group discussion, PIU =project implementation unit, IPP= Indigenous people plan, PMCBC = project management and capacity building consultant, PMU =project management unit, RP= resettlement plan, ULB= urban local body.

C. Institutional Capacity and Development

77. RUSIDCO-EAP has experienced project staff for social safeguards, with knowledge and experience of ADB social safeguard policies and their implementation. However, retirement of existing staff during project implementation, transfer of candidates or recruitment/designation of new candidates as safeguards officers at zonal or town level will require training of the new staff and officers who will be involved in project preparation and implementation of this project. The PMCBC Social Safeguard Specialist will be responsible for training the PMU's safeguards officers (environmental and social), and PIUs' engineers and social safeguards officers. The resettlement framework includes indicative training modules on safeguards. The PMCBC will coordinate with PMU and PIUs on specific capacity development program.

- (i) sensitization on ADB's Policies and guidelines on social and indigenous people safeguards (ADB's Safeguard Requirement 2 and 3: Involuntary Resettlement and Indigenous Peoples) including meaningful consultation, GRM and accountability mechanism;
- (ii) introduction to the assessment of involuntary resettlement and indigenous peoples impacts and mitigation measures, including best practices, in the design, construction, operation and maintenance of water supply, sewerage, roads, and drainage subprojects;
- (iii) preparation and review of RPs/RIPPs/DDRs based on preliminary design, and updating of the documents based on the final design;
- (iv) improved coordination within nodal departments;
- (v) disbursement of compensation, consultation; and
- (vi) monitoring and reporting requirements.

78. **Error! Reference source not found.**4 provides the indicative training needs assessment. The cost of trainings will be borne under the Project's capacity building program by PMU. The detailed cost and specific modules will be customized for the available skill set after assessing the capabilities of the target participants and the requirements of the project by the SSS of PMCBC.

Table 14: Indicative Training Needs Assessment

Description	Target Participants and Venue	Source of Funds
1. Introduction and Sensitization to Social/Resettlement Issues (1 day) - ADB Safeguards Policy Statement - Government of India and Rajasthan applicable social safeguard acts - Incorporation of social/resettlement components under EMP into the project design and contracts - Monitoring, reporting and corrective action planning	All staff and consultants involved in the project At PMU, Jaipur	PMU cost
2. resettlement plan implementation (2 days; 2 times during implementation with interval of one year in-between) - Roles and responsibilities - resettlement plan components and stages in implementation - Construction schedules and timelines - Public relations - Consultations	All staff and consultants involved in the subproject All contractors prior to award of contract At each PIU	PMU cost

Description	Target Participants and Venue	Source of Funds
- Grievance redress - Monitoring and corrective action planning - Reporting and disclosure - Timely documentation		
3. Experiences and best practices sharing (1 day) - Experiences on resettlement plan implementation - Issues and challenges - Best practices followed	All staff and consultants involved in the project All contractors At PMU Jaipur	PMU Cost

ADB = Asian Development Bank, EMP = environmental management plan, PIU = project implementation unit, PMU = project management unit.

D. Implementation Schedule

79. The project will be implemented over a period of 3 years. The resettlement plan implementation schedule will vary from subproject to subproject. In general, the project implementation will consist of the three major phases, namely project preparation, land acquisition (if required), and rehabilitation of affected persons. The implementation of the resettlement plan will include: (i) identification of cut-off date and notification, (ii) verification of losses and extent of impacts, (iii) finalization of entitlements and distribution of identity cards, (iv) consultations with affected persons on their needs and priorities, and (v) resettlement, provision of compensation and assistance, and restoration for Affected persons. The PMU and zonal PIU will ensure that no economic displacement of affected persons will occur until: (i) compensation at full replacement cost has been paid to each displaced person for project components or sections that are ready to be constructed; (ii) other entitlements listed in the resettlement plan are provided to the affected persons. However, public consultation and monitoring will be continued on an intermittent basis as needed during the entire duration of the project. The implementation schedule for the subproject is given in Table 15.

Table 15: Implementation Schedule

Activity	Year 1				Year 2				Year 3			
	Q-1	Q-2	Q-3	Q-4	Q-1	Q-2	Q-3	Q-4	Q-1	Q-2	Q-3	Q-4
i. Establishment of PMU and PIU	☐											
ii. Appointment of PMCBC	☐											
iii. Appointment of CMSC and CAPPC	☐											
iv. GRC Formation	☐											
v. Briefing of the CLC/CLMC on GRC functions	☐	☐										
vi. Census and socio-economic surveys (issuance of ID cards)	☐	☐										
vii. Consultations and disclosure	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐	☐

xviii. Start of civil works		☐										

ADB = Asian Development Bank, CAPPC= community awareness and public participation consultant, CLC/CLMC= city level committee/city level monitoring committee, CMSC= construction and supervision consultant, GRC = grievance redress committee, PIU = project implementation unit, PMCBC = project management and capacity building consultant, PMU = project management unit,

Notes: (i) The start date of census survey will be the cut-off date for non-titled affected persons. For titled affected persons, the cut-off date is the date Declaration. (ii) The resettlement plan will be updated based on final detailed design and affected person census and surveys. (iii) Endorsement and disclosure of finalized resettlement plans consistent with the resettlement framework to be undertaken.

