No. F3 (201) (16)/RUIDP/PMU/PH-III/ADB Social Safeguard/General/2017-18/5492 Date 26 July, 2019

The Country Director,
Indian Resident Mission, ADB,
4 San Martin Marg, Chanakyapuri,
New Delhi (psrivastava@adb.org)

Sub: Submission of Updated Resettlement Plan (RP) of sewerage project for Bhilwara under RUIDP Phase III (ADB loan no. 3183-IND) as per ADB's Safeguard Policy Statement 2009.

Ref: PMU No. F3 (201)(16)/RUIDP/PMU/PH-III/ADBSocialSafeguard/General/2017-18/4341 Dated: 02.7.2018

Sir,

Please find enclosed herewith the updated Resettlement Plan (RP) of sewerage project for Bhilwara under Phase III (ADB loan no. 3183-IND) as per ADB's Safeguard Policy Statement 2009 for approval and further necessary action.

The RP of Bhilwara has been updated as per the revised alignment provided by contractor and now in Bhilwara there are 1381 APs, whose business will be temporarily affected during laying of pipeline as they carry their activities within ROW. All APs will be compensated livelihood losses and shifting assistance whereas 666 APs will be given additional vulnerable assistance also.

Kindly send approval and link of website where these updated RP will be disclosed so that same may be uploaded on RUIDP Website.

Attachment: As above

EXECUTIVE SUMMARY

1. **Sub-project Scope.** Rajasthan Urban Sector Development Program (RUSDP) complements the past and ongoing efforts of the Government of Rajasthan (GoR) to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state¹.
2. Bhilwara is one of the six project towns selected for implementation of the Asian Development Bank (ADB) funded RUSDP. Bhilwara town is the district headquarters, situated at about 250 km southwest of state capital, Jaipur. The municipal area under the jurisdiction of Bhilwara Nagar Parishad (BNP) extends to an area of 69 sq. km, housing a population of 359,483 (as per census 2011).
3. **The sub-projects includes:** (i) Construction of one Sewage Treatment Plant (STP) based on Sequencing Batch Reactor (SBR) technology with primary settling tank and gas generation plant of 30 million liter per day (MLD) for part of Zone A & B; (ii) Construction of one Sewage Pumping Station (SwPS) for zone A & B of 48 million liter per day (MLD); (iii) Sewer network- 375 km of dia 176 to 1800 mm; and (iv) Instrumentation, automation and SCADA system in proposed STP and SwPS.
4. This Resettlement Plan (RP) document is prepared for proposed sewerage subproject in Bhilwara town and is in line with the Resettlement Framework (RF) prepared for RUSDP.
5. **Summary of Resettlement Impact.** Construction of STP will be undertaken in vacant municipal land while SwPS will be constructed in Urban Improvement Trust (UIT) land. No new land acquisition is required. The main resettlement impacts will be due to the laying of sewerage pipe networks. The sewer pipelines are proposed to be laid underground along the edge of the existing public roads belonging to Govt and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income to roadside petty businesses (vendors/kiosks) during the construction.
6. Further, this project is a Design-Build and Operation (DBO) contract and as per the contract, the final design/alignment/confirmation has to be provided/ prepared by the contractor. Considering the possibility of minor changes in alignment during the execution of civil works, social impact assessment (SIA) and census and socio-economic survey (100%) of the entire town was been done and people carrying on business activities on both sides of the road have been considered as displaced persons (DPs).² As per SIA, laying of pipeline may cause temporary loss of livelihood due to access disruption during civil works to 1381 vendors/traders. These are majorly non-titled movable / transitory structure (push carts etc.)³ owners. Area wise list of DPs has been submitted to contractor through Employee Representative (ER) of Program Management, Design and Supervision Consultants (PMDSC) for freezing of the final alignment to minimize the possibility of impacts on these potential DPs. Considering the possibility of minor changes, while preparation of RP, people

¹ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

² The laying of network pipelines will be done only on the either of the side of road, therefore during the implementation the actual number of APs will be reduced.

³ Resettlement impacts based on the detailed survey

carrying on business activities on both sides of the road have been considered as APs but since the laying of network pipelines could be done on a single side of the road it is expected that during implementation the actual number of DPs will be reduced. The area-wise implementation details will be provided in the semi-annual monitoring reports (SMR).

7. As per information from design engineers, the vendors may experience access disruption of 14 days at the maximum, which could be further minimized by scheduling civil works at night time or a non-market day or by lying of pipeline in phases. Temporarily DPs will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents.

8. **Categorization.** This subproject has been categorized under category “B”⁴ for Involuntary Resettlement (IR) impact as per ADB’s Safeguard Policy Statement (SPS), 2009. This RP is prepared as per detail project report (DPR)⁵ and as per agreed RF. No adverse impacts are anticipated on Indigenous People (IP) under the subproject and project is under category “C” for IP as per the SPS, 2009.

9. **Public Consultations and Disclosure:** Consultations were carried out during RP preparation and will continue throughout the subproject cycle. The social safeguard team carried out preliminary consultations, through focus group discussions (FGDs) and meetings with the DPs as well as the general public. FGDs were conducted with the DPs wherein policy-related issues, i.e., displacements and other issues like compensation and assistance, input to alternative design were discussed. During consultation meetings, participants were of the view that this subproject is important and very much needed. All participants are pleased and committed to supporting the implementation of the project. There was no opposition for this subproject.

10. RP will be made available in the Project Implementation Unit (PIU), Project Management Unit (PMU) offices and will be disclosed on the ADB website and the PMU websites. Leaflet prepared in the local language (Hindi) has been distributed to the DPs for understanding the sub-projects scope, Rehabilitation-Resettlement (R&R) provision and Grievance Redress Mechanism (GRM) system under this project. Cut-off-date for temporary impacts has been also communicated to DPs through survey agency and disclosed in the project affected area.

11. **Policy Framework and Entitlements.** The policy framework and entitlements for the program are based on national laws: (i) The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, (RFCTLARR), 2013⁶, (ii) National Rehabilitation and Resettlement Policy, (NRRP) 2007 (iii) ADB’s SPS, 2009; and agreed RF.

12. **Compensation and Income Restoration:** The PIU will provide compensation in accordance with the entitlement matrix of the updated RF. As a policy, all DPs will be provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation will be completed prior to the start of civil works. If required, they will also be assisted to temporarily shift for continued economic activity. For example, they will be assisted to shift to the other side of the road where there is no construction.

⁴ A proposed project is classified as category B if it includes involuntary resettlement impacts that are not deemed significant.

⁵ SIP (by contractor) is under preparation which includes finalization of Designs/ coverage area/alignment. This RP may be revised accordingly.

⁶ The Act has received the assent of the President on the 26 September 2013.

13. **Grievance Redress Mechanism.** Grievance redress mechanism (GRM) has been established for each town. As per developed mechanism, Grievances of DPs will be first brought to the attention of the Contractor, Social Development cum Gender Expert (SDGE) of Community Awareness Participation Consultant (CAPC), Implementing officer, PMDSC (Safeguard Staff of PMDSC) and PIU. They can immediately resolve issues on-site in consultation with each other and will be required to do so within 3 days of receipt of a complaint/grievance. All grievances that cannot be redressed within 3 days at field/ ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance/grievance in discussion with the PIU, CAPC/ Safeguard Staff and the Contractor. All the grievances that are not addressed by PMU within 7 days of receipt will be brought to the notice of the Grievance Redress Committee (GRC). The City Level Committee (CLC), established in every project town, acts as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. The PIU will keep records of all grievances received include: contact details of the complainant, date of the complaint received, nature of the grievance, agreed corrective actions and the date these were effected, and final outcome. All costs involved in resolving the complaints will be borne by the PMU. The GRCs will continue to function throughout the project duration.

14. **Institutional Arrangements:** The Local Self Government Department (LSGD), GoR is the Executing Agency (EA) of the project and responsible for overall strategic approvals, guidance, monitoring the execution of the project. The current PMU of RUIDP, under the LSGD, is the Implementing Agency (IA) for the project. Implementing Agency is executing and monitors the RUSDP implementation. Six PIU, one each of in six project towns, have been set up for implementation. PMU is providing support to PIUs in implementation, management and monitoring of the project. PMU and PIUs are assisted by PMDSC. At state-level, an inter-ministerial Empowered Committee (EC) has been established to provide overall policy direction and City Level Committees (CLCs) have been established in each town to oversee the implementation at the town level. The PMU is assisted by a PMDSC social safeguards specialist (PMDSC, SSS). In addition to this, at the town level, Safeguard Implementation Officer is appointed (as per recent variation in PMDSC Contract on the recommendation of ADB) to support the Contractor's outreach team in RP implementation.

