

RAJASTHAN URBAN SECTOR DEVELOPMENT PROGRAM
ASIAN DEVELOPMENT BANK LOAN ASSISTANCE
(LOAN NO. 3183 IND)

SEMI-ANNUAL SOCIAL MONITORING REPORT
(July 2020 to December 2020)

**Prepared by Rajasthan Urban Sector Development Program, Government of Rajasthan
for the Asian Development Bank**

ABBREVIATIONS

ADB	Asian Development Bank
AP	Affected Person
ASO	Assistant Safeguard Officer
BMGF	Bill and Melinda Gates Foundations
BPL	Below Poverty Line
CAPC	Community Awareness Participation Consultant
CBO	Community Based Organization
CCC	Central Control Center
CLC	City Level Committee
CPR	Community Property Resources
CRM	Consumer Relation Management Center
DMA	District Metering Area
DP	Displace Person
EA	Executing Agency
FGD	Focus Group Discussions
FHH	Female Headed Household
FSTP	Feacal Sludge Treatment plant
GoI	Government of India
GoR	Government of Rajasthan
GRC	Grievance Redressal Committee/ Grievance Redressal Cell
IA	Implementing Agency
IP	Indigenous Peoples
IR	Involuntary Resettlement
LAA	Land Acquisition Act
RFCT LARR	The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act
M&E	Monitoring and Evaluation
NGO	Non-Government Organizations
NPRR	National Policy on Resettlement & Rehabilitation
PIU	Program Implementation Unit
PH	Physically Handicapped
PMDSC	Project Management Design and Supervision Consultants
PMU	Program Management Unit
RoW	Right of Way
RF	Resettlement Framework
RP	Resettlement Plan
R&R	Resettlement & Rehabilitation
RUIDP	Rajasthan Urban infrastructure Development Project
RUSDP	Rajasthan Urban Sector Development Program
SC	Scheduled Caste
SIA	Social Impact Assessment
SIP	Service Improvement Plan
SOT	Social Outreach Team (Contractor's Outreach team)
ST	Scheduled Tribe
STD	Sexually Transmitted Diseases
SwPS	Sewerage Pumping Station
ToR	Terms of Reference
UDD	Urban Development Department
VC	Valuation Committee

Annexure 8: Details of Mitigated APs	87
Annexure 9: Consultation with APs and other stakeholders	115

EXECUTIVE SUMMARY

1. The Government of Rajasthan (GOR) has received a loan from Asian Development Bank (ADB) for the implementation of water supply and sewerage systems in selected district towns in the state under the Rajasthan Urban Sector Development Program (RUSDP). RUSDP will complement the past and ongoing efforts of the GOR to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan of US \$250 million, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan of US\$ 250 million (project cost 360 million including state share of US\$ 110 million), to invest in water distribution network and sewerage systems in the six project cities in the state.¹ The six project cities were selected based on consideration of the cities' lack of basic services and their willingness to undertake reforms and institutional restructuring.

2. Apart from this, ADB has also approved a grant of USD 2 million from the Bill and Melinda Gates Foundations (BMGF) fund as part of RUSDP, which would help the state to pilot innovative sanitation solutions (in two Towns) in non – sewer areas of the state. The pilot testing is aimed at demonstrating the feasibility of septage management options, On-site sanitation options, including low-cost and environment-friendly toilets, and decentralized treatment. The pilot testing will also look into regulatory and institutional arrangements, particularly from sustainability perspectives. The Outcome of the pilot envisaged is improved delivery in Rajasthan. Under the project Government of Rajasthan decided to execute septage management in three small towns(**Sambhar & Phulera², Lalsot and Khandela**).

3. The Local Self Government Department (LSGD), GoR is the Executing Agency (EA) of the project, and responsible for overall strategic approvals, guidance, monitoring the execution of the project. Program Management Unit (PMU), headed by Project Director and assisted by experienced officers from engineer and finance are responsible for the implementation of the project. Social Project Officer (SPO) at PMU assisted by Resettlement Expert(RE) of Project Management, Design, and Supervision Consultants (PMDSC) is responsible for the implementation of social safeguards related activities. Besides, an Assistant Safeguard Officer (ASO), PMDSC, has been mobilized in each project town for implementation of the project³.

4. The current report is the 10th semi-annual social safeguard monitoring report(SSMR) prepared for the reporting period from **July 2020 to December 2020**.

¹ The six project cities are Tonk, Pali, Jhunjhunu, Sri Ganganagar, Hanumangarh, and Bhilwara

² One FSTP(Faecal Sludge Treatment plant) for Sambhar and Phulera

³ Recognizing the stringent targets/ milestones of House Service Connections and Sewer Connections to be handled by CAPC, 06 Posts of Additional Safeguard Support Staff have been sanctioned in PMDSC for RP Implementation (after due approval of ADB). PMDSC Resettlement Expert will provide the required guidance, monitoring and field supervision.

5. Six draft resettlement plans (RPs) were prepared for the selected six project cities/towns during the loan processing stage. All six RPs prepared during the loan processing stage were to be revised⁴ during implementation by PMDSC. Accordingly, a resettlement framework (RF) was also prepared to guide RUSDP on Involuntary Resettlement (IR) impacts during project implementation. As agreed, a new RP was also to be prepared by PMDSC for the Bulk water scheme of Pali Town. All the six draft RPs have been revised. In addition to this, one new RP was also prepared for an additional package identified for the Bulk water scheme i.e. RUSDP/Pali/02⁵. The agreed RPs are being implemented (except Tonk and Hanumangarh) based on a detailed measurement survey. The Tonk Water supply and Sewerage project contract was terminated on 26.06.2019 due to poor performance. A new contractor has been hired, and notice to proceed has been issued to M/s. EMS-TCP JV Pvt Ltd on 17.12.2020. The Hanumangarh Water supply and Sewerage project contract has been terminated on 09.10.2020 due to poor performance and physical works is stopped since August 2019, hence no resettlement activities were carried out during the bi-annual monitoring period July-December 2020. Prior to termination of the contract package, physical progress was achieved only 6.32%, and no works were commenced/executed in project impacted areas.

6. Due diligence and site visit were undertaken in all the Faecal Sludge Treatment Plant (FSTP) sites (Sambhar & Phulera, Lalsot and Khandela) funded by BMGF. Due Diligence Report(DDR) was prepared as per ADB's safeguards requirements and approval of DDRs has been obtained and disclosed on the ADB and RUSDP website⁶.

