EXECUTIVE SUMMARY

The Rajasthan Secondary Towns Development Sector Project (RSTDSP), is the fourth phase of investment projects financed by Asian Development Bank (ADB) and implemented by the Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited-Externally Aided Projects (RUDSICO-EAP), previously known as Rajasthan Urban Infrastructure Development Project (RUIDP). RSTDSP aims to improve water supply sewerage and other infrastructure services in secondary towns of Rajasthan with populations ranging from 20,000-1,15,000 through a sector loan modality. The project is aligned with the following impact(s): (i) improvement in access to potable, affordable, reliable, equitable, and environmentally sustainable drinking water supply in all urban areas of Rajasthan (ii) improvement in health status of urban population, especially the poor and under-privileged through improvements in sewerage systems of subproject towns (iii) enhancement in productivity, livability and prosperity for citizens in Rajasthan cities and towns.

Under RSTDSP, work is in progress in 14 project towns. From the savings under the ongoing project of RSTDSP, the Government of Rajasthan (GoR) has decided to implement Faecal Sludge and Septage Management (FSSM) through the construction of FSTPs in selected 13 towns which do not have a central sewer network. The project is expected to increase operational efficiency, improve service delivery, and positively impact health and quality of life for the residents of project towns in the state. The Government of Rajasthan has also decided to take up implementation of Water Supply, Sewerage, Drainage, Faecal Sludge and Septage Management (FSSM) and other city improvement works including city beautification works through implementation of about 23 subprojects in 16 towns .under the additional financing of \$200 million from Asian Development Bank (ADB). The Department of Economic Affairs (DEA), Government of India has agreed for additional financing of these new projects.

Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited (RUDSICO) is the Implementing Agency (IA) for the project. The Project Management Unit (PMU) is headed by Project Director. Project Officer –Social at PMU assisted by Safeguard Specialist-Resettlement of Project Management Capacity Building Consultant (PMCBC) to ensure that all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this social safeguards planning frameworks. Project implementation Units (PIUs) headed by Superintending Engineer/Executive Engineer for implementation of the project. One Engineer in each PIUs has been designated as Safety and Safeguard Officer who is responsible for safeguard and health and safety requirements, monitoring and compliance. PIU is assisted by Social Safeguard cum Gender Professional and support staff of Construction Management Supervision Consultant (CMSC) for implementation of resettlement plan and safeguard monitoring and compliance.

This is the 3rd Semi-annual Social Monitoring Report (SSMR) prepared for the Tranche-II towns (Additional Financing) for the period of October 2024 to March 2025. The general objective of this SSMR is to assess and review the progress on safeguards-resettlement measures taken during the reporting period for the subprojects under additional financing.

Draft resettlement plans (RPs) for 15 subprojects¹ and draft Resettlement and Indigenous Peoples Plans (RIPPs) for 03 subproject² were prepared for the proposed 18 subprojects. Additionally, 04 subprojects³, where no involuntary resettlement (IR) impacts were envisaged

¹ 1.Jodhpur Storm Water Drainage (SWD), 2.Jodhpur Wastewater (WW),3. Nimbahera Water Supply (WS), 4.Nokha Water Supply and Wastewater (WS and WW), 5.Nathdwara water supply (WS), 6.Bundi City Beautification (CB),7. Bundi (WSandWW), 8.Bundi (SWD), 9.Bharatpur (WW), 10.Bharatpur (CB), 11.Bhawani Mandi (SWD), 12.Barmer (WW), 13.Balotra (WS and WW), 14.Pushkar (CB), 15.Nawalgarh (CB), 16. Jaisalmer (CB)

² 1.Sagwara (WS and WW), 2. Dungarpur (WS and WW), and 3. Mount Abu (CB)

³ The DDRs for (i) Sagwara City Beautification, (ii) Jaisalmer City Beautification, (iii) Ratangarh Storm Water Drainage, and (iv) Nawalgarh Storm Water Drainage were preped and approved by ADB.

during Draft assessment and due diligence reports (DDR) were prepared as per SPS, 2009. Out of the 04 DDRs, in case of Jaisalmer City Beautification subproject the DDR (was approved by ADB) has been converted to a resettlement plan as involuntary resettlement impacts were identified during detailed measurement survey (DMS)/ final design. After DMS/ final design, 100% census and socio-economic survey of potential affected persons was conducted and the status of the document changed to a resettlement plan. Further, for 01 City Beautification subproject of Nathdwara town is also the part of this additional financing and the detailed project report (DPR) for subproject has been approved, bidding is under process, accordingly draft RP prepared and submitted to ADB for approval on 10.10.2024, comments received addressed and submitted back to ADB for approval on 18.11.2024. All Resettlement Plans (RPs) and Resettlement and Indigenous Peoples Plans (RIPPs) were prepared based on Draft scope and preliminary design, and are being revised/ updated to account for the approved detailed design, detailed measurement survey (DMS) and 100% census/ socio-economic survey of potentially affected persons (APs) by CMSC and PMCBC during the implementation phase. A Resettlement Framework (RF) has also been prepared to guide RSTDSP on Involuntary Resettlement (IR) impacts during project implementation.

It is confirmed that all subprojects do not cause (i) any significant involuntary resettlement (IR) impacts and/or (ii) negative impact on indigenous people (IP). The construction of the subproject does not require any acquisition of land or cause permanent displacement. The primary nature of identified resettlement impacts are potential temporary loss of income of vendors/hawkers operating in the right of way (RoW) and minor structure loss (access ramp, stair case) of some residential and commercial structures. Based on 100% survey of potential affected persons, a total **3888** people have been identified as potential affected persons (APs) across 22 subprojects (subproject city beautification of Nathdwara town is under bidding process and hence, not considered). Out of the total **3888** affected persons, **3872** are roadside vendors/hawkers, facing temporarily income loss (due to loss of access during pipe laying), 08 are farmers, facing crop loss under Jodhpur storm water drainage subproject and 08 families may be impacted from minor loss of residential and commercial structures under Bharatpur wastewater subproject. Among the total **3888** affected persons, **1602** fall under vulnerable category⁴. As per entitlement matrix, disbursement of compensation against the livelihood losses, shifting assistance, vulnerability assistance, and escalation against delay in payment as defined in resettlement framework (RF) with respect to cut off date shall be made prior to the impact and prior to start of any civil work in the affected areas. The subprojects under Loan 4325-IND has been categorized as **B** for involuntary resettlement (IR) and for Indigenous Peoples (IP)⁵ in accordance with the ADB's SPS 2009.

Out of 23 subprojects, three subproject towns Mount Abu, Sagwara and Dungarpur are part of scheduled areas as declared by the Government of India. Whilst many Scheduled Tribe (ST) households residing in these three towns, they no longer maintain their cultural traditions and have settled amongst the non-tribal populations. The subprojects are expected to have beneficial impacts on scheduled tribe community in these three towns- 100% of the scheduled tribe community in coverage areas will be provided with water supply, sewerage connections and other infrastructure services. In compliance to the specific action plans, consumer survey has been completed by the project contractors in all the three towns and number of scheduled tribe households in each town has been captured for providing 100% water supply, sewerage and other infrastructure facilities. Under special action plan (SPA), consultations are being conducted with scheduled tribe households in Dungarpur and Sagwara towns. In addition to that detailed information about the project scope and advantages are being disseminated to them through meetings and IEC materials. Community awareness activities under GESI

⁴ Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule caste and scheduled tribe households.

⁵ Three subproject towns Mount Abu, Sagwara and Dungarpur are part of scheduled area as notified by Government of India.

(gender equality and social inclusion)-action plan is being implemented through CAPP consultant. Gender Action Plan involves- developing IEC materials, providing skill training, formation of groups, linkage with livelihood scheme, women internship program etc. to promote gender equality and women's empowerment and increase women's access to and use of relevant services under the project.

By the end of this reporting period (October 2024 to March 2025), out of 23 subprojects, contracts for 19 subprojects⁶ have been awarded and pipe laying work under wastewater, water supply, and storm water drainage and rejuvenation and conservation of work sites/ monuments under city beautification have commenced and progressed considerably. Contracts for 03 City Beautification subprojects⁷ are yet to be awarded till this reporting period. Additionally, Nathdwara City Beautification subproject is also the part of this additional financing and the detailed project report (DPR) for subproject has been approved, bidding is under process, accordingly draft RP prepared and submitted to ADB for approval on 10.10.2024, comments received addressed and submitted back to ADB for approval on 18.11.2024. Till the end of this reporting period (October 2024 to March 2025), the resettlement assistance of ₹ **1,624,020** has been paid to total **172** project affected persons (Jodhpur wastewater - 19 APs), Jodhpur Drainage - 01 AP), Dungarpur water supply and wastewater - 13 APs), Sagwara water supply and wastewater - 10 APs), Nimbahera water supply and wastewater - 11 APs), Nathdwara water supply - 10 APs), Bundi water supply and wastewater - 24 APs) and Bharatpur wastewater - 84 APs) under the additional financing.

Social safeguard cum gender specialists and support staff are posted at their concerned CMSCs and towns, and are conducting regular meetings/consultations with the potential affected persons. Some impact on common property resources (CPRs) in the working areas were identified under Jodhpur Drainage subproject after DMS and approved design. Updated resettlement plan of Jodhpur Drainage subproject proposes reconstruction of the affected CPRs (Public Drinking Water Post, water trough for animals, small temple and small religious platform-2 numbers, and boundary wall Ashapura Enclave Colony) and includes budgets for reconstruction of the CPRs. The budget also includes replacement cost of wire fencing likely to be impacted; with prior consultation and agreement of all stakeholders. Under Bhairav Nalla (drain) section between chainage 3.730 - 6.350 impact on one CPR (public drinking water post locally called *Piau*) has been avoided.

Grievance Redress Mechanism (GRM) has already been established. PIUs with support of Construction Management Supervision Consultant (CMSC) and contractors are entrusted with the responsibility to maintain a proper grievance register and ensure that the grievances received during execution are recorded and resolved within the specified timeframe. Contractor have also procured and shared toll free numbers/ contact number of concerned person for grievance redress with the households/ affected persons through their social outreach team. During this reporting period, minor complaints from the people like damage of existing pipeline, leakages in a new connection, etc. were received and resolved satisfactorily. No complaints/ grievances related to social safeguards or resettlement plan implementation aspects were received during the reporting period. A series of regular meetings, consultations, and discussions are being conducted with the potential affected persons and other stakeholders regarding scope of the project, entitlement options, impacts etc. during resettlement plan preparation and implementation at different stretches. Leaflets with information about the respective subprojects, its benefits, grievance redress mechanism are also being distributed to the households. The main findings of the consultations are: (i) the participants expressed satisfaction and expressed that they were demanding improved water supply and sewerage facilities for years and the subprojects would meet their needs; (ii) they

⁶ 1.Jodhpur SWD, 2.Jodhpur WW, 3.Nimbahera WS, 4.Nokha WSand WW, 5.Nathdwara WS, 6.Sagwara WS and WW, 7.Dungarpur WS and WW, 8.Barmer WW, 9.Balotra WS and WW, 10.Ratangarh SWD, 11.Bundi WS and WW, 12.Bundi SWD, 13.Bharatpur WW, 14.Bharatpur CB, 15.Bhawani Mandi SWD, 16.Nawalgarh SWD, 17.Sagwara CB 18.Jaisalmer CB and 19. Pushkar CB)

⁷ Mount Abu, Nawalgarh and Bundi.

raised concerns that the trenches for pipelaying should be covered immediately after laying is complete to ensure smooth flow of traffic and pedestrian movement, (iii) proper road restoration should be done immediately. It was appraised that trenches will be covered within the day of excavation and road restoration to the previous condition may take a bit of time. It was also appraised that road restoration is part of the subproject component.

The safeguard specialist- resettlement of PMCBC and social safeguard and gender specialist of both CMSCs have been mobilized, and are monitoring project activities, taking care of overall safeguards-resettlement activities, and coordinating with all stakeholders i.e. PMU, PIUs, Contractor, allied department and community members. Social safeguard and gender specialists and their support staff are regularly visiting subproject towns/ sites in order to investigate possible involuntary resettlement impacts, implementation of resettlement plan and related social safeguards issues including update of specific action plans. Social safeguard specialist of PMCBC, and social safeguard and gender specialist are providing training and other sensitization initiatives to the PIU/CMSC and contractors' engineers/ staff on ADB's safeguard policies and guidelines.

A. Project Background and Description

1. The Rajasthan Secondary Towns Development Sector Project (RSTDSP), is the fourth phase of investment projects financed by Asian Development Bank (ADB) and implemented by the Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited-Externally Aided Projects (RUDSICO-EAP), previously known as Rajasthan Urban Infrastructure Development Project (RUIDP). RSTDSP aims to improve water supply sewerage and other infrastructure services in secondary towns of Rajasthan with populations ranging from 20,000-1,10,000 through a sector loan modality. The project is aligned with the following impact(s): (i) improvement in access to potable, affordable, reliable, equitable, and environmentally sustainable drinking water supply in all urban areas of Rajasthan (ii) improvement in health status of urban population, especially the poor and under-privileged through improvements in sewerage systems of subproject towns (iii) improvements in other infrastructure services of some towns. Under RSTDSP, in tranche-I; contracts has been awarded for 14 project towns and works are being executed at a rapid pace. Additionally, from the savings under the ongoing project of Tranche-I under RSTDSP, the Government of Rajasthan (GoR) has decided to implement Faecal Sludge and Septage Management (FSSM) through the construction of FSTPs in selected 13 towns which do not have a central sewer network. The project is expected to increase operational efficiency, improve service delivery, and positively impact health and quality of life for the residents of project towns in the state. The Government of Rajasthan has also decided to take up implementation of Water Supply, Sewerage, Drainage, Faecal Sludge and Septage Management (FSSM) and other heritage conservation and rehabilitation works including other city beautification works by about 23 subprojects in 16 towns under the Tranche-II, additional financing of \$200 million from Asian Development Bank (ADB). The Department of Economic Affairs (DEA), Government of India has agreed for additional financing of these new subprojects.