15. **RP Implementation and Monitoring:** All compensation will be paid prior to the start of civil works. RP implementation will be closely monitored by PIU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. The PIU, with assistance from Safeguard Implementation Officer PMDSC, will prepare monthly and quarterly progress report in terms of physical and financial indicators. In addition, the monitoring process will also look into: the communication and reactions of DPs; use of grievance procedures; information dissemination to DPs on benefits; and options and implementation time table, livelihood and living standard of DPs in pre and post-project situations. The report prepared by PIU will be compiled by PMDSC SSS and the PMU on a semi-annual basis for its due submissions to ADB.

16. **Resettlement Budget:** The resettlement cost estimate for the Bhilwara Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix, and contingency provision amounting to be 5% of the total cost. Funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is INR **13047615**.

The town Safeguard Implementation Staff will be involved in facilitating the disbursement process and will facilitate opening bank accounts for the DPs who do not have bank accounts. PIU will be issuing sanction order to payment of DPs and making electronic clearance service/National Electronic Fund Transfer (ECS/NEFT) transaction from the bank through concerned Treasury (State Share). Payment of the compensation will be ensured before the start of civil works.

17. It will be ensured during disbursement that every DP is compensated as per the minimum wage rate applicable. In case, the daily income of DP is less than minimum wages (as per Government of Rajasthan Minimum Wages Act) then DP will be paid minimum wages (unskilled labour) for 14 days as livelihood assistance. Further, inflation of 7% (Flat) will also be given to DP (after a delay of 1 Year) to cover the time lag of survey and final implementation. The micro plan will be prepared accordingly and payment will be ensured by PIU.

RESETTLEMENT PLAN

A. Sub-project Description

1. Rajasthan Urban Sector Development Program (RUSDP), building on the previous two Asian Development Bank (ADB) funded projects: RUIDP and RUSDIP (also referred as RUIDP I and II respectively), supports the Government of India (GoI) and the Government of Rajasthan (GoR) in their policy of balanced regional socio-economic development and poverty reduction through improvements in urban governance, management, and infrastructure and service provision in six selected cities⁷ in Rajasthan. The selected cities are particularly district headquarters with more than 100,000 population and the ones which were not benefitted under the previous two ADB funded urban sector projects. With the main focus on the improvement of water supply and sewerage services, proposed RUSDP will be implemented over a 6-year period beginning in 2014 through ADB's Sector Development Project (SDP).

2. Bhilwara is one of the six project towns selected for implementation of the ADB funded RUSDP. Bhilwara town is the district headquarters situated at about 250 km southwest of state capital, Jaipur. The municipal area under the jurisdiction of Bhilwara Nagar Parishad (BNP) extends to an area of 69 sq. km, housing a population of 359,483 (as per Census 2011).

3. Bhilwara Town sewerage subproject is one of the subprojects proposed under the investment component of RUSDP. At present, there is no sewerage system in the town, due to which most of the households depend on septic tanks for disposal of sewage. Effluent from septic tanks and sullage, and sewage from houses without septic tanks is let off into open drains which ultimately collect in low lying areas in the outskirts of the town. Accumulated wastewater is partially pumped to a sewage treatment plant (STP) of 10 million litres per day (MLD), developed and operated by a private industry (M/s Jindal) that reuse the treated wastewater in their factory. Currently, a sewerage project is under implementation by Bhilwara Nagar Parishad (BNP) with technical support of the RUIDP. This project, however, does not cover the entire town, so it is proposed to provide a sewer system in uncovered areas under this RUSDP. Keeping in view the necessity of improving the sanitary conditions, Zone-A&B of the eastern-southern & western-northern parts of Bhilwara city has been taken up. Zone A includes areas in the east-southern part of the city. This covers maximum area among all zones and has the highest population density and Zone-B: includes areas in the north-western part of the city. It is third in terms of area of all zones but it supports medium population density.

4. Sewage collection and conveyance network and STP (30 MLD) is proposed for the major part of Zone A and some part of Zone B (mostly main area of the city) of Bhilwara city under this RUSDP. This will collect sewage from houses and convey to the STP (30 MLD proposed) for treatment and reuse. Of the total base year population (2016) of 391,882, this subproject will cover 75% of the population.

⁷ The selected cities include: Pali, Tonk, Sri Bhilwara, Jhunjhunu, Bhilwara, and Hanumangarh

Figure 1: sewerage zone

Figure 2: Plan showing existing high, medium & Low density in BMC area.

5. **The sub-projects include:** (i) Construction of STP based on Sequencing Batch Reactor (SBR) technology with primary settling tank and gas generation plant) of MLD for part of Zone A & B; (ii) Construction of one sewage pumping station (SwPS) for zone A & B of 48 MLD; (iii) Sewer network- 375 km of dia 176 to 1800 mm; (iv) Instrumentation, automation and Supervisory Control and Data Acquisition (SCADA) system in proposed STP and SwPS.

Table 1: Components of Proposed Works in Bhilwara

S.No.	Project components	Description	Location
1.	Construction of STP	Construction of 01 Sewage Treatment Plant of 30 MLD for part of Zone A & B (SBR Technology with primary settling tank and gas generation plant)	Vacant municipal land near existing Jindal STP site at Kuwada Village
2.	Sewage Pumping Station	Construction of 01 Sewage Pumping Station (SwPS) for zone A & B of 48 MLD	Govt Land, Urban Improvement Trust (UIT) at Rajiv Gandhi Ring Road, near UIT building.
3.	Sewage Network	Zone-A: Network of 375 km, Sewer of dia. 176 to 1800 mm	Part of Zone A & B in the town
4.	Property Connection with Sewerage System	PVC-U pipe as proposed for connecting up to the property boundary are proposed under this project (approx. 45000 nos.)	Part of Zone A & B in the town
5.	Instrumentation, automation and SCADA system	Instrumentation, automation and SCADA system in proposed STP and SwPS.	STP and SwPS

Source- Detailed Project Report and Transect Walk

6. The Resettlement Plan (RP) is prepared based on the final design and alignment provided by Design Build Operate (DBO) contractor after completion of detailed measurement surveys. This RP document is prepared for proposed sewerage subproject in Bhilwara and is in line with the Resettlement Framework (RF) prepared for RUSDP.

7. **Categorization.** This subproject has been categorized under category “B” for Involuntary Resettlement (IR) impact as per ADB’s Safeguard Policy Statement (SPS, 2009). No adverse impacts are anticipated on Indigenous People (IP) under the subproject and this project is categorized under category “C” for IP as per the SPS, 2009. No Indigenous Peoples Plan is required to be prepared.

8. **Measures to Avoid and Minimize Involuntary Resettlement:** To avoid and minimize involuntary resettlement impacts, the subproject has considered the use of government land where ever available and right-of-way of government road will be used for laying of pipelines. The pipelines are to be laid underground along the edge of the existing public roads belonging to Govt. Diameters of the proposed pipeline to be laid ranges between 174 mm to 1800 mm depending on the width of the roads that vary between 3 to 22 m to minimize economic and traffic impact to the extent possible.

9. Efforts will be made by the Project Implementation Unit (PIU) to execute the works in the commercial area, during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The PIU will also ensure that all the necessary measures related to safety and security of the public and residents are in place and followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days will be discussed with vendors, squatters, market committee members, and residents, and accordingly, the construction activities will be planned. After laying of pipelines, the

lanes/roads will be restored to its original condition (including bitumen, cement concrete {CC} and CC interlocking tiles as applicable). Orientation program with Project Contractor, PIU and Program Management, Design and Supervision Consultants (PMDSC) site engineers was held and safeguard issues were deliberated in detail. (**Annexure 1**)

10. Traffic management during pipe-laying work, advance notice to residents and businesses prior to start of work, ensuring access to shops and businesses by providing pedestrian access through planks, where excavation close to residences or commercial properties cannot be avoided, simple mitigation measures such as provision of planks will be implemented as per available guidelines in environmental management plan (EMP) and best practice. Timely information will be provided to the public about potential negative impacts and mitigation measures, including grievance redress procedures and time taken for the same, prior to the start of project implementation.

