EXECUTIVE SUMMARY

The Government of Rajasthan (GOR) has received a loan from Asian Development Bank (ADB) for the implementation of water supply and sanitation (WSS) services in secondary towns and heritage towns with populations between 20,000–115,000¹ through a sector loan modality. The project will invest in (i) the rehabilitation and expansion of water supply network through a district metering approach for management of nonrevenue water (NRW) and aiming for 24x7 water supply, (ii) the rehabilitation and expansion of sewerage network, (iii) modernization and new construction of water supply and waste water treatment plants, as required, (iv) construction of faecal sludge management treatment plant, and (v) decentralized waste water management systems in the project towns. The project also aims for wastewater reuse and a city-wide, inclusive sanitation approach to improve sanitation for all, including below poverty line households. The project is expected to increase operational efficiency, improve service delivery, and result in positive impact on health and quality of life for the residents of project towns in the state.

Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited (RUDSICO) is the Implementing Agency (IA) for the project. The Project Management Unit (PMU) is headed by Project Director. Social Project Officer (SPO) at PMU assisted by Safeguard Specialist-Resettlement of Project Management Capacity Building Consultant (PMCBC) to ensure that all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework(RF). Project implementation Units(PIUs) headed by Superintending Engineer/Executive Engineer for implementation of the project. One Engineer in each PIU has been designated as safety and safeguard officer who will be responsible for safeguard and health and safety requirements, monitoring and compliance. PIU is supported by Social safeguard cum Gender Professional Construction Management Supervision Consultant(CMSC) in all areas of project implementation; implementation of Resettlement plan and safeguard monitoring and compliance.

The current report is the 1st semi-annual social safeguard monitoring report(SSMR) prepared for the reporting period from October 2020 to March 2021. The general objective of this Semi-annual Social Safeguard Monitoring Report(SSMR) is to assess the progress on safeguard measures taken during the reporting period.

Draft resettlement plans (RPs) for eight subprojects² and draft Resettlement and Indigenous Peoples Plan(RIPP) for three subproject³ were prepared for the 11 selected project cities/towns during the loan processing stage. Three subprojects⁴, where no involuntary resettlement(IR) impacts were envisaged during initial assessment and due diligence reports(DDRs) were prepared as per SPS, 2009. All the RPs and RIPPs prepared during the

¹ The secondary towns are Class 2 and Class 3 cities not covered under previous ADB supported projects

² Sirohi, Sardarsahar, Laxmangarh, Ratangarh, Khetri, Mandawa, Kuchaman, Ladnu.

³ Abu Road, Pratapgarh and Banswara.

⁴ Fatehpur, Makrana and Didwana

loan processing stage need to be revised during implementation by CMSC. Accordingly, a resettlement framework (RF) was also prepared to guide RSTDSP on Involuntary Resettlement (IR) impacts during project implementation. During this reporting period, 100% census and socio economic surveys of potential affected persons⁵(APs) has been completed in 5 towns (Abu Road, Sirohi, Sardarsahar, Laxmangarh and Ratangarh) and updating works of draft RP/RIPPs are under progress.

It is to confirm that all subprojects do not cause (i) any significant involuntary resettlement (IR) impacts or/ and (ii) impact on indigenous people(IP). The construction of the sub-project does not require any acquisition of land or cause permanent displacement. The locations for the permanent site (sewerage treatment plants(STP), water treatment plants(WTP), sewerage pumping stations, (SPS) Consumer Relation Management Centers(CRMC), Central Control Center(CCC) etc.) have been carefully selected and proposed in the vacant encumbrance free government land. some lands belonging to gaushala (cow shelter) trusts, and government land classified as pasture lands have been obtained, following due procedures required by the government.

During this reporting period, location of WTP, CRMC, CCC and Clear Water Reservoirs (CWRs) and pump house has been changed in few subprojects as per technical requirements. New locations which has been finalized for all the said components are vacant government land and presently not in any use. Due diligence/field visit/transect walk were undertaken by a team including Safeguard staff of CMSC/PMCBC, PIUs and, Project contractors in all the new locations and it was confirmed that all the lands belongs to Urban Local Bodies(ULB) and Public Health Engineering Department(PHED).

The main resettlement impact will be the potential reduction in the income of vendors/hawkers operating in the right of way(RoW). As per survey of five towns, total 1671 potential APs(Abu Road-435 nos, Sirohi-336 nos, Sardarsahar-412 nos,Ratangarh-287 nos and Laxmangarh-201 nos) were identified, among 687 are comes under vulnerable category⁶.As per agreed entitlement matrix, disbursement of compensation against the livelihood losses, Shifting/ Vulnerability Assistance, and escalation against delay in payment as defined in RF with respect to cut off date shall be made prior to start of any civil work in the affected areas. The sub-projects under Loan 3972-IND has been categorized as 'B for involuntary resettlement (IR) and 'B'⁷ for Indigenous People (IP) in accordance with the ADB's SPS 2009, which applies to this Project.

⁵ Presently the final alignment is being provided by the contractor DMA/Zone wise. As it was mandatory to prepare revised RPs/RIPP including 100% socio economic survey of potential affected persons before start of civil work in the town, 100% socio economic survey was conducted for all the vendors/hawkers in both side of the road where water supply and sewerage networks pipeline are to be laid.

⁶ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule caste and scheduled tribe households.

⁷ Three towns Abu Road, Pratnagarh and Banswara has been declared as a scheduled area by the Government of India. Whilst many Scheduled Tribe (ST) households residing in these three town; no longer maintain their cultural

Up to this reporting period, Contracts for ten towns (Abu Road, Sirohi, Sardarsahar, Laxmangarh, Ratangarh, Fatehpur, Pratapgarh, Banswara, Khetri and Mandawa have been awarded. NTP for remaining four packages (Ladnu, Makrana, Didwana and Kuchaman) are under progress. Pipelines of sewer and water supply network already been started in all the awarded towns except Banswara, Khetri and Mandawa and works are executing in outskirts and residential areas and are part of low density areas in terms of commercial activity. No Involuntary resettlement impact was envisaged during transect walk.

Grievance Redress Mechanism (GRM) has been established under this sub-project. PIUs with support of Construction Management Supervision Consultant (CMSC) & contractors are entrusted with the responsibility to maintain a proper grievance register and ensure that the grievances received during execution are recorded and resolved within the specified timeframe. Contractor also shared toll free number with the households through their social outreach team for lodging of complaint/grievance, if any during execution of works. During the reporting period, minor complaints from the people (housekeeping, pipeline damaged, leakages in a new connection, etc.) were received, which have been resolved satisfactorily. No complaints/grievances related to social safeguards were received during the reporting period.

A series of meetings and consultations were held with the APs and other stakeholders regarding scope of the project, entitlement options, impacts etc. at different stretches during RP preparation. Leaflet with information about the subproject, its benefits, grievance redress mechanism were also distributed to the households. Key Findings of consultations are: (i) participants expressed satisfaction that there was a subproject taking care of their needs which they have waited for 25-30 years; (ii) they raised that it is important to cover up the dug holes properly and restore the roads after sub-project construction.

The Safeguard Specialist- Resettlement of PMCBC have been monitoring the overall social safeguards activities and coordination among the PMU, PIUs, CMSC, contractors and local people. The consultant visited sites during this reporting period in order to investigate possible involuntary resettlement impacts, implementation of resettlement plan and related social safeguards issues. PMCBC Safeguard Specialist- Resettlement provided training/Sensitized to PIUs'/CMSC and Contractor engineers on ADB's Policies and guidelines.

traditions and have settled amongst the non-tribal populations. The subprojects are expected to have beneficial impacts on scheduled tribe community in these three Town- 100% of the scheduled tribe community in coverage areas will be provided with water supply and sewerage connections.

A. PROJECT BACKGROUND AND DESCRIPTION

1. The Government of Rajasthan (GOR) has received a loan from Asian Development Bank (ADB) for the implementation of water supply and sanitation (WSS) services in secondary towns and heritage towns with populations between 20,000–115,000 through a sector loan modality. Rajasthan Secondary Towns Development Sector Project (RSTDSP), is the fourth phase of investment projects financed by Asian Development Bank (ADB) and implemented by the Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited-Externally Aided Projects (RUDSICO-EAP), previously known as Rajasthan Urban Infrastructure Development Project (RUIDP).

2. The project will invest in (i) the rehabilitation and expansion of water supply network through a district metering approach for management of nonrevenue water (NRW) and aiming for 24x7 water supply, (ii) the rehabilitation and expansion of sewerage network, (iii) modernization and new construction of water supply and waste water treatment plants, as required, (iv) construction of faecal sludge management treatment plant, and (v) decentralized waste water management systems in the project towns.

3. **Project Components:** The Project includes interventions in 14 towns: Abu Road, Banswara, Didwana, Fatehpur, Khetri, Kuchaman, Ladnu, Laxmangarh, Khetri, Makrana, Pratapgarh, Ratangarh, Sardarshahar, and Sirohi. Water supply subprojects are included in 8 towns and sanitation in 13 towns (see Table 1 and Figure 1). The project is financing infrastructural development, in the form of construction and rehabilitation, related to water supply and wastewater inclusive of capacity building of existing Municipal bodies. The works proposed for 14 selected towns are depicted in Table 1(A).

4. **Impact of the project, RSTDSP:** The water supply improvements are expected to benefit all, including the urban poor, by reducing water collection time from other sources, which may be costly or unhygienic; and by minimizing earning losses from missed work due to waterborne diseases. The project also aims for wastewater reuse and a city-wide, inclusive sanitation approach to improve sanitation for all, including below poverty line households. Social and community development is forming an important component of the project, involving community mobilization; under well-organized proactive public awareness campaigns.

Table 1: Summary of Proposed Improvements in Project Towns.

Subprojects	ULBs
Water supply (8 ULBs)	Abu Road, Banswara, Khetri, Kuchaman, Laxmangarh, Mandawa, Sardasahar, Sirohi
Sanitation (13 ULBs)	Abu Road, Banswara, Didwana Fatehpur, Khetri, Kuchaman, Ladnu, Mandawa, Makrana*, Pratapgarh*, Ratangarh*, Sardasahar, Sirohi

⁸ The secondary towns are Class 2 and Class 3 cities not covered under previous ADB supported projects

Source: Quarterly progress report (Jan-March 2021)

I. Purpose of the report

5. The purpose of the semiannual social safeguard monitoring report (SSMR) is to analyze periodically over the total implementation period of the project to comply with the approved involuntary resettlement (IR) documents such as resettlement plans (RP)/ Resettlement and Indigenous Peoples Plans(RIPPs) and due diligence reports (DDRs). RSTDSP has the responsibility to oversee the implementation and monitoring of social safeguards issues of each subproject in the project towns. This report covers resettlement and social safeguard monitoring results to comply with the spirit of ADB policy to 'enhance stakeholders trust' and ability to engage with ADB, and thereby increase the development impact (of projects) in which disclosure of safeguard monitoring is a prominent aspect. This report covers social monitoring, addressing all the issues related to social safeguards, with reference to the progress achieved and the current status of the reporting period. The PMU is scheduled to provide the monitoring report on social safeguards activities at semi-annual basis. The current report is the 1st semi-annual social safeguard monitoring report(SSMR) prepared for the reporting period from October 2020 to March 2021, in accordance with the ADB Safeguard Policy (SPS), 2009.

II. Social safeguard categorization

6. ADB's classification system as per ADB's Safeguard Policy Statement (SPS) 2009 is as below: -

- **Category A:** Subprojects proposed for construction or development, will fall under this category, if, it caused a significant involuntary resettlement impacts with a physical displacement of 200 or more persons from their residences, or 200 or more persons lose 10% or more of their productive or income generating assets, or more persons or 200 or more persons experience a combination of both.

- **Category B:** Any proposed subproject that includes involuntary resettlement impacts but are not deemed significant considering loss of shelter/houses or productive or income generating assets will be considered for category B.
- **Category C:** A proposed subproject that has no involuntary resettlement impact.

7. Prior to civil works implementation, all the subprojects selected for construction or developments are screened through SIA and classified using ADB's classification system.

a) **Subprojects Categorization under RSTDSP**

8. The construction of the sub-projects does not require any acquisition of land or cause permanent displacement. The locations for the permanent site (sewerage treatment plants, water treatment plants(WTP), sewerage pumping stations(SPS), Consumer Relation Management Centers(CRMC), Central Control Center(CCC) etc.) have been carefully selected and proposed in the vacant encumbrance free government land while the pipelines for water supply and sewerage will be laid within road rights-of-way (RoW). Some lands belonging to gaushala (cow shelter) trusts, and government land classified as pasture lands have been obtained, following due procedures required by the government. The main resettlement impact is the potential reduction in the income of vendors/hawkers operating in the right of way(RoW). During laying pipelines, presence of trenches, excavated soil, and machinery make access difficult for customers to reach at that location where of vendors/hawkers are operating their petty businesses.