2. Project Components: RSTDSP under Tranche-II (Additional Financing) includes 23 subprojects in 16 project towns⁸. Under the additional financing, there are 05 subproject of Storm Water Drainage, 02 subproject of water supply, 03 subproject of wastewater, 05 subproject for both water supply and wastewater and 08 subproject of Heritage Conservation and City Beautification (Refer to **Table 1 and Figure 1**). The project is financing infrastructural development, in the form of construction and resettlement, related to water supply and wastewater, storm water drainage and heritage conservation and city beautification inclusive of capacity building of existing Municipal bodies. The town-wise detail of awarded 19 subprojects with their concerned town is depicted in **Table 1(A)**. Mostly awarded contract packages are design built operate (DBO) contracts and some are design built (DB) packages (refer Table 1(A)).

3. **Impact of the Project:** The water supply improvements are expected to benefit all, including the urban poor, by reducing water collection time from other sources, which may be costly or unhygienic; and by minimizing earning losses from wasted working days due to waterborne diseases. The project also aims for wastewater reuse and a city-wide, inclusive sanitation as well as drainage approach to improve sanitation and drainage services for all, including below poverty line households. The city beautification works aim to improve the state of heritage buildings and monuments, and contributing to reduce the unhygienic conditions in the respective towns. This will attract and stimulate other sources of livelihood. Social and community development is an important component of the project, involving and mobilizing community under well-organized proactive public awareness campaigns.

⁸ Jodhpur, Nimbahera, Nokha, Nathdwara, Sagwara, Dungarpur, Bundi, Bharatpur, Bhawani Mandi, Barmer, Jaisalmer, Balotra, Mount Abu, Pushkar, Ratangarh and Nawalgarh.

Table 1: Summary of Proposed Improvements in Subproject Towns

Subprojects	ULBs
Water supply (2 ULBs)	Nimbahera and Nathdwara
Wastewater (3 ULBs)	Jodhpur, Bharatpur and Barmer
Water Supply and Wastewater both (5 ULBs)	Nokha, Sagwara, Dungarpur, Bundi and Balotra
Storm Water Drainage (5 ULBs)	Jodhpur, Bundi, Bhawani Mandi, Ratangarh and Nawalgarh
City Beautification (8 ULBs)	Nathdwara, Sagwara, Bundi, Bharatpur, Jaisalmer, Mount Abu, Pushkar and Nawalgarh

B. Purpose of the Report

4. The purpose of the semi-annual social monitoring report (SSMR) is to provide periodic status updates in the implementation of the project to ensure compliance with the approved involuntary resettlement and indigenous peoples planning documents such as resettlement plans (RP)/ Resettlement and Indigenous Peoples Plans (RIPPs) and Due Diligence Reports (DDR). RSTDSP has the responsibility to oversee the implementation and monitoring of social safeguards issues of each subproject in the project towns. This report covers social safeguard - Resettlement social safeguard monitoring results to comply with the spirit of ADB policy to 'Enhance Stakeholders Trust' and ability to engage with ADB and thereby increase the development impact (of projects) in which disclosure of social safeguard– resettlement monitoring is a prominent aspect. This report covers social monitoring, addressing all the issues related to social safeguards - resettlement, with reference to the progress achieved and

the current status of the reporting period. The PMU is scheduled to provide the monitoring report on social safeguards activities at semi-annual basis. The current Semi-annual Social Monitoring Report (SSMR) is the 3rd SSMR prepared for the Tranche-II towns (Additional Financing) for the period of October 2024 to March 2025, in accordance with the ADB Safeguard Policy (SPS), 2009.

Table 1(B): Status of Submission and Approval of Additional Financing Subproject towns

Tranche-II Additional Financing Subprojects					
S.no	Package	Name of town and sub-project	Type of Document	Status of Draft Report	Status of Updated/ Final Reports
1.	RSTDSP/BAR-BLT/WS-WW/01	Barmer Wastewater Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Updated RP has been submitted to ADB on 26.04.2024 and approval has been obtained in September 2024 from ADB.
2.		Balotra Water Supply and Wastewater Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Updated RP has been submitted to ADB on 24.04.2024 and approval has been obtained from ADB in September 2024.
3.	RSTDSP/BHR/WW/01	Bharatpur Wastewater Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Updated RP of Bharatpur WW has been submitted to ADB on dated 08.04.2024. and approval has been obtained from ADB in May 2024.
4.	RSTDSP/BHR/CTYBF/01	Bharatpur City Beautification Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	It was reported by CMSC-I on dated 06.06.2023 that no change is reported in original scope of work; hence, RP will remain same
5.	RSTDSP/04 towns/DR/01	Bhawani Mandi Storm Water Drainage Subproject	Resettlement Plan (RP)	Draft RP has been submitted and reviewed by ADB.	Updated RP prepared and submitted to ADB
6.	RSTDSP/03 towns/WS-WW//01	Bundi Water Supply and Wastewater Subproject	Resettlement Plan (RP)	Draft DDR was prepared and submitted and approved from ADB.	DDR converted into Resettlement Plan (RP) and submitted to ADB and approval has also been obtained from ADB.
7.	RSTDSP/04 towns/DR/01	Bundi Drainage Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Updated RP prepared and submitted to ADB, and approval has also been obtained from ADB in March 2024.
8.	Package Not Awarded	Bundi City Beautification Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB (cleared for bidding only).	Updated document has been submitted to ADB on 20.11.2023; and approval obtained in Jan' 2024.

9.	RSTDSP/DN G-SGW/WS- WW/01	Dungarpur Water Supply and Wastewater Subproject	Resettlement and Indigenous People Plan (RIPP)	Draft RIPP has been submitted and approved from ADB (cleared for bidding only).	Updated RIPP has been submitted to ADB on 12.01.2023 and approved by ADB on 02.02.2024
10.	RSTDSP/JSL/ CTYBF/01	Jaisalmer City Beautification Subproject	Resettlement Plan (RP)	Draft DDR has been submitted and approved by ADB only for the bidding purpose.	DDR converted into Resettlement Plan (RP) and submitted to ADB. Approval obtained in September 2024.
11.	RSTDSP/JOD /01	Jodhpur Wastewater Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Revised RP has been submitted to ADB on 20.03.2024. Comments received, addressed, and submitted back to ADB for approval on 12.08.2024.
12.	RSTDSP/JOD /02	Jodhpur Drainage Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Revised RP after DMS, has been submitted to ADB on 05.08.2024
13.	Project Not Awarded	Mount Abu City Beautification Subproject	Resettlement and Indigenous People Plan (RIPP)	Draft RIPP has been submitted and approved from ADB.	
14.	RSTDSP/3 towns/WS- WW//01	Nathdwara Water Supply Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB (for bidding purpose).	Draft RP prepared and submitted to ADB and has received approval from ADB. Updated RP of Nathdwara has been submitted to ADB on 26.06.2023 and approved by ADB in December 2023.
15.	RSTDSP/4 towns/DR/01	Nawalgrh Wastewater- Drainage Subproject	Due Diligence Report (DDR)	Draft DDR had been submitted and approved by ADB only for the bidding purpose.	Updated Draft DDR prepared and submitted to ADB, and approval has also been obtained from ADB in May 2024.
16.	Project Not Awarded	Nawalgarh City Beautification Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	updating the RP is not required at this stage.
17.	RSTDSP/3 towns/WS- WW//01	Nimbahera Water Supply Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB (for bidding purpose only).	Draft RP prepared and submitted to ADB, and approval has also been obtained from ADB in Jan'2024.
18.	RSTDSP/NKH /01	Nokha Water Supply and Wastewater Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved by ADB only for the bidding purpose.	Revised draft RP Nokha for sectional approval of water supply subproject, based on DMS has been submitted to ADB in October 2024, and

					approved by ADB in Feb 2025
19.	RSTDSP/PSK/CTYBF/01	Pushkar City Beautification Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Updating the RP is not required at this stage.
20.	RSTDSP/4 towns/DR/01	Ratangarh Wastewater-Drainage Subproject	Due Diligence Report (DDR)	Draft RP had been submitted and approved from ADB (for bidding purpose).	Updated DDR prepared and submitted, and approval has also been obtained from ADB in April 2024.
21.	RSTDSP/DN G-SGW/WS-WW/01	Sagwara Water Supply and Wastewater Subproject	Resettlement and Indigenous People Plan (RIPP)	Draft RIPP has been submitted and approved from ADB.	Updated Draft RIPP prepared and submitted to ADB, and approval has also been obtained from ADB in Feb' 2024.
22.	RSTDSP/SGR/CTYBF/01	Sagwara City Beautification Subproject	IR-IP Due Diligence Report (DDR)	Draft DDR has been submitted and approved from ADB.	No change is reported under original scope of work hence DDR will remain same.
23.	Project Not Awarded	Nathdwara City Beautification Subproject	-	Draft RP has been prepared and submitted to ADB, compliance of the observations done. Document under review with ADB.	The DPR has been approved and bidding is under process, accordingly draft RP prepared and submitted to ADB for approval on 10.10.2024, comments received addressed and submitted back to ADB for approval on 18.11.2024.

Source: Data received from PMU and ADB.

C. Social Safeguard Categorization

5. The construction of the subprojects does not require any acquisition of land or cause permanent displacement. The locations for the permanent sites of the subproject components such as the sewerage treatment plant (STP), sewerage pumping stations (SPS) clear water reservoir (CWR), water treatment plant (WTP), consumer relation management center (CRMC), center control center (CCC) and master control center (MCC) have been carefully identified and proposed in the vacant encumbrance free government land while the pipeline for water supply, water and drainage will be laid within road right of way (RoW). All rejuvenation and conservation works under city beatification will also be executed on government owned land, structures and monuments. The main resettlement impact is the potential reduction in the income/ livelihood of vendors/hawkers operating in the RoW. During pipeline laying, presence of trenches, excavated soil and machinery, may make it difficult for customers to reach the place where vendors/hawkers are operating their petty business. Draft safeguard documents (RPs/RIPPs/DDRs) were prepared and need to be updated and submitted to ADB for additional financing subprojects as per SPS 2009. Till this reporting period, out of 23

subprojects, draft safeguard documents (RP/RIPP/DDR) of 22 subprojects⁹ have been submitted to ADB. Among these, 21 subprojects (incorporating Draft draft, updated draft and 03 documents cleared for bidding), have been approved by ADB. The physical progress along with details of the contractor of the subprojects are provided in **Appendix 1**. Additionally, updated draft RP based on Detailed Measurement Survey (DMS), final design, 100% census/socio-economic survey of one subproject concerning storm water drainage in Bhawani Mandi has also been submitted to ADB. For the Nokha Water Supply and Wastewater Subproject, land for STP 7 MLD has not been finalized by the end of this reporting period. This has also been mentioned in the updated Resettlement Plan of Nokha. Sectional approval obtained from ADB in the 1st week of February 2025. In addition to that, Nathdwara City Beautification subproject's Detail Project Report (DPR) has been approved, and Draft draft Resettlement Plan has been prepared and submitted to ADB. All along, observations also received and compliance of the ADB observations has also been done and submitted to ADB for approval.

6. As impacts are not significant, hence the subprojects under Loan 4325-IND has been categorized as 'B' for involuntary resettlement (IR) and 'B'¹⁰ for Indigenous People (IP) in accordance with the ADB's SPS 2009, which applies to this project.

7. Impacts on Indigenous Peoples: Out of 23 subprojects, three subproject towns (Mount Abu, Sagwara and Dungarpur) have been declared as a scheduled area by the Government of India. Whilst many Scheduled Tribe (ST) households residing in these three towns; no longer maintain their cultural traditions and have settled amongst the non-tribal populations. No negative impact is expected to the dignity, human rights, livelihood systems, culture, communal assets, and territorial, natural, and cultural resources of indigenous people. The subprojects are expected to have beneficial impacts on scheduled tribe community in these three towns. 100% of the scheduled tribe community in coverage areas will be provided with water supply, sewerage connections and other infrastructure services. In compliance to the action plan, consumer survey has been completed by the project contractors in Sagwara and Dungarpur towns and number of scheduled tribe's households in these towns have been captured for providing 100% water supply, sewerage and other infrastructure facilities. The Mount Abu subproject is under bidding process and have not been awarded during this reporting period. Public consultations are being with scheduled tribe (ST) households and community members in these towns. The project scope and its advantages are being disseminated to them. The project is designed to provide benefit 100% Scheduled Tribe (ST) households in the project coverage area. Additionally, to address any potential safeguards issues and ensure maximum benefits reach the ST families, a specific action plan for the indigenous people has been drawn up for these three subprojects. The work plan covers the following specific activities: (i) a baseline survey will be conducted for identification and inclusion of indigenous peoples households within the project coverage area; (ii) proposed benefits (e.g.) to indigenous peoples households will be shared and monitored; (iii) IEC materials, information sharing, consultations and other activities stated in the CAPPC will be culturally sensitive and appropriate when implemented in the scheduled area; (iv) in case of any indigenous peoples impacts in subproject, the chief of the tribe or a member of the tribal council as traditional arbitrator (to ensure that traditional grievance redress systems are integrated) and an NGO working with indigenous peoples, will be included. GRC will also ensure that grievance redress established is gender inclusive in receiving and facilitating resolution of the Indigenous Peoples (IPs) concerns; (v) consultations with Indigenous

⁹ 1.Jodhpur Storm Water Drainage (RP), 2.Jodhpur Wastewater (RP), 3.Nimbahera Water Supply (RP), 4.Nokha Water Supply and Wastewater (RP), 5.Nathdwara Water Supply (RP), 6.Sagwara WS and WW (RIPP), 7.Sagwara CB (DDR), 8.Dungarpur WS and WW (RIPP), 9.Bharatpur Wastewater (RP), 10.Bharatpur City Beautification (RP), 11.Nawalgarh Storm Water Drainage (DDR), 12.Barmer Wastewater (RP), 13.Jaisalmer CB (DDR), 14.Balotra WS and WW (RP), 15. Mount Abu CB (RIPP), 16.Pushkar City Beautification (RP), 17.Ratangarh Storm Water Drainage (DDR), 18.Bundi City Beautification (RP), 19.Nawalgarh City Beautification (RP), 20.Bundi WS and WW (RP), 21.Bundi Storm Water Drainage (RP) 22. Bhanwani Mandi Strom Water Drainage (RP)

¹⁰ Mount Abu, Sagwara and Dungarpur has been declared as a scheduled area by the Government of India.