11. It was also revealed during discussions with the design team that in order to ease the execution and to avoid public inconvenience, the trenchless method will be used for deep sewer laying. Further, night time working may also be opted at the busy sections with prior permission, stakeholder consultation and noise control measures. In addition to this, the trenchless sewer has also been proposed at important circles where there is more traffic density or traffic diversion is not feasible due to narrow and congested streets. Accordingly, around 29.5 Km of sewer network having dia of 176mm, 220 mm and 277 mm are proposed to be laid using trenchless technology. Extensive consultations were made with the residents and shop owners and they were informed about the proposed works. They have given their consent for the works and are also ready for bearing temporary inconvenience during works (**Annexure 2**). Consultations will continue with the residents and shop owners throughout the project implementation.

Table 2: Detail of sewer lines proposed by trenchless technology method

S. No.	Sewer Dia	Type of Pipe	Total Length (mtr)	Technology
1	176 MM	HDPE PE-100/PN-6	28596	Trenchless
2	220 MM	HDPE PE-100/PN-6	656	Trenchless
3	277 MM	HDPE PE-100/PN-6	273	Trenchless
Total			29.5 km	

Source-DPR & Design

Figure 3: Layout Plan of Proposed STP

Figure 4: Proposed Sewer Network Coverage of Zone A.

Figure 5: Proposed Sewer Network Coverage of Zone B

B. Scope of Land Acquisition and Resettlement

12. No involuntary land acquisition of private land is anticipated for this project. Proposed STP and SwPS will be constructed in the vacant municipal and Urban Improvement Trust (UIT) land respectively. The main resettlement impacts will be due to the laying of sewerage pipe networks. Pipelines are proposed to be laid underground along the edge of the existing public roads belonging to govt and will not require any land acquisition or cause permanent displacement but will cause only temporary access disruptions and possible temporary losses in income to roadside petty businesses (vendors/kiosks) during construction.

13. **Construction of Sewerage Treatment Plant & Sewerage Pumping station:** 30 MLD STP will be constructed in the village Kuwada near existing Jindal STP, where four-hectare vacant municipal land is available for the work, while 2.8 hectares vacant land is in possession of UIT near Rajiv Gandhi Ring Road for construction of proposed sewerage pumping station (SwPS). **Land revenue records and NoC are attached in Annexure 3 to 5 and Google Earth images of STP and SwPS location are attached in Annexure 6&7.** Details of land are provided in the table below:

Table 3: Details of land availability, ownership and status of proposed STP&SPS site

Sr. No.	Project Component	Location	Ownership	Area of government land available at the location (in hec)	Area required (in hec)	Khasra No.
1	Construction of 01 Sewage Treatment Plant of 30 MLD for part of Zone A& B	Near existing Jindal STP in village Kuwada	Municipal Land	4	4	
2	One sewage pumping station (SwPS)	Near Rajiv Gandhi Ring Road besides UIT building.	UIT Land	2.8	2	336/2

Transect walks, technical documents, Municipality and analysis

Figure 6: Photographs of Proposed Site.

	
Proposed STP Land near village Kuwada	Proposed SwPS Land near Rajiv Gandhi Ring Road

14. **Sewer Network:** To estimate the temporary impacts due to the laying of sewer pipelines, transect walks were undertaken in roads/ pipeline alignments. It is to confirm that there are no impacts on private/ public land, private properties like housing, shops, commercial buildings, and community infrastructure. It is ascertained that the main resettlement impacts will be due to the laying of sewerage pipe networks. The sewer network pipelines are proposed to be laid underground along the edge of the existing public roads belonging to Govt and will not require land acquisition or cause permanent displacement but may cause temporary access disruptions and possible temporary losses in income during the construction to roadside vendors/traders.

15. A sub-project is DBO contract and as per contract, the final design/alignment/confirmation has to be provided/ prepared by the Contractor. Considering the possibility of minor changes in alignment during execution of civil works, social impact assessment and census and socio-economic survey (100%) of the entire town was conducted by NGO under the supervision of Social Safeguard Specialist (SSS) of PMDSC and subsequently letter issued to contractor through Employee Representative (ER) of PMDSC for freezing the final alignment of all the commercial as well as market areas, so nature of impact can be confirmed and list of displaced persons (DP) can be finalized for updating RP (**Annexure 8**).

16. Temporary impacts were assessed and reconfirmed after detailed design and finalization of alignment, through detailed measurement surveys of sites/ sections of pipeline alignment provided by the contractor. As per final alignment, the laying of the pipeline may cause temporary loss of access/disruption to livelihood to 1381 vendors/traders⁸ located along the sides of the road (**Ref Annexure 9**). These vendors are majorly non-titled movable /transitory structures (pushcarts etc.) owners and involved in petty businesses (selling tea and snacks, vegetable and fruit etc.). **Sub-project components and possible IR impact are shown in table 4 & 5.**

⁸ Considering the possibility of minor changes, while preparation of RP, people carrying on business activities on both sides of the road have been considered as APs but since, the laying of network pipelines could be done on single side of the road it is expected that during implementation the actual number of APs will be reduced. The area wise implementation details will be provided in the semi-annual monitoring reports.

17. During the census survey, it was noted that vendors are mostly vending on specific locations. As per information from design engineers, these vendors may experience access disruption of 14 days at the maximum, which could be further minimized by scheduling civil works at night time or a non-market day or by lying of pipeline in phases. Accordingly, an impact of 14 days has been considered on all DPs; however, if due to site constraints, the impact is more than 14 days to a particular DP, DP will be compensated for an actual number of days.

18. Further, all the temporary DPs will be assisted in shifting to the other side of the road (if required) and for returning their structures to the original location after construction is completed. Where shifting is not required, access will be ensured by EA through contractor as per measures prescribed in bidding documents and EA will also ensure that there is no income loss and access is ensured by contractors in this case. If access could not be maintained by the contractor, the compensation for loss of income will be paid/ made by EA.

Table 4: Subproject Components and its Impact on Land Acquisition and Resettlement

S N	Name of the Components	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Remarks
1	Construction of 01 Sewage Treatment Plant of 30 MLD for part of Zone A& B	NO	NO	This will be constructed on the available land which belongs to the government. (Municipal Council)
2	One sewage pumping station (SwPS)-48 MLD	NO	NO	This will be constructed on the available land which belongs to government. (UIT)
3	Sewer network-375 km	NO	Yes	The pipelines will be buried below in a trench on the edge of the road within the existing right of way (RoW). There are no impacts of pipe laying on permanent / semi-permanent structures. Temporary impacts on livelihood of movable business owners operating within RoW are envisaged on 1381 APs.

Table 5: Summary of Resettlement Impacts and Socio-Economic Details

Impact	Quantity
1. Loss of land	
Permanent land acquisition	0
Temporary land acquisition	0
2. Loss of structures

19. **Impact on Common Property Resources (CPRs):** Extent of impacts on CPRs has also been assessed and it is observed that there are some sensitive receptors in close proximity to the sub-project alignment (**Details are provided in Table 7**). As per final alignment, there is no impact envisaged on CPRs, however, as per contractual requirements, special care will be taken by the contractor to ensure strict adherence to safety norms at the sites near to CPRs. **Photographs of Common Property Resources (CPR) identified during SIA are attached in Annexure 10.**

C. Socio-economic Information and Profile

20. The following sections present the socio-economic profile of the households (HH) likely to be affected by the proposed works. To estimate the temporary impacts initially a series of transect walks were conducted; this the by a census and a socio-economic survey conducted in the areas, where the works are to be taken up (**Sample format is attached in Annexure 11**). The baseline data collected through survey provides information about the socio-economic conditions of affected households. A wide range of data including, social category, Type of losses, Type of Occupation, sources of income, choice of resettlement etc. have been collected through census and socio-economic survey.

21. The database provides a broad understanding of the social and economic conditions of displaced households and the likely impacts that people would experience due to

proposed works. A selected set of socio-economic information is discussed in the following sections to establish the profile of the project DPs.