X. MONITORING AND REPORTING

80. Resettlement plan implementation will be closely monitored to provide the PMU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. Internal monitoring will be undertaken by the PIU (through the SSS) with assistance from the PMU SPO. The socio-economic status of the affected persons will be monitored to ensure that their living standards are restored to pre project level or improved. Monthly progress reports will be prepared and submitted to the PMU. PMU will consolidate the same and will submit semi-annual monitoring reports to the ADB for approval (refer sample monitoring template in **Appendix 16**. Monitoring reports will be disclosed on PMU and ADB websites.

XI. NEXT STEPS

81. Following points/issues were identified that will be updated and reported to ADB through social monitoring report.

- (i) Permission of PHED will be obtained for dismantling of old abandoned structures within their premises for construction of WTP and allied works before start of works.
- (ii) After finalization of exact alignment, joint re-confirmatory survey will be conducted by the officials of PIU, CMSC and contractor to finalize the list of affected persons likely to be impacted due to civil works. In sections where impacts would be avoided, the vendors/hawkers present in that particular section will not be eligible for compensation. Impact avoidance measures, if any, will be documented in the monitoring report/s. Those who will be impacted will be paid assistance as per agreed entitlement matrix. Consultations with affected persons and those who benefited from avoided/mitigated impacts will be conducted and documented (including photographs of avoided impacts and details of all progress including access provision during construction and road restoration) in the semi-annual social monitoring report. All progress on resettlement plan implementation will be reported to ADB through semi-annual social monitoring report/s.
- (iii) If any changes will be encountered during finalization of components by DBO contractor, due diligence will be conducted and will be reported to ADB.
- (iv) Mitigation measures as proposed in this resettlement plan will be taken by the contractor and robust monitoring plan will put in place by the PIU and PMU to ensure its compliance. All safety measures will be taken during civil work.
- (v) Meaningful consultation will be carried out throughout the project cycle and same will be reported to ADB through semi-annual social monitoring report.

Appendix 1: Details of land availability, ownership and status of No Objection Certificate (NOC) for sites

Project Component	Location	Ownership	Area of government land available at the location (m ²)	Area required (m ²)	Khasra No.	Khat a No.	Remarks	Remarks	Photo of Land
Construction of Intake well	Gambhir Dam	Water Resource Department	Permission has been obtained from Water Resource Department, attached in Appendix 2 .						
Construction of water treatment plant (WTP)- 5.74 kL/d and CWR of 1600 kL	PHED Campus, village Arniyajoshi, Near Gambhiri Dam, Nimbahera	PHED	214200	5500	775	218		Land record of proposed site is attached in Appendix 4. NOC has been obtained from PHED, refer to Appendix 7	
Construction of clear water reservoir (CWR) of 1000 kL, CRMC and MCC	Ishakpurr, Near Government College, Nimbahera	State government	13300	500	451	1		Land has been allotted by District Collector, Refer Appendix 5 and land record is attached in Appendix 6.	

Project Component	Location	Ownership	Area of government land available at the location (m ²)	Area required (m ²)	Khasra No.	Khat a No.	Remarks	Remarks	Photo of Land
CRMC	AEn Campus, PHED, Nimbahera	PHED	PHED Land				Vacant land within the premises of AEn campus, Nimbahera	NOC has been obtained from PHED, refer to Appendix 7	
Construction of Tube wells	PHED Campus, Arniyajoshi, Near Gambhiri Dam, Nimbahera	PHED						Land record of proposed site is attached in Appendix 4 Note: Tube wells will be constructed in the same land (PHED campus) where WTP and CWR is proposed

Sub: - Reservation of 75.00 Mct water against the demand 250 Mct from Gambhiri Dam Nimbahera Town for Drinking purpose.

Ref: - Principal Secretary, PHED, Rajasthan Government U.O. Note No. F4/5PHED/ACU(U)/EE(MON)/Res of water/2017-18/ 38528 dated 10.10.17

Sir,

In connection to the above context, it is intimated that 75.00 Mct of water is allocated/reserved for drinking purpose for PHED from Gambhiri Dam.

The above allocation is subject to following conditions:-

- (i) Lifting and conveyance system will be arranged by PHED at its own cost.
- (ii) Water charges as per rates notified by Government from time to time, will be paid by PHED.

This bears the approval of the Government vide no. 1219/M//WR/17 dated 25.10.2017.