Peoples (IPs) households will be conducted in all subproject stages which shall help in identifying any culture-specific requirements and traditions like avoidance of any specific festival days, and/or other activities with cultural significance to the Indigenous Peoples communities during civil work; and any other Indigenous Peoples related issues and concerns that may be of importance to the community. An end-line sample survey will be conducted to document the views of Indigenous Peoples households about subproject benefits. Such survey is in line with subproject internal monitoring.

8. **Implementation of Specific Action Plan (SAP):** The key aspects and progress of the specific action plan implementation in Sagwara and Dungarpur Towns are provided below. Implementation of a specific action plan for Mount Abu subproject is yet to start as the contract is yet to be awarded. The details of the SAP implementation status and Glimpses of Activities for both Sagwara and Dungarpur Towns are provided as **Appendix 2** and **Appendix 3**.

- Community meetings were conducted with 313 households from Sagwara Town and 329 households in Dungarpur Town;
- School Level Activities like awareness generation on safe water usage, utilities of water conservation, good hygiene and sanitation practices etc were conducted in Sagwara (24 School activities 1798 Participants) and Dungarpur (36 School Activities 2430 Participants);
- Information education and communication (IEC) materials on project scope, training facilities, work schedule etc were distributed among scheduled tribe community in both towns;
- Plumber Training was organized in both towns and in case of (i) Sagwara – All 05 trainees belong to ST community and are females; (ii) Dungarpur - Out of 6 trainees, 3 belongs to ST community;
- Masson training was organized in Dungarpur town, All 6 trainees belongs to ST community
- Two Exposure visit of 75 students organized at Sagwara;
- Training on computer application was organized at Dungarpur Town and out of total 17 trainees, 3 were from scheduled tribe community.

D. Status of Preparation/ Updating of RPs/RIPPs/DDR

9. Under additional financing, safeguard documents (RP/RIPP/DDR) of 21¹¹ subprojects out of 23 have been submitted to ADB and approved. Draft resettlement plans (RPs) for 16 subprojects¹² and Resettlement and Indigenous Peoples Plans (RIPPs) for 03 subproject¹³ were prepared and need to be updated as per changed scope and 100% census and socio-economic survey of potential APs. Additionally, 03 subprojects¹⁴, where no involuntary resettlement (IR) impacts were envisaged, due diligence reports (DDRs) were prepared as per SPS, 2009. The status of social safeguard documents submission and approval is provided in **Table 1(B)**. The physical progress along with details of the contractor of the subprojects are provided in **Appendix 1**. The RPs/RIPPs revised during the reporting period are based on 100% census, socio-economic survey of potential affected persons during implementation by

¹⁴ Sagwara CB (DDR), Ratangarh SWD (DDR), Navalgarh SWD (DDR)

Social Safeguard cum Gender Professional of CMSCs and reviewed by Safeguard Specialist Resettlement of PMCBC in line with resettlement framework of RSTDSP. During the implementation of subprojects, if any change will be reported in project scope, work site location as well as pipeline alignment, due diligence of changed location or alignment will be done by the concerned officers and will be reported to ADB through Semi- Annual Social Monitoring Report (SSMR) accordingly.

10. Draft Safeguard documents (RPs) for the following 02 towns- Bhawani Mandi (Drainage) and Nokha (WS&WW) subprojects - were updated (based on the final DMS and 100% census / socio-economic survey of potential APs) and submitted to ADB for approval during this reporting period. An updated safeguard document of Nokha (WS&WW) subproject has been approved by ADB. Apart from this, Nathdwara City Beautification subproject's Detail Project Report (DPR) has been approved, and draft Resettlement Plan has been prepared and submitted to ADB. All along, observations were also received and compliance of the ADB observations has also been done and submitted.

**Table 1(C): Status of safeguard document submission and approval
During this reporting period (October 2024 – March 2025)**

S.no	Name of Subproject	Type of Document	Submission of Draft Draft Report	Submission of Updated Draft Report	Remarks
1.	Bhawani Mandi Storm Water Drainage Subproject	Resettlement Plan (RP)	Draft RP has been submitted and comments received from ADB.	Updated RP has been prepared as per detailed final design and detailed measurement survey (DMS) and submitted to ADB.	Updated RP submitted to ADB by March 2025.
2.	Nokha Water Supply and Wastewater Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved by ADB only for the bidding purpose.	Updated RP has been prepared and submitted to ADB by December 2024 and approved by ADB in February 2025	Updated RP has been submitted by December 2024 and approved by ADB in February 2025
3	Jodhpur Drainage Subproject	Resettlement Plan (RP)	Draft RP has been submitted and approved from ADB.	Updated RP has been submitted to ADB by 05.08.2024.	Revised RP after DMS, has been submitted to ADB by 05.08.2024, Comments received address and submitted back to ADB in March 2025

Source: Data received from CMSC I and II, and compiled and analyzed by PMCBC.

11. The details of the changed scope/alignment and their due diligence report status for the subprojects -Jodhpur (Drainage) and Bhawani Mandi (Drainage) are as follows:

12. Under the **Jodhpur Drainage** subproject, RP has been updated based on final design, detailed measurement survey (DMS), 100% census and socio-economic survey of affected persons (APs). All works are being executed in sections with no involuntary resettlement impacts. The primary outcome of the detailed design and measurement survey are (i) due to slight change in the alignment under Bhairav Nalla drainage length has been increased from 13.100 km to 13.200 km, and in RTO Nalla section, from 7.010 km to 7.043 km. (ii) the number of potential-affected persons (APs) identified along the proposed alignment has increased, (iv) from chainage 7.170 to 7.370 under Bhairav Nalla section a small portion of private land measuring 145 meter in length will be purchased from 1 person. Due diligence of drainage network under Bhairav Nallah and RTO Nallah sections has also been completed and included in the updated rehabilitation plan of Jodhpur Drainage Sub-project.

**Table 1(D): Summary of Involuntary Resettlement Impact
under Jodhpur Drainage Subproject**

S. No.	Details	Number of Affected Persons/Affected Assets	Remarks
1	Minor structure loss – under private ownership/use	Yes 1 boundary wall 1 fencing	As per final design and DMS, impact on boundary wall of Ashapura Enclave (Residential Colony) and some wired fencing is envisaged. The fencing can be removed and reinstated after construction. Budgetary provisions are kept in Resettlement Plan for removal and reinstatement of the fencing and construction of boundary wall.
2	Permanent and significant livelihood impact (land owners)	Yes	Due to the change in alignment, between Chainage 7.170 to 7.370 under Bhairav Nalla section a small portion of land measuring 145 meter in length, which is coming under three Khasra numbers of private ownership, would be required to connect it with the existing Government land under Gair Mumkin Rasta. These three private khasra numbers land (i) 544/2, (ii) 532/2 and 544 belong to one owner, Goparam s/o Bhinyaram, are identified by the committee formed by an office order of Land Acquisition Officer, Jodhpur Development Authority (JoDA). This private land will be purchased through negotiation process (as per the preferred approach under this project resettlement framework) by the Jodhpur Development Authority. Land purchase is under process (refer Appendix 4 for Office Order of JoDA). The process of negotiated land purchase will be documented and validated through third party certification upon the negotiated purchase.
3	Loss of crops (adjacent land owners who have encroached minor section of government lands)	Yes 8 farmer households (60 affected persons)	Initially, loss of crops was anticipated under chainage 2.400 to 6.000 of proposed works of Bhairav Nala section within the encroached section only. As per initial assessment, total 8 farmers may have to face loss of crops. Out of the 8 farmer families, 5 farmers were present during survey (3 being absentee farmers). The 5 farmer families have 39 members. Jodhpur comes under Arid zone of the Rajasthan State. Traditional farming system in western Rajasthan is rainfed and being cultivated in rainy season only. The works in encroached sections were carried-out in non-cropping season to avoid loss of standing crops. Prior to start of the civil works, all these 8 farmers were informed in advance. And, these farmers have certified that there was no impact to their crops during the work. Crop loss impact mitigated. The project is in the process to

S. No.	Details	Number of Affected Persons/Affected Assets	Remarks
			collect signed copy of consent from these farmers and provided in this SSMR. Prior information was provided to the farmers to remove the fencing wires so that work could be executed easily without any damage to the temporary fenceings (Appendix 5).
4	Temporary impacts (income loss)	72 hawkers and vendors (429 family members)	As per final design and DMS, the proposed drainage pipeline works may cause temporary loss of income or livelihood due to access disruption to 72 roadside vendors (429 family members), during construction works. Efforts will be made to avoid temporary income loss with proper mitigation measures and also to minimize the impact duration. In case impacts are avoided/ mitigated during implementation in any stretch, the process will be documented, vendors will be consulted and details of avoided impacts and consultations confirming the same, reported in semi-annual monitoring reports.
5	Vulnerability ¹⁵	16 vendors (86 family members)	Based on data from the socio-economic survey, among the 72 roadside vendors, 16 (22.22% - 5 female and 11 male vendors) consisting of 86 family members belong to vulnerable category. Out of 16 vulnerable people, scheduled caste are 6 (37.50% - all males), female headed households are 5 (31.25%), below poverty line (BPL) ¹⁶ are 4 (25% - all males) and physically handicapped is 1 (6.25%)
6	Impact on common property resources (CPRs)	5 CPRs	As per impact assessment along the alignment of the drains, 3 CPRs reported under 'Bhairav Nalla', (i) water trough for animals, (ii) Public drinking water post-paiu and (iii) small hindu temple. The animal trough had been dismantled by PWD. It will be constructed after public consultation at nearby location.

¹⁵ * Vulnerable households comprise below poverty line households, female-headed households, households with out of school/ working children, disabled person headed household, elderly headed household, landless household, household with no legal title/tenure security, and schedule castes and scheduled tribe households.

¹⁶ Government of Rajasthan has in recent times been using indicators of National Food Security Act (NFSA, 2013) for estimation of poverty in the state. State has set criteria for inclusion and exclusion in BPL list. For urban areas, BPL inclusion criteria requires a family to qualify under any of these- BPL families already identified under 2003 urban BPL census, all state BPL families, Antyodaya and Annapurna beneficiaries, families not included in preceding category but are beneficiary under schemes (7 schemes are mentioned) such as chief minister senior citizen yojana, Indira Gandhi national old age pension scheme, Indira Gandhi widow pension schemes and other listed national/state social assistance schemes or if they are surveyed families from slums, rag pickers, registered construction labour, rickshaw pullers, vendors and others (13 such groups are identified). A family is excluded if it fails under any of the 7 exclusion parameters that include- income tax payee in the family, family member in government/semi government employment, other asset-based parameters such as four-wheeler ownership (unless it constitutes source of livelihood), house ownership (of specified built and size).

Source: <https://niti.gov.in/writereaddata/files/rajasthan.pdf>.

During survey, respondents were inquired about their officially recognized poverty status (BPL or APL). This information is reflected in the table 8, above.

S. No.	Details	Number of Affected Persons/Affected Assets	Remarks
			Draftly, partial damage was assessed on the public drinking water post as some portion falls under proposed alignment. But impact avoided. One CPR each reported under RTO to Saran Nagar and Saran Nagar to Jojari River. This small religious platforms will be affected and will be relocated in consultation with the user community. Budget provisions are proposed in this document to carry out repair/relocation/improvement work.

Source: Data received from CMSC II, and compiled and analyzed by PMCBC.

13. Under the **Bhawani Mandi** subproject, RP has been updated based on final design, detailed measurement survey (DMS), 100% census and socio-economic survey of affected persons (APs) to incorporate (i) temporary loss of livelihoods and (ii) impact on minor structures (ramps/stairs and cement concrete flooring). Ramps/ stairs /cement concrete flooring belonging to 30 permanent shops cum residence and 310 permanent shops may be impacted (total 30+310= 340 ramps, stairs, cement concrete flooring may be impacted). The impacted ramps/stair cases are within the ROW of drains/roads. In addition, 30 roadside vendors/ push carts may be impacted (temporary loss of income during upgradation of drains) due to temporary access disruption. Measures to avoid and minimize private land acquisition and involuntary resettlement impacts include proposing all storm water drains along the road margin in land belonging to the Municipal Council, Bhawani Mandi and Government of Rajasthan (GOR). During excavation of open-cut trenches for construction of storm water drains and reconstruction of existing drains, access to shops and businesses will be ensured by providing pedestrian access through metal/wooden planks with preferably with handrails. In case impacts are unavoidable, compensation will be paid as per provisions of the agreed entitlement matrix. All work executed in sections without any involuntary resettlement impacts.

14. In case of design-build operate (DBO) contract, even if the project though consultants prepare the detailed project reports (DPRs), the final design/alignment has to be provided/ re-confirmed by the contractor. During the preparation of revised RPs/RIPPs, the vendors on both sides of the road were considered as affected persons (APs) to avoid complications. Further, to facilitate RPs/RIPPs implementation, a list of affected persons identified during social impact assessment (SIA) with 100% census socio-economic details are being provided to the

contractors during finalization of alignment and for avoiding/ confirming the impacts on potential affected persons.