22. Respondents were asked to provide socio-economic details and data collected is summarized below.

23. **Income:** No HH with a monthly income of less than or equal to Rs. 2500/- per month was identified. 0.2 % of the HH likely to be affected have an income of Rs. 100 per day. 2.1 % of the HH likely to be affected belong to the income category between Rs.150-200 per day. 69.1% of the HH likely to be affected belong to the income category between Rs. 201- 300 per day. 25.6 % of the HH likely to be affected belong to the income category between Rs. 301-400 per day. 2.3 % of the HH likely to be affected belong to the income category between Rs. 401-500 per day. 0.7% of the HH have income above Rs. 500. The average earning of these people is approximately 330/- per day and the average HH income works out to be 9904/- per month.

24. **Cast:** HH likely to be affected as per social category have been presented below. General Caste Comprise 12.74%, Other Backward Castes (OBC) comprises 75.31%, SC comprises 11.59 % and ST Comprise 0.36% of the total households likely to be affected. It may be noted that OBC constitutes the majority in the overall social profile in Bhilwara town, closely followed by the general castes.

25. **Vulnerability:** Out of 1381 DPs, 666 DPs likely to be affected are under the vulnerable category. Out of which 77 % are Women Headed Household¹⁰ followed by SC (21.3%), ST (0.7 %), Disabled (0.5%) and BPL (0.5%).

26. **Occupation:** More than 47 % are involved in vegetable and fruit vending, 10% are involved in snacks business and 7% are involved in the tea business. Remaining vendors (36%) are involved in the varied petty businesses like Pan stall, Auto/ Cycle repairs, juice, flower vending, Cosmetic business, Barbour etc.

27. **Structures:** Around 46 % of DPs are Footpath, 32 % have movable structures (Pushcart / Thela - 27% and the remaining 22% have constructed temporary sheds (eg. Cabin/ kiosk). An average cost of their business unit was estimated at Rs. 6135 with a minimum of Rs. 1000 and a maximum of Rs. 25000. This is to confirm that, there will be no impact on structures nor demolition is planned or required due to the temporary nature of the impact.

¹⁰ Households where women contributes significantly to the family income

28. 97% of DPs have their own structure, while 3% is paying rent for structures.

Ownership of Structure

29. **Working years in Towns (Years):** 63.3% APs are working in town since last 1 to 10 years, 26.5 % APs are working in town since last 11 to 20 years, 8.7% APs are working since last 21 to 30 years, while 1.5% APs are living working in town since last 31 to 50 years.

Working years in Towns

30. **Working hours (Hrs/day) at Single Place:** 8.6 % APs have indicated that they work at a fixed location for 1 to 5 hrs/day, 72.3% APs have indicated that they work at a fixed location for 6 to 10 Hrs/day, 18.7% APs have indicated that they work at a fixed location for 11-15 hrs/day. 0.4% of DPs work for more than 16 hours at single place.

Working hours at Single Place (Hrs/day)

D. Information Disclosure, Consultation and Participation

31. The RP was prepared in consultation with stakeholders. The key stakeholders consulted during various stages of RP preparation include (i) all DPs, including vulnerable households;(ii) program beneficiaries (iii) elected representatives, community leaders, and representatives of community- based organizations; (iv) local NGOs; (v) local government and relevant government agency representatives; and (vi) Program staff, PMU, PIU, and

consultants. Meetings and individual interviews were held involving stakeholders particularly, potentially temporarily DPs; and transect walks, survey and interviews were conducted from **Jan-March, 2018** to determine the potential impacts of the subproject. The issues like awareness and extent of the project and development components, benefits of the project, traffic disruptions and impacts on livelihood were discussed during consultations. It was informed to DPs surveyed that appropriate measures will be undertaken during construction to minimize impacts. (Including scheduling of activities and reducing construction activities during the rush hour). It was also informed that despite mitigation measures if there would be any temporary impacts on livelihood; the compensation in accordance with the entitlement matrix will be paid. (**Annexure 12**)

32. The approved RP will be disclosed on ADB and RUIDP website and will be made available in PIU office. During the sub-project implementation, construction schedule will be informed to all residents (including DPs) prior to the commencement of works through information subproject specific leaflets, public announcements, consultation along with project signboards placed at various sites. The signboards will be in the local language and will include following information: (i) section to be affected; (ii) start and end dates; (iii) information on traffic rerouting, if any; and (iv) contact information (email ID, functional telephone number and address) for questions/ grievances.

33. Information dissemination and disclosure is a continuous process from the beginning of the project. Information dissemination is being carried through printed leaflets/ information booklets prepared in the local language. The disclosure leaflets have already been circulated to the DPs and stakeholders (**Annexure 13 & 14**). During the implementation phase, project information leaflets will be circulated not only to DPs but also to people (residents, businessmen and others) within the immediate project influence area in advance so that people could be aware of the project works, its benefit and resettlement and rehabilitation (R&R) provision under these project.

34. The leaflet/ information booklet contained the following:

- Description of the project and its objectives;
- Summary of impacts (including land acquisition, and impacts on common property resources, etc.);
- Rehabilitation and Resettlement provisions of the project and specific benefits available to vulnerable DPs;
- Ways and means of involving local communities;
- Grievance redresses mechanisms, suggestion and complaint handling mechanism, etc.

Table 8: Consultation and Disclosure Activities

Program Phase	Activities	Details	Responsible Agency
Investment Program Initiation/ Bridging Phase	Mapping of the program areas	Area to be mapped, clearly showing survey numbers of titleholders of land/property proposed for acquisition.	PMU in coordination with District Collector's (DC) offices and other local bodies.
	Stakeholder identification	Cross-section of stakeholders to be identified in order to facilitate their participation in the program.	PMU and PIUs in consultation with stakeholders.

Program Phase	Activities	Details	Responsible Agency
	Program/sub-project information dissemination; Disclosure of proposed land acquisition	Leaflets containing information on the program and sub-project to be prepared. Public notice issued in local newspapers (and disclosed on PMU/PIU websites) including survey numbers and names of titleholders for land to be acquired concurrently with consultations with titleholders.	Social Project Officer (SPO), PMU and concerned Assistant Safeguards Officer (ASO). Notice will be issued from the DC's office. SPO, PMU and concerned ASO to disclose on the web.
	Stakeholder consultations	Further consultations with affected titleholders and households. Consultations with non-titled APs and other stakeholders during subproject scoping.	SSS, PMDSC and Community Awareness Participation Consultant (CAPC) /Safeguard Implementing Staff.
RP Preparation Phase	Disclosure of cut-off date	For permanent land acquisition as per the LARR, 2013 while for temporary impacts by PIU.	PIU with support from SSS, PMDSC and CAPC / Safeguard implementing Staff
	SIA surveys	Surveys to be conducted. Summary RF to be disclosed in local language through printed materials to DPs/APs particularly those who are vulnerable and other stakeholders.	PIU through SSS, PMDSC to conduct surveys. SSS, PMDSC to disclose RF to stakeholders (including making it available in PMU/PIU offices and government agency offices) PMU/PIU to disclose on the web.
	Formulating compensation and resettlement assistance measures	Conducting stakeholder consultations particularly DPs/ APs in and reflecting issues raised in revised RP.	SSS, PMDSC and CAPC/ Safeguard implementing Staff.
	Disclosure of final entitlements and rehabilitation packages	Provision of RPs to all stakeholders particularly APs. Conducting consultations and distributing local language versions of the summary RP.	PMU/PIU to disclose on the web. SSS of PMDSC and CAPC/Safeguard implementing Staff to conduct consultations.
RP Implementation Stage	Disclosure of RP	Review and approval of RP by EA. Review and approval of RP by ADB. Web disclosure of the RP.	PMU to provide ADB with RP for review and approval. PMU SPO to disclose on the web.
	Consultation with APs during RP implementation	Consultations with APs.	CAPC/ Safeguard implementing Staff with monitoring from PIU/PMU.

35. For the temporary impacts, the last date of socio-economic surveys was considered as cut-off date (**07.02.2018**). Cut-off-date for temporary impacts was communicated to DPs through survey agency and safeguard staff of PMDSC. (**See Annexure 15**) The printed information along with the list of DPs with contact details of PIU officials was also displayed

in subproject affected areas at common advertisement place. The disclosure of the list was done simultaneously in all the areas on cutoff date. The objective of the disclosing the cut-off-date was to avoid duplication of APs and providing the chance to participate in the survey in case someone is missed.