कार्यालय जिला कलेक्टर, चित्तौड़गढ़

क्रमांक/राजस्व/12-3(17)21/1155 दिनांक: 19/07/2021

आदेश

अधिराशी अधिकारी, नगरपालिका, निम्बाहेड़ा के द्वारा क्लियर वाटर रिजर्व टैंक भाग 1020 के.एल. के निर्माण के लिये ग्राम निम्बाहेड़ा की आस. 451 में से भूमि आवंटन का निवेदन किया जाने पर उपखण्ड अधिकारी, निम्बाहेड़ा से प्रस्ताव प्राप्त किया गया। उपखण्ड अधिकारी, निम्बाहेड़ा ने क्लियर वाटर रिजर्व टैंक क्षमता 1020 के.एल. के निर्माण हेतु राजस्व ग्राम ईसाकपुरा की आसानी संख्या 451 रकबा 1.33 हेक्टेयर में से 65 गुणा 35 वर्गमीटर (2210 वर्गमीटर) भूमि नगर पालिका को देकर जाने का प्रस्ताव मानक प्रारूप में तैयार कर अधिराशी के साथ इस कार्यालय को प्रेषित किया। प्रसिद्धि में अंकित किया है कि भूमि गैर मुम्किन आबादी राज्य सरकार के खाता संख्या 1 में दर्ज है। भूके पर उक्त आसानी में आबादी बनी होकर निम्बाहेड़ा चित्तौड़गढ़ बाईपास सड़क ईसाकपुरा से पश्चिम की तरफ शहरी गौरव पथ पर प्रारम्भ में व्यवसायिक दुकानों के पीछे 65 गुणा 35 वर्गमीटर (2210 वर्गमीटर) भूमि खाली प्लॉट है जिस पर पक्की दीवार बनी हुई है तथा उत्तर एवं पूर्व दिशा की तरफ टूटी-फूटी दीवार बनी हुई है। दक्षिण दिशा में सुनिश्चित पक्की दीवार बनी हुई है। उक्त 65 गुणा 35 वर्गमीटर रिजर्व होकर थिन्डर प्लॉट के अलावा अन्य हिस्से पर आवासीय मकान बने हुए हैं। उक्त भूमि पूर्व से ही गैर मुम्किन आबादी दर्ज जोकर थिन्डर प्लॉट 68 गुणा 35 वर्गमीटर के क्लियर वाटर रिजर्व टैंक हेतु दिये जाने की अनुमति की है।

राज्य सरकार की अधिसूचना दिनांक 08.12.2010 के अनुसार नगरपालिका, नगरपालिका, नगर, शिवालय न्यास को आबादी प्रयोजनार्थ भूमि आवंटन/आरक्षण की स्थिति में आवंटित भूमि का लगान की 40 गुणा राशि पूंजीगत मूल्य के रूप में एवं आवंटित भूमि के विकास, नियंत्रण, आरक्षण प्राप्त राशि की दो प्रतिशत राशि नगर परिषद से वसूल किये जाने तथा लगान की 40 गुणा राशि राजकोष में संदत्त होने के पश्चात राजस्व रिकार्ड में आवंटित/आरक्षित भूमि नगर परिषद के नाम अंकन किये जाने का प्रावधान किया गया है।

अतः अधिराशी अधिकारी, नगर पालिका, निम्बाहेड़ा की मांग एवं उपखण्ड अधिकारी, निम्बाहेड़ा की अधिराशी अनुसार राजस्व ग्राम ईसाकपुरा की आस. 451 रकबा 1.33 हेक्टेयर में से 65 गुणा 35 वर्गमीटर (2210 वर्गमीटर) भूमि को राजस्व (मुप-6) विभाग, जयपुर की अधिसूचना दिनांक 08.12.2010 के प्रावधानानुसार नगर पालिका, निम्बाहेड़ा के पक्ष में क्लियर वाटर रिजर्व टैंक के निर्माण हेतु इस शर्त के साथ हस्तान्तरित की जाती है कि अधिसूचना दिनांक 08.12.2010 के प्रावधान अनुसार उक्त भूमि के लगान की 40 गुणा राशि पूंजीगत मूल्य के रूप में नगरपालिका में वसूल किये जावे। तहसीलदार, निम्बाहेड़ा नगरपालिका, निम्बाहेड़ा से आरक्षित भूमि के लगान की 40 गुणा राशि वसूल किये जाने के पश्चात उक्त आरक्षित भूमि का राजस्व रिकार्ड में नगरपालिका निम्बाहेड़ा के नाम क्लियर वाटर रिजर्व टैंक अंकित करते हुए तदनुसार नक्शों में आवश्यक तस्वीर दर्ज करें। आरक्षित भूमि का उपयोग आरक्षण प्रयोजन से भिन्न नहीं किया जावेगा।

**Appendix 8: Sustainability Report from PHED of Existing Ground Water Sources in
Nimbaheda**

**Office of Assistant Engineer PHED,
Sub Division Nimbahera**

No. 524

Date 27/10/21

To
Chief Engineer,
RUIDP, Jaipur.