15. The details of social safeguard documents and their category is provided in **Table 2**.

Note. Safeguards document for Nathdwara City Beautification subproject is under review with ADB.

E. Implementation of Resettlement Plan

16. The project adopted methodology for implementation of RPs/RIPPs is as follows: (i) prior to the start of work, contractor will have to provide the advance work plan to PIU and CMSC along with the final alignment; (ii) after such intimation by the contractors, the joint re-confirmatory survey is conducted by the officials of PIU, CMSC, and contractor to finalize the list of affected persons likely to be impacted due to civil works. Since at the time of preparation of the RP/RIPP, the exact alignment was not known, details of all business establishments likely to be affected were included in the RP/RIPP. During finalizing the alignment, efforts were made to avoid the impacts, and accordingly, the affected persons present in the sections with no impact will be documented and reported as part of impacts avoided.

17. The areas where the mitigation of impacts on livelihood is not possible, all the affected persons will be re-validated/ verified through site visit by social safeguard support staff of CMSC, and identity cards (ID) will be disbursed to potential affected persons. During the re-validation, if the affected persons listed in the RPs/RIPPs were not available at the site during

all the phases (i) Re-verification; (ii) distribution of compensation; and (iii) construction phase, they will be treated as “missing,” and confirmation of their absence is being obtained from the other affected persons situated in the vicinity/adjacent. If affected persons voluntarily decline the compensation despite being offered, they will be treated as “Unwilling to receive compensation” and their consent to forego such compensation will be taken in writing, and third-party certification will be conducted.¹⁷

18. Once the list of affected persons is finalized, safeguard support staff collects the details required from affected persons, which include the bank details and other necessary documentation required for the transfer of compensation. Based on findings, the safeguard support staff (in consultation with the CMSC safeguard expert) prepares the micro plans, and after approval/sanction by PIU, these micro plans are submitted to the treasury with required bank details for direct transfer of the compensation in the bank account of affected persons through electronic clearance service/National Electronic Fund Transfer (NEFT) payment.

19. Affected persons are being compensated in accordance with the agreed entitlement matrix of resettlement framework (RF). Affected persons are being compensated for minimum of 14 days’ or the actual period of disruption, whichever is higher as per resettlement framework (RF). Micro plans prepared for the respective project areas, takes care of the real impacts on affected persons and it is ensured that all the affected persons are compensated for the actual period of disturbance. If the duration of impact is more than 14 days, they will be compensated for the actual period of disturbance after due verification from PIU. The compensation that will be recommended in the micro plan is based on the entitlements prescribed in the resettlement plan (livelihood assistance, shifting assistance, and vulnerability assistance), the time lags (7% inflation in survey income is provided per year) of implementation and survey along with additional compensation with respect to minimum wage rates.

F. Current Status of Resettlement Plan – Implementation

20. During this reporting period (October 2024 to March 2025), out of 23 subprojects, contracts for 19 subprojects¹⁸ have been awarded, and project execution including topography survey, excavation, pipeline laying for wastewater and water supply networks, and rejuvenation and conservation of heritage building and monuments have been progressed considerably. Contracts for 03 city beautification subprojects (Mount Abu, Nawalgarh, and Bundi) have not been awarded during this reporting period. Notice to Proceed has been issued for Pushkar City Beautification subproject on 07.01.2025. Additionally, DPR of one city beautification subproject of Nathdwara town has been approved. The physical progress along with details of the contractor of the subprojects are provided in **Appendix 1**.

21. Based on 100% survey of potential affected persons of 22 subprojects, **3888** vendors/hawkers¹⁹ were identified. The details are as follows: Jodhpur Storm Water Drainage – 68 (including 60 vendors/hawkers and 08 farmer for crop loss), Jodhpur Wastewater - 603, Nimbahera Water Supply - 642, Nokha Water Supply and Wastewater - 604, Nathdwara Water

¹⁷ Third-party certification will be conducted to document the entire process and to substantiate if the process is voluntary. The third-party certification will be conducted for the entire town where affected persons are unwilling to accept or forego compensation amount.

¹⁸ 1.Jodhpur storm water drainage (SWD), 2.Jodhpur wastewater, 3.Nimbahera water supply, 4.Nokha water supply and wastewater, 5.Nathdwara water supply, 6.Sagwara water supply and wastewater, 7.Dungarpur water supply and wastewater, 8.Barmer wastewater, 9.Balotra water supply and wastewater, 10.Ratangarh SWD, 11.Bundi water supply and wastewater, 12.Bundi SWD, 13.Bharatpur wastewater, 14.Bharatpur city beautification, 15.Bhawani Mandi SWD, 16.Nawalgarh SWD, 17.Sagwara city beautification 18.Jaisalmer city beautification and 19. Pushkar City beautification

¹⁹ Based on final design and detailed measurement survey and service improvement plan; the number of affected persons were revised in case of (i) Jaisalmer city beautification changed from 0 to 21; Barmer wastewater changed from 225 to 34, Balotra water supply and wastewater changed from 215 to 247. The resettlement plans were duly revised, approved and disclosed for these subprojects.

Supply - 241, Bundi City Beautification - 27, Bundi Water Supply and Wastewater - 62, Bundi Storm Water Drainage - 110, Bharatpur Wastewater - 102, Bharatpur City Beautification – 20 (including 12 vendors/hawkers and 08 residential and commercial structure loss), Bhawani Mandi Storm Water Drainage - 80, Barmer Wastewater - 34, Balotra Water Supply and Wastewater - 247, Pushkar City Beautification - 04, Nawalgarh City Beautification - 149, Nawalgarh Storm Water Drainage - 0 Sagwara Water Supply and Wastewater - 452, Sagwara City Beautification – 0, Dungarpur Water Supply and Wastewater - 369, Mount Abu City Beautification – 53, Jaisalmer City Beautification - 21, Ratangarh Storm Water Drainage - 0) were identified. Out of 3888 affected persons; **1602** comes vulnerable category.²⁰ Summary of potential affected person's subproject wise is presented in **Table 3**.

Table 3: No. of Affected Persons Reported as per Socio-Economic Survey

Name of Town	Subproject Name	Type of Impact	Type of Document	No. of APs	No. of Vulnerable APs	Remark

Note: APs data of Jaisalmer City Beautification and Barmer Wastewater and Balotra Water Supply and Wastewater has been changed as per updated and approved resettlement plans.

22. By the end of the reporting period, the resettlement assistance of ₹ **1,624,020** has been paid to **172** project affected persons. Details of payment disbursement to APs, and information of unwilling, missing affected persons and impacts avoided in case of affected persons) are provided in **Table 4 (A), 4 (B) and Table 5**. The compensation was paid to affected persons as per approved micro plan which includes, livelihood assistance, shifting assistance, vulnerability assistance, and additional assistance (for the time lag - 7% inflation in survey income is provided per year and to maintain minimum wage level).²¹ For missing and unwilling affected persons, records of written information from surrounding vendors or shopkeepers have been collected. All the details of missing and unwilling affected persons are available at the respective project implementation units. Details of compensation disbursed (including office order, treasury report and payment receipt) during this reporting period is attached in **Appendix 6 (A) to 6 (C)** and the photograph of identity card distribution to affected persons is attached in **Appendix 7**.

Vulnerable: Vulnerable households comprise below poverty line households, female-headed households, households with out of school/working children, disabled person-headed household, elderly-headed household or elder, landless household, household with no legal title / tenure security, and schedule castes and scheduled tribe households.

Missing: In case the surveyed APs were absent during execution of works, they will be treated as "missing," and confirmation of their absence were obtained from the other affected persons or nearby habitation.

Impact Avoided: In case the negative impact on APs were avoided through planning of civil work (night work/scheduling of work at convenient hours/non-peak hours/weekly off), they were treated under *Impact Avoided/Mitigated*.

Unwilling: If any APs show their unwillingness to receive compensation, they will be treated as "Unwilling to receive compensation" and their consent taken in writing, together with third party certification of the waiver of compensation.²²

G. Project Impacts Minimization

23. Meticulous planning by PIU and project consultants and good practices adopted by the contractor have resulted in mitigation of impact on affected persons. The good practices adopted by the contractor are as below (including but not limited to the following):

- Sewer pipelines are being laid in the middle of the road and the work is being carried out at night with proper safety measures.
- Worked is being executed on a stretch on one side of the road, and access is being provided for small roadside businesses and footpaths have been provided for access to avoid loss of livelihood.

24. During the preparation of the resettlement plans, the people carrying on business activities on both sides of the road have been considered as affected persons. During implementation, works are being executed in some areas (high density) in nighttime or trenchless method and access was ensured to affected persons in a few patches, accordingly no impact was sustained by vendors operating. All these affected persons have been considered under the list of impacts avoided and reported in the SSMR.

25. Up to this reporting period, impacts on **135** affected persons were avoided/ mitigated as work was executed on one segment at the time on one side of the road, and access was made available for the roadside petty businesses. Safeguard support staff posted at towns conduct regular due diligence of work execution and documenting the confirmation taken from the mitigated affected persons. The consent of the affected persons substantiating that all impacts were avoided is presented as **Appendix 9**.

26. **Impacts avoided on 122 affected persons under Jodhpur Wastewater subproject:** As per the approved resettlement plan (RP) for the Jodhpur wastewater subproject, temporary relocation impact was anticipated for 122 affected persons who were vending their commercial activities during execution of work. At Shastri Nagar and Shastri Circle (impact mitigated on 110 APs as laying was done inside the residential colony and APs reported on the main road/circle of Shastri Nagar, Jodhpur. At Nagori Gate, impact mitigated on 4 APs. At Pratap Nagar Road impact mitigated on 8 APs. During the pipe laying work at these locations, relocation impact was avoided/ mitigated as worked was executed on one segment at the time on one side of the road, and access was made available for the roadside petty businesses. Hence, 122 potentially affected persons were not relocated from their current location and continued with their commercial activities without any disruption. Therefore, the relocation impact on these 122 affected persons in Jodhpur Wastewater subproject was avoided. If any affected person falls under the proposed alignment and the impact cannot be avoided, these individuals will also be compensated according to the agreed entitlement matrix of the resettlement plan.

27. **Impacts avoided on 8 farmers under Jodhpur Drainage subproject:** At Bhairav Nalla Section in between Chainage 2.300 to 6.000, 8 farmers have been mitigated from loss of crop. Jodhpur comes under Arid zone of the Rajasthan State. Traditional farming system in western Rajasthan is rainfed and being cultivated in rainy season only. Efforts are made to

²² Third-party certification will be conducted to document the entire process and to substantiate if the process is voluntary. The third-party certification will be conducted for the entire town where affected persons are unwilling to accept or forego compensation amount.

execute the works in encroached sections in non-cropping season to avoid loss of standing crops, if any. All these 8 farmers have certified that there was no impact to their crops during the work.

28. Impacts avoided on 5 affected persons under Bharatpur wastewater subproject: As per the approved resettlement plan (RP) for the Bharatpur wastewater subproject, temporary relocation impact was anticipated for 05 affected persons who were vending their commercial activities at Anand Nagar and Nai (New) Mandi Bharatpur, out of 05 mitigated APs, in case of 03 APs impacts were mitigated at Anand Nagar and 02 APs were avoided/mitigated at Nai (New Mandi), Bharatpur. During the pipe laying work at these locations, relocation impact was avoided/ mitigated as work was executed on one segment at the time on one side of the road, and access was made available for the roadside small businesses. During the execution, the 05 potentially affected persons were not relocated from their current location and continued running their commercial activities without any disruption.

Table 7: Details of Impact Avoidance – during October 2024 - March 2025

Town	Package no	No. of APs	Impact Avoided/ Mitigated up to this reporting period (October 2024 -March 2025)	Remarks
Jodhpur Wastewater	RSTDSP/JOD/01	603	122	Works was executed in one side of the road; hence no livelihood impacts were reported on potential affected persons running their business on other side of the roads.
Jodhpur Drainage	RSTDSP/JOD/02	68	8 Farmer (Crop loss impact)	Efforts are made to execute the works in encroached sections in non-cropping season to avoid loss of standing crops, if any. Out of these 8 farmers, 5 (where construction work has been done) have certified that there was no impact to their crops during the work. Impact on the sections of 3 absentee farmers were also avoided.
Bharatpur Wastewater	RSTDSP/BHR/WW/01	102	5	Works was executed in one side of the road; hence no livelihood impacts were noted on potential affected persons running their business on other side of the roads.
Total			135	

Source: Data received from CMSC I and II, and compiled and analyzed by PMCBC.

29. Impacts on Indigenous People: Based on census and socio-economic survey of Mount Abu, Sagwara and Dungarpur which are declared as a scheduled area by the Government of India, 168 in Sagwara, 203 in Dungarpur and 05 in Mount Abu among the potential affected persons facing involuntary resettlement impacts (temporary income loss), belong to scheduled tribe (ST) community. These persons are using the RoW for running their livelihood through selling of fruits, garments, flowers etc. and will be impacted for temporary period of work. During freezing final alignment, efforts will be made by the implementing agency to provide access for continuation for their livelihood. In case of temporary livelihood impacts persists, additional compensation and assistances as per agreed resettlement framework and indigenous peoples planning framework will be disbursed to them. Till the end of this reporting period no APs from ST community has been provided resettlement assistance in Dungarpur and Sagwara since they were yet to be impacted. In order to mitigate negative

impacts on scheduled tribe persons, before and during the subproject design, implementation, as well as monitoring process, the project staff will enhance the dissemination of project information and conducting meaningful consultation especially with scheduled tribe persons to ensure that they get the maximum benefit from the advantage conditions brought by the subproject and fully understand their entitlements under this RIPP. No civil works will be allowed in sections of impact and compensation payment will be completed prior to start of civil works.