7. It is to confirm that all subprojects do not cause (i) any significant involuntary resettlement (IR) impacts or/ and (ii) impact on indigenous people. The IR impacts envisaged on squatters and mobile vendors operating in the right of way(RoW) are temporary and mainly resulting from disruption of livelihood during the construction period, and Affected Persons (APs) are being paid compensation as per the agreed entitlement matrix. The advance information regarding the upcoming construction activities to ensure no or minimal disruption in their livelihood also communicated to all stakeholders. The assistance to temporarily shift to the other side of the road, where no civil work is proposed, will also be provided so that economic and livelihood activities are continued.

8. Up to this reporting period, all the contracts have been awarded and physical works are in progress in all the project towns (Pali, Sri Ganganagar, Jhunjhunu, Bhilwara) except

⁴ Since all the RPs were based on transect walks data in key representative areas and visual screening of 60- 70 percent of the roads/areas was extrapolated for results and budget preparation. The following six resettlement plans were prepared during the loan processing stage: Pali water supply and sewerage sub-project, Tonk water supply and sewerage sub-project, Sri Ganganagar water supply and sewerage sub-project, Jhunjhunu water supply and sewerage sub-project, Bhilwara sewerage sub-project and Hanumangarh water supply and sewerage sub-project

⁵ This package was jointly identified and sized in order to bring completeness to the water supply scheme at Pali and RP is disclosed in ADB website (August 2016).

⁶ <https://urban.rajasthan.gov.in/content/raj/udh/ruidp/en/safeguard-policies/short-resettlement-plan--srp-ph-iii--reports.html#>

Tonk and Hanumangarh. A new contractor has been hired for Tonk water supply and sewerage subproject and notice to proceed has been issued to M/s. EMS-TCP JV Pvt Ltd on 17.12.2020. Physical works still not started. This is to confirm that RP implementation still not started in the Hanumangarh water supply and sewerage subproject. The contract of Feacal Sludge septage management(FSSM) works of the three sub-project towns (Sambhar & Phulera, Lalsot and Khandela) has also been completed and assets have already been handed over to concerned ULB for further operations.

9. By the end of the reporting period, the resettlement assistance of ₹ **4560262** has been paid to 651 APs, while 85 APs have shown their unwillingness, and 132 APs are under the missing category.

10. Up to this reporting period, impacts on 837 APs (278 in Tonk, 219 in Pali/01, 92 in Pali 02 Package, 70 in Ganganagar, 109 in Jhunjhunu and 69 in Bhilwara) were avoided/mitigated mainly due to alignment change/ night work/trenchless work. Assistant Safeguard officers (ASO) posted at towns are conducting regular due diligence of work execution and documenting the confirmation taken from the mitigated APs. No impact on common property resources (CPRs) in the working areas has been reported.

11. The implementation of RP for the Bulk water scheme of Pali town has been completed and as per final alignment and impacts, draft RP has been updated and approval of ADB has been obtained. RP implementation records of Bulk water scheme of Pali town has already been reported to ADB through SSMR of the period of Jan-June,2020.

12. During this reporting period, implementation of RP for the Jhunjhunu Water supply and Sewerage sub-project has also been completed.⁷The details of the final impacts under the package are as below. As per the approved RP, 503 potential affected persons (APs) were identified during the preparation of the RP. Since the alignment was not finalized during survey, APs operating on both side of the road were identified as potential APs however, during execution 109 APs were mitigated as line was laid in night time or access was ensured. 28 APs are reported to be missing⁸, while 59 APs were voluntarily inclined to receive the compensation despite being offered and, as such, showed their unwillingness⁹. The payment has been disbursed to the remaining 307 APs. It is further confirmed that all the 307 APs are now compensated, and no further pipe-laying work is pending under this subproject. In spite of continuous persuasion, three APs still have not submit their caste certificate for additional assistance. It was conveyed to them to submit their caste certificate by 25th December 20, as sub- project almost complete, but they could not submit their caste certificate to PIU for disbursement of additional compensation.

⁷ Since, no land acquisition was involved in the project and only temporary impacts were identified during laying of pipelines, the implementation of package is considered to be completed as all the pipelines are laid and no pipelaying work is pending. All the proposed new structures are complete and only house service connections works are under progress.

⁸Since they were not present during the execution of works and did not suffer any impact are being treated as "missing".

⁹APs are voluntarily inclined not to receive the compensation despite being offered.

13. The City Level Committee (CLC), acting as a grievance redress committee (GRC) has been established for each town, chaired by the District Collector. GRC registers are in place at the towns. Project Implementation Units (PIUs) with support of Community Awareness and Participation Consultants (CAPC) & contractors are entrusted with the responsibility to maintain a proper grievance register and ensure that the grievances received during execution are recorded and resolved within the specified timeframe. During the reporting period, minor complaints from the people (housekeeping, pipeline damaged, leakages in a new connection, etc.) were received, which have been resolved satisfactorily. No complaints/grievances related to social safeguards were received during the reporting period.

14. Internal monitoring of RP implementation was done by PIU and Resettlement Expert (RE) of PMDSC. Assessment of impact as per the final alignment was done and a method to avoid impact was conveyed to the contractors. Due to covid-19 pandemic, APs and local communities were consulted by different modes (by telephonically, one to one meeting and in group of very few people) instead of gathering people, due to restrictions/requirements to maintain social physical distancing.

RAJASTHAN URBAN SECTOR DEVELOPMENT PROGRAM
SEMI-ANNUAL SOCIAL MONITORING REPORT
Duration (July 2020 to December 2020)

A. PROJECT BACKGROUND AND DESCRIPTION

1. The Government of Rajasthan (GOR) has received a loan from Asian Development Bank (ADB) for the implementation of water supply and sewerage systems in selected district towns in the state under the Rajasthan Urban Sector Development Program (RUSDP). RUSDP will complement the past and ongoing efforts of the GOR to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan of US \$250 million, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan of US\$ 250 million (project cost 360 million including state share of US\$ 110 million), to invest in the water distribution network and sewerage systems in the six project cities in the state.¹⁰ The six project cities were selected based on consideration of the cities' lack of basic services and their willingness to undertake reforms and institutional restructuring.

2. Apart from this, ADB has also approved a grant of USD 2 million from the Bill and Melinda Gates Foundations (BMGF) fund as part of RUSDP, which would help the state to pilot innovative sanitation solutions (in two Towns) in non – sewer areas of the state. The pilot testing is aimed at demonstrating the feasibility of septage management options, On-site sanitation options, including low cost and environment-friendly toilets, and decentralized treatment. The pilot testing will also look into regulatory and institutional arrangements, particularly from sustainability perspectives. The Outcome of the pilot envisaged is improved delivery in Rajasthan. Under the project Government of Rajasthan decided to execute septage management in three small towns (Sambhar&Phulera¹¹, Lalsot and Khandela). Details of works proposed under BMGF is depicted in Table (1).