9. As impacts are not significant, hence the sub-projects under Loan 3972-IND has been categorized as 'B for involuntary resettlement (IR) and 'B for Indigenous People (IP) in accordance with the ADB's SPS 2009, which applies to this Project. Three subprojects towns (Abu Road, Pratpgarh and Banswara) is declared as a scheduled area by the Government of India. Whilst many Scheduled Tribe (ST) households residing in these three town; no longer maintain their cultural traditions and have settled amongst the non-tribal populations. As these three towns are declared scheduled area by the Government of India, therefore Indigenous Peoples (IPs) for the purposes of this RIPP were prepared for these three subprojects. The subprojects are expected to have beneficial impacts on scheduled tribe community in these three Town- 100% of the scheduled tribe community in coverage areas will be provided with water supply and sewerage connections.

III. Status of preparation/Updating of RPs/RIPPs

10. Draft resettlement plans (RPs) for eight subprojects⁹ and draft Resettlement and Indigenous Peoples Plans(RIPPs) for three subproject¹⁰ were prepared for the 11 selected project cities/towns during the loan processing stage. Three subprojects¹¹, where no involuntary resettlement(IR) impacts were envisaged during initial assessment, due diligence reports were

⁹ Sirohi, Sardarsahar, Laxmangarh, Ratangarh, Khetri, Mandawa, Kuchaman, Ladnu.

¹⁰ Abu Road, Pratapgarh and Banswara.

¹¹ Fatehpur, Makrana and Didwana

prepared as per SPS, 2009. (Details are provided in Table 2). All the RPs and RIPPs prepared during the loan processing stage need to be revised during implementation by CMSC. Accordingly, a resettlement framework (RF) was also prepared to guide RSTDSP on Involuntary Resettlement (IR) impacts during project implementation.

Table-2: Details of Social Safeguard Documents at the time of loan processing stage

S.N.	Package number	Name of Town and type of projects	Type of Documents	Categorization
1.	RSTDIP/RTG-FTP-LXG/01	Ratangarh Sewerage	RP	B
2.		Fatehpur Sewerage	DDR	C
3.		Laxamangarh Water Supply	RP	B
4.	RSTDIP/SRD/01	Sardarshahar Water Supply and Sewerage	RP	B

14.	RSTDIP/MDW/03	Mandawa Water Supply and Sewerage	RP	B

Source: Agreed Resettlement Framework of RSTDSP

11. As per social impact assessment(SIA) conducted, the social impact in towns will be generally temporary in nature affecting mobile/ambulatory vendors who are earning their livelihood by using public land and considered non-titleholders. In addition to that during SIA it was also noticed that under Sirohi subproject, Municipal land proposed for STP-1 (near Nehru Nagar), was being used for farm cultivation by one family and will face permanent loss of agricultural livelihood. Recognizing the adverse impacts (in advance) of the project and the need to address the involuntary resettlement and other related adverse social impacts, RUDSICO (on behalf of Govt. of Rajasthan) & ADB jointly prepared the resettlement and rehabilitation framework consistent with applicable laws, notifications and policies that are relevant in the context of the implementation of the project activities.

IV. Measures to avoid and minimize involuntary resettlement impacts

12. To avoid and minimize involuntary resettlement impacts, the subproject considers the use of government land where available and right-of-way of government road for laying of all proposed pipelines under this package. The pipelines are proposed to be laid underground within the existing available road RoW. Contractor will also ensure that access is provided to all households as well as shops. The Project Implementation Unit (PIU) will also ensure that all the

necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days will be discussed with vendors, squatters, market committee members, and residents, and accordingly construction activities will be planned. After laying pipes, the lane/road will be restored to its original condition {including bitumen, cement concrete (CC) and CC interlocking tiles as applicable}. Care is taken in the design, to ensure that indigenous peoples/ scheduled tribe community have beneficial impacts.

13. The contractor will also be required to maintain access to shops and residences or other buildings along pipe alignments and to institutions located close to proposed sites, and safety through hard barricading of excavated alignments/sites. Specific provisions related to impact avoidance, for pipe laying activities as well as construction work near schools, health centers, Anganwadi centers (Integrated Child Development Scheme-ICDS), etc will have to be maintained by the contractor.

14. Measures to be taken by the contractor to avoid/mitigate economic impacts include: (a) announcement of proposed civil works in advance (to enable shop owners to stock up and remain unaffected if goods vehicles are unable to reach them during construction), (b) provision of planks to ensure pedestrian access; (c) careful timing of implementation to avoid peak sale hours/days or school timings; (d) use of trenchless pipe laying technology, major civil work during night hours especially in market areas, (e) minimizing construction period to the extent possible; (f) assistance to mobile vendors if any present during construction, to shift nearby; (g) signage with project details and contact details for grievance redress; (h) proper coordination of civil works pertaining to both water supply and sewerage, such that the period of disruption along a particular road section is minimized; and (i) proper traffic management. If any steps or access ramps are damaged during construction, contractor will restore the same to original condition or better. These measures are part of the contract and will be implemented with careful monitoring by the concerned PIU.

15. The good practices will be adopted by the contractor are as below (including but not limited to following):-

- Sewer pipelines will be laid in the middle of the road, and works will be executed in the night with proper safety measures.
- Work will be executed on one segment at the time on one side of the road, and access will be made available for the roadside petty businesses. Excavation will be expedited, and walkways will be provided for access in order to avoid livelihood losses.

16. Provision of livelihood assistance for mobile/ambulatory vendors was made in the RF, in view of disruption likely to be caused due to implementation of project activities. It was agreed that compensation would be paid/given to the AHs for the entire period of disruption due to implementation of different infrastructure works. The general period of impact (Water Supply/Waste Water) of 14 days shall be considered while preparing RP. However, if the actual

dislocation exceeds the period taken, additional compensation for the extended period will also be disbursed.

17. Additional assistance for vulnerable¹² AHs and shifting assistance wherever applicable is being provided to these AHs as per the Resettlement Framework. The RF already sets out the requirements for payment, compensation, income restoration and relocation, consultation, participation and disclosure and the grievance redress mechanism.

18. RUDSICO will ensure that any physically or economically displaced persons will be compensated prior to commencement of civil works of subprojects where applicable, following the approved RP/RF. However, the entitlement matrix included in the RF prepared and approved by ADB is the basis for estimation of compensation and payment for the affected properties and income loss to the APs/AHs and which, to be followed during preparation of any/new RPs for the subprojects requires/involves temporary impact, land acquisition, resettlement and rehabilitations of the affected households.

V. Impacts on Indigenous Peoples

19. Three subprojects Abu Road, Pratnagarh and Banswara are declared as a scheduled area by the Government of India. Whilst many Scheduled Tribe (ST) households residing in these three town; no longer maintain their cultural traditions and have settled amongst the non-tribal populations. The project is designed to benefit 100% scheduled tribe households in the project coverage area. House service connections for sewerage are included in project costs. Further, to address any potential safeguards issues and ensure maximum benefits reach the scheduled tribe households, a specific action plan for indigenous peoples is proposed for this subproject. The action plan will carry out the following specific activities: (i) a baseline survey¹³ will be conducted for identification and inclusion of indigenous peoples households within the project coverage area; (ii) proposed benefits (e.g.) to indigenous peoples households will be shared and monitored; (iii) IEC materials, information sharing, consultations and other activities¹⁴ stated in the CAPP will be culturally sensitive and appropriate when implemented in the scheduled area; (iv) in case of any indigenous peoples impacts in subproject, the chief of the tribe or a member of the tribal council as traditional arbitrator (to ensure that traditional grievance redress systems are integrated) and an NGO working with indigenous peoples. GRC will also ensure that grievance redress established is gender inclusive in receiving and

¹² Including poor households, households headed by women, the elderly, the physically handicapped, Schedule Caste and Scheduled Tribes considered vulnerable based on the Indigenous Peoples Planning Framework (IPPF). Household is considered women headed when she is the single bread earner of the family or earn most/significant part of the income for the family.

¹³ Contractors will conduct connection campaigns across the project coverage area and will be responsible to ensure that IP households and localities are identified and included in the campaign. Data on exact number of scheduled tribe households can be generated from the house service connection survey (pertaining to both water supply and wastewater/sewerage) to be conducted by the project contractor prior to start of civil work. The localities where sewerage network will not laid shall be covered through FSM. Cost for such activity is already included in the contract document for the subproject.

¹⁴ CAPP will be primarily responsible for planning implementing and monitoring the result of such activities.

facilitating resolution of the IPs' concerns; (v) consultations with IP households will be conducted in all subproject stages which shall help in identifying any culture-specific requirements and traditions like avoidance of any specific festival days, and/or other activities with cultural significance to the IP communities during civil work; and any other IP related issues and concerns that may be of importance to the community. An end-line sample survey¹⁵ will be conducted to document the views of IP households about subproject benefits. Such survey is in line with subproject internal monitoring.

VI. Revision and updating of RPs/RIPPs

20. Revision/updating of RPs/RIPPs will be mandatory whenever there will be any changes in project scope, and same will be shared with ADB for no-objection. No civil works will be start prior to approval of no-objection from ADB.

VII. Strategy for implementation of Resettlement Plans/Resettlement and Indigenous People Plans

21. Being Design Build and Operation (DBO) contracts, even though the DPR are being prepared by consultants, the final design/alignment has to be provided/ prepared by the project contractor. As per contract, contractor should have to carry out the execution activities in all respects for that particular zones/DMA's and after completing the particular DMA/Zones, contractor shall focus for remaining zones/DMA's on priority basis. Presently the final alignment is being provided by the contractor DMA/Zone wise. As it was mandatory to revised RPs/RIPPs before start of civil work, 100% socio economic survey was undertaken in Abu Road, Sirohi, Ratangarh, Laxmangarh and Sardarsahar towns and all the vendors/hawkers in both side of the road where water supply and sewerage networks pipeline to be laid were considered potential affected persons. Prior to conducting inventory loss survey, project area was categorized based on level of commercial activities/structures (high, medium and low density). As impact was anticipated in high and medium density areas, hence 100% socio economic survey was undertaken in high and medium density areas. After finalization of exact alignment, joint re-confirmatory survey will be conducted by the officials of PIU, CMSC and contractor to finalize the list of APs likely to be impacted due to civil works. During implementation, following methodology will be followed:

22. The methodology followed for implementation of RPs is as following: Prior to the start of work, contractors will provide the advance work plan to PIU & CMSC along with the final alignment. After the intimation by the contractor, the joint re-confirmatory survey will be conducted by the officials of PIU, CMSC, and contractor to finalize the list of APs likely to be impacted due to civil works. Since at the time of survey, the exact alignment was not known, the survey carried out all the vendors/hawkers in both side of the road likely to be impacted. While finalizing the alignment, efforts will be made to avoid the impacts, and accordingly, the APs present in this section will be included in the mitigated list.

¹⁵ Cost towards conducting end-line sample survey is included in the subproject budget table. Sample size may be decided by the Project in consultation with ADB.

23. The area where the mitigation of impacts on livelihood will not possible, all the APs will be re-validated/ verified by the Social support staff with the help of social outreach team, and ID cards will be disbursed to potential AP. Any potential APs will not be available during (i) Re-verification; (ii) distribution of compensation; and (iii) construction phase, they will be treated as “missing,” and confirmation of their absence will be obtained from the other affected households (AHs). If any APs will show unwillingness to receive the compensation despite being offered will be treated as “Unwilling” and their consent will be taken in writing.

24. Once the list will be finalized, Social support staff with the help of social outreach team will collect the details required from APs, which include the bank details and other necessary documentation required for the transfer of compensation. Based on findings, the ASOs will prepare the micro plans, and after approval/sanction by PIU, these micro plans will be submitted to the treasury with required bank details for direct transfer of the compensation in the bank account of APs through electronic clearance service/National Electronic Fund Transfer (RTGS) payment.

25. APs will be compensated in accordance with the agreed entitlement matrix of RF. APs will be compensated for 14 days' disturbance as per RF, however, micro plans that will be prepared for the project area, takes care of the real impacts on APs and it will be ensured that all the APs will be compensated for the actual period of disturbance. If the duration of impact is more, they will be compensated for the actual period of disturbance after due verification from PIU. The compensation that will be recommended in the micro plan will consider the entitlements prescribed in the RF (livelihood assistance, shifting assistance, and vulnerability assistance), the time lags (7% inflation in survey income is provided per year) of implementation & survey along with additional compensation with respect to minimum wage rates.