36. The approved RP will also be disclosed on the ADB and RUIDP web site. Information dissemination, through subproject specific leaflets and public announcements, and consultation will continue throughout program implementation.

E. Grievance Redress Mechanism

37. Grievance redress system has been well established. The RP will follow the three-tier project-specific grievance redress mechanism (GRM) furnished in the RF. The GRM established will receive, evaluate, and facilitate the resolution of AP's/DPs concerns, complaints, and grievances about the social and environmental performance at the level of the project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the Project.

38. In case of grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU the PMDSC on-site will provide the most easily accessible or first level of contact for quick resolution of grievances. Contact phone numbers and names of the concerned PIU Assistant Safeguards Officer, contractors, will be posted at all construction sites at visible locations.

- (i) **1st level grievance.** The contractors, PIU supervision personnel, PIU Assistant Safeguards Officer (ASO) and Safeguard implementing Staff/CAPC can immediately resolve issues on-site in consultation with each other and will be required to do so within 3 days of receipt of a complaint/grievance.
- (ii) **2nd level grievance.** All grievances that cannot be redressed within 3 days at field/ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance/grievance in discussion with the PIU, CAPC/Safeguard Implementation Staff and the Contractor.
- (iii) **3rd level grievance.** All the grievances that are not addressed by PMU within 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which is established in every project city, will act as GRC¹¹. GRC will meet twice a month and determine the merit of each grievance brought to the committee. The ASO at each PIU is responsible for the resolution of each grievance. The GRC will resolve the grievance within 15 days of receiving the complaint.
(Office order attached in Annexure 16)

39. The project GRM notwithstanding, an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM.

¹¹ City Level Committees (CLC)/ Grievance redress committees (GRC) is formed at city-level with members composed of: District Collector (DC) as Chairperson, and following as members: ULB Commissioner; Assistant Safeguards Officer PIU; representative from RPCB regional office; and one representative each from relevant government departments as appropriate (PWD/PHED/DAM etc.). All city-level GRCs will have at least one woman member/ chairperson. In addition, for project-related grievances, representatives of APs, community-based organizations (CBOs), and eminent citizens will be invited as observers in GRC meetings

Alternatively, if the grievance is related to land acquisition, resettlement & rehabilitation¹², the APs/DPs can approach the State Land Acquisition, Rehabilitation and Resettlement Authority (SLARRA).

40. In the event that the established GRM is not in a position to resolve the issue, the DPs also can use the ADB Accountability Mechanism through directly contacting (in writing) the Complaint Receiving Officer (CRO) at ADB headquarters or the ADB India Resident Mission (INRM). The complaint can be submitted in any of the official languages of ADB's DMCs. The information related to AM will be included in the project information documents to be distributed among the affected communities.

41. Records will be kept of all grievances received including contact details of the complainant, date of the complaint received, nature of the grievance, agreed corrective actions, date issue was resolved, and final outcome. All costs involved in resolving the complaints (meetings, consultations, communication and reporting/information dissemination) will be borne by the concerned PIU at city level while costs related to escalated grievances will be met by the PMU.

Figure 8: Grievance Redress Process

ASO - Assistant Safeguard Officer; IPIU - Investment Program Implementation Unit; PMU - Investment Program Management Unit; PMDSC - Project Management, Design & Supervision Consultant

F. Legal Framework

42. The policy framework and entitlements for the RUSDP are based on RFCTLARR, 2013; National Rehabilitation and Resettlement Policy, (NRRP)2007; and SPS,2009. The salient features of Government and ADB policies are summarized below. The resettlement principles and procedures to be followed for social safeguards under RUSDP are detailed out in the RF document.

¹² The Authority admits grievance only with reference to the LA and R&R issues under the new LARR Act, 2013.

43. Core involuntary resettlement principles for the RUSDP to be followed for each subproject, including sample sub-projects are:

- (i) Land acquisition and other involuntary resettlement impacts will be avoided or minimized exploring all viable alternative sub-project designs;
- (ii) Where unavoidable, time-bound RP will be prepared and APs/DPs will be assisted in improving or at least regaining their pre-program standard of living;
- (iii) Full information and close consultations with APs/DPs including consultation with APs/DPs on compensation, disclosure of resettlement information to APs/DPs, and participation of APs/DPs in planning and implementing sub-projects will be ensured;
- (iv) Vulnerable groups will be provided special assistance¹³
- (v) Payment of compensation to APs/DPs including non-titled persons (e.g., informal dwellers/squatters, and encroachers) for acquired assets at replacement rates;
- (vi) Payment of compensation and resettlement assistance prior to the contractor taking the physical acquisition of the land and prior to the commencement of any construction activities;
- (vii) Provision of income restoration and rehabilitation; and
- (viii) Establishment of appropriate grievance redress mechanisms.

44. APs/DPs will be entitled to a combination of compensation measures and resettlement assistance, depending on the nature of ownership rights of lost assets and scope of the impact, including the social and economic vulnerability of the APs.

G. Entitlements, Assistance and Benefits

45. All APs/DPs who are identified in the subproject areas on the cut-off date will be entitled to compensation for their affected assets, and rehabilitation measures (as outlined in the entitlement matrix below) sufficient to assist them to improve or at least maintain their pre-project living standards, income-earning capacity and production levels. Compensation eligibility is limited by a cut-off date as set for this project on the day of the completion of the census survey which is **07.02.2018**. APs/DPs who settle in the affected areas after the cut-off date will not be eligible for compensation and assistance. APs/DPs will be provided 30 days advance notice to ensure no or minimal disruption in livelihood. If required, they will also be assisted to temporarily shift for continued economic activity. For example, they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

46. In the majority of the cases, work will be undertaken on one side of the road at a time, and temporarily DPs will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required,

¹³ Including poor households, households headed by women, the elderly, the physically handicapped, Schedule Caste and Scheduled Tribes considered vulnerable based on the Indigenous Peoples Planning Framework (IPPF).

access will be ensured by the contractor through measures prescribed in bidding documents/environmental management plan (EMP). An alternate place in the vicinity will also be identified where more number of DPs/APs are affected at one place (e.g. vegetable market) so that they can continue with their livelihood activities.

47. The PIU and the Safeguard Implementation staff will provide the identity cards (ID) to each of the DPs/ APs. The entitlement matrix for the subproject based on the above policies is in **Table 9**.

48. If construction activities results in unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater will be provided. Under this project, 14 days of impact period during construction for both water supply and sewerage subprojects have been fixed¹⁴. Vulnerable DPs/APs will be given priority in project construction employment and provided with additional special assistance for income restoration support. Compensation and assistance to DPs/APs must be made prior to possession of land/assets and prior to the award of civil works contracts. Since most affected households have moveable stalls, ID cards should be distributed 30 days before compensation. In summary, temporarily DPs/APs will be provided with:

- (i) 30 days advance notice regarding construction activities, including duration and type of disruption.
- (ii) Contractor's actions to ensure there is no income/access loss consistent with the initial environmental examination. This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforce to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.
- (iii) Assistance to mobile vendors/hawkers to temporarily shift for continued economic activity. For example, assistance to shift to the other side of the road where there is no construction.
- (iv) For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater.

¹⁴ As per RF

Table 9: Entitlement Matrix

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1	Temporary disruption of livelihood	Temporary impacts	Legal titleholders, non-titled APs	30 days advance notice regarding construction activities, including duration and type of disruption. - Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption Contractor's actions to ensure there is no income/access loss consistent with the IEE.¹⁵ - Assistance to vendors/hawkers to temporarily shift for continued economic activity (Rs. 1,000 as one-time assistance)¹⁶ - For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater¹⁷	Identification of alternative temporary sites to continue the economic activity.	Valuation Committee will determine the income lost. Contractors will perform actions to minimize income/access loss. For temporary impacts during construction activities, SSS PMDSC with the help of implementing Staff will assess/verify impacts through structured surveys. Payment will be made by PIU through Treasury.
2	Impacts on vulnerable APs	Temporary impacts	Vulnerable APs ¹⁸	- Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. - Vulnerable persons/businesses will receive Rs. 7,000 as one time assistance under temporary impacts.	Vulnerable households will be identified during the census.	SSS PMDSC and implementing Staff will verify the extent of impacts through a 100% survey of APs, determine assistance, verify and identify vulnerable households.

¹⁵ This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time

¹⁶ For example assistance to shift to the other side of the road where there is no construction. These will be however given to only non-movable businesses (which are not on wheels).