A.1 Project Components

3. The primary objective of the RUSDP is to promote sustainable growth and poverty reduction in the six selected cities of Rajasthan. The project is financing infrastructural development, in the form of construction and rehabilitation, related to water supply and wastewater inclusive of capacity building of existing Municipal Corporations. Social and community development is forming an important component of the project, involving community mobilization; under well-organized proactive public awareness campaigns. The works proposed for six selected towns are depicted in **Table 1(A)**.

¹⁰ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

¹¹ One FSTP (Faecal Sludge Treatment plant) for Sambhar and Phulera

Table 1: Components of BMGF Works

S.No	Components
1	State Faecal Sludge septage management (FSSM) Policy
2	State FSSM Guidelines
3	Feasibility Study on Co-treatment
4	Pilot 1 Sambhar-Phulera: Construction of Faecal Sludge Treatment plant (FSTP) -20 Kilo Liters per day (KLD), End-to-End Interventions for FSM value chain
5	Pilot 2 Lalsot: Construction of FSTP-20 KLD, Procurement of 2 Nos. Desludging Equipment, End-to-End Interventions for FSM Value chain
6	Pilot 3 Khandela: Construction of FSTP-10 KLD, Procurement of 1 No. Desludging Equipment, End-to-End interventions for FSM Value Chain

Table 1(A): Description of the subprojects

S. No	Name of the Subproject (Package No.)	Cost (Cr.) with O &M	Description
1	Tonk water supply and sewerage subproject (RUSDP/TONK /01)	388 379.64*	Water Supply Distribution Network Improvements with house service connections; Providing Sewer Network with House connections and construction of STP at Tonk.
2	Pali Water Supply and Sewerage sub-project RUSDP/PALI/01	496	Water Supply Distribution Network Improvements with House Service Connections; Replace worn out Pump Machinery; Extension and Providing Sewer Network with House connections and construction of STP at Pali.
3	Pali Bulk Water System sub-project RUSDP/PALI/02	84	Construction of Bulk Water system and works for water supply and operation service for 10 years at Pali.
4	Ganganagar Water supply and Sewerage sub-project RUSDP/SGN/01	555	Water Supply Distribution Network Improvements with house service connections; Replacement of worn-out Pumping Machinery; Extension and Providing Sewer Network with House connections etc. at Sriganganagar.
5	Jhunjhunu Water supply and Sewerage sub-project RUSDP/JJN/01	238	Jhunjhunu Water and Wastewater subproject comprising of Design and Construction of Work of Water Supply and Sewage and Allied Works and Operation and Maintenance Services of the entire system for ten Years.
6	Bhilwara Sewerage sub-project RUSDP/BHL/01	369	Providing a Sewerage system with House connections etc. at Bhilwara.
7	Hanumangarh Water supply and Sewerage sub-project RUSDP/HNM/ 01	281	Water Supply Distribution Network Improvements with House Service Connection; Replace worn out Pump Machinery; Extension and Providing Sewerage system including House connections etc. at Hanumangarh.

*Contract awarded to M/s. EMS-TCP JV Pvt Ltd on 17.12.2020.

B. PURPOSE OF THE REPORT

4. The purpose of the semiannual social monitoring report (SSMR) is to analyze periodically over the total implementation period of the project to comply with the approved involuntary resettlement (IR) documents such as resettlement plans (RP) and due diligence reports (DDR). RUIDP has the responsibility to oversee the implementation and monitoring of social safeguards issues of each subproject in the project towns. This report covers resettlement and social safeguard monitoring results to comply with the spirit of ADB policy to 'enhance stakeholders trust' and ability to engage with ADB, and thereby increase the development impact (of projects) in which disclosure of safeguard monitoring is a prominent

aspect. This report covers social monitoring, addressing all the issues related to social safeguards, with reference to the progress achieved and the current status of the reporting period.

5. This consolidated report outlines monitoring the implementation of social safeguard activities, from **July to December 2020**, in accordance with the ADB Safeguard Policy (SPS), 2009.

C. SOCIAL SAFEGUARD CATEGORIZATION

6. The construction of the sub-project does not require any acquisition of land or cause permanent displacement. The locations for the permanent site (sewerage treatment plants, water treatment plants, sewerage pumping stations, pumping stations, raw water reservoir, Consumer Relation Management Centers, Central Control Center etc.) have been carefully selected and proposed in the vacant encumbrance free government land while the pipelines for water supply and sewerage will be laid within road rights-of-way (RoW). Only temporary impacts are anticipated in the project as the laying of pipes may cause temporary access disruptions and possible temporary losses in income to non-titled businesses operating on movable/transitory structures (pushcarts) in the RoW. **Details of APs identified are provided in Annexure 1.**

7. The project has been classified as **category “B”** for involuntary resettlement (IR) and **“C”** for Indigenous Peoples (IP) as per the ADB's SPS, 2009.

D. STATUS OF PREPARATION/ UPDATING OF RP

8. Six draft resettlement plans (RPs) were prepared for the six project cities/towns during the loan processing stage. Further, all the six RPs were to be revised¹² during implementation by Project Management, Design, and Supervision Consultant (PMDSC). Accordingly, a resettlement framework (RF) was also prepared to guide RUIDP on IR impacts during project implementation. As agreed, a new RP was also prepared by PMDSC for Pali Town. On the basis of the detailed measurement survey, all the RPs have been revised/updated. Six RPs were revised and one new RP was prepared for an additional package identified for the Bulk water scheme i.e., RUSDP/Pali/02)¹³.

9. Being a Design-Build Operate (DBO) contract, even though consultants prepare the detailed project reports (DPRs), the final design/alignment was to be provided/ re-confirmed by the contractor. During the preparation of revised RPs, the vendors on both sides of the road were considered as affected persons (APs) to avoid complications. Further, to facilitate RP implementation, a Zone/DMA wise list of APs identified during Social Impact Assessment

¹² Since all these RPs were based on transect walks data in key representative areas and visual screening of 60-70 percent of the roads/areas was extrapolated for results and budget preparation.

The following six resettlement plans were prepared during the loan processing stage: Pali water supply and sewerage sub-project, Tonk water supply and sewerage sub-project, Sri Ganganagar water supply and sewerage sub-project, Jhunjhunu water supply and sewerage sub-project, Bhilwara sewerage sub-project and Hanumangarh water supply and sewerage sub-project

¹³ This package was jointly identified and sized in order to bring completeness to the water supply scheme at Pali and RP is disclosed in ADB website (August, 2016).

(SIA) with 100% socio-economic details were provided to the contractors for freezing of alignment and for avoiding/ confirming the impacts on APs.

10. Apart from this, due diligence reports (DDRs) were prepared as per ADB's safeguards requirements for all the Feacal Sludge Treatment Plant (FSTP) sites (Sambhar & Phulera, Lalsot and Khandela) funded by BMGF. Approval of ADB has been obtained and disclosed in client and ADB website.