30. In compliance to the Indigenous action plan, consumer survey has been completed by the project contractors in Sagwara and Dungarpur towns and number of scheduled tribe's households in these towns have been captured for providing 100% water supply, sewerage and other infrastructure facilities. Consultations are being done with scheduled tribe households in these towns. The project scope and advantages are being disseminated to them. The Mount Abu city conservation of heritage sites/ monuments under city beautification subproject is in bidding process and have not been awarded during this reporting period. It has been conveyed that 100% house service connections for sewerage and potable water will be provided to the Scheduled Tribe families. CAPP consultants are distributing IEC material amid schedule tribe community, and organizing programs/ activities related to skill training, formation of groups, linkage to livelihood scheme etc. are being organized. The photographs and attendance sheets of the consultation with the scheduled tribe households is presented as **Appendix 10**

H. Public Participation and Consultation

31. Consultations are being conducted with the potential as well as the actual APs and other stakeholders regarding scope of the project, entitlement options, impacts etc. at different stretches during RPs/RIPPs preparation. Key Finding of consultations are: (i) participants expressed satisfaction that the respective subprojects will cater to their service delivery aspirations (water supply, wastewater, city beautification) and needs for which they have waited for a long years; (ii) vendors are not hesitant to move or shift if necessary to accommodate the work; (iii) they are willing to provide labor for the subproject; and (iv) public during consultations requested for proper barricading during pipe laying works; (v) the project should cover up the dug pits properly and restore the roads after subproject construction; (vi) information of the respective cut-off dates. Prior to start of socio-economic survey of potential APs, leaflet with information about the subproject, its benefits, grievance redress mechanism were also distributed to the potential affected persons as well as households. Information and the concept of cut-off date was explained as well. Photographs of public and stakeholder consultations and meetings, leaflet distribution and attendance sheets is attached in **Appendix 11**. Photographs of orientation to PIU, CMSC and Contractors staff on social safeguard resettlement is attached in **Appendix 12**.

32. Door to door consultation are being held with public and community members, and importance of water metering, property connection, water conservation and issues related to sewerage and drainage connectivity, and conservation of heritage sites/ monuments are being discussed and need for their support is being conversed. Advance intimation about works plan are being conveyed to households.

33. The consultation are being held very close to the area where work is currently ongoing or may be commenced soon and are attended by people of the surrounding areas. Social support staff, social outreach team and representatives of contractors are regularly attending these programs and interacting with the local public and community members. Summary of consultation held during this reporting period in subprojects are presented in **Table 7**.

34. People are very keen to extend their cooperation as this project will provide much needed drinking water, sewerage and drainage facilities. It is being informed that some relatively adverse issues like quantity of water supply, and proper disposal of drainage water

may be hampered during the physical work after the commencement of civil work. Families are also being informed that temporary access issues may arise during the laying of the pipeline, however, mitigation measures will be taken by the contractors as per the site specific environmental monitoring plan (EMP).

Source: Data received from CMSC I and II, and compiled and analysed by PMCBC

35. M/s IPE Global Pvt Ltd has been appointed as Community Awareness and Participation Consultants (CAPC) to oversee the entire information dissemination required for creating public awareness. Social Development Expert of CAPP along with town level staff of CAPPC with the support of social outreach team (SOT)²³ of the contractor is implementing awareness program in the project towns. The major activities that are being performed by CAPPC are: (i) develop awareness material targeting different sections of society, (ii) **promote gender equality** and social inclusion through water and sewer connection to BPL, (iii) empowerment of schedule caste/schedule tribe households, (iv) capacity building and training for ULB staff and public representatives, (v) mobilize the community with regular field-level activities involving all stakeholders, (vi) keep a stock of Quantitative achievements and targets achieved, (vii) collect feedback from all stakeholders within the town.

36. During this reporting period, CAPPC has organised extensive awareness activities involving residents, public representatives, shopkeepers, women, project laborers, line departments and school children. Development of communication and IEC material for successfully delivering a key message. Capacity building of Social Outreach Team from contractors, public representatives and ULB staff members was conducted in towns. Focus

²³ Dedicated SOT teams will be mobilized by contractor for facilitating the CAPC activities (including RandR activities). CAPC is regularly evaluating the performance of the contractors Social Outreach Teams.

group discussions with women and women elected representatives of the concerned towns were organised.

37. Concerning the GESI action plan, a Total no of 13 trainings were organized on Plumber, Basic Computer and Mason in WSS project towns. The duration of Plumbing & Mason skill training is two weeks and Basic computer skill training is four weeks in the respective towns. Total number of women trained is 102 out of which 20 belongs to scheduled caste, 42 belongs to Scheduled Tribe, 26 belongs to OBC and 14 belongs to General Caste categories. Photographs of women internship program and skill training and news/media coverage of concerned activities is appended in **Appendix 13**. All these activities are part of gender action plan implementation as well.

38. MoU Signed for Women Internship Program (WIP), and total 39 MoUs signed with Government and Private Engineering Colleges of Ajmer, Banswara, Baran, Bhilwara, Bikaner, Bharatpur, Dholpur, Jahalawar, Jaipur, Jodhpur, Khatri, Karauli, Kota, Nathdwara, Sikar and Udaipur for implementation of Women Internship Program.

I. Capacity Building Activities of Project Implementing Agencies

39. In order to develop capacity building of the PIUs engineers, contractors' officials and other related stakeholders on compliance of social safeguards, Safeguard Specialist-Resettlement of PMCBC, and Social Safeguard and Gender Professionals are frequently arranging for training/ orientation and consultation activities. In this context, training has been organized for Bharatpur PIU, CMSC and contractor staff by the Safeguard Specialist – Resettlement of PMCBC on 19th December 2024 and total 20 persons attended the training.

J. Grievance Redress Mechanism

40. To ensure that the grievances of the affected persons are heard and resolved in a timely manner, the grievance redress mechanism (GRM) has been established for the project, which has the following approach and procedure (**Figure 2**).

- (i) In case the affected persons have any complaint or grievance, he/she is free to lodge his/her complaint to the site engineers of Contractor/CMSC/PIU, safeguard staff who will make efforts to resolve the complaint on the ground level itself. The project implementation unit will make efforts to redress the grievance within seven days from the receipt of the grievance.
- (ii) In case the affected persons grievance is not redressed at PIU level, the matter will be put up at the Zonal PIU level who will ensure that grievance is redressed with the time frame of seven days.
- (iii) In case the affected person's grievance is not redressed at Zonal PIU level, the matter will be put up at the PMU level who will ensure that grievance is redressed with the time frame of fifteen days.
- (iv) Affected Persons are free to approach the court of law at any time on their own will and expenses.

41. Besides the GRM of the project, the state has an online grievance monitoring system known as Rajasthan Sampark Portal. The affected persons can also lodge their complaints online at <http://sampark.rajasthan.gov.in/index.aspx>.

42. A grievance redress / toll-free number has also been displayed by the contractor at different work site locations and PIU office to lodge the grievances/ complaint under the project. The details of toll-free / alternate helpline number is presented in **Table 8**. Additionally, a toll-free number (0141-2720245) has also been displayed on RUIDP official website to lodge the online grievances and complaints accordingly.

Table 9: Status of Toll-Free Numbers under Subproject Towns

43. **Record-keeping:** PIUs, Contractor, and CMSC have been entrusted with the responsibility to maintain a proper register of the grievance (if any) which will be endorsed by all agencies involved in implementation. GRC registers are in place at all the towns.

44. **Costs:** Contractors are required to be allocated budget for pamphlets and billboards as part of the EMP. Costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by the PMU. Cost estimates for grievance redress are included in resettlement cost estimates.

45. Grievance redress mechanism (GRM) has been established under the project, and PMU has also issued an office order for the same and has been shared with all PIUs/CMSCs to follow the grievance redress mechanism under the project. The copy of office order for GRM is attached in **Appendix 14**.

46. During this reporting period, minor complaints from the people (housekeeping, pipeline damaged, leakages in a new connection, etc.) were received, which have been resolved satisfactorily. Complaints/grievances related to social safeguards- resettlement were not received during the reporting period.

K. Institutional Arrangement

47. The Local Self Government Department (LSGD), Government of Rajasthan (GOR) is the executing agency (EA) of the Project, responsible for overall strategic approvals, guidance, and monitoring of the project. Rajasthan Urban Drinking Water Sewerage and Infrastructure Corporation Limited (RUDSICO) is the Implementing Agency (IA) for the project. The Project Management Unit (PMU) is housed in the Externally Aided Projects division of RUDSICO (RUDSICO – EAP). PMU is headed by Project Director and assisted by experienced officers from engineer and finance services are responsible for the implementation of the project. Project Officer-Social at PMU assisted by Safeguard Specialist-Resettlement of Project Management Capacity Building Consultant (PMCBC) to ensure that all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this RF. Two Zone office at Jodhpur and Jaipur headed by an Additional Chief Engineer (ACE) has been well established for monitoring of PIUs. Each zonal office has one dedicated safeguard officer responsible for compliance monitoring and reporting on social, gender and environmental safeguard issues. Project implementation Unit (PIU) is well established in each subproject towns headed by Superintending Engineer/Executive Engineer for implementation of the project. One Engineer in each PIU has been designated as safety and safeguard officer (SSO) who will be responsible for safeguard and health and safety requirements, monitoring and compliance. PIU is supported by CMSC in all areas of project implementation; implementation of resettlement plan and safeguard monitoring and compliance. Deployment Status of Social Safeguards officials during the reporting period is presented in **Table 9** and details of Nodal officers at PIUs level is presented in **Table 10**.

Table 10: Deployment Status of Social Safeguards Officials during the Reporting Period

S. no.	Name of Institution	Name of Officials	Designation	Position Filled In	Work Place	Responsible for Project Town/s
1	PMU	Shiv Ratan Pareekh	Program Officer (Social Safeguard)	Yes-Regular	RUIDP Office	
2	PMU	Mahendra Jitarwal	Assistant Program Officer (ASO)	Yes-Regular	RUIDP Office

48. At each PIU, one engineer has been designated as a nodal officer and is responsible for day to day monitoring of the environmental management plan (EMP) and implementation of resettlement plan. Nodal officers of PIU are assisting PMU Project Officer–Social in the implementation of the social safeguards at the PIU level. The PIUs are responsible for the implementation of the RPs/RIPPS. PIUs will undertake internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended.

49. For monitoring of the implementation of resettlement plans, Social Safeguard staff for project towns are appointed by CMSC, working under the supervision and guidance of CMSC and PMCBC Social Safeguard Professionals. The task of Social Safeguard Support Staff are as follows:

- To communicate closely with identified (identified through census survey conducted for RPs/RIPPs) potential affected persons and provide them timely information of construction schedule, distribute identification cards, educate them on their entitlements under the RPs/RIPPs and RF, assist in shifting affected persons during civil work execution inappropriate manner without hampering their income or assets;
- Assist affected persons (APs) in (i) In opening bank accounts (if not already available with APs), disbursement of compensation livelihood losses and resettlement assistance (as per provisions of RF) and ensure that affected persons obtain their full entitlements under the RPs (ii) Organize consultation and discussion meetings with the affected persons, the community leaders and other stakeholders throughout resettlement plan (RP) preparation and implementation phases (iii) To organize consultation and discussion meetings with the APs, the community and other stakeholders throughout RP implementation phases with proper documentation (iv) Ensure disbursement of compensation against livelihood losses, resettlement assistance (vulnerable assistance, shifting assistance, structure losses assistance, crops/trees losses assistance) as per entitlement matrix (v) Disclosure of resettlement plan (RP), Cut of date in vernacular language at public places and project affected persons

and preparation of internal RP implementation monitoring reports (vi) Distribution of one-month advance notice, to in affected areas that on the following date the civil works will be started in following areas and timely shifting of squatters and encroachers from temporary impact zone during construction if required (vii) Registering grievances of affected persons (the grievance redress mechanism (GRM) already established) and assist to PIU in resolving grievances at PIU level or GRM level (viii) Assist the affected persons in the redress of grievances through the Grievance Redress mechanism established as part of the RP/RIPP, and make the affected persons aware of GRM at several levels (ix) Assist affected persons in getting benefits from various government development programs particularly for income restoration/ generation.

50. Social Outreach Team (SOT) has been mobilized in most of the project towns for supporting the Social Safeguard Staff of CMSC in the implementation of resettlement plan and community awareness activities. During this reporting period, mobilization status of SOTs in subproject town is presented in **Table 11**.

L. Monitoring Results-Findings

51. The project monitoring using specific indicators e.g. number of days for which compensation paid versus number of actual days of disruption; number of vulnerable households provided vulnerable assistance; number of grievances registered versus resolved and unresolved grievances; compensations cost versus payments made and so on to get overall understanding about the current status. In addition, compensation and payments of all types of impacts and losses; progress of additional compensation to vulnerable persons; types of training and number of participants; employment opportunities available and availed by vulnerable groups; status of consultations and redress of grievances; status of inclusion and participation, particularly affected vulnerable groups; social safeguard concerns in construction sites; status and dates of disclosure of RPs/RIPPs. During the reporting period (October 2024 to March 2025); complaints/grievances related to social safeguards-resettlement were not received. Social safeguards activities have been carried in the phases and are illustrated the following **Table 12**.