¹⁷ Under this project a 14 days of impact period during construction has been taken.

¹⁸ Vulnerable households include female-headed households, physically handicapped-headed households, scheduled tribe and schedule caste households, Below Poverty Line households, and households with marginal land holdings(that is the only source of livelihood), and majority of that land is being acquired under the project.

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
3	Loss and temporary impacts on common resources	Common resources	Communities	Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, etc.	-	PMU and Contractor.
4	Any other loss not identified	-	-	Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009/RUSDP RF/EM.	-	SSS PMDSC and implementing Staff will ascertain the nature and extent of such loss.

H. Resettlement Budget and Financing Plan

49. The resettlement cost estimate for the Bhilwara Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix and contingency provision amounting to be 5% of the total cost. The funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is **INR 13047615**. The resettlement cost items and estimates are outlined in **Table 10**. The Town, Safeguard Implementation Staff will be involved in facilitating the disbursement process and will facilitate opening bank accounts for the DPs who do not have bank accounts. PIU will be issuing sanction order to payment of DPs /APs and making electronic clearance service/National Electronic Fund Transfer (ECS/NEFT) transaction from the bank through concerned Treasury from state share.

Table 10: Resettlement Budget

S.no	Item	Unit	Unit Rate	Amount
A.	Resettlement Cost			
1	Assistance for temporary livelihood impacts for 14 days*	1381 ¹⁹	330.16*	6383300
2	Assistance for the temporary disruption of livelihood to vulnerable households (one time)	666	7000	4662000
3	Shifting Assistance for 1381 APs (one time)	1381	1000	1381000
4	<i>Sub-Total A</i>			12426300
B	Additional Contingency (5%)			621315
	Grand Total (A+B)			13047615

*The Budget/assistance has been calculated for 14 days, however, if impact is more than 14 days, the compensation will be paid for additional/ actual days of impact.

* Total income per day of surveyed DPs (1381 nos) comes to Rs 455950 accordingly an average of ₹330.16 per day has been arrived.

I. Institutional Arrangements and Implementation Schedule

50. The Local Self Government Department (LSGD) is the executing agency (EA) for overall technical supervision and execution of all subprojects funded under the program. The Implementing Agency is the PMU of the ongoing RUIDP and is responsible to coordinate the construction of subprojects and ensure consistency across the towns. PIU has been established in Bhilwara. The inter-ministerial Empowered Committee provides LSGD with central policy guidance and coordination and CLCs has been established in Bhilwara to oversee the implementation at the city level. The PMU is assisted by PMDSC who manages the program and assure the technical quality of the design and construction; managing the tendering of contractors, and supervising construction.

51. SPO at PMU is responsible for (i) addressing the social safeguards issues; (ii) implementing the RP; (iii) liaising with district administration for land acquisition and RP implementation; (iv) addressing any problems and/or delays in the land acquisition process including GRM management and monitor the overall complaint resolution status; (v)

¹⁹ 32 DPs have income below minimum wage rate as on date (213/- is the applicable minimum wage rate as on date). It will be ensured during disbursement that every DP is compensated as per minimum wage rate applicable at the time of disbursement. In case, daily income of DP is less than Minimum Wages (as per Government of Rajasthan Minimum Wages Act) then DP will be paid minimum wages (unskilled labor) for 14 days as livelihood assistance. Further an inflation of 7% (Flat) will also be given to DP (after a delay of 1 Year) as additional assistance to cover the time lag of survey and final implementation. Micro plan will be prepared accordingly and payment will be ensured by PIU.

monitoring physical and financial progress on land acquisition activities; (vi) monitoring the implementation of RPs; (vii) providing guidance to PIUs as and when necessary; and (viii) endorsing and submitting periodic semi-annual social safeguard monitoring reports.

52. The PMU will be assisted by a SSS of PMDSC. The SSS will (i) update the existing RPs based on the detailed design; (ii) assist in the monitoring and supervision of ongoing subprojects and RP implementation; (iii) prepare RP for new subprojects, where required to comply with national law and/or ADB procedure; (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with the RF and (v) review and finalize all reports in consultation with the SPO, PMU (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation). In addition, SSS will assist the PMU in procurement needs and other project implementation aspects and shall play a central role in ensuring capacity building on resettlement management of the PMU and line departments through capacity development support and training. The implementation arrangement of environment and resettlement safeguards is provided in **Figure 9**

53. At each PIU, a Nodal officer of the rank of Assistant Engineer (AE) is designated as Assistant Safeguards officer (ASO). ASO assists SPO, PMU in implementation of the social safeguards at the PIU level. The PIUs are responsible for the implementation of the RP. PIUs are responsible to undertake the internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended. ASO is responsible for following activities (i) implementing and monitoring the safeguards compliance activities, public relations activities, gender mainstreaming activities, and community participation activities; (ii) coordinating with district administration and NGO for land acquisition and R&R aspects and addressing any problems and/or delays; (iii) monitoring the physical and financial progress on land acquisition and R&R activities including record keeping of the grievance and redress issues as reported by CAPC/Safeguard Implementation Staff/Contractor and prepare and submit monthly report on safeguards to be consolidated by PIU Assistant Safeguards officer (ASO); and (iv) organizing monthly meetings with the contractor, outreach team and safeguard implementation staff of PMDSC to review the progress on R&R. A tentative implementation schedule is given in **Table 11**.

54. In addition to safeguards staff at PMU, PIU and PMDSC, the EA has appointed a Safeguard Staff in PMDSC and SDGE in CAPC to support the implementation of RP in Bhilwara. Key activities of the implementing Safeguard Staff of PMDSC in relation to resettlement planning and implementation will include: (i) conducting detailed survey of physically and economically DPs based on detailed design, and identifying poor, female-headed, and vulnerable households affected by land acquisition and resettlement; (ii) preparing the list of the potential DPs and issue identification cards; (iii) facilitating the process of disbursement of compensation to the DPs, coordinating with the revenue department and informing the DPs of the compensation disbursement process and timeline; (iv) assisting DPs in opening bank accounts, explaining the implications, rules, and obligations of a joint account and how he or she can access the resources. In close consultation with the DPs, the implementing Safeguard Staff shall inform the PMU about the shifting dates agreed upon in writing and the arrangements they desire with respect to their entitlements; (vi) organizing training programs for income restoration; (vii) conducting meaningful, ongoing consultation and ensuring disclosure of RPs in an accessible manner to the DPs; (viii) assisting PIUs in GRM; (ix) assisting PIUs in keeping detailed records of progress and establishing monitoring and reporting systems of resettlement; (x) acting as

the information source for community interaction with the project, and liaising between community, PMDSC contractors, and project management and implementing units during the execution of the works; and (xi) providing advice and other support to PIUs as required.

J. Monitoring and Reporting

55. Monitoring and evaluation are important activities of any infrastructure development project involving involuntary resettlement. It helps in making suitable changes, if required during the course of implementation resettlement related activities and also help to resolve the problems faced by the DPs. Monitoring is periodical checking of planned activities and provides midway inputs, facilitates changes, if necessary and provides feedback for better management of project activities. Evaluation on the other hand assesses whether the activities have actually achieved intended goals and purposes. Thus monitoring and evaluation are critical in order to measure the project performance and fulfilment of project objectives. Indicators and benchmarks for the achievement of the objectives proposed under the RP are:

- i) Process indicators: indicating resettlement related project inputs and actions, expenditures, staff deployment, etc.
- ii) Output indicators: indicating results in terms of number of DPs assisted, training held, assistance disbursed, etc.,
- iii) Impact indicators: related to socio- economic status on people's lives, and
- iv) Complaints and Grievances received and resolved.

56. The benchmarks and indicators are limited in number, and combine quantitative and qualitative types of data. The first two types of indicators, related to process and immediate outputs and results, will be monitored to inform project management about progress and results, and to adjust the work program where necessary if delays or problems arise. Monitoring would be carried out for regular assessment of both processes followed and progress of the RP implementation.

57. RP implementation will be closely monitored to provide the PMU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. As per ADB guidelines, for category B projects only internal monitoring will be required. Internal monitoring for Bhilwara will be undertaken by the PIU (through the PMDSC SSS) with assistance from the PMU SPO. Monthly progress reports will be prepared and submitted to the PMU. PMU will consolidate the same and will submit semi-annual monitoring reports to the ADB for approval.