E. IMPLEMENTATION OF RESETTLEMENT PLAN

11. The methodology followed for implementation of RPs is as following: Prior to the start of work, contractors provide the advance work plan to PIU & PMDSC along with the final alignment. After the intimation by the contractor, the joint re-confirmatory survey is conducted by the officials of PIU, PMDSC, and contractor to finalize the list of APs likely to be impacted due to civil works. Since at the time of preparation of RPs, the exact alignment was not known, the RP contained the details of all the business establishments likely to be impacted. While finalizing the alignment, efforts are being made to avoid the impacts, and accordingly, the APs present in this section are included in the mitigated list. During this reporting period, the impacts were avoided in some areas in all the running projects. **(Ref Table 6)**

12. The area where the mitigation of impacts on livelihood is not possible, all the APs are re-validated/ verified by the implementing officer (ASO, PMDSC), and ID cards are disbursed to potential AP. During the re-validation, it has been observed that APs listed in the RPs are not available at the site during all the phases (i) Re-verification; (ii) distribution of compensation; and (iii) construction phase. Since they were not present during the execution of works and did not suffer any impact are being treated as "missing," and confirmation of their absence is being obtained from the other affected households(AHs). Some of the APs are voluntarily inclined not to receive the compensation despite being offered. These APs are treated as "Unwilling" and their consent is taken in writing. **(Refer para 1 Missing and Unwilling APs for further details)**

13. Once the list is finalized, ASO collects the details required from APs, which include the bank details and other necessary documentation required for the transfer of compensation. Based on findings, the ASOs prepare the micro plans, and after approval/sanction by PIU, these micro plans are submitted to the treasury with required bank details for direct transfer of the compensation in the bank account of APs through electronic clearance service/National Electronic Fund Transfer(RTGS) payment.

14. APs are being compensated in accordance with the agreed entitlement matrix of RF. APs are being compensated for 14 days' disturbance as per RF, however, micro plans prepared for the project area, takes care of the real impacts on APs and it is ensured that all the APs are compensated for the actual period of disturbance. If the duration of impact is more, they will be compensated for the actual period of disturbance after due verification from PIU. The compensation recommended in the micro plan considers the entitlements prescribed in the RP (livelihood assistance, shifting assistance, and vulnerability assistance),

the time lags (7% inflation in survey income is provided per year) of implementation & survey along with additional compensation with respect to minimum wage rates.

1. Missing APs and Unwilling APs

15. Some of the temporarily affected APs/businesses in project towns are seasonal and/or migratory in nature. Some of these APs though surveyed are not located or traced during verification, disbursement of livelihood assistance, and construction time. Some APs are also showing their unwillingness to accept assistance. RF of RUSDP is clear on these two issues and it has been clearly agreed with ADB that APs under temporary impacts not traceable for more than 36 months after the start of compensation disbursement, or do not claim their entitlement within project construction period, will bear no impacts of the project and hence will not be considered for compensation.

16. In support of missing APs, the implementation officer (ASO) will document written information from surrounding vendors and shopkeepers. It is also decided that confirmation will also be taken from nearby vendors/residents about APs showing unwillingness to accept R&R assistance. For AP showing unwillingness, along with this certificate, an audio/video recording (if possible) will be documented. For deceased AP, it is decided to make payment to dependents of the deceased AP, and similarly, the payment could be made to guardians of minor APs/ dependents.

2. Impact on Community Property Resources (CPRs)

17. During the social impact assessment(SIA), it was found that few common property resources (CPRs) (like Water Hut, Community Toilet, Temple, Mosque, etc) are adjacent to the RoW, a list of these adjacent CPRs was prepared and circulated to the contractor for finalization of alignment accordingly. This is to confirm that as per final alignment and survey, no impact is envisaged on any of the CPRs; however, instructions are issued to the contractor (through Employer Representative) for taking adequate care and ensuring strict adherence to safety norms at the time of civil works near CPRs site. Up to this reporting period, no impact on CPRs has been reported.

F. CURRENT STATUS OF RP – IMPLEMENTATION

15. Up to this reporting period, all the contracts have been awarded and physical works are in progress in all the project towns (Pali, Sri Ganganagar, Jhunjhunu, Bhilwara) except Hanumangarh. The Tonk Water supply and Sewerage project contract was terminated on 26.06.2019 due to poor performance. A new contractor has been hired, and notice to proceed has been issued to M/s. EMS-TCP JV Pvt Ltd on 17.12.2020. The Hanumangarh Water supply and Sewerage project contract has been terminated on 09.10.2020 due to poor performance and physical works is stopped since August 2019, hence no resettlement activities were carried out during the bi-annual monitoring period July-December 2020. Prior to termination of the contract package, physical progress was achieved only 6.32%, and no works were commenced/executed in project impacted areas.

18. The physical progress along with details of the contractor of the subprojects are provided in **Annexure 2**. The contract of FSSM works of the three sub-project has also awarded¹⁴ and physical works almost completed. Construction of FSTP in all the three towns completed and operationalized and also handed over to the Urban Local Body (ULB) for further operations. **(Ref Annexure 3 for further details)**

19. The implementation of RP for the Bulk water scheme of Pali town has been completed and as per final alignment and impacts, draft RP has been updated and approval of ADB has been obtained. RP implementation records of Bulk water scheme of Pali town has already been reported to ADB through SSMR of the period of Jan-June, 2020.

20. During this reporting period, implementation of RP for the Jhunjhunu Water supply and Sewerage sub-project has also been completed.¹⁵ The details of the final impacts under the package are as below. As per the approved RP, 503 potential affected persons (APs) were identified during the preparation of the RP. Since the alignment was not finalized during survey, APs operating on both side of the road were identified as potential APs however, during execution 109 APs were mitigated as line was laid in night time or access was ensured. 28 APs are reported to be missing¹⁶, while 59 APs were voluntarily inclined to receive the compensation despite being offered and, as such, showed their unwillingness¹⁷. The payment has been disbursed to the remaining 307 APs. It is further confirmed that all the 307 APs are now compensated, and no further pipe-laying work is pending under this subproject. **(Refer Annexure 4 for further details)**. In spite of continuous persuasion, three APs still have not submit their caste certificate for additional assistance. It was conveyed to them to submit their caste certificate by 25th December 20, as sub- project almost complete, but they could not submit their caste certificate to PIU for disbursement of additional compensation. Details of three APs are given in Table 2.