B. SAFEGUARDS IMPACTS

26. Contracts for ten towns (Abu Road, Sirohi, Sardarsahar, Laxmangarh, Ratangarh, Fatehpur, Pratapgarh, Banswara, Khetri and Mandawa) have been awarded. NTP for remaining four packages (Ladnu, Makrana, Didwana and Kuchaman) are under progress. The physical progress along with details of the contractor of the subprojects are provided in Table. Pipelines of sewer and water supply network already been started in all the awarded towns except Banswara, Khetri and Mandawa towns and works are executing in outskirts and residential areas and are part of low density areas in terms of commercial activity. No Involuntary resettlement impact was envisaged during transect walk. Contractor has not started any work in medium and high density areas (identified project impacted areas during social impact assessment. (SIA).

Table 3: Status of subprojects -RSTDSP

S.no	Name of the Town	Type of work	Package Number	Date of Award	Date of Completion	Name of Contractor	Project value (in crore Rs.)	Progress (March 2021)
1	Abu Road	W/S	RSTDIP/ABR/01	18.06.2020	21.06.2024 (1460 days)	M/s L&T Constructions	263.77	4.17 %

(i) Types of impacts envisaged under RSTDSP

27. For assessment of involuntary resettlement impacts in the towns joint visit and transect walk was undertaken by the officials of PIUs, CMSC and Contractors in all the areas including areas / along proposed alignment where pipeline will be laid and it was confirmed that laying of main line (runk main and transmission main/feeder main) will be carried-out within the boundaries of RoW of government roads. No commercial establishments are identified in the stretches where transmission main/feeder main and trunk mains are proposed. Water distribution network pipelines under water supply component will be mostly laid along the existing RoW of the town roads, while sewer lines will be laid in the middle of the roads, as a result there will be temporary livelihood disruption on mobile/ambulatory vendors who are earning their livelihood by using public land and considered non-titleholders. During impact assessment it was noticed that under Sirohi subproject, Municipal land proposed for STP-1 (near Nehru Nagar), was being used for farm cultivation by one family and will face permanent loss of agricultural livelihood.

28. During this reporting period, 100% census and socio economic surveys of potential affected persons¹⁶ has been completed in five towns (Abu Road, Sirohi, Sardarsahar, Laxmangarh and Ratangarh) and revision of draft RP/RIPPs are under progress. Prior to survey, objectives of survey were communicated to potential affected persons and leaflet containing project scope and its impact, type of losses and compensation provision for the losses, procedure of complaining grievances was briefed. **(Leaflet and photographs are attached in Appendix 1 and 1(a)).** As impact were envisaged on non-titleholders, hence as per resettlement framework(RF), cut-off-date for temporary impacts was communicated in the entire affected area at the start of the census survey and also list of potential affected persons was displayed area wise and at the same time for the entire city to prevent duplication in identification of affected persons specifically those moving into a new area during project planning and implementation phase. **(Copy of cutoff date and Photographs of cutoff date displayed is attached in Appendix 2 and 2(a))**

29. As per Survey data out of five towns, total 1671 potential APs(Abu Road-435 nos, Sirohi-336 nos, Sardarsahar-412 nos,Ratangarh-287 nos and Laxmangarh-201 nos) were identified ,among them 687 are comes under vulnerable category¹⁷. Summary of potential APs subproject wise is presented in Table 4 and **socio-economic profile of potential affected person's subproject wise is attached in Appendix 3.**

¹⁶ Presently the final alignment is being provided by the contractor DMA/Zone wise. As it was mandatory to prepare revised RPs/RIPP including 100% socio economic survey of potential affected persons before start of civil work in the town, 100% socio economic survey was conducted for all the vendors/hawkers in both side of the road where water supply and sewerage networks pipeline are to be laid.

¹⁷ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule caste and scheduled tribe households.

Table 4: No. of APs reported as per socio-economic survey

Name of Town	Subproject Name	Type of Impact	No. of APs	No. of Vulnerable APs
Abu Road	Water supply and Sewerage	Temporary	435	245
Sirohi	Water supply and Sewerage	Temporary	336	148
Sardarsahar	Water supply and Sewerage	Temporary	412	157
Ratangarh	Sewerage	Temporary	287	76
Laxmangarh	Water supply	Temporary	201	61
Total APs			1671	687

Source: Socio-Economic Survey

(ii) Vulnerability Status of the Affected People/Communities:

30. During survey, special attention was given to collect information from the affected households for special assistance. As per agreed Framework and ADB policy, the following groups are categorized under vulnerable Groups. These groups include: (a) those who are below the poverty line (BPL); (b) those who belong to scheduled castes (SC), scheduled tribes (ST) (c) Female-headed households (FHH); (d) elderly and (e) Disabled persons. Under this five project Total 687 Vulnerability household has been identified Details are summarized in Table 5.

Table 5: Details of Vulnerability household

Type of Vulnerability	Abu Road	Sirohi	Sardarsahar	Ratangarh	Laxmangarh
Female Headed Households	193	69	08	11	8
Schedule Caste	11	33	73	33	25
Schedule Tribes	41	17	2	0	0
Physical Disabled	0	2	0	0	0
Below poverty Line	0	22	74	32	28
Widow	0	5	0	0	0
Total	245	148	157	76	61

Source: Socio-Economic Survey

(iii) Impacts on Indigenous People

31. Based on census and socio-economic survey of Abu Road subproject, among the affected persons facing involuntary resettlement impacts (temporary income loss), 41 persons belong to scheduled tribe community. These persons are using the RoW for running their livelihood through selling of fruits, garments, flowers etc. and will be impacted for temporary period of work. During freezing of final alignment, efforts will be made by the implementing agency to provide access for continuation for their livelihood. In case of temporary livelihood impacts persists, additional compensation and assistances as per agreed resettlement framework and indigenous peoples planning framework will be disbursed to them. In order to mitigate negative impacts on ST persons, before and during the subproject design, implementation, as well as monitoring process, the project staff will enhance the dissemination

of project information and conducting meaningful consultation especially with ST persons to ensure that they get the maximum benefit from the advantage conditions brought by the subproject and fully understand their entitlements under this RIPP. No civil works will be allowed in sections of impact and compensation payment will be completed prior to start of civil works. Survey works in remaining two towns (Pratapgarh and Banswara) are under progress.

32. Cosumer survey already been done by project contractor in Abu Road and Pratapgarh and data of detailed of ST households has been collected for provide 100% House service connections for sewerage to scheduled tribe households. Several round of consultation done with ST households in these towns and project scope and advantages was disseminated to them. CAPP¹⁸ consultant will developed IEC materials, and will be provide skill training, formation of groups, linkage with livelihood scheme etc.

(iv) Changes in original scope of works:

33. During this reporting period, location of Water treatment plant (WTP), Consumer Relation Management Center (CRMC), Central Control Centre (CCC) and Clear Water Reservoirs (CWRs) and pump house has been changed in few subprojects as per technical requirements. (Ref Table 5 for details of changed locations). New locations which has been finalized for all the said components in vacant government land and presently not in any use. Due diligence/field visit/transect walk were undertaken by a team including Safeguard staff of CMSC/PMCBC, PIU and, Project contractor in all the new locations and it was confirmed that all the lands belongs to ULB/PHED. Details of changed location subproject wise are presented in below:

A. Abu Road subproject: During confirmatory survey, location of Water treatment plant (WTP), Consumer Relation Management Center (CRMC), Central Control Centre (CCC) and Clear Water Reservoirs (CWRs) and pump house has been changed as per technical requirements. (Ref Table 1 for details of changed locations). New locations which has been finalized for all the said components are vacant government land and presently not in any use. Initially 10 MLD WTP was proposed behind ITI College, Santpur which was pasture land. Due to delay in process of land conversion of previously identified WTP land, meeting of PIU was held with District Collector and officials of urban local body (ULB). It was decided in the said meeting that the land parcel (allotted to Municipality) erstwhile designated for solid waste disposal be allotted for construction of WTP (10 MLD) and STP-6.9 MLD. Location of CWR at Gandhi Nagar has been changed and new location has been identified in the village Kue. In addition to that CWR of 500kL proposed earlier at PHED campus at housing board will be constructed in the vacant and unused land in the assistant engineer (A. En) PHED office campus in housing board. Additional land adjacent to PHED campus, Market area has been allotted by Municipality to PHED for the construction of CWR and Pump house. The location of Consumer Relation Management Center (CRMC) and Central Control Centre(CCC) has been

¹⁸ Cotract Award of CAPP is in process.

changed and new location finalized in the Shantikunj Park. (Details of changed locations under Abu Road subproject are presented in table 6)

Table 6: Components and its location

Town-Abu Road- Town-Abu Road			
S.No	Components	Remarks	Photographs
1	WTP at Santhpur (10 MLD)	Initially 10 MLD WTP was proposed behind ITI College, Santhpur which was pasture land. Due to delay in process of land conversion of previously identified WTP land, the land near cremation building (Moksh Dham) at Santhpur is allotted for the construction of both WTP (10 MLD) and STP (6.9 MLD). District Administration already given direction to the officials of Revenue department and Municipality for searching new solid waste disposal site. Municipality already provided confirmation in this regard.	
2	CWR at Gandhi Nagar	Previously proposed in the existing PHED campus, Gandhi Nagar. Land within the existing premises was not enough as decided during measurement by DBO contractor. New land identified in village Kue. Land identified in the village Kue is vacant and unused land of Urban Improvement Trust (UIT) .NoC obtained from UIT.	
3	CWR of 500kL proposed earlier at PHED campus at housing board	CWR of 500 KL was proposed earlier in PHED campus at housing board. As per discussion with PHED new land proposed in A.En PHED campus, Housing Board. Vacant and unused land in the A. En PHED office campus in housing board is available in the campus. Land is under the possession of PHED.	
4	CWR at Market Area	Adjacent land belongs to Municipality also allotted to PHED for the said works. Land is vacant.	

Town-Abu Road- Town-Abu Road			
S.No	Components	Remarks	Photographs
5	Consumer Relation Management Center (CRMC) and Central Control Centre	New location finalized in the Shantikunj Park. Land is completely vacant and Municipality have the ownership of this land.	

Source: Monthly progress report of Contractor, December 2020

B. Sirohi subproject: Clear water reservoir (CWR) proposed earlier at existing Public Health and Engineering Department (PHED) Campus, Sardulpura has been dropped from scope of works and CWR at existing PHED Campus, Rampura has been shifted in existing PHED Campus, Kalka Ji. Hence the capacity of CWR proposed in Kalkaji HW has been increased from 580 KL to 1450KL. In addition to that intake of 3.9 MLD at Kalka ji Dam has also been dropped/curtailed from the scope of works. The land availability within existing Angor Headworks was not enough for the construction of WTP, CWR, Pump house and allied works, hence additional land (pasture land) adjacent to the existing Angor Headworks has been allotted by District Collector. Two Ground Level Storage Reservoir(GLSR) also proposed under this subproject for which land identification is still under progress. Changes done during SIP stages is presented in Table 7.

Table 7: Details of works that has been dropped /added from scope of works

S.No	Name of work	Remark	
1	CWR & PH- Existing PHED Campus, Sardulpura	Dropped	
2	Intake-1- kalkaji	Dropped	
3	WTP, CWR Pump house- PHED Headwork, Angore	Additional land (pasture land) adjacent to the existing Angor Headworks has been allotted by District Collector as per Rajasthan land reforms act 1963 and as compensatory measure, the collector has allotted equivalent land area in Angore village. Land is completely vacant and is not being used for grazing purpose.	
4	CWR & PH- Existing PHED Campus, Rampura	Shifted to Existing PHED Campus, Kalka Ji. Land is under the possession of PHED. Unused land is available in the campus for the said work.	

S.No	Name of work	Remark	
5	GLSR- Bhatkhera	Land still not identified	
6	GLSR- Tankria	Land still not identified	

Source: Monthly progress report of Contractor, December 2020

C. Sardarsahar Subproject: Location of clear water reservoir(CWR) has been slightly changed. Earlier location was finalized right side of main building of public health engineering department(PHED). PHED allotted new land for CWR, consumer relation management centre(CRMC) Central control centre(CCC) and Master control centre(MCC) behind main building of PHED office. In addition to that one additional CRMC building has also considered under this subproject. Location for CRMC building has been finalized in the campus of fire station, which are under the possession of Municipality. Changes done during SIP stages is presented in Table 8.

Table 8: Proposed subproject components

Town-Sardarsahar			
S. No	Components	Remarks	Photographs
	Water Supply		
1.	Construction of CWR - 2400 kL and clear water pump house – 35 m * 10 m Consumer Relation Management Centre, Master Control centre and Central Control Centre- Hanumangarh Road within Public Health Engineering Department (PHED - Head Works)	Lands belongs to PHED. vacant land is available in then existing PHED campus for the said works	
2.	CRMC-2 - Fire station office campus	Land is under the possession of Municipality. Presently scrapped materilas are kept this site which will be disposed somewhere as confirmed by municipality.	

Source: Monthly progress report of Contractor, December 2020

D. Ratangarh Subproject: The location of consumer relation management centre(CRMC) which was earlier proposed in the premises of sewage pumping station(SPS) near bharat sanchar nigam limited(BSNL) office has been changed after assessment of site feasibility by the design built operator(DBO) contractor. New location has been finalized in the premises of Municipality. Municipality have an ownership of this land. Changes done during SIP stages is presented in Table 9.