Subject:- Status of existing tube well to be considered sustainable for water supply
of town Nimbahera from Gambhiri Dam.

At present water supply of town Nimbahera is done by ground water source and open well constructed downstream to Gambhiri Dam maintained by PHED. At present in all 68 tube wells for water supply exists in and around the town. Out of these 68 tube wells 28 no. of tube wells can be considered as sustainable source, as these tube wells are located in safe zone and are used throughout the year running since last 4-5 years and can be considered for sustainable source for water supply project.

Enclosed list of 68 tube wells with 28 tube wells mentioned.

Assistant Engineer,
PHED, Sub Div Nimbahera.

(Ashok Kumar Meena)
Assistant Engineer
PHED Sub Division, Nimbahera

Source: Inventory loss survey July 2023

Note: A sample inventory of loss survey was conducted in December 2021, during which 284 nos. affected persons were identified. Additionally, a detailed inventory loss survey was carried out in July 2023, during which 358 nos. affected persons were identified. In total, 642 nos. affected persons have been identified in Nimbahera town. The complete list of 642 APs was displayed again on the notice board of NP-Nimbahera on 25.07.2023 so that any affected person whosoever can add or delete their name by 31.07.2023.

GEN= general caste; OBC= other backward caste; SC= scheduled caste; FHH= female headed households

Vulnerable*= Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule castes and scheduled tribe households.

BPL= Government of Rajasthan has in recent times been using the indicators of National Food Security Act (NFSA, 2013) for estimation of poverty in the state. Under NFSA, the state has set the inclusion and exclusion criteria. Based on these, poor and deprived have been identified by village/urban local general body through participatory approach. So far, about 53% of the beneficiaries in the urban areas have been identified using this method. For urban areas, inclusion criteria includes BPL families already identified under 2003 urban BPL census, all state BPL families, Antyodaya and Annapurna beneficiaries, families not included in preceding category but are beneficiary under schemes (7 schemes are mentioned) such as chief minister senior citizen yojana, Indira Gandhi national old age pension scheme, Indira Gandhi widow pension schemes and other listed national/state social assistance schemes or if they are- surveyed families from slums, rag pickers, registered construction labour, rickshaw pullers, vendors and others (13 such groups are identified). Similarly, 7 exclusion parameters such as income tax

payee in the family, family member in government/semi government employment, assets such as four-wheeler (unless it constitutes source of livelihood), *pucca* (concrete) house of size greater than 1000/1500 ft² (as per type of urban area) etc are mentioned. Source: [HTTPS://NITI.GOV.IN/WRITEREADDATA/FILES/RAJASTHAN.PDF](https://niti.gov.in/writereaddata/files/rajasthan.pdf). During survey respondents were inquired about their official BPL status. This information is reflected in the document.

Appendix 11: Minimum Wage Rate in Rajasthan (August 2022)

राजस्थान सरकार श्रम विभाग

क्रमांक: एफ.8(5)(6)न्यू.म.अभि./श्रम /आई.आर./2000/पार्ट/17953

जयपुर, दिनांक: 28/6/22

अधिसूचना

चूंकि राज्य सरकार द्वारा न्यूनतम मजदूरी अधिनियम, 1948 (केन्द्रीय अधिनियम 11 वर्ष 1948) की धारा 3 की उप-धारा (1) के खण्ड (ख) की अपेक्षानुसार राजस्थान राजपत्र में निम्नांकित अनुसूचित नियोजनों में कर्मचारी के संबंध में न्यूनतम मजदूरी की दरों को पुनरीक्षण करने के प्रस्ताव अधिसूचना क्रमांक एफ 8 (5)(6)न्यू.म.अभि./श्रम/आई.आर./2000/पार्ट/2846 दिनांक 02.02.2022 द्वारा राजस्थान राजपत्र विशेषांक भाग-1 (ख) दिनांक 07.02.2022 में प्रकाशित किये गये थे।

चूंकि उक्त प्रस्तावों के संबंध में प्राप्त अभ्यावेदन पर राज्य सरकार द्वारा विचार-विमर्श कर लिया गया है।

अतः अब न्यूनतम मजदूरी अधिनियम, 1948 (केन्द्रीय अधिनियम 11 वर्ष 1948) की धारा 5 की उप-धारा (2)सपठित धारा (3) की उप-धारा (1) के खण्ड (क) तथा (ख) प्रदत्त शक्तियों का प्रयोग करते हुए राजस्थान सरकार की पूर्व अधिसूचना दिनांक 30.07.2021 जो राजस्थान राज-पत्र विशेषांक भाग-1 (ख) दिनांक 05.08.2021 में प्रकाशित हुई थी का अधिकमण करते हुए राज्य सरकार न्यूनतम वेतन सलाहकार मण्डल से परामर्श करने के पश्चात् राजस्थान राज्य में निम्नांकित अनुसूची "भाग-1 एवम "भाग-2" में सम्मिलित अनुसूचित नियोजनों में नियोजित कर्मचारी के संबंध में निम्नानुसार मजदूरी की न्यूनतम दरें दिनांक 01.07.2021 से पुनरीक्षित करती है:-