Table 2: Details of three APs who have not submitted their caste certificate

S.No	RP No	Name	Caste
1	462	Maniram s/o Prahalad Ram	SC
2	320	Surendra s/o Bagguram	ST
3	404	Tulsiram s/o Maharaj	SC

21. By the end of the reporting period, the resettlement assistance of ₹ **4560262** has been paid to 651 APs, while 85 APs have shown their unwillingness, and 132 APs are under the missing category. **(Ref Table 3 to 5)**. The compensation was paid to affected persons as per approved micro plan which includes, livelihood assistance, shifting assistance,

¹⁴ Work awarded for FSST works in Sambhar & Phulera, Lalsot and Khandela in June 2018, Sept 2018 and 6th March 2019

¹⁵ Since, no land acquisition was involved in the project and only temporary impacts were identified during laying of pipelines, the implementation of package is considered to be completed as all the pipelines are laid and no pipelaying work is pending. All the proposed new structures are complete and only house service connections works are under progress.

¹⁶ Since they were not present during the execution of works and did not suffer any impact are being treated as "missing".

¹⁷ APs are voluntarily inclined not to receive the compensation despite being offered.

vulnerability assistance, and additional assistance (for the time lag, to maintain minimum wage level. For missing and unwilling affected persons, records of written information from surrounding vendors or shopkeepers have been collected. Details of compensation disbursed during this reporting period are attached in **Annexure 5**, and details of unwilling and missing APs are attached in **Annexure 6 & 7**.

Table 3: No. of APs reported as per RP

Name of Town	Subproject Name	Type of Impact	No. of APs	No. of Vulnerable APs
Tonk	Water supply and Sewerage	Temporary	1006	402
Pali	Water supply and Sewerage	Temporary	645	190
Pali	Bulk Water System	Temporary	169	37
Sri Ganganagar	Water supply and Sewerage	Temporary	983	282
Jhunjhunu	Water supply and Sewerage	Temporary	503	97
Bhilwara	Sewerage	Temporary	1381	666

*Previous reporting period,total paid APs under Pali-1 package was 114 and paid amount was Rs. 797620, but due to not operative of bank account payment of 2 AP (Rs. 10064) has been withheld by treasury. Process is going on for further payment of 2 AP.

RP no-286 Mohammad Idarish S/O Nijamudin and RP no-359 Mahendra Singh S/O Let. Nain Singh

*As per agreed RF,Shifting assistance@1000/AP,while vulnerable assistance is 7000@/AP

F 1 Project Impacts Minimization

22. Meticulous planning by PMDSC and good practices adopted by the contractor has resulted in mitigation of impact on APs. The good practices adopted by the contractor are as below (including but not limited to following): -

- Sewer pipelines were laid in the middle of the road, and works were executed in the night with proper safety measures.
- Worked was executed on one segment at the time on one side of the road, and access was made available for the roadside petty businesses. Excavation has been expedited, and walkways have been provided for access in order to avoid livelihood losses.

23. During the preparation of the RPs, the people carrying on business activities on both sides of the road have been considered as APs. During implementation, works are being executed in some areas (high density) in night time or trenchless method and access was ensured to APs in a few patches, accordingly no impact was sustained by vendors operating. All these APs have been considered as mitigated and reported in the SMR.

24. Up to this reporting period, impacts on 837 APs (278 in Tonk, 219 in Pali/01, 92 in Pali 02 Package, 70 in Ganganagar, 109 in Jhunjhunu and 69 in Bhilwara) were avoided/mitigated. Assistant Safeguard officers posted at towns are conducting regular due diligence of work execution and documenting the confirmation taken from the mitigated APs. (**Refer Table 6 and Annexure 8 for further details**).

Table 6: Details of APs mitigated up to December 2020

	Total	4687	734	837

F 2 Internal Monitoring by PMDSC

25. The internal monitoring of RP is being undertaken by the RE of PMDSC, Jaipur. Due to covid-19 pandemic, affected persons and local communities were consulted by different modes (by telephonically, one to one meeting and in group of very few people) instead gathering people, due to restrictions /requirements to maintain physical distancing. It was noticed during the site visit that APs were provided advance information regarding the upcoming construction activities to ensure no or minimum disruption in their livelihood. The contact numbers of concerned staff of PIU, PMDSC, CAPC, and the contractor has been displayed on the site for lodging the complaint. Virtual meeting with PIUs and contractors was also held and safeguard issues were discussed.

G. PUBLIC PARTICIPATION AND CONSULTATION

26. In spite of Covid-19 pandemic, safeguard staff are in touch with APs and other stakeholders by telephonically and disseminating all the information related to R&R and about the project works. Whenever required, they were physically present and confirmation of payment receipt taken from identified APs and distributed identity card after followed all safety norms and codes including social distancing. **(Ref Annexure 9)**. To oversee the entire information dissemination and for creating required public awareness, CAPC consultant has been mobilized (in RUIDP PH III) and a separate Social Expert cum Gender Specialist has been deputed in all project towns by the CAPC.

H. GRIEVANCE REDRESS MECHANISM

27. To ensure that the grievances of the APs are heard and resolved in a timely manner, the grievance redress mechanism (GRM) has been established for the project, which has the following approach and procedure **(Figure 1)**

- (i) In case the AP has any complaint or grievance, he/she is free to lodge his/her complaint to the site engineers of Contractor/PMDSC/PIU, safeguard staff who will make efforts to resolve the complaint on the ground level itself. The project implementation unit will make efforts to redress the grievance within three days from the receipt of the grievance.
- (ii) In case the AP's grievance is not redressed at PIU level, the matter will be put up at the PMU level who will ensure that grievance is redressed with the time frame of seven days.
- (iii) If the grievance is not redressed at the PMU level within the time frame, the matter will be put up at Grievance Redress Committee (GRC) established in each town, which will address the grievance within fifteen days.
- (iv) APs are free to approach the court of law at any time on their own will and expenses.

28. Besides the GRM of the Project, the state has an online grievance monitoring system known as Rajasthan Sampark Portal. The APs can also lodge their complaints online at <http://sampark.rajasthan.gov.in/index.aspx>.

29. A toll-free number has also displayed by the contractor in a different location for lodge the grievances.

Town	Toll-free number
Jhunjhunu	1800-121-0355
Sri Ganganagar	1800-180-2453
Bhilwara	1800-180-0107
Pali	1800-120-1354
Tonk	Contract terminated. Fresh contract awarded in Dec 2020

(a) Information to the APs about the GRM

30. The APs will be informed about the GRM under the project through public consultations, disclosures, and distribution of project information leaflet. The APs will also be informed that in case they are not satisfied with the decision of the GRC, or failing the redressal of grievance; they can take their case/grievances to the judiciary.

(b) Grievance Redressal Committee (GRC)

31. City Level Committee (CLC) is acting as a grievance redress committee (GRC) has been established (**Order no F6(45)AR/Gr-3/99 dated 13.09.2013**) with the primary objective of providing a mechanism to mediate conflict and disputes concerning compensation payments and cut down on lengthy litigation. GRC consists of the following members: District Collector(Chairman) with representatives from the ULB, state government agencies, PIU, community-based organizations (CBOs) and NGOs. As a GRC, the CLC meets at regular intervals based on the availability of the CLC /GRC members and also as per requirement or pending issues.