Table 9: Proposed Subproject Components

S. No	Components	Details	Photographs
1	Consumer relation management centre	One Consumer Relation Management Centres (CRMC) will be constructed in the same premises where SPS-1 is proposed, while second CRMC will be constructed in the Municipality office premises, which was earlier proposed near BSNL office. vacant land is available in Municipality campus for the said work.	

Source: Detailed Project Report/BOQ, Ratangarh, 2020

E. Laxmangarh Subproject: The location of one consumer relation management centre(CRMC) and Master Control Centre(MCC) which was earlier proposed in the Bad ke Balaji Public Health Engineering Department (PHED) premises has been changed after assessment of site feasibility by the Design Built Operator(DBO) contractor. New location has been finalized in the premises of Executive Engineer(E), PHED office premises. Changes done during SIP stages is presented in Table 10.

Table 10: Proposed Subproject Components

S.No.	Components	Details	Photographs
1	Master control centre and consumer relation management centre	1 no of Master control centre and CRMC will be constructed in EE, PHED office premises (Previously proposed in Badd ke balaji PHED campus) while second CRMC will be constructed in A. En campus. vacant land is available for the construction of CRMC and MCC in EE,PHED office premises.	

Source: Monthly progress report of Contractor, December 2020

F. Fatehpur Subproject: During DPR and initial design stage, Consumer Relation Management Center (CRMC)-was proposed in the SPS campus, behind Dholi Sati temple. After mobilization of project contractor and detailed measurement survey, new land for Consumer Relation Management Center (CRMC) is identified in the campus of Municipality. During site visit, it was revealed that vacant land is available within the premises of Municipality and land is in the possession of Municipality. In the proposed

site, one Consumer Relation Management Center already been constructed under UIDSSMT project. Changes done during SIP stages is presented in Table 11.

Table 11 : Proposed Subproject Components

S.No.	Components	Details	Photographs
1	consumer relation management centre	Initially it was decided that consumer relation management centre will be constructed within proposed SPS, behind Dholi sati Temple. As per suggestion of project contractor after assessment of site feasibility, Municipal body has been provided new land within premises of Municipal office. Land is free and under the possession of Municipality.	

G. Pratapgarh Subproject: At the time of DPR preparation, STP (7 MLD) and treated effluent reuse works including construction of TEER, TESR and EPS was proposed near Mukti Dham, while SPS (7 MLD) was proposed near Bhatpura Gate. Both the lands were under the jurisdiction and ownership of Nagar Palika (Municipal Body). During confirmatory survey and as required by DBO contractor, STP and SPS location has been changed and new locations of STP has been finalized near Kila Road while location of SPS has been identified near Jain Gausala. Both the lands are under the jurisdiction and ownership of Nagar Palika (Municipal Body). In addition to that One manhole with pumping (MWP) has been proposed in Zone 1 for transportation of flow to Zone 2 Gravity Main. This is a small pumping station of 0. 10 MLD capacity has also proposed under this subproject to avoid the deeper sewer. Land has been identified by the local body at the bank of Nallah in Manpur. Changes done during SIP stages is presented in Table 12.

Table 12: Proposed Subproject Components

S.No.	Components	Details	Photographs
1	STP-7 MLD	STP location has been changed and new locations of STP has been finalized near Kila Road. Nagar Palika (Municipal Body have the ownership of this land.	
2	SPS-7 MLD	Location of SPS has been identified near Jain Gaushala. Lands is under the jurisdiction and ownership of Nagar Palika (Municipal Body).	

S.No.	Components	Details	Photographs
3	One manhole with pumping (MWP) 0.10 MLD	Land has been identified by the local body at the bank of Nallah in Manpur and land is under the possession of Municipality.	

(v) **Impact minimization:**

34. Under Sirohi subproject, Municipal land proposed for STP-1 (near Nehru Nagar), was being used for farm cultivation by one family and will face permanent loss of agricultural livelihood. To avoid impact on seasonal crops, site was handed over to the contractor in lean season when no crops was ploughing by one affected family. Thus loss of seasonal crops was avoided.

Site was used for farm cultivation

Allotted the site in lean season

35. For provide benefits to the family, one member of that family have been engaged as a watchmen and monthly payment ₹ 8000 is being paid to them by the project contractor. In addition to that skill training will also provide to that family under this subproject effort will be made to link that AHs from govt welfare scheme. Letter of appointment of a family member is attached in **Appendix 4**.

(vi) Due diligence of the areas where pipeline works are under progress

36. The contract of Abu road and Sirohi was awarded on 18.06.2020 and Sardarsahar, Laxmangarh, Fatehpur and Ratangarh awarded on 15.06.2020. Contract of Pratapgarh awarded on 28.10.2020. Approval has been given to the contractor for laying of pipeline and allied works in mostly residential situated in the outskirts of the town. No physical works started in the permanent sites designated for construction of subproject components other than pipe laying (WTP, STP, SPS, CRMC, MCC, CCC and CWR).

37. Due diligence/field visit/transect walk were undertaken by a team including Safeguard staff of CMSC/PMCBC, PIU and, Project contractor in all the areas where pipeline works has been laid or to be laid. It was envisaged that all the areas where pipeline works were allowed are mostly residential and outskirt areas of the town and are part of low density areas in terms of commercial activity. No Involuntary resettlement impact was envisaged during transect walk. Social outreach team of the project contractor provided advance information to the households prior to pipe laying works and works are being executed after incorporating the suggestion from households, if any. Summary of pipe laying works are presented in Table 13 and **details of the road, dia of pipeline along with photographs of the roads provided in Appendix 5.**

Table 13: Status of pipelines works as on March 2021

S.no	Name of the Town	Type of work	Date of Award	Progress (March 2021)	Name of Zone where pipeline works are under progress	Remarks
						No Involuntary resettlement impact was envisaged during transect walk. Social outreach team of the project contractor provided advance information to the households prior to pipe laying works.

(vii) Entitlement, Assistance and Benefits

38. All affected persons who are identified in the sub-project areas on the cut-off date will be entitled to compensation for their loss, and rehabilitation measures (as outlined in the

entitlement matrix¹⁹ below table 14) sufficient to assist them to improve or at least maintain their pre project living standards, income-earning capacity and production levels. Affected persons will be provided 30 days' advance notice to ensure no or minimal disruption in livelihood. If required, they will also be assisted to temporarily shift for continued economic activity. For example, they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors. Vulnerable APs will be given priority in project construction employment and provided with additional special assistance for income restoration support. Compensation and assistance to APs will be made prior to possession of land/assets (if any) and prior to the start of civil works in particular stretch.

¹⁹ As design and drawings are still under process, all types of impacts and their entitlement provision kept in table 14.

Table 14: Entitlement Matrix²⁰

No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy ²¹	Implementation Issues ²²	Responsible Agency
1	Loss of private land	Agricultural land, ^a homestead land or vacant plot	Legal titleholders/ traditional titleholders	Compensation at replacement value (as per RFCTLARRA, 2013) or land-for-land where feasible. If land-for-land is offered, titles will be in the name of original landowners. Joint titles in the name of husband and wife will be offered in the case of married affected persons. Fees, taxes, and other charges related to replacement land (applicable to all parcels of replacement land, which totals the equivalent area of land acquired, if parcels of non-contiguous land are bought due to the unavailability of one contiguous parcel). One-time resettlement allowance of ₹50,000 per affected family. One of the options from: (i) job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) one-time payment of ₹500,000 per family; (iii) annuity policy that shall not pay less than ₹2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. All displaced families^e will receive both: (i) one time Shifting assistance of ₹50,000 towards transport costs etc.; and (ii) monthly subsistence allowance of ₹3,000 for one year (total ₹36,000) from the date of award. Schedules Castes/Scheduled Tribes from scheduled areas will receive additional ₹50,000.	• Fees, taxes, and other charges should be completed within a year of compensation payment and for land of equivalent size. • Vulnerable households will be identified during the census. • New land registrations and titles should be completed prior to project closure/completion.	The Valuation Committee will determine replacement value as per the procedures outlined in the subsequent sections of this document. PMU will ensure provision of notice. CMSC²³ with support of DBO contractor and CAPPCC will verify the extent of impacts through a 100% survey of affected persons, determine assistance, and identify vulnerable households.

²⁰ All entitlements in rupees (other than those provided under RFCTLARRA) will be adjusted for inflation till the year of compensation payment.

²¹ Transportation costs, monthly subsistence allowance and resettlement costs are not incremental. For example, if an affected household loses land, shelter and commercial business in one lot, the family will get each of these allowances only once.

²² For design, build and operate (DBO) contracts, the DBO contractor undertakes design tasks.

²³ CMSC may hire services of any agency/NGO for verification survey, census/socio-economic survey, DMS survey as part of their contract provisions.

No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy ²¹	Implementation Issues ²²	Responsible Agency
				towards the same All affected families^f will receive: (i) compensation for damage to land/quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; calculated from the date of preliminary notification till the date of final award; (ii) <i>Bonafide</i>; resulting from diminution of the profits of the land between the time of the publication of the Declaration for taking possession of land and the time of the Collector's taking actual possession of the land; and (iii) Compensation incidental to such change if affected landowner is compelled to change his place of residence or business due to proposed land acquisition Notice to harvest standing seasonal crops and compensation in item 6. Additional compensation for vulnerable households^g (item 7).		
1-a	Loss of private land	Agricultural land, homestead land or vacant plot	Tenants and leaseholders (whether having written tenancy/lease documents or not)	Compensation for rental deposit or unexpired lease. One-time resettlement allowance of ₹50,000 per affected family One of the options from: (i) Job for at least one member of the affected family in project which has created impact or in similar such other project; (ii) One-time payment of ₹500,000 per family; (iii) Annuity policy that shall not pay less than ₹2,000 per month per family for 20 years with appropriate indexation to the Consumer Price Index for Agricultural Labourers. All displaced families will receive both: (i) One time Shifting assistance of ₹50,000 towards transport costs etc.; and (ii) monthly subsistence allowance of ₹3,000 for one year (total ₹36,000) from the date of award. Scheduled Castes/Scheduled Tribes from scheduled areas will receive additional ₹50,000 towards the same	- Land owners will reimburse tenants and leaseholders land rental deposit or unexpired lease - Vulnerable households will be identified during the census.	CMSC will confirm land rental and ensure tenants and leaseholders receive reimbursement for land rental deposit or unexpired lease, and report to PIU/PMU. PIU to initiate and PMU to ensure provision of notice.

10	Loss and temporary impacts on common resources	Common resources	Communities	Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, etc.	-	PMU and PIU through Contractor.
11	Any other loss not identified	-	-	Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009.	-	CMSC/CAPPC will ascertain the nature and extent of such loss. PMU will finalize the entitlements in line with ADB's SPS, 2009.

j

C. COMPENSATION AND REHABILITATION

39. APs will be provided 30 days advance notice to ensure no or minimal disruption in livelihood. In accordance with the RF, provisions are made for APs in the Resettlement Budget for livelihood assistance, shifting assistance and assistance for vulnerable AP wherever applicable. If AP's daily income is less than Minimum Wages (at the time of disbursement) as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs.225/- (August 2020, new proposal of rates is under consideration). The daily wage has been calculated on this basis. As a good practice/ past learning of RUIDP, an inflation of 7% (Flat) will be paid to APs (after a delay of 1 Year) to cover the time lag of survey and final implementation. Vulnerable APs will be given priority in project construction employment

40. All the APs will be compensated in accordance with the agreed entitlement matrix of RF/RPs/RIPPs. APs will be compensated for 14 days' disturbance as per RF however, if the duration of impact will more they will be compensated for the entire period of disturbance after due verification from PIU. The shifting assistance (₹ 1500) will also be provided to kiosks/Vendors and additional assistance ((₹ 9000) will be provided to vulnerable group identified under the subprojects.

41. If any structure gets temporarily affected, then also the contractor would re-establish that particular structure after the project is over. Besides this assistance, for access, ramps would be provided in front of residences and shops to provide required access to people and also the mobile vendors would be assisted in shifting to nearby area or to the opposite side of the road when construction in that particular stretch would take place. The loss of frontage/ structures if any would be borne by the contractor and this has been included in the contractor's TOR.

42. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors. Consistent with the initial environmental examination, contractors will ensure: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.