Table 13: Status of Monitoring of the Subprojects (October 2024 – March 2025)

S. N.	Resettlement Plan Activities	Status	Remarks
A. Pre-Construction Activities and Resettlement Plan Activities			
1	Approval of final RPs/RIPPs by ADB prior to contract award	All the draft RPs/RIPPs/DDRs are being updated based on DMS, final design, 100% census /socio-economic survey of potential affected persons and updated documents are also being submitted to ADB for review, approval and disclosure.	Contract of 19 subprojects have been awarded and civil works are commenced and under progress. Approval of Draft draft of following RPs/RIPPs/DDRs have been obtained: Bharatpur (CB), Bundi (CB), Mount Abu (CB), Nawalgarh (CB), Nokha (WWandWW-for bidding), Pushkar, and Sagwara (CB). Additionally, the following updated drafts of RPs/RIPPs/DDRs have been obtained: Barmer (WW), Balotra (WSandWW), Bharatpur (WW), Jaisalmer (CB), Jodhpur (WW), Jodhpur (SW-D), Bundi (WWandWW), Bundi (SW-D), Dungarpur (WSandWW), Nathdwara (WS), Nawalgarh (SW-D), Nimbahera (WW),

S. N.	Resettlement Plan Activities	Status	Remarks
			Ratangarh (SW-D), Sagwara (WSandWW) and Pushkar (CB)
2	Disclosure of final Resettlement Plan on ADB and EA websites	Draft/ Updated Draft of RPs/RIPPs/DDRs of Barmer (WW), Balotra (WSandWW), Bharatpur (WW), Bharatpur (CB), Bundi (CB), Jodhpur (WW), Jodhpur (SW-D), Mount Abu (CB), Nawalgarh (CB), Pushkar (CB), Sagwara (CB), Bundi (WWandWW), Bundi (SW-D), Dungarpur (WSandWW), Nathdwara (WS), Nawalgarh (SW-D), Nimbahera (WW), Ratangarh (SW-D) and Sagwara (WSandWW) have been disclosed in ADB and EA website, (refer Appendix 15).	Updated draft resettlement plans (RPs) of Jodhpur (WW), Jodhpur Drainage and Bhawani Mandi Drainage has been updated by the project. After review and approval, same will be disclosed on ADB and EA website.
3	Circulation of summary Resettlement Plan in local languages to all stakeholders	Summary of RF and entitlement provision for losses was circulated to potential affected persons and other stakeholders before starting of survey.	
Resettlement Plan Implementation			
1	Grievance Redress Mechanism established at different levels	Grievance Redress Mechanism has been well established at different levels.	Office order of PMU issued on dated 18.10.2023 regarding establishment of grievance redress mechanism in each town . A toll-free number/ helpline number has also been displayed by the contractors in all the project towns at different locations as well as PIU, and contractor office to lodge the grievances/ complaints under the project.
2	Entitlements and grievance redress procedure disclosed	Entitlement provision for losses process for lodging grievances has been circulated in project towns.	
3	Finalization of list of affected persons, vulnerable affected persons and compensation due	List of potential affected persons along with vulnerability status has been finalized in all the 22 subprojects where IR impact was envisaged.	A total 3888 affected persons incorporating 1602 vulnerables have been identified in 22 subprojects, and compensation to APs is being made at regular basis.
4	Finalization of list of roads for full or partial closure; mitigation measures proposed and implemented (with photographic documentation)	Presently no such issues are encountered in any town.	If road closure will be required in any subprojects, mitigation measures along with photographs shall be provided to ADB.
5	Number of days roads were closed (full and partial closure)	Presently no such issues are encountered in any town.	

S. N.	Resettlement Plan Activities	Status	Remarks
6	Affected persons received entitlements as per EM in RP	Up to March 2025, a total number of 172 affected persons including 60 vulnerable APs has been compensated and amount of INR 1,624,020 has been disbursed. Vulnerable affected persons have communicated for jobs in construction activities, but they have not showing interest.	
7	Additional assistance (project-related construction jobs, if willing and able) for vulnerable households given (No. of vulnerable affected persons assisted)		
8	Grievances No. of grievances registered No. of grievances redressed Outstanding complaints Disclosure of grievance redress statistics	During the reporting period, minor complaints from the people (housekeeping, pipeline damaged, leakages in a new connection, etc.) were received, which have been resolved satisfactorily.	Complaints/grievances related to social safeguards resettlement were not received during the reporting period.
9	Consultation, participation and disclosure as per Plan	Yes consultation, participation, and disclosure have been taken place as per plan	
C. Monitoring			
11	Survey on satisfaction levels of affected persons with Resettlement Plan implementation completed	Feedback taken from affected persons, who have been compensated from the project. All have been utilized the respective amount in their businesses.	

M. Compliance Status of Loan Covenants

52. The covenants to the loan agreement with ADB require that implementation of the project that “projects are designed, constructed, operated and maintained in accordance with ADB's Safeguard Policy Statements (2009) and agreed between the Borrower and ADB.” Covenants written into the loan agreement that are related to social safeguards are laid in **Table 13**. These refer to actions that have been compiled satisfactory during the reporting period.

Table 14: Status of Loan Covenants

Covenant	Status of Compliance
Implementation Arrangements 1. The Borrower, the State and the EA shall ensure that the Project is implemented in accordance with the detailed arrangements set forth in the PAM. Any subsequent change to the PAM shall become effective only after approval of such change by the Borrower, the State, EA and ADB. In the event of any discrepancy between the PAM and this Loan Agreement, the provisions of this Loan Agreement shall prevail.	Being Complied
2. (a) The Borrower shall ensure or cause the EA to ensure, towards smooth implementation of the Project, that grievances if any from stakeholders, relating to Project implementation or use of funds under the Project are addressed effectively and efficiently.	Being Complied. The development of pamphlets and billboards (stipulated date of work start and expected completion, contact number of person where grievances can be lodged) are being displayed at work sites and considered under EMP. Costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level

Covenant	Status of Compliance
	while costs related to escalated grievances will be met by the PMU. Office order of GRC issued on 18.10.2023 and well established in the towns. The GRM is progressively functioning in all the Town.
2 (b) The Borrower shall ensure or cause the State and EA to ensure compliance with all the requirements and obligations in their part as included in this Loan Agreement and the Project Agreement to meet the objectives of the Project in a timely and efficient manner.	Being complied
3. The Borrower shall ensure or cause the EA to ensure that its PMU, Zonal Project Offices, and its PIUs within the Project ULBs, employ sufficient staff including increasing the number of adequate staff as included in the PAM, with relevant expertise in the fields of project management, financial management, engineering, procurement, operations and management, and environmental and social safeguards implementation. The EA will ensure that the PMU, Zonal Offices, and the PIUs housed in the Project ULBs, are equipped with the necessary staff, office space, facilities, equipment, support staff and management information systems for the entire duration of the Project and thereafter.	Complied/Being Complied.
4. The Borrower shall ensure or cause the EA to ensure that towards smooth implementation of the Project, grievances if any from stakeholders relating to the Project implementation or use of funds are addressed effectively and efficiently.	Costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by the PMU. Office order of GRC issued on 18.10.2023 and well established in project towns. The GRM is progressively functioning in all the Town.
Land Acquisition and Involuntary Resettlement The Borrower shall ensure or cause the EA to ensure that all land and all rights-of-way required for each Subproject are made available to the Works contractor in accordance with the schedule agreed under the related Works contract and all land acquisition and resettlement activities are implemented in compliance with (a) all applicable laws and regulations of the Borrower and the State relating to land acquisition and involuntary resettlement; (b) the Involuntary Resettlement Safeguards; (c) the RF; and (d) all measures	Land acquisition is not required as all construction works are proposed in identified government lands, and has already been provided by line departments. A small parcel of land under Jodhpur storm water drainage will be procured under negotiation/purchase instrument. Involuntary resettlement impacts are confined to mainly temporary loss of income/ livelihood due to temporarily displacement from the location of business of mobile vendor or due to loss of access to shops, all losses are temporary in nature.
Without limiting the application of the Involuntary Resettlement Safeguards, the RF or the RP/RIPP as applicable, the Borrower shall ensure or cause the EA to ensure that no physical or economic displacement takes place in connection with any Subproject until: (a) compensation and other entitlements have been provided to affected people on the related Works contract/section thereof in accordance with the relevant RP/RIPP as applicable; and	Being complied

Covenant	Status of Compliance
(b) a comprehensive income and livelihood restoration program has been established in accordance with the relevant RP/RIPP as applicable.	
<u>Indigenous Peoples</u> The Borrower shall ensure or cause the EA to ensure that the preparation, design, construction, implementation and operation of the Subprojects and Project facilities comply with (a) all applicable laws and regulations of the Borrower and the State relating to indigenous peoples; (b) the Indigenous Peoples Safeguards; (c) the IPPF; and (d) all measures and requirements set forth in the relevant RIPP if any as required, and any corrective or preventative actions set forth in a Safeguards Monitoring Report. No Category A subprojects will be financed under the Project..	Being Complied
Notwithstanding the stipulation that no Category A Subprojects under environment, involuntary resettlement or indigenous people, will be financed under the Project, in the unforeseen situation of change in categorization of a Subproject that is under implementation, to Category A, the Borrower shall ensure or cause the EA to ensure, in consultation with ADB that such Subproject shall be completed in full compliance of the ADB Safeguard Policy requirements and applicable laws and regulations of the Borrower and the State.	
<u>Human and Financial Resources to Implement Safeguards Requirements</u> The Borrower shall ensure or cause the EA to ensure that all necessary budgetary and human resources to fully implement the EMPs, the RPs and any RIPPs (as applicable) are made available on a timely basis.	Being complied. Resettlement and Rehabilitation budget head has been allotted and shared with PIUs for timely disbursement of compensation to potentially APs.
<u>Safeguards – Related Provisions in Bidding Documents and Works Contracts</u> (a) The Borrower shall ensure or cause the EA to ensure that all bidding documents and contracts for Works contain provisions that require contractors to: (b) comply with the measures and requirements relevant to the contractor set forth in the IEE, the EMP, the RP(s) and any RIPP, if any (to the extent they concern impacts on affected people during construction), and any corrective or preventative actions set out in a Safeguards Monitoring Report; © make available a budget for all such environmental and social measures; (d) provide the EA with a written notice of any unanticipated environmental, resettlement or indigenous peoples risks or impacts that arise during construction, implementation or operation of the Project that were not considered in the IEE, the EMP, the RP/RIPP (as applicable); (e) adequately record the condition of roads, agricultural land and other infrastructure prior to starting to transport materials and construction; and (f) fully reinstate pathways, other local infrastructure, and agricultural land to at least their pre-project condition upon the completion of construction.	Being complied
<u>Safeguards Monitoring and Reporting</u>	
(a) The Borrower shall ensure or cause the EA to ensure the following: (a) submit semi-annual Safeguards Monitoring Reports to ADB and disclose relevant information from such reports to affected persons promptly upon submission;	Being complied

Covenant	Status of Compliance
(b) if any unanticipated environmental and/or social risks and impacts arise during construction, implementation or operation of the Project that were not considered in the IEEs, the EMPs, the RPs or any RIPP (as applicable), promptly inform ADB of the occurrence of such risks or impacts, with detailed description of the event and proposed corrective action plan; and	
(c) report any breach of compliance with the measures and requirements set forth in the relevant EMP, the RP or RIPP (as applicable) promptly after becoming aware of the breach.	

N. Follow-Up Actions Recommendation and Disclosure

53. During this reporting period (October 2024 to March 2025), out of 23 subprojects, contracts for Nineteen subprojects have been awarded and pipe laying work for wastewater, drainage and water supply networks and heritage conservation and rejuvenation of sites/monuments under city beautification have progressed considerably. Contract for 03 city beautification subprojects (Mount Abu, Nawalgarh CB and Bundi CB) have not been awarded during this reporting period. Notice to Proceed has been issued for Pushkar City Beautification subproject on 07.01.2025. Additionally, Nathdwara City Beautification is also part of this additional financing, and DPR of the subproject has been approved. By the end of this reporting period, the resettlement assistance of ₹1,624,020 have been paid to 172 APs. During this reporting period, minor complaints from the people (housekeeping, pipeline damaged, leakages in a new connection, etc.) were received, which have already been resolved satisfactorily. Complaints and/or grievances related to social safeguard -resettlement were not received during the reporting period.

54. The following **Table 14** shows the issues and recommendations that are expected to be accomplished by the PIUs under RSTDSP, CMSCs and contractors with the support of PMCBC and PMU.

Table 15: Issues and Recommendations

Activity/Key Issues	Recommended Action	Responsibility	Action Taken Till March 2025
Updating RPs/RIPPs/DDR as per final scope of works in SIP.	Due diligence (a joint site visit) will be undertaken by CMSC/PIU along with safeguard consultant (PMCBC) for additional or changed works, if are proposed in SIP.	CMSC-1and2/ PMCBC/Contractors /PIU	RPs/RIPPs/DDRs are being updated based on the changes in scope of work and submitted to ADB for approval.
Implementation of RPs/RIPPs	Affected persons will be compensated prior to commencement of civil works in the particular stretches where they are running their livelihood activities.	CMSC-1and2/ Contractors/ PIUs	RPs/RIPPs are being implemented as per ADB's agreed guideline, and affected persons are being compensated before commencement of civil work.
The third-party certification will be conducted for the entire town where affected persons are unwilling to accept or forego compensation amount.	Third-party certification of the process to substantiate the voluntary nature of compensation waiver	PIU/ PMU with assistance of CMSC-1 and 2 and PMCBC	To be initiated
Photographic evidence to substantiate impact on affected persons were avoided	For all towns the photographs of the sections where the identified affected persons/ vendors did not face any impact will be provided	CMSC-1and2/ PMCBC/Contractors /PIU	Consent of the 8 Farmers, regarding satisfaction with project activities and certification of No Crop Loss under Jodhpur Drainage Subproject and consent of 122 APs under Jodhpur Wastewater Subproject are provided in Appendix 9
	Photographs of the 05 persons who were not impacted under Bharatpur wastewater subproject.		Consent of Affected Persons and photographs are provided in Appendix 9
Collect data and visit to monitor of the social safeguard activities at field level	Social Safeguard Professional of CMSC/ PMCBC	PIUs/PMU	PMU, PIU, PMCBC and CMSC teams are visiting work sites at frequently for compliance of safeguard issues.
Conduct and participate coordination meeting/ training on social safeguards at PIUs level	Coordination meeting/ training on social safeguards at PIUs level	CMSC-1and2/ Contractors /PIUs/PMCBC	Orientation trainings and introductory meeting related to social safeguard requirement with implementing agency are being done at regular basis.