(c) Record-keeping

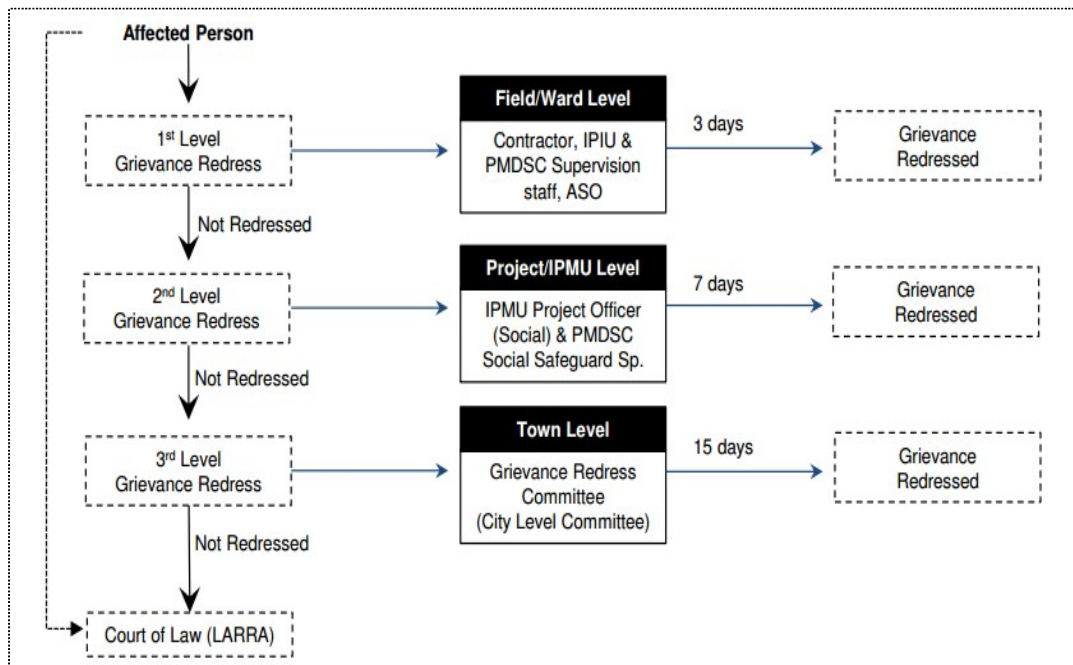

32. PIUs, Contractor, and CAPC have been entrusted with the responsibility to maintain a proper register of the grievance (if any) which will be endorsed by all agencies involved in implementation. GRC registers are in place at the towns.

(d) Costs

33. All costs involved in resolving the complaints (meetings, consultations, communication, and reporting/information dissemination) will be borne by the concerned PIU at town level while costs related to escalated grievances will be met by the PMU. Cost estimates for grievance redress are included in resettlement cost estimates.

34. No complaints/grievances related to social safeguards were received during the reporting period.

Figure 1: Grievance Redress Mechanism

I. INSTITUTIONAL ARRANGEMENT

35. An institutional arrangement has been set-up at the project level to ensure that sub-projects comply with ADB's safeguard requirement. The institutional arrangement includes augmenting the capacity of project management & implementation staffs with regard to the smooth implementation of safeguard concerns at sub-project location. The Local Self Government Department (LSGD) is the executing agency responsible for overall technical supervision and execution of all subprojects funded under the program. The Implementing Agency is the PMU of the on-going RUIDP, to coordinate the construction of subprojects and ensure consistency across the towns Project Implementation Unit (PIU) has been established.

36. At the PMU level, there is a Social Project Officer (SPO), who looks into social safeguard issues, assisted by a Resettlement Expert of PMDSC. The Resettlement Expert is responsible for (i) update the existing RPs based on the detailed design (ii) assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation (iii) prepare RPs for new subprojects, where required to comply with national law and/or ADB procedure (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this RF (v) review and finalize all reports in consultation with the PMU SPO (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation).

37. At each PIU, one engineer has been designated as a nodal officer and one engineer from the PMDSC site office appointed as a coordinator is responsible for day to day monitoring of the environmental management plan (EMP) and implementation of RP. Nodal

officers of PIU are assisting PMU SPO in the implementation of the social safeguards at the PIU level. The PIUs are responsible for the implementation of the RPs. PIUs will undertake internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended.

38. For monitoring of the implementation of RPs, an additional Safeguard Staff / Assistant Safeguard Officer (ASO) for each project town has been appointed by PMDSC, are working under the supervision and guidance of PMDSC Resettlement Expert. The task of ASO assigned is as follows:

- To communicate closely with identified (identified through census survey conducted for RP¹⁸) potential APs and provide them timely information of construction schedule, distribute identification cards, educate them on their entitlements under the RP and RF, shifting APs during civil work execution inappropriate manner without hampering their income or assets;
- Assist affected persons (APs) in (i) In opening bank accounts (if not already available with APs), disbursement of compensation livelihood losses and resettlement assistance (as per provisions of RF) and ensure that APs obtain their full entitlements under the RPs (ii) Organize consultation and discussion meetings with the APs the community leaders and other stakeholders throughout RP preparation and implementation phases (iii) To organize consultation and discussion meetings with the APs, the community and other stakeholders throughout RP implementation phases with proper documentation (iv) Ensure disbursement of compensation against livelihood losses, resettlement assistance (vulnerable assistance, shifting assistance, structure losses assistance, crops/trees losses assistance) as per entitlement matrix (v) Disclosure of RP, Cut of date in vernacular language at public places & project affected persons and preparation of internal RP implementation monitoring reports (vi) Distribution of one-month advance notice, to in affected areas that on the following date the civil works will be started in following areas and timely shifting of squatters and encroachers from temporary impact zone during construction if required (vii) Registering grievances of APs (the grievance redress mechanism (GRM) already established) and assist to PIU in resolving grievances at PIU level or GRM level (viii) Assist the APs in the redress of grievances through the Grievance Redress mechanism established as part of the RP, and make the APs aware of GRM at several levels (ix) Assist APs in getting benefits from various government development programs particularly for income restoration/ generation.