अनुसूची " भाग-1"

क्र.सं०	अनुसूचित नियोजनों के नाम
1	सोप स्टोन फैक्ट्रीज
2	कॉटन जिनिंग तथा प्रेसिंग फैक्ट्रीज
3	ऑटोमोबाईल वर्कशॉप
4	कॉटन-डाईंग, प्रिंटिंग तथा वाशिंग फैक्ट्रीज
5	स्माल स्केल इण्डस्ट्रीज
6	गोटा किनारी एवं लप्पा संस्थानों में नियोजन
7	वूलन स्पिनिंग एवं वीविंग फैक्ट्रीज
8	पावरलूम फैक्ट्रीज
9	प्रिंटिंग प्रेस
10	सिनेमा इण्डस्ट्रीज
11	तेल मिल (ऑयल मिल)
12	इंजीनियरिंग इण्डस्ट्रीज
13	वूल विलनिंग एवं प्रेसिंग फैक्ट्रीज

14	हैण्डलूम उद्योग
15	मैकेनिकल शक्ति के बगैर चलने वाले शुगरपान के नियोजन
16	दुकान एवं वाणिज्यिक संस्थान
17	कॉटन वेस्ट स्पिनिंग फैक्ट्रीज
18	किसी स्थानीय प्राधिकारी के अधीन नियोजन
19	सार्वजनिक मोटर परिवहन में नियोजन
20	अन्नक कर्मान्त में नियोजन (अन्नक खानों के अतिरिक्त)
21	किसी चावल मिल, आटा मिल या दाल मिल में नियोजन
22	सड़को के संनिर्माण या अनुरक्षण या निर्माण संकियाओं में नियोजन
23	सरकारी कार्यालयों में कंटीजेन्सी एण्ड वर्क्स (आकस्मिक जिसमें निगम तथा मण्डलों में नियुक्त श्रमिक/कामगार भी शामिल हैं)
24	विद्युत उत्पादन, वितरण तथा पूर्ति से संबंधित नियोजन
25	जन स्वास्थ्य अभियांत्रिकी विभाग में नियोजित श्रमिक/कामगार
26	सिंचाई विभाग में नियोजित श्रमिक/कामगार
27	सार्वजनिक निर्माण विभाग में नियोजित श्रमिक/कामगार
28	जट पट्टी उद्योग
29	होटल एवं रेस्टोरेन्ट
30	निजी शैक्षणिक संस्थानों में नियोजन
31	निजी चिकित्सालयों एवं नर्सिंग होम्स (जो सरकार या स्थानीय निकायों द्वारा संचालित न हों) में नियोजन।
32	केबल ऑपरेटिंग एवं संबंधित सेवा में नियोजन
33	सीमेन्ट प्रोसेसिंग प्रोडक्ट्स उद्योग में नियोजन
34	कोल्ड ड्रिक्स, सोडा एवं अलाइड प्रोडक्ट्स की मैन्यूफैक्चरिंग में नियोजन
35	कोल्ड स्टोरेज में नियोजन
36	कम्प्यूटर हार्डवेयर उद्योग एवं सेवाओं में नियोजन
37	फैक्ट्री अधिनियम में पंजीकृत सभी कारखाने जो अन्य किसी अनुसूचित नियोजन में सम्मिलित नहीं हों, में नियोजन
38	गैर सरकारी संगठन (एन.जी.ओ.) एचव संस्थाओं में नियोजन
39	खादी, हैण्डिक्राफ्ट्स एवं विलेज इण्डस्ट्रीज में नियोजन
40	एल.पी.जी. वितरण एवं संबंधित सेवाओं में नियोजन
41	मार्केटिंग एवं कन्जूमर्स को-ऑपरेटिव सोसायटीज में नियोजन
42	मैटल फाउण्ड्री एवं जनरल इंजीनियरिंग उद्योग में नियोजन
43	पैस्टीसाइड सहित केमिकल्स एवं फार्मास्यूटिकल्स उद्योग में नियोजन
44	पेट्रोल पम्प एवं संबंधित सेवाओं में नियोजन
45	एस.टी.डी., आई.एस.डी., पी.सी.ओ.एवं संबंधित सेवाओं में नियोजन
46	स्वीपर एवं सैनेटरी सेवा जो अन्य नियोजनों में सम्मिलित नहीं हैं
47	टैलरिंग कार्य तथा गारमेन्ट्स उद्योग में नियोजन

भोजन सुविधा दिये जाने पर क्रमशः रू0 100-100 घटाकर वेतन देय होगा। (अन्य कोई भी श्रेणी जिनका कोई भी नाम हो, परन्तु जो अकुशल कार्य करते हों)