D. CAPACITY BUILDING ACTIVITIES

43. In order to develop capacity of the PIUs engineers, contractors' officials and other related stakeholders on compliance of social safeguards, Safeguard Specialist-Resettlement of PMCBC are frequently arranging for consultations and training activities. The training programs have been organized during the reporting period at site offices. Training/Orientation program with Project Contractor, CMSC Engineer, Safeguard team of CMSC and Social Outreach team of contractor was held in the PIUs offices and requirement of Safeguard issues

during project implementation was deliberated in details.(i) Introduction to SPS 2009(ii) Introduction to Agreed Resettlement Framework(iii) Type of Impact envisaged and Mitigation Measures (iv) Resettlement Plan and its components (v)Contractor's role in minimization of involuntary resettlement during finalization of design and during execution (vi) Requirement of updating Resettlement plans (RP) by CMSC and requirement of contractor to intimate about final scope/alignment/change of scope and mitigation plan for congested areas including liaison with concerned department(vii) Requirement of 100% Socio Economic Survey as per finalized alignment / scope(viii) Grievance Redress Mechanism/Grievance Redress Committee /City Level Committee(ix) Requirement of Coordination between the agencies involved in execution works.

44. It was deliberated that RP implementation is contractual obligation. It is the responsibility of CMSC to update draft RP after incorporating final impacts and budget. Contractor will facilitate Social Safeguard Person of CMSC for conducting detailed socio economic survey. Being a Design Build Operate contract, the final design/alignment will be provided/ re-confirmed by the contractor. It was also informed that (i) The work should be executed in planned/ phased manner so that temporary inconvenience is avoided (ii) Assess to the households to be maintained during laying of pipeline. (iii) Access to CPRs to be maintained. (iv) Natural Drains should not be disturbed (as far as possible) (v) Advance intimation need to be provided to the household prior to start of pipe laying works. Details of training are presented in Table 15 and list of **Participant are attached in Appendix 6)**

Table 15: Status of training and capacity building activities Oct –March 2021

E. PUBLIC PARTICIPATION AND CONSULTATION

45. A series of meetings and consultations were held with the potential APs and other stakeholders regarding scope of the project, entitlement options, impacts etc. at different stretches during RPs/RIPPs preparation. Key Finding of consultations are: (i) participants expressed satisfaction that there was a subproject taking care of their needs which they have waited for 25-30 years; (ii) they are not hesitant to move or shift if necessary to accommodate the work; (iii) they are willing to provide labor for the subproject; and (iv) they raised that during pipe laying works proper barricading should be done at site and it will be required to cover up the dug holes properly and restore the roads after sub-project construction. Prior to start of inventory loss survey, leaflet with information about the subproject, its benefits, grievance

redress mechanism were also distributed to the potential affected persons as well as households.

46. Door to door consultation with public was held and importance of Water Metering, property connection, Water conservation issues was discussed and need for their support was conversed. Advance intimation about works plan was conveyed to households.

47. The consultation was held very close to the area where work is currently ongoing and was attended by people of the surrounding areas. Social support staff, Social outreach team and representatives from contractors also participated in the events and interacted with the people.

48. A total of 43 consultation meetings were held during this reporting period where 274 participants (148 males and 113 female) attended in the meetings. The following Table 16 shows the consultation meetings held during Oct- 2020 March 2021 under five packages of RSTDSP. Details of the attendance and photographs of the meetings are attached in Appendix 7

Table-16: Consultation Meetings Held during Oct 2020 – March 2021

S.no	Town	Consultations	Participants	Female	Male
1	Consultation with Schedule Tribes	2	14	11	03
2	Consultation with women members	8	54	41	00
3	Stake holder Consultation, Abu-road	6	39	18	21
4	Stake holder Consultation, Ratangarh	5	31	04	27

6	Stake holder Consultation, Sardarshar	6	38	10	28
7	Stake holder Consultation, Laxmangarh	5	28	8	20
8	Stake holder Consultation, Fatehpur	5	28	4	24
	Total	43	274	113	148

Source: Monthly progress report of RSTDSP

49. People are very much willing to extend their cooperation as the project will provide much needed potable water and sewerage facilities. It was conveyed that some relatively adverse issues such as water supply quantity and quality will be hampered during physical work once the civil work will be started. It was also deliberated to the households that temporally access issues may be arise during laying of pipeline, although mitigation measures will be taken by contractors as per site specific Environmental Monitoring Plan (EMP).

I. Community & Women Participation in RSTDSP Project

50. Throughout each phase of subproject and especially during RP preparation, women's participation is being ensured through a gender participation to determine the project's possible impacts on women. It is found that majority of women in the project area are involved in household work. During discussion, women pointed out that each urban infrastructure development project mainly water supply, waste water etc. will provide better health and hygiene, access to health services, higher levels of education, economic opportunities, and social interactions. During this reporting about 54 women are sensitized and empowered. Extensive consultation and sensitization program will be conducted by CAPP Consultant. Details of the attendance and photographs of the meetings are attached in Appendix 8

II. Consultation with scheduled tribe communities in Abu Road subproject

51. Consultation with Scheduled tribes communities in Abu Road was also held by CMSC Safeguard support and social outreach team of contractor. During meeting they were briefed about the technical details of project and project implementation cycle; project benefits as well as adverse impacts envisaged during construction; environmental and social safeguards, gender inclusion, community participation aspects built into the project etc. The issues like, awareness and extent of the project and development components, benefits of project, traffic disruptions and impacts on livelihood. It was conveyed that 100% House service connections for sewerage and potable water will be provided to scheduled tribe households free of cost under this project. CAPPC, will design and conduct a public awareness campaign which shall target all citizens including scheduled tribe communities during project implementation. A consultation and participation consultant will be mobilized for preparation and implementation of community. Prior to start of pipeline works, Advance intimation about works plan was conveyed to households and project leaflet was distributed to them. Details of the attendance and photographs of the meetings are attached in Appendix 9.

F. GRIEVANCE REDRESS MECHANISM

52. To ensure that the grievances of the APs are heard and resolved in a timely manner, the GRM has been established to receive, evaluate, and facilitate the resolution of affected persons' concerns, complaints, and grievances about the social and environmental performance at project level.

53. The grievance redress mechanism (GRM) has been established for the project, which has the following approach and procedure (Figure 2)

- In case the AP has any complaint or grievance, he/she is free to lodge his/her complaint to the contractors, PIU executive engineer /assistant engineer designated as SSO (social and environment), CMSC (safeguard staff) and CAPPC, who can immediately resolve issues on-site, in consultation with each other and will be required to do so within 7 days of receipt of a complaint/grievance. If required, city level

monitoring committee (CLMC)²⁶ will be involved in resolution of grievances at the 1st level;

- In case the AP's grievance is not redressed at PIU level, will be brought to the notice of Zonal PIU headed by Additional Chief Engineer (ACE). The ACE at zonal PIU will resolve the grievance within 7 days of receipt of complaint/grievance in discussion with the assistant safeguard officer (ASO), field level PIU, CMSC, CAPPCC and the contractor;
- All the grievances that are not addressed by Zonal PIU within 7 days of receipt will be brought to the notice of the PMU. Depending on the nature of grievance, the Project Officer (Social/Environment) at PMU will resolve the grievance within 15 days of receipt of grievance with necessary coordination of Zonal PIU and CMSC and guidance/instruction of additional project director (APD-PMU).
- Grievances not redressed through this process within/at the project level within stipulated time period will be referred to the CLC/grievance redress committee (GRC), which has been set up.²⁷ In its role as a GRC, the CLC will meet whenever there is an urgent, pending grievance. Other grievances can be discussed during its regular meetings. Zonal PIU will inform the CLC regarding any grievances required to be resolved urgently. The GRC will resolve the grievance within 15 days of receiving the complaint. In case of any indigenous peoples impacts in subprojects, the CLC/GRC must have representation of the affected indigenous people community, the chief of the tribe or a member of the tribal council as traditional arbitrator (to ensure that traditional grievance redress systems are integrated) and an NGO working with indigenous people groups. GRC will also ensure that grievance mechanism established is gender inclusive in receiving and facilitating resolution of the IPs' concerns.

54. Besides the GRM of the Project, the state has an online grievance monitoring system known as Rajasthan Sampark Portal. The APs can also lodge their complaints online at <http://sampark.rajasthan.gov.in/index.aspx>.

55. The project GRM notwithstanding, an aggrieved person shall have access to the country's legal system at any stage and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. In case of

²⁶ The CLMC has been formed at the town/city level for planning and monitoring of work, resolve issues related to departmental coordination etc. It is headed by Commissioner/Executive Officer ULB (Chairman) and city engineer of public health engineering department (PHED), public works department (PWD) and head of PIU acting as Member Secretary.

²⁷ City Level Committee (CLC)/grievance redress committees (GRCs) has been constituted for each town/city under the Chairmanship of District Collector to provide overall subproject guidance and "to sort out issues and remove hindrances, if any". CLC formed at city-level/district level with members composed of: District Collector as Chairperson, and following as members: ULB Commissioner/Mayor/Chairman; Deputy Mayor/Vice Chairman ULB; Chairman / Secretary Urban Improvement Trust (UIT); Head of Zonal/field level PIU as Member Secretary; one representative each from relevant government departments as appropriate (PWD/PHED/Town Planning Department etc.). All CLCs in their role as GRCs will have at least one-woman member/chairperson. In addition, for project-related grievances, representatives of affected persons, community-based organizations (CBOs), and eminent citizens will be invited as observers in GRC meetings. The concerned Member of Parliament (MP) and Member of Legislative Assembly are also part of the CLC.

grievance related to land acquisition, resettlement and rehabilitation, the affected persons will have to approach a legal body/court specially proposed under the RFCTLARRA, 2013.²⁸

56. People who are, or may in the future be, adversely affected by the project may submit complaints to ADB's Accountability Mechanism. The Accountability Mechanism provides an independent forum and process whereby people adversely affected by ADB-assisted projects can voice, and seek a resolution of their problems, as well as report alleged violations of ADB's operational policies and procedures. Before submitting a complaint to the Accountability Mechanism, affected people should make an effort in good faith to solve their problems by working with the concerned ADB operations department. Only after doing that, and if they are still dissatisfied, should they approach the Accountability Mechanism.²⁹

57. A toll-free number has also displayed by the contractor in a different location for lodge the grievances. Details of toll free numbers of each project towns are presented in Table 17.

Table 17: Toll free number in each project towns

Town	Toll-free number
Abu Road	Still not taken
Sirohi	Still not taken
Sardarsahar	1800-833-0036
Ratangarh	1890-555-4587
Laxmangarh	8905-555-4584
Fatehpur	1890-555-4589
Pratapgarh	Still not taken
Banswara	Still not taken

Source: Monthly progress report.

a) Record-keeping

58. PIUs, Contractor, and CMSC have been entrusted with the responsibility to maintain a proper register of the grievance (if any) which will be endorsed by all agencies involved in implementation. GRC registers are in place at the towns.

(b) Costs

59. Contractors are required to be allocated budget for pamphlets and billboards as part of the EMP. Costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by the PMU. Cost estimates for grievance redress are included in resettlement cost estimates.

²⁸ The Authority admits grievance only with reference to the Land Acquisition and R&R issues under the RFCTLARRA, 2013.

²⁹ Accountability Mechanism. <http://www.adb.org/Accountability-Mechanism/default.asp>.

60. Office order of PMU also issued to all PIUs/CMSC to follow the grievance redress mechanism(**Copy of order is attached in Appendix 10**).