English Translation:

Land Acquisition Officer,
 Jodhpur Development Authority, Jodhpur.

Subject: Regarding the Revenue Document (*Khatedari*) of land under village Dhinana Ki Dhani coming within the alignment of Bhairav Nala construction.

Reference: This office's letter no. 6231 dated 04.04.2024 and letter no. 6516 dated 04.05.2024

In continuation of the above subject and the referred letters, the construction work of Bhairav drain is being done by RUIDP, under which private (*Khatedari*) land of village Dhinana ki Dhani is reported under alignment from Chainage 6540 m to 6690 m of the drain.

In this regard, based on the earlier letters from this office addressed to Mr. Commissioner, Jodhpur Development Authority; request was made for revenue records and land procurement. Upon such communication, the concerned team of Jodhpur Development Authority went for spot verification and spot inspection and measurement was completed.

According to the instructions received in the meeting held in the auditorium of Jodhpur Development Authority on 12.06.2024 under the chairmanship of Commissioner, Jodhpur Development Authority, it is requested that the process of acquisition / purchase of the said land in the alignment of Bhairav drain may be done at the earliest.

(Sanjay Mathur)
Superintending Engineer

F(07)RUIDP/Ph-IV/JoDA/P02/7096-7098

Copy is sent to the following for information and necessary action-

1. District Collector, Jodhpur.
2. Commissioner, Jodhpur Development Authority, Jodhpur.
3. Executive Engineer (Drainage) RUIDP Jodhpur.

A meeting was held on 14.05.2024 in the presence of officials of RUIDP, PIU-Jodhpur and other departments under the chairmanship of District Collector, Jodhpur for the ongoing project construction of Bhairav stormwater drain in Jodhpur. As per the instructions given on 17.05.2024 for the construction of Bhairav drain (*Nala*), the *Khatedari* (revenue record) is as follows: under Tehsil Kudi Bhagtasni, district Jodhpur, *Khasra* number (typical land revenue number for demarcation of land parcels) 545/2 area 1 Biswa, *Khasra* number 532/2 area 11 Biswansi and *Khasra* number 544 area 11 Biswa 12 Biswansi. Total land is 13 Biswa 3 Biswansi will be impacted.

1. Tehsildar Zone-3, Jodhpur Development Authority, Jodhpur (Chairman)
2. Superintending Engineer RIGP Jodhpur (Member)
3. Tehsildar, Gudi Bhagataschi (Member)
4. Land Records Inspector Zone-3, Jodhpur Development Authority, Jodhpur (Member)
5. Patwari, Pal (Member)
6. Patwari Zone-3, Jodhpur Development Authority, Jodhpur (Member)

The above committee should ensure to provide information in the following format.

Sr. No.	Name of the Owner	Land Survey (Khasra) Number	Proposed Survey Number for drain construction	Total area of land (in Bigha)	Land to be acquired (in bigha/square feet)	DLC rate per square feet	Price of proposed land in rupees	Double Amount of Price of proposed land in rupees	Price of structure	Total price in rupees
1	2	3	4	5	6	7	8	9	10	11

The above order has been approved at the competent level.

Land Acquisition Officer
Jodhpur Development Authority,
Jodhpur

Appendix 5: Prior Information Given to Farmers

Prior Notice: To remove the temporary fencing along the government land/agricultural field

Refer to the subject mentioned above, government has approved the alignment of storm water drainage, Bhairav Nalla.

Proposed alignment will pass through government land locally called Katan ka Rasta which passes through field and a temporary fencing has been put-up around the land.

Thus you are informed in advance to remove the fencing so that project activities are done without any hindrance.

अस्सिस्टेन्ट बीजर, ऑयलमैन, अस्सिस्टेन्ट टिकर, टायर फिटर, डेट फिटर, पॉलिश मैन, लेथमैन, टूल कीपर, लाइनर, वाइन्डर, टाईमैन, पैट्रीमैन, ल्यूब्रीकेटिंग अस्सिस्टेन्ट, जूनियर क्लर्क, बैंड चैकर, जीगरमैन, क्लीपमैन, (स्टेन्टर) अस्सिस्टेन्ट स्क्रीन प्रिन्टर, वर्क्स एंगेज्ड ऑन हैण्डिलिंग, मशीन स्ट्रेचर्स, फिल्डर्स, एडन हैल्पर, हैवी मशीन हैल्पर, अस्सिस्टेन्ट ऑपरेटर, बिलोमैन, वैमैन, लेपमैन, वाईगमैन, डीजर, भीमसा, वारपार, फोल्डर, साईजर, पैपरमैन, कचचा वाईण्डर, डिस्ट्रीब्यूटर, ग्राईडिंग मैन, टेकर, कोपी होल्डर, पैपर फीडर, इंकमैन, गैट कीपर एण्ड टिकिट कलेक्टर, रिवाइण्डिंग मैन, लिफ्ट ऑपरेटर, विनोअर, मेट (लेबर सुपरवाइजर), कोल्हूमैन, फिटरमैन, फायरमैन, पम्प अटेन्डेन्ट, सहायक फिटर, सहायक टर्नर, सहायक वेल्डर, सहायक मैकेनिक, जाकरी वर्क्स, वॉशरमैन, रिकवरीमैन, पंचरमैन, डिलीवरी मैन, कोबलर, पेट्रोल डिलीवरी मैन, वे मैन कॉज, बटन मेकर, चेंयर नेस्टर, साईकिल रिपेयर्स, कॉटन फिडर, ब्रेकर साउथर फिनिशर श्रमिक, टेन्टर कम स्टीपर, डाईंग सिम्पलेक्स, लूविंग इन्टील, रिंग एण्ड डब्लिंग साईजर, डाफर, रोलर, एन्टीवाला एण्ड बेलिंग, वायरमैन कम हैल्पर, सैनेट्री जमादार, हलरमैन, मोजर, वेटमैन, सिलकमैन, हैण्ड डीलर, स्टोर ट्रन्सेज और कटर्स, स्वीपर (गटर सफाई वाला) तथा (अन्य कोई भी श्रेणी जिनका कोई भी नाम हो, परन्तु जो अर्द्धकुशल कार्य करते हों)		
3. कुशल - मैन, मिस्त्री, स्वागतकर्ता, बटई, लुहार, दर्जी, चर्मकार, मैकेनिक फिटर, लाइनमैन, पेन्टर, प्लम्बर, बर्नर इलेक्ट्रीशियन, वायरमैन, सिनेमा ऑपरेटर, बागवान, मैकेनिकल डीलर्स एण्ड ब्लास्टर्स, हल्के वाहनों के डाईवर, भारी वाहनों के डाईवर, ट्रैक्टर चालक, भारी ट्रकों के चालक, मिट्टी हटाने वाली मशीनों के डाईवर, रोड रोलर डाईवर, ट्रक डाईवर, मोटर गाडियों के डाईवर, इंजन डाईवर, दस अश्वशक्ति तक की मशीनों के डाईवर, अर्थ मूविंग इक्विपमेन्ट डाईवर, ऑपरेटर्स, क्लर्क, टाईपिस्ट, केशियर, पुस्तकालय लिपिक, समय पालक, स्टोर कीपर, लेखा लिपिक, सभी प्रकार के निरीक्षक (लाईसेन्स, गृहकर, सैनेट्री, खादय, ज्वालक आदि), पर्यवेक्षक, फायर ऑफिसर, ओवरसीयर, जलदाय पर्यवेक्षक, मुख्य सैनेट्री एवं परामर्शक, बॉयलर अटेण्डेन्ट, फायरमैन, मशीनमैन, कण्डक्टर्स, डाईवर्स, टर्नर, आर्टिजन्स, कोच बिल्डर्स, वल्केनाईजर्स, इक्ट्रोप्लेटर्स, मैट्रोमैन, बिल्डर्स, डिचमैनपेन्टर्स ऑफ हैलेस्टर्स, ड्रेसर्स एण्ड सोपस्टर्स, पथ निरीक्षक, कम्पाण्डर, ड्राफ्टमैन, माली, शिफ्ट सुपरवाइजर, मशीन फिटर, टर्नर, प्रेसमैन, वाईण्डर, जोबर कम ऑयलमैन, जोबर कम साईजर, विलोरूम जोबर, बिल क्लर्क, बुकिंग क्लर्क, कुक, एयर कण्डीशन मैकेनिक, रफुगर, वटर टेलर, पॉलिशवाला, रेडियो रिपेयर्स, ऑटो मैकेनिक, शीटमेकर, फर्नीचर डिजाईनर्स, मनिहारा, बार्बर, कन्फेक्शनर्स, फोटोग्राफर, आर्टिस्ट ऑटोशियन, छाता बनाने वाला, सूटकेश मेकर, मनीबैग मेकर, नर्स, इन्चार्ज, सिक्यूरिटी मैन, गोदाम कीपर, एलीवैटर ऑपरेटर, वेलप्रेस ऑपरेटर, फुलप्रेस मैन, मुकादम्स, मोल्डर, फैब्रिकेटर, टाईमकीपर, कोल्हू मास्टर, टोल मेकर, टीन स्मिथ, सोल्डरमैन, एयरकण्डीशन ऑपरेटर, एयरकूलिंग ऑपरेटर, अस्सिस्टेन्ट मैनेजर, इलेक्ट्रीकल सुपरवाइजर, कम्पोजिटर, ऑपरेटर-	7358/-	283/-

लाईनो/मोनी, डाई प्रिन्टर, कारपेन्टर, पुफ रीडर (चैकर), ब्लॉक प्रिन्टर, ब्लॉक मैकर, डाई स्टेम्पर, डिजाईनर, वाईण्डर, स्टीपर, कास्टर, लाईनोप्लेट प्रिन्टर, टाउचर, कातिभ, संसाज, सेग मशीन ड्राईवर, प्लेट कटर, डाईंग मास्टर, कन्टेनर मैन, फोरमैन, काटिंग मशीन ऑपरेटर, बॉलिंग प्रेस, ऑपरेटर, जोबर, लेथ ऑपरेटर, वाईण्डिंग मशीन ऑपरेटर, वेलेंडर, एसेम्बलर, रिक्ल प्रिन्टिंग पैनटर्स, बॉयलर अटेंडेंट, फेल्ड मास्टर कूशिंग एण्ड प्रिमेन्ट, कलर मास्टर, मोटर मैकेनिक स्कूटर मैकेनिक, बिलर, ड्राफ्टमैन, वल्कनाइजर, वाईण्डर, बोरिंगमैन, प्रेस मिस्त्री, इलीवेटर, कुल प्रेसमैन, वेलप्रेस ऑपरेटर, मिलर या मिल मशीन ऑपरेटर, जनरेटर ऑपरेटर, क्वालिटी कंट्रोल मैन, पथ निरीक्षक प्रयोगशाला सहायक, प्रयोगशाला परिचर, जूनियर टेक्नीकल असिस्टेंट तथा (अन्य कोई भी श्रेणी जिनका कोई भी नाम हो, परन्तु जो कुशल कार्य करते हो)		
4. उच्च कुशल (highly skilled) स्टेनोग्राफर, एकाउण्टेंट, कम्प्यूटर ऑपरेटर, मैनेजर, सेल्स सुपरवाइजर, सेल्स रिप्रजेन्टेटिव, मेडिकल रिप्रजेन्टेटिव, केमिस्ट, पुस्तकालयाध्यक्ष, कार्यालय अधीक्षक, लैब टेक्निशियन, टेलीफोन ऑपरेटर, ई.सी.जी. टेक्निशियन, रेडियोग्राफर मैन पॉवर, फार्मसिस्ट, सीनियर टेक्नीकल असिस्टेंट, कुक, मेल/फिनेल, नर्स तथा (अन्य कोई भी श्रेणी जिनका कोई भी नाम हो, परन्तु उच्च कुशल कार्य करता हो)	8658/-	333/-

टिप्पणियाँ:-

1. दैनिक मजदूरी पाने वाले किसी कर्मचारी को देय मजदूरी की न्यूनतम दरों की गणना जिस वर्ग का वह कर्मचारी है, उस वर्ग के लिये नियत मासिक मजदूरी की दर में 26 का भाग देकर की गई है।
 2. इसमें किसी बात के अन्तर्विष्ट होते हुये भी यदि उपर्युक्त दरों के प्रभाव में आने की तारीख पर उक्त नियोजनों में से किसी कर्मचारी की मजदूरी उपरोक्त दरों से अधिक हो तो उसके द्वारा उक्त दिन को प्राप्त की गई वास्तविक मजदूरी उसके संबंध में नियत की गई मजदूरी की न्यूनतम दर होगी।
 3. अनुसूची में निर्दिष्ट न्यूनतम मजदूरी की दरों में निर्वाह भत्ता, बुनियादी मूल्य और सुविधाओं के एवज में रोकड़ मूल्य, यदि कोई हो, सम्मिलित है।
 4. उक्त नियोजनों में कार्यरत कर्मचारी के लिये नियत दरों में साप्ताहिक अवकाश का वेतन शामिल है।
 5. निर्धारित सामान्य कार्य के घण्टों (8 घण्टे प्रतिदिन) से अधिक किसी कर्मचारी से कार्य करवाने पर अधिसमय (overtime) कार्य का भुगतान सामान्य मजदूरी दर की दोगुनी दर से किया जावेगा।
 6. (क) अकुशल (Unskilled) कार्य वह है जिसमें ऐसे साधारण कार्य जिसमें कि कार्य संबंधी कुशलता/अनुभव की, मामूली आवश्यकता है या नहीं है, सम्मिलित हैं। 2वर्ष कार्य करने के बाद ऐसे समस्त अकुशल कामगार अर्द्धकुशल श्रेणी के कामगार के समक्ष दरों से मजदूरी पाने के अधिकारी होंगे।
- (ख) अर्द्धकुशल (Semi-skilled) कार्य वह है जिसमें कार्य संबंधी अनुभव द्वारा प्राप्त कुशलता या सक्षमता कुछ अंश तक सम्मिलित है और जो चतुर कर्मचारी के पर्यवेक्षण या कार्य दर्शन के अधीन पूरा किया जाने योग्य है और इसमें अकुशल पर्यवेक्षणीय कार्य भी सम्मिलित है। अर्द्धकुशल श्रेणी में सम्मिलित