Annexure 1: Orientation program with Contractor

MINUTES OF MEETING

Subject of Meeting: Safeguard Orientation for PIU, Contractor & PMDSC staff for Bhilwara Sewerage Works

Date: 10.01.2018, **Place:** PIU Office

Orientation program with Project Contractors, PMDSC Site Engineers were held on dated 10.01.2018 at PIU office, Bhilwara. It was informed that R&R implementation and compliance to ADB is a contractual obligation and each unit/officer involved in Social Safeguard Activity should facilitate implementation of R&R Plan/ RP in true spirit. Contractor is required to facilitate, officer involved in Safeguard Activity/ Public Participation activities.

The following points were deliberated in detail.

- It was suggested that advance intimation of work– Information boards to be placed at all prominent and permanent sites and leaflets to be distributed to all the areas before start of work. Work should be executed in planned/ phased manner so that temporary inconvenience is avoided.
- Since, there are plenty of permanent shops on the proposed alignment and since the road width is sufficient, contractor is advised not to close the road or divert the traffic and the work should be executed on convenient hours / non-peak hours after required consultations with the shop owners/ vendors. Actual dates of construction schedule to be discussed with vendors, squatters, market committee members, and residents, accordingly works plan to be decided.
- All the Grievances are resolved timely as per agreed Resettlement Framework and should be well documented.
- No civil works should be executed in DPs areas prior to disbursement of compensation.
- Alignment in DPs areas should be finalized timely and should be communicated well in advance so that internal monitoring / implementation of RP are possible
- Contractor has to be mobilize sufficient no of person in their outreach team, so that all the requirement (information dissemination, Grievances etc.) before and during execution can be done.
- CPRs(Temple, Mosque ,Water Hut, Mazar etc) especially with religious structures should be handled carefully through sufficient community consultations and prepare evidence/document accordingly.

Orientation of Social Outreach Team (SOT) - Bhilwara**Dated-09.05.2018**

Safeguard Orientation for SOT staff was conducted. PMDSC Expert briefed about the safeguard requirement and informed that implementation of Resettlement Plan (RP) and Environmental Management Plan (EMP) is a contractual obligation under this project. It was deliberated that advance information to public/households about the works through public camps/consultations/pamphlets/public address system should be done. It was suggested to prepare additional pamphlet (in due consultation of CAPC expert) for work start date intimation to be circulated street wise/ area wise and it is to be ensured by SOT team that information dissemination is provided to each and every households (100%). Grievances records from contractor's side should be provided to CAPC expert/Safeguard team on weekly for compilation and for ensuring necessary compliance to GRM mechanism.

Annexure 2: Consent of Resident & Shops Transcript

This project will be beneficial for us. After the execution of works, quality of life and the hygienic conditions in the areas will be improved after improvement of sewerage system. We all are ready for temporary inconveniences during works execution and assured for full cooperation.

Annexure 12: Proceedings of City Level Stakeholder Consultation Meeting at Bhilwara on 08.01.2016

Office District Collector Bhilwara

Minutes of consultation meeting held with stake holder on dated 28.01.2016 for broader scope and identification of works to be taken up in Bhilwara town under RUIDP Phase III.

A consultation meeting for finalization of broader scope and identification of works to be taken up under RUIDP Phase III was held under the chairmanship of District Collector, Bhilwara in compliance to Project Director, RUIDP DO No. F3 (201)(8)/PMU/RUIDP/PH-III/CLC/2013/19922- dated 08.01.2016. List of Stakeholders and Officials attended the meeting is enclosed as annexure.

Additional project director RUIDP appraised the key aspects of RUIDP project (RUIDP Phase III), in which infrastructure works related water management are to be taken up in six towns Tonk, Pali, Shri Ganganagar, Hanumangarh **Bhilwara**, Jhunjunu. In Tonk and Pali towns, contracts are awarded to M/s Pan India Jiangxi Construction Joint Venture and M/s Larsen & Toubro Limited respectively and presently works are in progress in these towns. In Bhilwara town, detailed project report and Bid document as per available funds of Rs. 330 crores, are in preparation stage by RUIDP's Programme Management Design and construction Supervision Consultancy Services M/S Shah Technical Consultants Pvt. Ltd. All possible support of stake holders will be needed for finalization of priority works so that a realistic / necessity oriented Detailed Project Report is prepared by RUIDP Consultants for available funds and tenders may be invited accordingly in first week of March 2016. It was requested that ownership of created assets will be owned by Municipal Council, therefore, O&M costs after Design Build period are to be borne by Municipal Council and the same was agreed by BMC. A Power Point Presentation by Sewer expert PMDSC on broader scope and works that may be taken up under this project is presented. As per this presentation, Bhilwara town is divided into four zones i.e. A,B,C & D and sewage collection system works in Zone A, covering almost 60% population and 50% BMC area, is proposed to be taken up under RUIDP Ph-III, by taking provision of Approximately 376 Km sewer network, 01 no. 30 MLD SPS in a plot area 40 m X 60 m at Chitrakoot colony near to existing Jindal SPS and 01 no. 30 MLD STP at Kewada village near to existing Jinadal STP, as per the available funds. All the stakeholders were in principally agreed with the proposal, Hon'ble MP suggested to include densely populated area of zone B, up to railway track from Sukhadia Circle to Gayatri ashram under Zone A, in this regard consultant is asked to check technical feasibility and accommodate accordingly, as per feasibility within the allocated funds. . Hon'ble MLA shown his concern over delayed road restoration works in projects, causing maximum Public inconvenience and in this regard Consultant was asked to incorporate necessary provisions in bid document for time bound road restoration similar to Tonk & Pali Contracts Chairman Municipal Council Bhilwara requested to execute the sewerage work in coordination with

Municipal authority so that development works of Municipal council may be accordingly planned. OSD to Secretary UIT suggested to include left out populated area of Jamuna Vihar in Zone A, in this regard consultant was asked to incorporate the same. Use of Recycled treated water in industrial and gardening purposes will be explored and likely revenue generation for BMC should be included in DPR for financial viability.

District Collector appreciated the concern shown by RUIDP team and agreed that for successful and time bound implementation project, specially for Road restoration works, all stakeholders should take active participation and extend their full support and cooperation in the interest of project.

After discussions, following directions were issued by the District Collector:

- 1) Commissioner Municipal Council Bhilwara was asked to immediately reserve required 10 Acres land for proposed STP from identified available land near existing Jindal STP in Khasara no.338/2 Kewada village.
- 2) OSD to Secretary UIT was asked to immediately allot 40 m X 60 m land in favour of BMC for proposed 30 MLD SPS at proposed location in Chitrakoot colony near to existing Jindal SPS.
- 3) To deliver the benefit of Sewerage System, Chairman Municipal Council will ensure support from ward members especially for sewerage connection activity.

Meeting ended with vote of thanks.

परियोजना के उद्देश्य						
सीवररेज कार्य						
(अ) पर्यावरण की गुणवत्ता में सुधार तथा स्वच्छता के लिए योजना का क्रियान्वयन करना जिसके तहत सीवररेज की विस्तृत प्रणाली स्थापित की जाएगी तथा घरों से होने वाले सभी प्रकार के निस्तारित जल को सीवर लाईन से जोड़ा जायेगा। (ब) सीवररेज ट्रीटमेंट (जल मल निस्तारण) संयंत्र का निर्माण किया जायेगा।						
परियोजना घटक एवं सुधार के प्रस्ताव						
सीवररेज कार्य						
(अ) लगभग 416 km सीवर लाईन नेटवर्क (ब) 30 एमएलडी सीवररेज ट्रीटमेंट प्लांट (जल मल निस्तारण संयंत्र) लगाए जाएंगे।। (स) 48 एमएलडी सीवररेज पम्पिंग स्टेशन का निर्माण						
परियोजना की लागत – राशि रुपये 369.3 करोड़						
निर्माण कार्य के दौरान संभावित अत्यावधि प्रभाव जो लोग रोड के किनारे थड़ी-ढेला फल-सब्जी, चाय कि धड़ी, फोरी अस्थाई दुकान लगाकर अपना व्यवसाय कर जीवनयापन करते हैं, कार्य के सफल क्रियान्वयन के लिए उन लोगों को अत्यावधि के लिए अन्यत्र स्थानान्तरित की आवश्यकता पड़ेगी। यदि व्यवसायियों को किसी भी तरह की हानि पहुँचेगी तो उन्हें प्रभावित मानते हुये एडीबी / राजस्थान सरकार व भारत सरकार के मानकों के अनुसार उचित क्षतिपूर्ति का प्रावधान किया जायेगा।