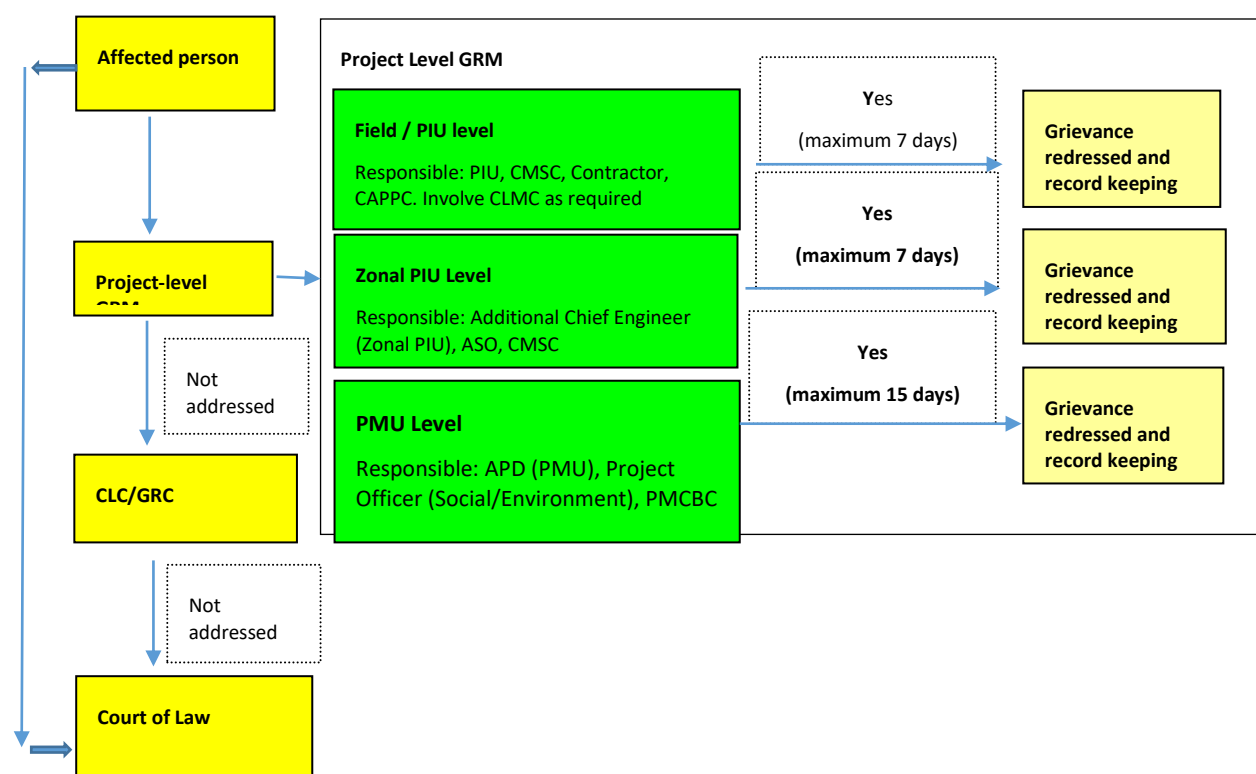

61. During the reporting period, minor complaints from the people (housekeeping, pipeline damaged, leakages in a new connection, etc.) were received, which have been resolved satisfactorily. No complaints/grievances related to social safeguards were received during the reporting period. **Details of Grievances reported during this period is attached in Appendix**

Table 18: Summary of Grievances October to March

Town	January		February		March	
	Grievance	Resolved	Grievance	Resolved	Grievance	Resolved

G. INSTITUTIONAL ARRANGEMENT

62. The Local Self Government Department (LSGD), Government of Rajasthan (GOR) is the executing agency (EA) of the Project, responsible for overall strategic approvals, guidance, and monitoring of the project. Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited (RUDSICO) is the Implementing Agency (IA) for the project. The Project Management Unit (PMU) is housed in the Externally Aided Projects division of RUDSICO (RUDSICO – EAP). PMU is headed by Project Director and assisted by experienced officers from engineer and finance services are responsible for the implementation of the project. Social Project Officer (SPO) at PMU assisted by Safeguard Specialist-Resettlement of Project Management Capacity Building Consultant(PMCBC) to ensure that all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this RF. Two Zone office at Jodhpur and Jaipur headed by an Additional Chief Engineer(ACE) has been well established for monitoring of PIUs. Each zonal office has one dedicated safeguard officer responsible for compliance monitoring and reporting on social, gender and environmental safeguard issues. Project implementation Unit(PIU) is well established in each subproject towns headed by Superintending Engineer/Executive Engineer for implementation of the project. One Engineer in each PIU has been designated as safety and safeguard officer who will be responsible for safeguard and health and safety requirements, monitoring and compliance. PIU is supported by CMSC in all areas of project implementation; implementation of Resettlement plan and safeguard monitoring and compliance. Deployment Status of Social Safeguards officials during the Reporting Period is presented in Table 19 and details of Nodal officers at PIUs level is presented in Table 20.

Figure 3: Organization Structure

Table 19: Deployment Status of Social Safeguards officials during the Reporting Period

Sl.N o.	Name of Institution	Name of Officials	Designation	Position Filled In	Remarks
1	PMU	Kalyan Mandawaria	Project Officer-Social	Yes-Regular	
2	PMU	Mukesh Kumar Saini	Assistant Project Officer-Social	Yes-Regular	
3	PIUs-Town		Nodal Officer-Social at each town	Yes-Regular	Assistant Executive or Junior Executive of respective PIU look after the safeguard issues.(Details are given in table..)
4	PMCBC	Jyoti Dhari Singh	Safeguard Specialist-Resettlement	Yes-Intermittent	
5	PMCBC	Bhupendra Kaushik	Social Support Staff	Yes-Regular	
6	CMSC-1	-	Safeguard Specialist-Resettlement		Position vacant
7	CMSC-1		Social Support Staff		Position vacant
8	CMSC-2	Sajjal Srivastava	Social cum Gender Professional	Yes-Regular	
9	CMSC-2	Indira Chouhan	Social Support Staff	Yes-Regular	Assigned areas-Abu Road and Sirohi
11	CMSC-2	Amit Bhardwaj	Social Support Staff	Yes-Regular	Assigned areas-Ratangarh,Sardarsa har,Laxmangarh and Fatehpur

63. At each PIU, one engineer has been designated as a nodal officer is responsible for day to day monitoring of the environmental management plan (EMP) and implementation of RP. Nodal officers of PIU are assisting PMU SPO in the implementation of the social safeguards at the PIU level. The PIUs are responsible for the implementation of the RPs/RIPPS. PIUs will undertake internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended.

Table 20: Mobilization of Nodal officers at PIUs level

S.N.	Name	Designation	Organisation
1.	Sh. Hari Babu (EE)	SSO, PIU, Laxmangarh	PIU, Laxmangarh
2.	Mr. Deepak Mandan A.E	SSO, PIU, Ratangarh	PIU, Ratangarh
3.	Mr. Dinesh Fogat J.E	SSO, PIU, Sardarshahar	PIU, Sardarshahar
4.	Mr. Surendra Godra J.E	SSO, PIU, Fatehpur	PIU, Fatehpur
5.	Mr. Ashok Kadwasara, AE	SSO, PIU, Sirohi	PIU, Sirohi
6.	Mr. Sunil Kumar Bishnoi A.E	SSO, PIU, Abu Road	PIU, Abu Road
7.	Mr. Prabhulal Bhabor, AE	SSO, PIU, Banswara	PIU, Banswara
8.	Mr. Madan Lohar, JE	SSO, PIU, Pratapgarh	PIU, Pratapgarh

64. For monitoring of the implementation of RPs, Social Safeguard Staff for project town will be appointed by CMSC, are working under the supervision and guidance of CMSC. and PMCBC Social Safeguard Professional. The task of Social Safeguard Staff assigned is as follows:

- To communicate closely with identified (identified through census survey conducted for RPs/RIPPs. potential APs and provide them timely information of construction schedule, distribute identification cards, educate them on their entitlements under the RPs/RIPPs and RF, shifting APs during civil work execution inappropriate manner without hampering their income or assets;
- Assist affected persons (APs) in (i) In opening bank accounts (if not already available with APs), disbursement of compensation livelihood losses and resettlement assistance (as per provisions of RF) and ensure that APs obtain their full entitlements under the RPs (ii) Organize consultation and discussion meetings with the APs the community leaders and other stakeholders throughout RP preparation and implementation phases (iii) To organize consultation and discussion meetings with the APs, the community and other stakeholders throughout RP implementation phases with proper documentation (iv) Ensure disbursement of compensation against livelihood losses, resettlement assistance (vulnerable assistance, shifting assistance, structure losses assistance, crops/trees losses assistance) as per entitlement matrix (v) Disclosure of RP, Cut of date in vernacular language at public places & project affected persons and preparation of internal RP implementation monitoring reports (vi) Distribution of one-month advance notice, to in affected areas that on the following date the civil works will be started in following areas and timely shifting of squatters and encroachers from temporary impact zone during construction if required (vii) Registering grievances of APs (the grievance redress mechanism (GRM) already established) and assist to PIU in resolving grievances at PIU level or GRM level (viii) Assist the APs in the redress of grievances through the Grievance Redress mechanism established as part of the RP/RIPP, and make the APs aware of GRM at several levels (ix) Assist APs in getting benefits from various government development programs particularly for income restoration/generation.

65. Social Outreach Team (SOT) has been mobilized in project towns for supporting the Social Safeguard Staff of CMSC in the implementation of RP and community awareness activities. Status of SoT in subproject wise is given table 21.

Table 21: Present Status of SOT

Town/	SOT Head	Staff Deployed in SOT
Pratapgarh	0	02
Banswara	0	00

H. MONITORING RESULTS-FINDINGS

66. The project monitoring using specific indicators e.g. number of days for which compensation paid versus number of actual days of disruption; number of vulnerable households provided vulnerable assistance; number of grievances registered versus resolved and unresolved grievances; compensations cost versus payments made and so on to get overall understanding about the current status. In addition, compensation and payments of all types of impacts and losses; progress of additional compensation to vulnerable persons; types of training and number of participants; employment opportunities available and availed by affected persons; employment opportunities available and availed by vulnerable groups; status of consultations and redress of grievances; status of inclusion and participation, particularly affected vulnerable groups; social safeguard concerns in construction sites; status and dates of disclosure of RPs. During the reporting period (October 2020 –March 2021) No complaints/grievances related to social safeguards were received. social safeguards activities have been carried in the period that illustrated the following Table 22

Table-22: Status of Monitoring of the Sub-projects (October 2020 –March 2021)

S. N.	Resettlement Plan Activities	Status	Remarks
A. Pre-Construction Activities and Resettlement Plan Activities			
1	Approval of final Resettlement Plan by ADB prior to contract award	100% socio-economic survey of potential affected persons has already been undertaken in Abu Road, Sirohi, Laxmangarh, Ratangarh and Sardarsahar towns subprojects. RPs/RIPPs updating works are under progress. Survey works are under progress in Pratapgarh town while hiring for NGO for conducting socio-economic survey in Banswara, Khetri and Mandawa is initiated by CMSC	Contract of 10 towns already been awarded but no physical works has been executed in potential impacted areas.
2	Disclosure of final Resettlement Plan on ADB and EA websites	Updated RPs/RIPPs will be disclosed in ADB and EA website after obtaining no-objection from ADB.	RPs and RIPPs updating works are under progress.
3	Circulation of summary Resettlement Plan in local languages to all stakeholders	Summary of RF and entitlement provision for losses was circulated to potential affected persons before starting of survey.	summary of Resettlement Plans will be developed in vernacular languages and same will be circulated to all stakeholders.
Resettlement Plan Implementation			
1	Grievance Redress Mechanism established at different levels	Grievance Redress Mechanism has been well established at different levels.	Office order of PMU issued on dated 18.12.2020. A toll-free number has also displayed by the contractors in a different location for lodge the grievances

S. N.	Resettlement Plan Activities	Status	Remarks
2	Entitlements and grievance redress procedure disclosed	Entitlement provision for losses process for lodging grievances has been circulated in project towns.	
3	Finalization of list of affected persons, vulnerable affected persons and compensation due	List of potential affected persons along with vulnerability status has been finalized in Abu Road, Sirohi, Sardarsahar, Laxmangarh and Ratangarh town.	Physical works yet to be started in identified impacted areas in project towns.
4	Finalization of list of roads for full or partial closure; mitigation measures proposed and implemented (with photographic documentation)	Presently not available.	Design and drawings are under progress.
5	Number of days roads were closed (full and partial closure)	Presently not available.	Design and drawings are under progress.
6	Affected persons received entitlements as per EM in RP	During this reporting period, no compensation has been disbursed to affected persons.	Physical works yet to be started in identified impacted areas in project towns.
7	Payment of compensation, allowances and assistance (No. of affected persons)	During this reporting period, no compensation has been disbursed to affected persons.	Physical works yet to be started in identified impacted areas in project towns.
8	Additional assistance (project-related construction jobs, if willing and able) for vulnerable households given (No. of vulnerable affected persons assisted)	During this reporting period, no compensation has been disbursed to affected persons.	Physical works yet to be started in identified impacted areas in project towns.
9	Grievances No. of grievances registered No. of grievances redressed Outstanding complaints Disclosure of grievance redress statistics	No. of grievances registered- 66 No. of grievances redressed- 66 Outstanding complaints-0	No complaints/grievances related to social safeguards were received during the reporting period.
10	Consultation, participation and disclosure as per Plan	Yes consultation, participation, and disclosure have been taken place as per plan	
C. Monitoring			
11	Survey on satisfaction levels of affected persons with Resettlement Plan implementation completed	Presently not required.	Physical works yet to be started in identified impacted areas in project towns.
D. Labor			
12	Implementation of all statutory provisions on labor like health, safety, welfare, sanitation, and working conditions by Contractors. Ensuring no child labour used	Being complied in accordance with EMP	
13	Equal pay for equal work for men and women	Being complied in accordance with GAP	

67. **Status of Labour at Site:** Regular site visit to Project towns (Where physical works has been started) are being conducted by the Safeguard team of CMSC and PMCBC and it is observed that most of the workers are from Jharkhand, Bihar, Bengal, Chhattisgarh etc. Contractor has already provided labor camp with all basic facilities (Water Supply, Electricity and Sewerage). Regular Inspection is carried out at the contractor's work site to keep a check on child labor, health & safety provisions etc. Till date, there is no case of child laborer found at the construction site. Interaction with laborer during site inspection is carried out to understand their health and safety measures, no such issues have been encountered so far. Contractor is maintaining Attendance Register, Grievance Register, Wage register etc. Due to covid pandemic, frequent sensitization program, regular medical checkup, vaccination of project labour are being done by contractors and regular monitoring is being done by PIUs.