टिप्पणियाँ:-

1. दैनिक मजदूरी पाने वाले किसी कर्मचारी को देय मजदूरी की न्यूनतम दरों की गणना जिस वर्ग का वह कर्मचारी है, उस वर्ग के लिये नियत मासिक मजदूरी की दर में 26 का भाग देकर की गई है।
2. इसमें किसी बात के अन्तर्विष्ट होते हुये भी यदि उपर्युक्त दरों के प्रभाव में आने की तारीख पर उक्त नियोजनों में से किसी कर्मचारी की मजदूरी उपरोक्त दरों से अधिक हो तो उसके द्वारा उक्त दिन को प्राप्त की गई वास्तविक मजदूरी उसके संबंध में नियत की गई मजदूरी की न्यूनतम दर होगी।
3. अनुसूची में निर्दिष्ट न्यूनतम मजदूरी की दरों में निर्वाह भत्ता, बुनियादी मूल्य और सुविधाओं के एवज में रोकड़ मूल्य, यदि कोई हो, सम्मिलित है।
4. उक्त नियोजनों में कार्यरत कर्मचारी के लिये नियत दरों में साप्ताहिक अवकाश का वेतन शामिल है।
5. निर्धारित सामान्य कार्य के घण्टों (8 घण्टें प्रतिदिन) से अधिक किसी कर्मचारी से कार्य करवाने पर अधिसमय (**overtime**) कार्य का भुगतान सामान्य मजदूरी दर की दुगुनी दर से किया जावेगा।
6. मजदूरी की न्यूनतम दरें ठेकेदारों द्वारा नियुक्त कर्मचारियों पर भी लागू होंगी।
7. 18 (अट्ठारह) वर्ष से कम आयु के व्यक्तियों और अक्षम व्यक्तियों के लिये मजदूरी की न्यूनतम दरें उसी श्रेणी (अकुशल, अर्द्धकुशल, कुशल एवं उच्च कुशल) के वयस्क व्यक्तियों के बराबर देय होगी।
8. श्रम ब्यूरो, शिमला से प्राप्त जयपुर, अलवर एवं भीलवाड़ा केन्द्रों के लिए औद्योगिक श्रमिकों के उपभोक्ता मूल्य सूचकांक (**Consumer Price Index**) दिनांक 01.07.2020 से 30.06.2021 तक अधिसूचना में सम्मिलित कर लिये गये हैं। इस अवधि में उपभोक्ता मूल्य सूचकांकों की वृद्धि 171 अंक है।
9. पार्ट टाइम (अंशकालीन) श्रमिक यदि 4 घण्टे से कम कार्य करता हो तो उसे निर्धारित न्यूनतम दर का 50 प्रतिशत तथा 4 घण्टे से अधिक कार्य करने पर पूर्ण निर्धारित वेतन मिलेगा।

- 10 उक्त मजदूरी की दरे दिनांक 01.07.2021 से लागू होगी तथा माननीय राजस्थान उच्च न्यायालय, जयपुर में विचाराधीन याचिका संख्या-8986/2021 में किसी भी प्रकार का निर्णय पारित होने के क्रम में आवश्यकतानुसार पृथक से समीक्षा/पुनरीक्षण की कार्यवाही की जावेगी।

राज्यपाल की आज्ञा से,

(पतंजलि भू)

City Level Committee Minutes of Meeting held on 06.08.2018

**कार्यालय अधीक्षण अभियन्ता,
परियोजना क्रियान्वयन ईकाई (RSTDSP),
आरयूआईडीपी, पीआईयू, बांसवाड़ा/प्रतापगढ़**

भा.मि.

Office of Municipal Council, Banswara
F-mail - RNSRUIDUPERAJASTHAN.GOV.IN
दिनांक - 25.06.2021

बैठक कार्यवाही विवरण

आरयूआईडीपी के चतुर्थ चरण के द्वितीय ट्रेच के अन्तर्गत निम्बाहेड़ा शहर की जलप्रदाय योजना पर विस्तृत चर्चा हेतु श्री उदयलाल जी आंजना माननीय मंत्री महोदय, सहकारिता एवं इंगानप विभाग के सानिध्य एवं श्रीमान् जिला कलेक्टर महोदय, चित्तौड़गढ़ की अध्यक्षता में दिनांक 25.06.2021 को सिटी लेवल कमेटी की बैठक आयोजित की गई। निम्बाहेड़ा शहर के आरयूआईडीपी, चतुर्थ चरण के अन्तर्गत सम्मिलित किया गया है। नगरपालिका, निम्बाहेड़ा द्वारा नियुक्त सलाहकार फर्म केडिक्टिव कम्प्यूटर्स, जयपुर के द्वारा निम्बाहेड़ा शहर की जलप्रदाय योजना की विस्तृत परियोजना रिपोर्ट बनवाई गई है। आरयूआईडीपी द्वारा इस विस्तृत परियोजना रिपोर्ट की समीक्षा की गई। सलाहकार फर्म द्वारा प्रजेन्टेशन के माध्यम से योजना के अन्तर्गत किए जाने वाले कार्यों की विस्तृत जानकारी दी गई। बैठक में उपस्थित जनप्रतिनिधियों एवं अधिकारियों की श्रुति परिशिष्ट 'अ' पर संलग्न है।