भाग 1(ख)		राजस्थान राज-पत्र, फरवरी 07, 2022	11274
5	अन्य घरेलू कार्य	60 मिनट (अधिकतम प्रतिदिन)	920.00
6	कपड़े धोना, बर्तन धोना, घर की साफ-सफाई, बच्चों की देखभाल, बच्चों को स्कूल छोड़ना व लेकर आना इत्यादि घरेलू कार्य एक दिन का कार्य	एक दिन का कार्य	7358.00

टिप्पणियाँ:-

1. यदि अनुसूची के क्रम संख्या 1 से 5 में उल्लेखित कार्य की अवधि 60 मिनट से अधिक है तो देय मजदूरी की गणना उसकी अनुपात में बढ़ जाएगी।
2. एक दिन के कार्य से तात्पर्य अधिकतम 8 घण्टे तक कार्य होगा। अधिसमय (ओवरटाईम) कार्य का भुगतान सामान्य मजदूरी की दर की दुगुनी दर से किया जावेगा।
3. यदि परिवार के सदस्यों की संख्या 4 से ज्यादा है तो अनुसूची में दी गई दर की 10 प्रतिशत अतिरिक्त मजदूरी देय होगी परन्तु कार्य की अवधि वही रहेगी।
4. उक्त उल्लेखित दरें न्यूनतम हैं, यदि पहले से दी जा रही मजदूरी अनुसूची में दी गई मजदूरी की दरों से ज्यादा है तो पहले से ही दी जा रही दरें ही प्रचलित रहेंगी।
5. यदि कोई श्रमिक पूर्ण माह के स्थान पर कुछ दिवस ही कार्य करता है तो दैनिक मजदूरी की गणना मासिक मजदूरी की दर में 26 का भाग देकर की जावेगी।
6. श्रम व्यूरी, बिमला से प्राप्त जयपुर, अलवर एवं भीलवाड़ा केन्द्रों के लिए औद्योगिक श्रमिकों के उपभोक्ता मूल्य सूचकांक (Consumer Price Index) दिनांक 01.07.2020 से 30.06.2021 तक अधिसूचना में सम्मिलित कर लिये गये हैं। इस अवधि में उपभोक्ता मूल्य सूचकांक की वृद्धि 171 अंक है।
7. उक्त मजदूरी की दरें दिनांक 01.07.2021 से लागू होगी तथा माननीय राजस्थान उच्च न्यायालय, जयपुर में विचाराधीन याचिका संख्या-8986/2021 में किसी भी प्रकार का निर्णय पारित होने के क्रम में आवश्यकतानुसार पृथक से समीक्षा/पुनरीक्षण की कार्यवाही की जावेगी।

राज्यपाल की आज्ञा से,

पतंजलि भू,

अतिरिक्त श्रम आयुक्त एवं
पदेन संयुक्त शासन सचिव
राजस्थान जयपुर।

राज्य केन्द्रीय मुद्रणालय, जयपुर।

As per the state gazette notification dated 07.02.2022, the latest (applicable from July 1st, 2021) revised minimum daily wages for different category of labour are as below:

Unskilled= ₹ 259/-; Semiskilled= ₹ 271/- ; Skilled= 283/- ; Highly Skilled= 333/-

Appendix 9: Consent of Affected Persons – Impacts Avoided

Bharatpur Wastewater (05 APs)

During the joint site visit, it was found that as per the socio-economic survey, the following vendors were listed in Resettlement Plan as project affected persons. But during the work, no impact was noted on their livelihood and all impacts were mitigated. The same is confirmed by the vendors and the witnesses.

Mitigated APs Confirmation (UP to Last Reporting Period)

आज दिनांक 30-01-2024 को संयुक्त मौका निरीक्षण के दौरान यह पता चला है कि Socio Economic Survey के अनुसार RP's APs सूची में, नाम-राजकुमार/सुक्का सैन...एवं आरपी नंबर 02 और नाम-राजेश /सीयाराम शर्मा , आरपी नंबर 03 को पुर्व में एसपीएस-01 ये दोनो दुकान के पास प्रस्तावित किया गया था। परन्तु बाद में संवेदक (Contractor) द्वारा design में बदलाव करके उसी खसरा में 50 मीटर आगे कि तरफ प्रस्तावित किया गया है जमीन का मालिकाना हक UAT का है और UAT ने इसका NOC पूर्व में ही जारी कर चुका है चुकि एसपीएस आगे कि तरफ बनाया जा रहा है तो ये दोनो दुकान अब इससे प्रभावित नही होगी और न ही कार्य के दौरान इनका रोजगार प्रभावित होगा। इसलिए इन दोनो को Mitigate किया जा रहा है।

**Consent of the 8 Farmers, regarding Satisfaction with Project Activities and
Certification of No Crop Loss under Jodhpur Drainage Subproject**

English Translation:

Under Rajasthan Urban Infrastructure Development Project (RUIDP) Phase IV, a box drain will be constructed on the proposed alignment on government road locally called Gair Mumkin Rasta from Chainage 1.200 to 6.000 under Bhairav Nalla section of Project Storm Water Drainage, Jodhpur. There is agricultural land on either side or on one side of this government road and fencing was done by the farmers to protect their crops from stray animals. Before the construction work of the project started, farmers were identified and discussions were held with all those farmers regarding the proposed project. This proposed project was welcomed by the local farmers.

Certification:

I Chhota Ram S/O Basti Ram Ji is fully satisfied with the construction work done by the Project authority and there has been no adverse impact on my agricultural land during the work period.

Implementation of Resettlement Plan (RP) of Subproject Waste Water, town Jodhpur.

राजस्थान शहरी आधारभूत विकास परियोजना (RUIDP) विभाग को चतुर्थ चरण (ट्रेन्च द्वितीय) के अन्तर्गत मल जल परियोजना में शहर जोधपुर के स्थान जैसलमेरिया चौराहा से प्रतापनगर टैम्पो स्टेण्ड (प्रतापनगर रोड़) एवं मेनहोल नम्बर 19 से 101 तक सड़क के बाईं ओर सीवरेज पाइप लाइन बिछाने का कार्य किया गया है। इस दौरान प्रभावित व्यक्तियों की सूची में 9 प्रभावित व्यक्तियों की दुकान डिवाइडर के दाहिनी तरफ होने के कारण इन पर सीवरेज पाइप लाइन बिछाने के कार्य का उनके व्यवसाय एवं आजीविका पर कोई प्रभाव नहीं हुआ है।

जिनका विवरण निम्नानुसार दर्ज है :-

क्र.सं.	आर.पी. संख्या	प्रभावित व्यक्ति का नाम	पिता/पति का नाम	
1.	257	Ajmat	Ilyas	अजमत
2.	258	Sumit	Om Singh	सुमित

Appendix 10: Details of Consultation with Scheduled Tribe Households

Public consultations organized with schedule tribe community in Dungarpur and Sagwara town. Following issues were discussed:

- Prior information about the project, scope of work, benefits for the community
- Grievance redressal mechanism and its process,
- Socio-economic status of the community,
- Present Status of Water Supply and Wastewater in the town, it's access to people,
- Willingness to pay for improved services,
- Other project components under RSTDSP and those benefits to the community

It was informed that people are engaged in agriculture and livestock breeding works and some are involving in daily wages or labor works. People are concerned about the poor supply (intermittent on alternate days) of water supply and unstructured sewerage facility in the town. Grievance mechanism and process of registering complaints is also briefed with participants. People are happy with proposed execution, especially women are much excited about proposed works and 24*7 water connection. People expressed their willingness to pay for improved services of water supply and sewerage.

Appendix 31: Details of Stakeholder and Public Consultation

Public consultations organized with project affected persons as well as local public and following issues were discussed.

- Present status and access of Water Supply and Wastewater in the town and other concerned issues and challenges
- Process of logging complaints and grievance and its mechanism under the project
- Willingness of local public to pay for improved services.

Outcome: Pamphlet of advance information is distributed and door to door consultation is also held with nearby habitations. Three tier grievance mechanisms and its process was briefed with participants. People are supportive of the project and indicated their willingness to participate in the project to make it successful and are willing to pay for the improved quality of water and sewerage connections. People are not satisfied with present water supply and sewerage services, water is provided by PHED but its intermittent on alternate days and sewerage facility is not structured in the town. People are happy and understand direct benefits along with latent benefits of the project.

No. F3 (301) (60)/RUIDP/PMU/PH-IV/ADB S. Safeguard /2023/ Date:

Suprintending Engineer/Executive Engineer

PIU-Jodhpur, Ratangarh, Dungarpur,
Nokha, Nathdwara, Ajmer, Bharatpur,
Bundi, Abu Road, Barmer.

Subject:- Nomination of Safeguard and Safety Officer (SSO) of each PIUs for proper monitoring of Environmental and Resettlement issues and addressing of safeguard related Grievances through Grievance Redress Mechanism.

Reference: - Agreed Environmental Resettlement framework and EARF of RSTDSP AF.

All PIUs are directed to issue an office order to nominate one engineer from PIU to works as Safeguard and Safety Officer (SSO). It will be additional responsibility of Safeguard and Safety Officer (SSO), PIU to ensure day to day monitoring of implementation of Environmental Management and Monitoring Plan (EMMP) provisions, implementation & Monitoring Resettlement Plan (RP) and ADB Safeguard Policy& Safety compliance in concern town.

Further it is directed that all the PIU should maintain proper separate records of safeguard related Grievances received in their town and ensure that the safeguard related Grievances received are resolved as per Grievance Redress Mechanism (GRM) prescribed in EARF/RF which is summarized as under (for ready reference)

Methodology of multi-tier GRM	Responsibility/ Action to be taken	Time Frame	Record Keeping
1st level: Grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU and CMSC on-site will provide	EE PIU will resolve issues in consultation with supervision personnel (ACM), Safeguard and Safety Officer (SSO) PIU, Contractor, and Safeguard staff of CMSC and CAPPC.	PIU will resolve issues within 7 days of receipt of a complaint/ grievance.	Safeguard Support of CMSC will oversee the matters and prioritize / follow up the issues with PIU/Contractor. Safeguard and Safety Officer will support of PIUs.

Digitally signed by **Dr. Arun Vyas**,
Designation : **Project Director**,
Date: 2023.10.18 09:20:58
Reason: Approved

Methodology of multi-tier GRM	Responsibility/ Action to be taken	Time Frame	Record Keeping
the most easily accessible or first level of contact for quick resolution of grievances	required, city level monitoring committee (CLMC) will be involved in resolution of grievances at the 1st level;		Grievances timely in the format enclosed as Annexure 1. Contractor/ Safeguard Support of CMSC will enter the general Grievance received (in a summarized manner) in Grievance Register (format enclosed as Annexure 2) on receipt form public forwarded to head of PIU or Safeguard and Safety Officer (SSO) for resolve in time and provide summarized information as and when required. The grievance register will be endorsed by all field agencies involved in implementation of EMP and RP.
2nd level: All grievances that cannot be redressed within 7 days at field/PIU level will be brought to the notice of Zonal PIU headed by Additional Chief Engineer (ACE).	The ACE at zonal PIU will resolve issues in consultation with SE/EE PIU, assistant safeguard officer (ASO), field level PIU, CMSC, CAPPIC and contractor.	The ACE at zonal PIU will resolve the grievance within 7 days of receipt of complaint/grievance.	Environmental and Social Safeguards Personnel of CMSC will keep all the records referred to zonal PIU and after compilation, all the details will be submitted to PMU.
3rd level: All the grievances that are not addressed by Zonal PIU within 7 days of receipt will be	Project Officer (Social/Environment) at PMU will resolve the grievance with necessary coordination of Zonal PIU and CMSC and	PMU will resolve the grievance within 15 days of receipt of grievance. Digitally signed by Arun Vyas Designation : Project Director Date: 2023.10.18 00:20:58 IST Reason: Approved	Safeguard Support of PMCBC will keep all the records referred to PMU.

Methodology of multi-tier GRM	Responsibility/ Action to be taken	Time Frame	Record Keeping
brought to the notice of the PMU.	guidance/instruction of additional project director (APD-PMU);		
4th level: Grievances not redressed through this process within/at the project level within stipulated time period will be referred to the CLC/grievance redress committee (GRC).	Zonal PIU will inform the CLC regarding any grievances required to be resolved urgently.	The GRC will resolve the grievance within 15 days of receiving the complaint.	Environmental and Social Safeguards Personal of CMSC will keep all the records.

Please note that an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM.

PIU Safeguard and Safety Officer (SSO) will monitor the entire process and all decisions taken by the PIU, zonal officers, PMU and GRC and will be communicated to the APs by Safeguard Support of CMSC.

It is also directed that names and contact number of the concerned Safeguard and Safety Officer (SSO) of PIU, contractors, safeguard support staff of CMSC will be posted at all construction sites at visible locations.

All PIUs will ensure timely issuance of order with a copy to Project Officer (Social & Environment), PMU. Further PIUs will be responsible to ensure redressal of grievances as per GRM procedures summarized above.