39. M/s IPE Global Pvt Ltd in association with Cogent Training Research Development consultant has been appointed as Community Awareness and Participation Consultants (CAPC) to oversee the entire information dissemination required for creating public awareness. CAPC consultant has been mobilized on **1 December 2015** and a social expert

¹⁸ Separate Agency mobilized for Survey of APs for RP preparation; For RP Implementing Additional safeguard Support staff under PMDSC mobilized during survey of RP and providing required support & monitoring during RP preparation.

cum gender specialist has been deputed by CAPC in each project town. Social Development Expert of CAPC is acting as a “Town in charge” for all the community awareness and participation programs and is overseeing the performance of the social outreach team (SOT)¹⁹ of the contractor.

40. Social Outreach Team (SOT) has been mobilized in each town for supporting the additional Safeguard Staff and CAPC in the implementation of RP and community awareness activities.

Table 7: Present Status of SOT

Sl.No.	Name of Institution	Designation	Position Filled In	Remarks
2	PIU-Town wise (in all 6 towns)	Nodal Officer-Social at each town	Yes-Regular	Assistant Executive or Junior Executive of respective PIU look after the safeguard issues.
3	PMDSC	Resettlement Expert	Yes-Intermittent	
4	PMDSC	Safeguard Support Staff	Yes-Regular	Presently vacant.
5	PMDSC	Town Safeguard* Support Staff (For Supervision of RP Implementation by contractor)	Yes-Regular	Safeguard Support Staff has been mobilized in Tonk, Pali, Sriganganagar, Bhilwara, Jhunjhunu.

J. CONCLUSION

41. The contracts have been awarded and physical works are under progress in all the project towns (Pali, Sri Ganganagar, Jhunjhunu, Bhilwara) except Tonk and Hanumangarh. The Tonk Water supply and Sewerage project contract was terminated on 26.06.2019 due to poor performance. A new contractor has been hired, and notice to proceed has been issued to M/s. EMS-TCP JV Pvt Ltd on 17.12.2020. The Hanumangarh Water supply and Sewerage project contract has been terminated on 09.10.2020 due to poor performance and physical works is stopped since August 2019, hence no resettlement activities were carried out during the bi-annual monitoring period July-December 2020.

42. The implementation of RP for the Bulk water scheme of Pali town and Jhunjhunu Water supply and Sewerage sub-project has been completed, while implementation of RP are under progress in Pali-1 and Ganganagar, Bhilwara subprojects. By the end of the reporting period, the compensation has been disbursed to 651 APs, while 85 APs have shown their unwillingness, and 132 APs are under the missing category. The impact on 837 APs have been mitigated and no impact on CPRs like a garden, hand pumps; public water tanks is reported until this reporting period.

43. All affected persons are compensated and paid resettlement assistance prior to start of civil works in accordance with the agreed RP.

44. The compensation distribution system and grievances handling process have been informed to APs regularly. The information regarding the projects activities has been regularly disseminated to APs and other stakeholders through various media (Meetings, Interactions, Visits, etc.).

45. No safeguard compliance issues are left out or un-noticed during this reporting period.

46. The contract of FSSM works of the three sub-project has been completed. Construction of Faecal Sludge Treatment plant (FSTP) in all the three towns completed and operationalized and also handed over to the Urban Local Body (ULB) for further operations.

K. COMPLIANCE STATUS OF LOAN COVENANTS

47. Status of resettlement and social safeguard issues related to loan covenants is provided in **Table 9:-**

Table 9: Status of Loan Covenants

Covenant	Safeguard Applicability	Status of Compliance
<u>Implementation Arrangements</u> The Borrower and the EA shall ensure that the project is implemented in accordance with the detailed arrangements set forth in the PAM. Any subsequent change to the PAM shall become effective only after approval of such change by the Borrower, the State, and ADB. In the event of any discrepancy between the PAM and this Loan Agreement, the provisions of this Loan Agreement shall prevail.	Para 1 of Schedule 5 of	Complied with.
<u>Grievance Redress Mechanism</u> Within 12 months after the Effective Date, the Borrower shall ensure, or cause the EA to ensure, that LSGD prepare a grievance redress mechanism, acceptable to ADB, and establish a special committee to receive and resolve complaints/grievances or act upon reports from stakeholders on misuse of funds and other irregularities, including grievances due to resettlement. The special committee shall (a) make the public aware of the existence of this grievance redress mechanism; (b) receive, review and address complaints/grievances of stakeholders of the project, in relation to the project, any of the service providers, or any person responsible for carrying out any aspect of the project; and (c) proactively and constructively respond to them.	Point 8 of Schedule 5.	Complied with. Office order of GRC issued on 13.09.2013 and well established in all the 6 towns. The GRM is progressively functioning in all the Town.
<u>Land Acquisition and Involuntary Resettlement</u> The Borrower shall ensure, or cause the EA to ensure, that PHED and LSGD make all land and all rights-of-way required for each subproject available to the Works contractor in accordance with the schedule agreed under the related Works contract, and all land acquisition and resettlement activities are implemented in compliance with (a) all applicable laws and regulations of the Borrower and the State relating to land acquisition and involuntary resettlement; (b) the Involuntary Resettlement Safeguards; (c) the RF; and (d) all measures and requirements set forth in the RP, and any corrective or preventative actions set forth in a Safeguards Monitoring Report.	Point 10 of Schedule 5.	Land acquisition is not required as all construction work are proposed in government land identified and already provided by line department. Social impacts are confined to mainly temporary loss of livelihood due to temporarily displacement from the location of business of mobile vendor or due to loss of access to shops, temporary in nature.
<u>Indigenous Peoples</u> In the event that the project does have any such impact, the Borrower shall ensure, or cause the EA to ensure, that the preparation, design, construction, implementation, and operation of the relevant subprojects comply with (a) all applicable laws and regulations of the Borrower and the State relating to indigenous peoples; and (b) the Indigenous Peoples Safeguards; and any corrective or preventative actions set forth in a Safeguards Monitoring Report.	Point 12 of Schedule 5	It is confirmed that no Indigenous People (IP) due to project implementation.

Annexure 3: Status of FSSM works upto December 2020

Components	Progress as on date
State FSSM Policy	Approved from RUDIP, Submitted to LSGD – awaiting cabinet approval. Further multiple discussions have been done with the RUDSICO and RUIDP as well as ADB to take it further and bring more clarity to the status and finalize the policy status.
State FSSM Guidelines	Approved from State and the guidelines have been printed for distribution and have been circulated to all the ULBs throughout Rajasthan. Notably, clustering strategies are created to identify the potential for co-treatment.
Feasibility Study on Co-treatment	NIUA has facilitated the co-treatment exposure visit to Chennai for RUIDP officials. Pre-feasibility report is prepared, submitted for approvals and is awaiting approvals
Pilot 1 Sambhar - Phulera: Construction of FSTP - 20 KLD, End-to-End Interventions for FSM value chain	FSTP Construction Completed, 100% physical progress
	The FSTP has been operationalized and has been handed over to the Phulera ULB for further operations.
	Resolution are passed from Phulera board, and are submitted (and awaiting approval) at Sambhar board.
	Sanitation committee is established at Phulera to implement the resolutions.
	Application process for CTE and CTO from RSPCB has been started.
	CTE application was submitted to the RSPCB in August and follow up is being taken.
	Sanitation cell has been formed to coordinate FSSM activities in the town and a dedicated helpline number has been procured for the FSM Cell to coordinate all FSM Operations.
	Procedure has been started for Licensing of Desludging Operators.
	IEC activities in Phulera-Sambhar have been started and a dedicated community officer has been stationed in the town.
	Considering the present situation of COVID-19, advisory posters for desludging operations and plant operations were also produced. (Annexure I)
	To ensure transparency and efficiency in FSTP operations, partnerships with research institutions was explored and CSE has been identified as the potential partner for conducting the tests, a formal MOU has been established.
	100% HH survey was proposed and quotations were invited for the same as per the previous discussion with RUIDP.