सलाहकार फर्म द्वारा प्रस्तावित जलप्रदाय योजना के अन्तर्गत शहरी क्षेत्र में पानी की छीजत (NRW-Non Revenue Water) को कम करने के साथ उचित दबाव के साथ 24 घंटे जल वितरण करने का प्रावधान रखा गया है। इस जल वितरण योजना के अन्तर्गत निम्नलिखित कार्य प्रस्तावित किये गये हैं:-

- इन्टेक वैल - गम्भीरी बांध (6 एम.एल.डी.)
- वाटर ट्रीटमेंट प्लांट 6 एम.एल.डी.
- ट्रांसमिशन मैन-डीआई के-9 (100 एमएम से 400 एमएम व्यास) की पाईप लाईन-30 किमी.
- सी.डब्ल्यू.आर. : 2 नं० (1400 + 1100 KL)
- डीस्ट्रीब्यूशन मैन-
 - एच.डी.पी.ई. (75 एमएम से 250 एमएम व्यास) पाईप लाईन-13 किमी
 - डीआई के-7 (100 एमएम से 350 एमएम व्यास) पाईप लाईन-143 किमी
- हाउस सर्विस कनेक्शन - 14500 कनेक्शन

उपरोक्त कार्यों की विस्तृत परियोजना रिपोर्ट की अनुमानित लागत राशि रुपये 116.85 करोड़ है (जिसमें लगभग 10.88 करोड़ रुपये की राशि 10 वर्ष संचालन एवं संधारण हेतु सम्मिलित है)। निर्माण कार्य पूर्ण होने के उपरांत संचालन व संधारण व्ययक द्वारा दिये गये दरों पर एवं पॉवर चार्ज का भुगतान वास्तविक व्यय की राशि के आधार पर जन स्वास्थ्य अभियांत्रिकी विभाग द्वारा वहन किया जाएगा।

बैठक में निम्न बिन्दुओं पर चर्चा एवं निर्णय लिया गया:-

1. बैठक में अवगत करवाया गया कि वर्तमान में आरक्षित जल 74 एमसीएफटी (5.74 एम.एल.डी.) का प्रावधान गम्भीरी बांध से किया जा रहा है। शेष पानी की मांग को गम्भीरी बांध के समीप खुले नलकूपों, छः नये नलकूपों और शहर में उपलब्ध 28 सस्टेनेबल (Sustainable) नलकूपों द्वारा पूर्ति की जायेगी।
2. निम्बाहेड़ा टाउन में सीवरेज कार्य RUDSICO द्वारा किया जा रहा है जिसमें सम्पूर्ण नगरपालिका क्षेत्र को सम्मिलित किया गया है।
3. माननीय मंत्री महोदय, सहकारिता एवं इंगानप विभाग ने जन भावनाओं के अनुरूप कार्य 21 मार्च 2023 तक पूर्ण करने हेतु निर्देशित किया।
4. जल प्रदाय योजना के कार्य हेतु सभी लाईन एजेन्सीयों के साथ आवश्यक पत्राचार कर सभी स्वीकृति निविदा के पूर्ण हो प्राप्त कर लें ताकि कार्य के दौरान कोई व्यवधान एवं अनावश्यक समय व्यतीत न हो।

सिटी लेवल कमेटी की बैठक में जल प्रदाय योजना पर विस्तृत विचार विमर्श कर अनुमोदन किया गया।

RUIDP राजस्थान माध्यम नगर विकास क्षेत्र परियोजना (RSTOSP), RUIDP चरण- IV

परियोजना का नाम - निम्बहेड़ा शहर में जलप्रदाय योजना के जुड़वाँकरण एवं पैघजल के निष्कास का कार्य
(Nimbahera Water Supply Work)

परियोजना के संक्षेप
आपके शहर में जल आपूर्ति और पैघजल को सुका दिया जा रहा है। इस परियोजना के अंतर्गत पूर्वक संभलन के लिए आम सड़क किनारे से जलपत्र की आवश्यकता है। इस योजना के संभलन से शहर में लोगों को पैघजल से सम्बंधित समस्याओं का निष्पन्न होगा और पूरे शहर को स्थिति का 30 दिनों में कार्य समाप्त में स्वच्छ पैघजल उपलब्ध होगा। इस अभियान से पूरे शहर को स्वच्छ प्रेमिल मिलेगा और पूरा शहर स्वच्छ-सुखी और स्वच्छ नगर बनेगा।

प्रारंभिक योजना
(अ) वर्तमान समस्याओं का पूर्ण समाधान करना तथा जहाँ से आवश्यक हो आवश्यक एवं विचारित योजना में अप्रतिष्ठा।
(ब) परियोजना के शहर विभाग में वृद्धि की जायेगी।