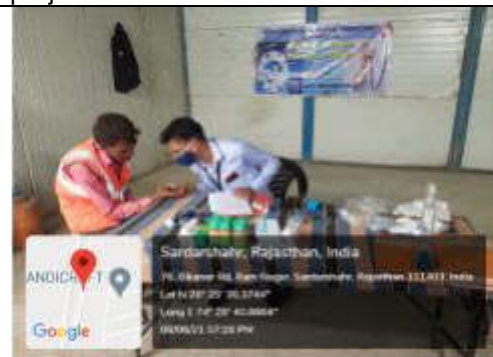

Training for safety at site

Vaccination drive started at Sardarshahar project

Vaccination drive started at Sardarshahar project

Mobile van health check camp at every workplace for workmen.

68. Contractors at Sardarsahar have a separate Corporate Social Responsibilities (CSR) program and various activities are being organized by the contractors with due consultation of PIU team. The goal of CSR activities is to encourage a positive impact through

its activities on the environment, consumers, employees, communities, stakeholders and all other members of the public sphere. Under the CSR activities - International Yoga Day" and World Environment Day was organized by L&T at Sardarsahar. The objective of this program was to facilitating education and healthcare.

I. COMPLIANCE STATUS OF LOAN COVENANTS

69. The covenants to the loan agreement with ADB require that implementation of the project that “projects are designed, constructed, operated and maintained in accordance with ADB’s Safeguard Policy Statements (2009) and agreed between the Borrower and ADB.” Covenants written into the loan agreement that are related to social safeguards are laid in Table 23. These refer to actions that have been compiled satisfactory during the reporting period.

Table 23: Status of Loan Covenants

Covenant	Status of Compliance
Implementation Arrangements 1. The Borrower, the State and the EA shall ensure that the Project is implemented in accordance with the detailed arrangements set forth in the PAM. Any subsequent change to the PAM shall become effective only after approval of such change by the Borrower, the State, EA and ADB. In the event of any discrepancy between the PAM and this Loan Agreement, the provisions of this Loan Agreement shall prevail.	Noted.
2. (a) The Borrower shall ensure or cause the EA to ensure, towards smooth implementation of the Project, that grievances if any from stakeholders, relating to Project implementation or use of funds under the Project are addressed effectively and efficiently.	Being Complied. For the development of pamphlets and billboards (containing contact number of person where grievances can be lodge) that will be displayed at site are considered under EMP. Costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by

Covenant	Status of Compliance
	the PMU. Office order of GRC issued on 18.12.2020 and well established in the towns. The GRM is progressively functioning in all the Town.
2 (b) The Borrower shall ensure or cause the State and EA to ensure compliance with all the requirements and obligations in their part as included in this Loan Agreement and the Project Agreement to meet the objectives of the Project in a timely and efficient manner.	Will be complied
3. The Borrower shall ensure or cause the EA to ensure that its PMU, Zonal Project Offices, and its PIUs within the Project ULBs, employ sufficient staff including increasing the number of adequate staff as included in the PAM, with relevant expertise in the fields of project management, financial management, engineering, procurement, operations and management, and environmental and social safeguards implementation. The EA will ensure that the PMU, Zonal Offices, and the PIUs housed in the Project ULBs, are equipped with the necessary staff, office space, facilities, equipment, support staff and management information systems for the entire duration of the Project and thereafter.	Complied/Being Complied.
4. The Borrower shall ensure or cause the EA to ensure that towards smooth implementation of the Project, grievances if any from stakeholders relating to the Project implementation or use of funds are addressed effectively and efficiently.	Costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by the PMU. Office order of GRC issued on 18.12.2020 and well established in project towns. The GRM is progressively functioning in all the Town.
Land Acquisition and Involuntary Resettlement The Borrower shall ensure or cause the EA to ensure that all land and all rights-of-way required for each Subproject are made available to the Works contractor in accordance with the schedule agreed under the related Works contract and all land acquisition and resettlement activities are implemented in compliance with (a) all applicable laws and regulations of the Borrower and the State relating to land acquisition and involuntary resettlement; (b) the Involuntary Resettlement Safeguards; (c) the RF; and (d) all measures	Land acquisition is not required as all construction work are proposed in government land identified and already provided by line department. Some lands belonging to gaushala (cow shelter) trusts, and government land classified as pasture lands have been obtained, following due procedures required by the government. Involuntary resettlement impacts are confined to mainly temporary loss of livelihood due to temporarily displacement from the location of business of mobile vendor or due to loss of access to shops, temporary in nature.
Without limiting the application of the Involuntary Resettlement Safeguards, the RF or the RP/RIPP as applicable, the Borrower shall ensure or cause the EA to ensure that no	Noted. Will be complied.

Covenant	Status of Compliance
physical or economic displacement takes place in connection with any Subproject until: (a) compensation and other entitlements have been provided to affected people on the related Works contract/section thereof in accordance with the relevant RP/RIPP as applicable; and (b) a comprehensive income and livelihood restoration program has been established in accordance with the relevant RP/RIPP as applicable.	
Indigenous Peoples The Borrower shall ensure or cause the EA to ensure that the preparation, design, construction, implementation and operation of the Subprojects and Project facilities comply with (a) all applicable laws and regulations of the Borrower and the State relating to indigenous peoples; (b) the Indigenous Peoples Safeguards; (c) the IPPF; and (d) all measures and requirements set forth in the relevant RIPP if any as required, and any corrective or preventative actions set forth in a Safeguards Monitoring Report. No Category A subprojects will be financed under the Project..	Noted. Will be complied.
Notwithstanding the stipulation that no Category A Subprojects under environment, involuntary resettlement or indigenous people, will be financed under the Project, in the unforeseen situation of change in categorization of a Subproject that is under implementation, to Category A, the Borrower shall ensure or cause the EA to ensure, in consultation with ADB that such Subproject shall be completed in full compliance of the ADB Safeguard Policy requirements and applicable laws and regulations of the Borrower and the State.	
Human and Financial Resources to Implement Safeguards Requirements The Borrower shall ensure or cause the EA to ensure that all necessary budgetary and human resources to fully implement the EMPs, the RPs and any RIPPs (as applicable) are made available on a timely basis.	Noted. Will be complied. R&R head will be allotted and will be share with PIUs for timely disbursement of compensation.
Safeguards – Related Provisions in Bidding Documents and Works Contracts (a) The Borrower shall ensure or cause the EA to ensure that all bidding documents and contracts for Works contain provisions that require contractors to: (b) comply with the measures and requirements relevant to the contractor set forth in the IEE, the EMP, the RP(s) and any RIPP, if any (to the extent they concern impacts on affected people during construction), and any corrective or preventative actions set out in a Safeguards Monitoring Report; © make available a budget for all such environmental and social measures; (d) provide the EA with a written notice of any unanticipated environmental, resettlement or indigenous peoples risks or impacts that arise during construction, implementation or operation of the Project that were not considered in the IEE, the EMP, the RP/RIPP (as applicable); (e) adequately record the condition of roads, agricultural land and other infrastructure prior to starting to transport materials and construction; and (f) fully reinstate pathways, other local infrastructure, and agricultural land to at least their pre-project condition upon the	Noted. Will be complied

Covenant	Status of Compliance
completion of construction.	
Safeguards Monitoring and Reporting	
(a) The Borrower shall ensure or cause the EA to ensure the following: (a) submit semi-annual Safeguards Monitoring Reports to ADB and disclose relevant information from such reports to affected persons promptly upon submission;	Noted. Will be complied
(b) if any unanticipated environmental and/or social risks and impacts arise during construction, implementation or operation of the Project that were not considered in the IEEs, the EMPs, the RPs or any RIPP (as applicable), promptly inform ADB of the occurrence of such risks or impacts, with detailed description of the event and proposed corrective action plan; and	
(c) report any breach of compliance with the measures and requirements set forth in the relevant EMP, the RP or RIPP (as applicable) promptly after becoming aware of the breach.	

J. FOLLOW UP ACTIONS, RECOMMENDATION AND DISCLOSURE

70. During reporting period (October 2020 to March 2021), ten civil work contracts (Abu Road, Sirohi, Sardarsahar, Laxmangarh, Ratangarh, Fatehpur, Pratapgarh, Banswara, Khetri and Mandawa) have been awarded. NTP for remaining four packages (Ladnu, Makrana, Didwana and Kuchaman) are under progress. Pipe laying work is mainly taking in low density and outskirts areas in six project towns (Abu Road, Sirohi, Sardarsahar, Laxmangarh, Ratangarh and Fatehpur). No pipe laying works has been started in identified impacted areas in that six towns and no one has been impacted, hence no disbursement of compensation has been made during this reporting period.

71. The following Table 24 shows the issues and recommendations that are expected to be accomplished by the PIUs under RSTDSP. CMSC and contractors with the support of PMCBC and PMU to perform the activities from April 2021 to September 2021. Recommendations and further actions or items to focus on for the upcoming monitoring period. It also includes lessons learned for improvement for future safeguards monitoring activities.

Table-24: Issues and Recommendations

Activity/Key Issues	Recommended Action	Responsibility	Action Taken Till September 2021
Updating draft RPs/RIPPs for all the awarded towns	Census and socio-economic survey has already been completed in 5 towns (Abu Road, Sirohi, Ratangarh, Laxmangarh and Sardarsahar) and for rest of town, Census and socio-economic survey will be undertaken. In addition to that consultation meetings, photograph, collect of secondary data will be taken or collected.	CMSC-1&2/ Contractors /PIUs	All the draft RPs/RIPPs will be updated and same will be submitted to ADB.

Activity/Key Issues	Recommended Action	Responsibility	Action Taken Till September 2021
Land allotment			
Sardarsahar	A memorandum of agreement between GVM Trust and Municipality for construction of STP-3 in GVM Trust land.	PIU/Municipal Council/ GVM/ PMU	Site will be allotted to contractor after signing of MoU between GVM and MC and copy of MoU will be reported to ADB through SMR.
	Land transfer documents from IGNP to Nagar Palika for construction of SPS-2,	PIU/Municipal Council/PMU	Site will be allotted to contractor after transfer of land and copy of MoU will be reported to ADB through SMR.
Fatehpur	Municipality will purchase or provided Land for proposed SPS near Fatima Masjid and same will be available PIU for SPS	PIU/Municipal Council/PMU	If land will be purchased third party validation will be done ,copy of negotiated settlement along with witness of third party will be reported to ADB through SMR.
Implementation of RP	All the approved RPs need to be implemented before starting civil work	CMSC-1&2/ Contrcators/ /PIUs	Approved RPs /RIPPs will be implemented before starting civil work.
Collect data and visit to monitor of the social safeguard activities at field level	Social Safeguard Professional of CMSC/ PMCBC	PIUs/PMU	Social Safeguard Professional of CMSC 1&2 will be mobilized.
Conduct and participate coordination meeting/ training on social safeguards at PIUs level	Coordination meeting/ training on social safeguards at PIUs level	CMSC-1&2/ Contracators /PIUs/PMCBC	Meetings on safeguards and updating RPs/RIPPs will be conducted at PIUs and CMSC site offices at regular basis.