जयपुर, जून 7, 2018

संख्या एक.5(1)न्यू.म./श्रम/2000/पाटी/1940 :- चूंकि राज्य सरकार द्वारा न्यूनतम मजदूरी अधिनियम, 1948 (केंद्रीय अधिनियम 11 वर्ष 1948) की धारा 5 की उप-धारा (1) के खण्ड (ख) की प्रावधानों के अनुसार राजस्थान राज-पत्र में निम्नलिखित अनुसूचित निर्योजनों में कर्मचारियों के संबंध में न्यूनतम मजदूरी की दरों को पुनरीक्षण करने के प्रत्यक्ष अभिलेखन क्रमांक एक.5(1)न्यू.म./श्रम/2000/ पाटी/1125 दिनांक 16-1-2017 द्वारा राजस्थान राज-पत्र विशेषांक भाग-1(ख) दिनांक 18.1.2018 में प्रकाशित किये गये थे। चूंकि उक्त प्रस्तावों के संबंध में प्राप्त अभिलेखनों पर राज्य सरकार द्वारा विचार-विमर्श कर लिया गया है।

अतः अब न्यूनतम मजदूरी अधिनियम, 1948 (केंद्रीय अधिनियम 11 वर्ष 1948) की धारा 5 की उप-धारा (2) संघटित धारा 3 की उप-धारा (1) खण्ड (क) तथा (ख) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए राजस्थान सरकार की पूर्ण अभिलेखन दिनांक 3-7-2017 को राजस्थान राज-पत्र विशेषांक भाग 1 (ख) दिनांक 8-7-2017 में प्रकाशित हुई थी, का अधिकतम करते हुए राज्य सरकार न्यूनतम वेतन सलाहकार मण्डल के परामर्श करने की वरधवा राजस्थान राज्य में निम्नलिखित अनुसूची "भाग-1" एवं भाग 2" में सम्मिलित अनुसूचित निर्योजनों में नियोजित कर्मचारियों के संबंध में निम्नानुसार मजदूरी की न्यूनतम दरें दिनांक 01-01-2018 से पुनर्निश्चित करती है:-

अनुसूची "भाग-1"

क्र.सं.	अनुसूचित निर्योजनों के नाम
1.	सॉय स्टोन फैक्ट्रीज
2.	बॉटलिंग प्लान्ट्स तथा प्रेसिंग फैक्ट्रीज
3.	ऑटोमोबाइल कारखाने
4.	बॉटलिंग-कैंडल, प्रिंटिंग तथा पब्लिशिंग फैक्ट्रीज
5.	समाल स्कोल इण्डस्ट्रीज
6.	नौटा किनारी एवं लकड़ संस्थानों में निर्योजन
7.	पुलिंग रिफ़िनिंग एवं प्रेसिंग फैक्ट्रीज
8.	पावरलूम फैक्ट्रीज
9.	प्रिंटिंग प्रेस
10.	सिलेना इण्डस्ट्रीज
11.	रोल मिल (ऑयल मिल)
12.	इंजिनियरिंग इण्डस्ट्रीज
13.	पुल मिलिंग एवं प्रेसिंग फैक्ट्रीज
14.	हैमड्रूम उद्योग
15.	मैकेनिकल शक्ति के बगैर चलने वाले गुणस्थान के निर्योजन
16.	दुकान एवं खनिजिक संस्थान
17.	बॉटलिंग वेस्ट रिफ़िनिंग फैक्ट्रीज
18.	किसी स्थायी कारखाने के अंदर निर्योजन
19.	सार्वजनिक मोटर परिवहन में निर्योजन
20.	अन्नक कारखाना में निर्योजन (अन्नक खानों के अतिरिक्त)
21.	किसी चायल मिल, आटा मिल या दाल मिल में निर्योजन
22.	सड़क के रॉडिंग या अनुसंधान या निर्माण शक्तिशाली में निर्योजन
23.	सरकारी कारखानों में कंटेनरिन्स एंड वर्क (आवधिक जिले में नियम तथा मण्डलों में नियुक्त श्रमिक/कर्मचार भी शामिल हैं)
24.	विद्युत उत्पादन, वितरण तथा पूर्ति से संबंधित निर्योजन
25.	जन स्वास्थ्य अभिवृद्धि विभाग में नियोजित श्रमिक/कर्मचार
26.	सिंचाई विभाग में नियोजित श्रमिक/कर्मचार
27.	सार्वजनिक निर्माण विभाग में नियोजित श्रमिक/कर्मचार
28.	जट पट्टी उद्योग

29.	होटल एवं रेस्टोरेंट
30.	निजी औद्योगिक संस्थाओं में नियोजन
31.	निजी शिक्षितालयों एवं नर्सिंग होम्स (जो सरकार या स्थानीय निकायों द्वारा संचालित न हों) में नियोजन।
32.	केबल ऑपरेशन एवं संबंधित सेवा में नियोजन
33.	सीमेंट ब्रिन्ड्रेड प्रोडक्ट्स उद्योग में नियोजन
34.	कोल्ड स्टोरेज, कोल्ड एवं अल्ट्राइड प्रोडक्ट्स की मैनुफैक्चरिंग में नियोजन
35.	कोल्ड स्टोरेज में नियोजन
36.	कम्प्यूटर हार्डवेयर उद्योग एवं सेवाओं में नियोजन
37.	मैक्यूटी अधिनियम में पंजीकृत सभी कारखानों जो अन्य किसी अनुसूचित नियोजन में सम्मिलित नहीं हों, में नियोजन
38.	गैर सरकारी संगठन (एनजीओ) एवं संस्थाओं में नियोजन
39.	खारी, हैम्ब्रीलाइट एवं विलेज इन्फ्रस्ट्रक्चर में नियोजन
40.	एलपीजी वितरण एवं संबंधित सेवाओं में नियोजन
41.	मार्केटिंग एवं कम्प्यूटर्स को-ऑपरेटिव सोसायटीज में नियोजन
42.	मेटल फल्लिंग एवं जलजल इन्जीनियरिंग उद्योग में नियोजन
43.	फैक्ट्रीमाइड सहित ऑटोमोबाइल एवं फर्नीचर उद्योग में नियोजन
44.	फैटोल्ड गम्प एवं संबंधित सेवाओं में नियोजन
45.	एलटीसी, आई.एलटी, पी.सी.ओ एवं संबंधित सेवाओं में नियोजन
46.	खीर एवं रीफ्रेजरी केवा जो अन्य नियोजनों में सम्मिलित नहीं हैं
47.	टैलरिंग कार्ड तथा गारमेट्स उद्योग में नियोजन
48.	टैक्सोड, ऑटो रिक्शा एवं ट्रेलरिंग एंजनीज में नियोजन
49.	टैक्सटाइल्स उद्योग (सभी प्रकार की) में नियोजन
50.	टाइल्स निर्माण एवं पेंटरीज उद्योग में नियोजन
51.	पुत्र वर्क्स एवं फर्नीचर निर्माण उद्योग में नियोजन

अनुसूची "भाग-II"

अनुसूचित नियोजन का नाम

क.सं.	अनुसूचित नियोजन का नाम
52.	(कृषि में नियोजन) - किसी भी रूप में कृषि कार्य में नियोजन, जिसके अन्तर्गत धरती को जोतना और बोना, बुना, उद्योग, किसी कृषि संस्था या उद्योग कृषि संस्था वस्तु का उत्पादन, उखाड़ी खोदना, चारा उत्पादन और काटना, पशुधन चालन, मनुष्यकी या कुक्कुट पालन और किसी कृषि द्वारा या किसी कृषि क्षेत्र पर या कृषि कार्य की अनुसंगिक रूप या उनके साथ-साथ की गई क्रियायें (जिनके अन्तर्गत वन संस्था या काशीपालन संस्था क्रियायें, और कृषि उपज मण्डी से निरु वेयर करने और भण्डार में या मण्डी को या मण्डी तक परिवहनार्थ वहन का परितान करना आता है/आती है)