परियोजना मंडल एवं सुखर के प्रस्ताव
संरचनात्मक योजना
(अ) कभीरी टैंक का डिजिटल (5.74MLD) का निर्माण
(ब) जलपत्रा जल परिसर एवं विभाग कार्य लाईने को कार्य (लगभग 149.088 किमी, नयी पड़ोस सड़क जलपत्र एवं 27.070 किमी, अंतर्गत सड़क जलपत्र)
(ग) 02 क्लीयर पावर रिजल्वर (CWR) 1000 KL और 750 KL लक्ष्य जायेगा।
(घ) कुल 5.74 एम.एल.डी क्षमता का वाटर ट्रीटमेंट प्लांट (WTP) लगाया जायेगा।
ऊनी के उपयोग को निषेधित करने हेतु जंग बर्न बंद नीटिंग योजना।
(घ) 14400 घंटे सेवा कनेक्शन (House Service Connection)।

चरित्विक भी अनुमानित लागत - प्रति रुपये 104.94 करोड़

निर्माण कार्य के दौरान संभावित अस्थायी प्रभाव :-
जो लोग रोज से किनारे बड़ी-बड़ा फल-सब्जी, सब्जी मंडी, फेंकी अथवा दुकान लगाकर अपना व्यवसाय मन जीवनयापन करते हैं, कार्य के समय डिप्लोमेशन के लिए उन लोगों को अस्थायी के लिए अन्य स्थानांतरित की आवश्यकता पड़ेगी। यदि अस्थायी को किसी भी तरह की खाने पकाने की चीजें प्रभावित करने हुए एंडीव / कसबा सड़क के मनुष्यों के अनुसार स्थिति खानेपान का व्यवसाय किया जायेगा। इस कार्य हेतु सभी कार्य दिनांक 25/06/2023 से शुरू किया जा रहा है जिससे हम आपसे सहकार की अपेक्षा करते हैं।

हमारे सहकार करें - कार्य की सहायता करें

राजस्थान माध्यम नगर विकास क्षेत्र परियोजना (RSTOSP), RUIDP चरण- IV

जल का संरक्षण आवश्यक है।
सर्वो एक नम्रोत कीजिये। इससे भी अधिक है।

Transcript

Name of the Project- Nimbahera Water supply subproject

Objectives of the Project - A project is going to start in your city/town for providing drinking water facilities and participation of all residents is required for success of the project. Under the project, pure drinking water in sufficient amount shall be provided on daily basis for the entire city.

Water supply: Complete utilization of present capacities and improvement in production and distribution system as and where possible. Increase in daily supply of water.

Components of the proposed water supply improvements

- Laying of approximately 149.088 km pipeline and 27.070 Kms of transmission line
- Construction of WTP of approximately 5.74 MLD capacity
- Rehabilitation of water storage facility

Installation of about 14,400 water meters **Project Cost (expected)** – 104.94 crore

Short term impacts during the proposed construction

Some street vendors are engaged in roadside business. Pipe will be laid in such road/s sides, and they may be affected temporarily during the proposed construction and may have to move to other places nearby. If there is any loss of business or livelihood, the person will be considered as affected person and compensated as per ADB/GOR requirements. For this purpose, survey work is going to start from 28.06.2023 and your cooperation is expected.

Transcript

Name of the sub-project: Nimbahera Water supply works

Project Cost (expected) – 116.85 crore

Scope: Water Distribution Program

Construction of Water treatment plant, clear water reservoir and laying of distribution network

Short term effects during the proposed construction

Some streets vendors are engaged in road side business. Pipe will be laid in such road/s sides and they may be affected temporarily during the proposed construction and may have to move at other place. If any loss of business or livelihood is envisaged, shall be considered as affected person and compensated as per ADB/GOR parameters.

Entitlement provision

Temporary disruption of livelihood-(Legal titleholders, non-titled affected persons)- Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption. Assistance to vendors/hawkers to temporarily shift for continued economic activity (₹ 1,500 as one-time assistances).

Impacts on vulnerable affected persons (Temporary impacts) - Vulnerable/Poor AHS-Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. Vulnerable persons/businesses will receive ₹ 9,000 as one-time assistances under temporary impacts.

Those who were not present during survey concluded on 25.07.2023, opportunity is being given to submit their details latest on 31.07.2023 in the PIU office so their name can be included in the list of affected persons.

Appendix 15: Grievance Registration Format (to be made available in the local language)

The _____ Project welcomes complaints, suggestions, queries and comments regarding project implementation.

Aggravated persons may provide grievance with their name and contact information to enable us to get in touch for clarification and feedback.

In case, someone chooses not to include personal details and wants that the information provided to remain confidential, please indicate by writing/typing ***(CONFIDENTIAL)*** above Grievance Format.

Thank you.