राजस्थान मध्यम नगर विकास क्षेत्र परियोजना (RSTDSP), RUIDP चरण- IV

परियोजना का नाम – आबूरोड शहर में जलप्रदाय योजना के सुदृढीकरण एवं जल-मल निस्तारण (सीवररेज) प्रणाली के विकास का कार्य (Aburoad Water supply and Sewerage works)

परियोजना के उद्देश्य

आपके शहर में जल आपूर्ति पेयजल और सीवररेज परियोजना को शुरू किया जा रहा है। इस परियोजना के सफलता पूर्वक संचालन के लिए आप सब शहरवासियों से सहायता की आवश्यकता है। इस योजना के संचालन से शहर के लोगों को पेयजल और सीवररेज से सम्बंधित समस्याओं का निम्नादन होगा और पूरे शहर को नियमित रूप से प्रति दिन पर्याप्त मात्रा में स्वच्छ पेयजल उपलब्ध होगा। सीवररेज परियोजना से पूरे शहर को स्वच्छता के नये आयाम मिलेंगे और पूरा शहर साफ-सुथरा और स्वच्छ नजर आएगा।

जलप्रदाय योजना

(अ) वर्तमान क्षमताओं का पूर्ण उपयोग करना तथा जहाँ भी आवश्यक हो उत्पादन एवं वितरण व्यवस्था में अभिवृद्धि ।
(ब) परियोजना के तहत वितरण में वृद्धि की जायेगी।

सीवररेज कार्य

(अ) पर्यावरण की गुणवत्ता में सुधार तथा स्वच्छता के लिए योजना का क्रियान्वयन करना जिसके तहत सीवररेज की विस्तृत प्रणाली स्थापित की जाएगी तथा घरों से होने वाले सभी प्रकार के निस्तारित जल को सीवर लाईन से जोड़ा जायेगा।
(ब) सीवररेज ट्रीटमेंट (जल मल निस्तारण) संयंत्र का निर्माण किया जायेगा।

परियोजना घटक एवं स्वरूप के प्रस्ताव

जलप्रदाय योजना

(अ) आवश्यक जल परिवहन पाईप लाइनें व वितरण पाईप लाईनों के कार्य (लगभग **195 km** नयी पाईप लाइन डालना)।
(ब) **10** एमएलडी घाटर ट्रीटमेंट प्लांट (जल शोधन संयंत्र)।
(स) जलाशयों का रखरखाव (प्रतिस्थापन एवं निर्माण)।
(द) पानी के अपव्यय को नियंत्रित करने हेतु जॉन वाईज ब्रक मीटरिंग व्यवस्था।
(इ) धरेलू मीटर सहित कनेक्शन (प्रतिस्थापन लगभग 12800 नये)।

सीवररेज कार्य

(अ) लगभग 105 km सीवर लाईन नेटवर्क।
(ब) **6.9 & 2.5 mld** एमएलडी सीवररेज ट्रीटमेंट प्लांट (जल मल निस्तारण संयंत्र) लगाए जाएंगे।
(स) एस पी एस (सीवररेज पम्प स्टेशन) का निर्माण।

परियोजना की अनुमानित लागत – राशि रुपये 203.77 करोड़

निर्माण कार्य के दौरान संभावित अल्पावधि प्रभाव :-
जो लोग रोड के किनारे धड़ी-बेला फल-सब्जी, चाय कि धड़ी फेरी अस्थाई दुकान लगाकर अपना व्यवसाय कर जीविकयापन करते हैं, कार्य के सफल क्रियान्वयन के लिए उन लोगों को अल्पावधि के लिए अन्यत्र स्थानान्तरित की आवश्यकता पड़ेगी। यदि व्यवसायियों को किसी भी तरह की हानि पहुँचेगी तो उन्हें प्रभावित मानते हुये एडीबी / राजस्थान सरकार के मानकों के अनुसार उचित क्षतिपूर्ति का प आयोजन किया जायेगा। इस कार्य हेतु सर्वे कार्य दिनांक 02/02/2021 से शुरू किया जा रहा है जिसमें हम आपसे सहायता की अपेक्षा करते हैं।

हमारी सहायता करें – स्वयं की सहायता करें

राजस्थान मध्यम नगर विकास क्षेत्र परियोजना (RSTDSP), RUIDP चरण- IV

जल का संरक्षण उद्देश्य है। **मृदा भी एक भूवस्तु है। इससे खेती जरूरी है।**

Transcript

Name of the Project- Abu-road Water supply and Sewerage works

Objectives of the Project - A project is going to start in your city/town for providing drinking water and sewerage facilities and participation of all residents is required for success of the project. Under the project, pure drinking water shall be provided as per daily basis with sufficient amount in entire city and sewerage facility shall be improved in entire city and the city shall be considered as clean city.

Water supply

1. Complete utilization of present capacities and improvement in production and distribution system as where possible.
2. Distribution of drinking water shall be improved.

Sewerage Works

1. Sewerage treatment plant shall be constructed
2. Implementation of program for ensuring qualitative improvement in environment and effective and large sewerage system shall be established. All drainages and waste water shall be linked with sewerage system.

Project components and proposal of reforms**Drinking water program**

1. Pipeline laying works for water transmission and distribution (195 Km new pipeline)
2. Construction of water treatment plant with capacity of 10 MLD
3. Maintenance of water ponds (construction and refurbishment)
4. Zone wise bulk meter system for controlling wastage of drinking water
5. House connection with meter (New connections 12800)

Sewerage works

1. Laying of sewerage network (105 Km)
2. Sewerage treatment Plant with capacity of 6.9 and 2.5 MLD
3. Construction of sewerage pumping stations

Project Cost (expected)- 236.77 crore

Short term effects during the proposed construction-

Some Street and mobile vendors are engaged in their livelihood tat road site and they may be affected at temporary basis during the proposed construction and may be displaced at other place. If any loss of business or livelihood is envisaged, shall be considered as affected person and compensated as per ADB/GOR parameters. For this purpose, survey work is going to start from February 2nd,2021 and your cooperation is expected.

Name of the Project- Water Supply Works, Laxmangarh

Objectives of the Project -

Water supply

3. Complete utilization of present capacities and improvement in production and distribution system as and where possible.
4. Distribution of drinking water shall be improved.

Project components and proposal of reforms

Water supply

6. Pipeline laying works for water distribution
7. Zone wise bulk meter system for controlling wastage of drinking water
8. House connection with meter

Project Cost (expected) - 41.54 crore

Short term effects during the proposed construction

Some street and mobile vendors are engaged in road side business. Pipe will be laid in such road/s sides and they may be affected temporarily during the proposed construction and may have to move at other place. If any loss of business or livelihood is envisaged, shall be considered as affected person and compensated as per ADB/GOR parameters.

Entitlement provision

- **Temporary disruption of livelihood-**(Legal titleholders, non-titled APs)- Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption. Assistance to vendors/hawkers to temporarily shift for continued economic activity (₹ 1,500 as one-time assistances).
- **Impacts on vulnerable affected persons** (Temporary impacts)- Vulnerable/Poor AHs- Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. Vulnerable persons/businesses will receive ₹ 9,000 as one-time assistances under temporary impacts.

Those who were not present during survey concluded on 28.02.2021, opportunity is being given to submit their details latest on 7th March 2021, in the PIU office so their name can be included in the list of affected persons.

CERTIFICATE/ UNDERTAKING BY EMPLOYEE :

I certify that above particulars supplied by me are to the best of my knowledge and belief. I do hereby undertake to be loyal to the organization, if appointed honestly, truthfully, loyally and to the best of my ability. I shall not indulge in political activities. I have understood fully the company's rules & regulation etc.. and I undertake to abide by same. Any failure or neglect on my part will make me liable to disciplinary action by the company which may include termination of service.

I also undertake that during the tenure of my service, I will accept transfer from one job to another or from one place to another place within the territory of India at the sole discretion of the management.

I undertake that while on duty I will wear Company's uniform as laid down from time to time I undertake to return all items of uniform issued to me along with accessories upon being discharge from and / or Leaving the service. Failure on my part to do so shall render me liable to pay the cost of all items not returned. Further I agree that if I leave the company before a period of three months, my security deposit shall be forfeited by the company.

I certify that I have never been previously taken in to Police custody nor faced any criminal charges of whatsoever nature and that there is no Police or Court case pending against me as on the date of my enrollment. In case any criminal charge or advice against me comes to the light after police verification at any time, my services may be terminated forthwith.

I certify that I am not employed by any other employer and / or that I will resign and clear my liabilities with my previous employer, if any, before joining the company.

I understand that my service / employment in this company is of a purely temporary nature and that my service may not be required at any time depending on contractual commitment / obligations of the Company.

I further certify that the content of this form has been fully explained to me in vernacular by the Management, My services may be terminated if any certificate/Undertaking/information given by me is false or which is believed to be not true.

I confirm that I have not paid any one for this employment opportunity and I am aware that this recruitment is free.

TERMS & CONDITIONS OF EMPLOYMENT :

1. No employee will be considered permanent until he is declared permanent in writing.
2. The service can be terminated at any time or at a specified time without any notice or assigning any reason.
3. Organisation can on their own accord, transfer or send on deputation any of her / his employee to any of its department, Office, Head Office or in any sister concern of the organisation and office anywhere in India or in other country. For this an employee will not be entitled to any other emoluments. On transfer / proceeding on deputation, an employee will abide by the rules of that concern.
4. Company can suspend any employee for any misconduct and can lay-off for any reason whatsoever and no employee for any misconduct and can lay-off for any reason whatsoever and no employee will be paid any pay or allowance during the period of her/his suspension or lay-off.

No. F3 (301) (60)/RUIDP/PMU/PH-IV/ ADB S. Safeguard /Gen adm /2020-21/11367 Date: 18/12/2020

Suprintending Egnieer/Executive Engineer
PIU- Abu Road, Sirohi, Ratangarh,
Fatehpur, Laxmangarh, Sardarsahar,
Kuchaman, Ladnu, Makrana, Didwana,
Khetri, Mandawa, Pratapgarh and
Banswara.

Subject:- Nomination of Safeguard and Safety Officer (SSO) of each PIUs for proper monitoring of Environmental and Resettlement issues and addressing of safeguard related Grievances through Grievance Redress Mechanism.

Reference:- Agreed Environmental Resettlement framework and EARF of RSTDSP.

All PIUs are directed to issue an office order to nominate one engineer from PIU to works as Safeguard and Safety Officer (SSO). It will be additional responsibility of Safeguard and Safety Officer (SSO), PIU to ensure day to day monitoring of implementation of Environmental Management and Monitoring Plan (EMMP) provisions, implementation & Monitoring Resettlement Plan (RP) and ADB Safeguard Policy& Safety compliance in concern town.

Further it is directed that all the PIU should maintain proper separate records of safeguard related Grievances received in their town and ensure that the safeguard related Grievances received are resolved as per Grievance Redress Mechanism (GRM) prescribed in EARF/RF which is summarized as under (for ready reference)

Methodology of multi-tier GRM	Responsibility/Action to be taken	Time Frame	Record Keeping
1st Level Grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU and CMSC on-site will provide the most easily accessible or first level of contact for quick resolution of grievances	EE, PIU will resolve issues in consultation with supervision personnel (ACM), Safeguard and Safety Officer (SSO) PIU, Contractor, and Safeguard staff of CMSC. If required, city level monitoring committee (CLMC) will be involved in resolution of grievances at the 1st level.	PIU will resolve issues within 7 days of receipt of a complaint/ grievance.	Safeguard Support of CMSC will oversee the matters and prioritize / follow up the issues with PIU/Contractor. Safeguard and Safety Officer of PIUs, Safeguard Support of CMSC will record Grievances timely in the format enclosed as Annexure 1. Contractor/ Safeguard Support of CMSC will enter the general Grievance received (in a summarized manner) in Grievance Register (format enclosed as Annexure 2) on receipt form public forwarded to head of PIU or Safeguard and Safety Officer (SSO) for resolve in time and provide summarized information as and when require.

18/12/20

Project Management and Capacity Building Consultancy (PMCB) RSTDSP (RUIDP-V)			
Received on 21/12/2020		Issued No 1000	
TL	OTL/MSD	CHC	SDS
STRS	ES	FE	ENV
PG	PPDD	PPW	IF
CS	PS	PHS/ENG	ASCO
PC	CH	ENV	SOCIAL

Methodology of multi-tier GRM	Responsibility/Action to be taken	Time Frame	Record Keeping
2nd level: All grievances that cannot be redressed within 7 days at field/PIU level will be brought to the notice of Zonal PIU headed by Additional Chief Engineer (ACE).	The ACE at zonal PIU will resolve issues in consultation with SE/EE PIU, assistant safeguard officer (ASO), field level PIU, CMSC, and the contractor.	The ACE at zonal PIU will resolve the grievance within 7 days of receipt of complaint/grievance.	RP. Environmental and Social Safeguards Personal of CMSC will keep all the records referred to zonal PIU and after compilation, all the details will be submitted to PMU.
3rd level: All the grievances that are not addressed by Zonal PIU within 7 days of receipt will be brought to the notice of the PMU.	Project Officer (Social/Environment) at PMU will resolve the grievance with necessary coordination of Zonal PIU and CMSC and guidance/instruction of additional project director (APD-PMU).	PMU will resolve the grievance within 15 days of receipt of grievance.	Safeguard Support of PMCBC will keep all the records referred to PMU.
4th level: Grievances not redressed through this process within/at the project level within stipulated time period will be referred to the CLC/grievance redress committee (GRC).	Zonal PIU will inform the CLC regarding any grievances required to be resolved urgently.	The GRC will resolve the grievance within 15 days of receiving the complaint.	Environmental and Social Safeguards Personal of CMSC will keep all the records.

Please note that an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM.

PIU Safeguard and Safety Officer (SSO) will monitor the entire process and all decisions taken by the PIU, zonal officers, PMU and GRC and will be communicated to the APs by Safeguard Support of CMSC.

It is also directed that names and contact number of the concerned Safeguard and Safety Officer (SSO) of PIU, contractors, safeguard support staff of CMSC will be posted at all construction sites at visible locations.

All PIUs will ensure timely issuance of order with a copy to Project Officer (Social & Environment), PMU. Further PIUs will be responsible to ensure redressal of grievances as per GRM procedures summarized above.

Chief Engineer, RUIDP