	Procurement of vehicles has also been proposed after the discussion with all the relevant stakeholders.
	The FSTP was inaugurated by the Hon'ble CM on 28 th September 2020.
Pilot 2 Lalsot: Construction of FSTP-20 KLD, Procurement of 2 Nos. Desludging Equipment, End-to-End Interventions for FSM Value chain	FSTP construction completed - 100% FSTP Physical Progress
	FSTP has been operationalized and handed over to the Lalsot Nagar Palika.
	Application process for CTE and CTO from RSPCB has been started.
	CTE application was submitted to the RSPCB in August and follow up is being taken.
	Resolutions are approved from Municipal Board
	Sanitation committee has been formed to look into FSSM implementation.
	Sanitation cell has been formed to coordinate the FSSM operations and a dedicated helpline number is functional and is being used for FSM operations.
	Co-composting options are also being explored to enhance the value of dried sludge and move towards circular economy.
	Desludging Vehicles has been procured: 1 nos 4 cum and 1 nos 1 cum
	IEC activities have been started and exposure visits are being conducted.
	Considering the present situation of COVID-19, advisory posters for desludging operations and plant operations are also produced. (Annexure I)
	To ensure transparency and efficiency in FSTP operations, partnerships with research institutions was explored and CSE has been identified as the potential partner for conducting the tests, a formal MOU has been established.
	100% HH survey has been proposed and quotations have been invited for the same as per the previous discussion with RUIDP.
	The FSTP was inaugurated by the Hon'ble CM on 28 th September 2020.
Pilot 3 Khandela: Construction of FSTP-10 KLD, Procurement of 1 No. Desludging Equipment, End-to-End interventions for FSM Value Cha	Construction work of FSTP has been completed – 100% FSTP Physical Work;
	Plant is being commissioned and has been handed over to the Khandela ULB for further operations
	Application process for CTE and CTO from RSPCB has been started.
	CTE application was submitted to the RSPCB in August and follow up is being taken.
	Landscaping work has been proposed;

	Resolutions have been approved by the Khandela Municipal Board
	Desludging Vehicles has been procured: 1 nos. 4 cum
	Sanitation committee has been formed to look into FSSM implementation
	Sanitation cell has been formed to coordinate the FSSM operations and a dedicated helpline number is functional.
	IEC activities in Khandela have been started and a dedicated community officer has been stationed in the town. Considering the present situation of COVID-19, advisory posters for desludging operations and plant operations were also produced. (Annexure I)
	To ensure transparency and efficiency in FSTP operations, partnerships with research institutions was explored and CSE has been identified as the potential partner for conducting the tests, a formal MOU has been established.
	100% HH survey was proposed and quotations were invited for the same as per the previous discussion with RUIDP. Procurement of vehicles has also been proposed after the discussion with all the relevant stakeholders.
	The FSTP was inaugurated by the Hon'ble CM on 28 th September 2020.

Annexure 4: Status of PR implementation under package Jhunjhnu water supply and sewerage subproject

To estimate the temporary impacts initially a series of transect walks were conducted; this was followed by a 100 percent census and a socio-economic survey conducted in the areas, where the works is to be taken. As per draft approved RP, temporary loss of access/disruption to livelihood of 503 non-titled movable /transitory structure (push carts etc.) owners were anticipated in ten potential areas during the pipeline laying work.

S.No.	Starting Point	End Point	Zone/DMA	Right	Left	Total
1	Collectrate circle	Bus Deport Tiraha	26,27	19	29	48
2	Kabadi market	Nagliya chouraha	27,30	1	10	11
3	Gudha circle	Khemi Sati mandir	18,21,33 LF & 19,21,24,33	3	13	16
4	Gudha circle	Khandela Road	31,33	9	7	16
5	Piru singh Circle	Gudha circle	27,30,31	4	8	12

7	Mandawa choraha	Jila Jail	11,25 (R)	13	25	38
8	Mandawa choraha	Churu by Pass	12,13 (R) 9,11 (L)	11	20	31
9	Mandawa choraha	Collectorate circle	25 (R)	18	0	18
10	Collectorate circle	railway Station	25 27,28,34,35	6	11	17
11	Railway station	RiCCO circle	34,38	3	17	20
12	RiCCO circle	Police Line	34	4	9	13
13	Bus stand Tiraha	Karnel Jay Prakash Sr.Sec.School	15, 30, 32	99	37	136
14	JP Govt. school	Gandhi chowk	18,20,21,22	11	10	21
15	Gandhi chowk	Old Bus stand	18.20.	24	25	49
16	Nehru Bazar	Shahidan chowk	16,20,22	19	30	49
					Total	503

since the alignment was not finalized during survey, APs operating on both side of the road were identified as potential APs however, during execution few APs were mitigated as line was laid in night time or access was ensured. These APs were considered as “**mitigated APs.**” Area wise details of mitigated APs are provided in **table 1**

Table 1: List of areas where APs not impacted

S.No.	Starting Point	End Point	Zone/DMA	Right	Left	Total	Mitigated
1	Mandawa choraha	Jila Jail	11,25 (R)	13	25	38	25
2	Railway station	RiCCO circle	34,38	3	17	20	4
3	RiCCO circle	Police Line	34	4	9	13	9
4	Bus stand Tiraha	Karnel Jay Prakash Sr.Sec.School	15, 30, 32	99	37	136	30

6	Gandhi chowk	Old Bus stand	18.20.	24	25	49	20
7	Nehru Bazar	Shahidan chowk	16,20,22	19	30	49	0
						Total	109

It is also to confirm that; as per the approved methodology around 5% of the APs are reported missing under the above stretches during implementation. Since, no further work is pending in any potential area these APs are classified under “**missing AP**” category and it is recommended to remove them from the list of potential APs. The details of these migrated vendors / missing vendors are provided in **table 2**.

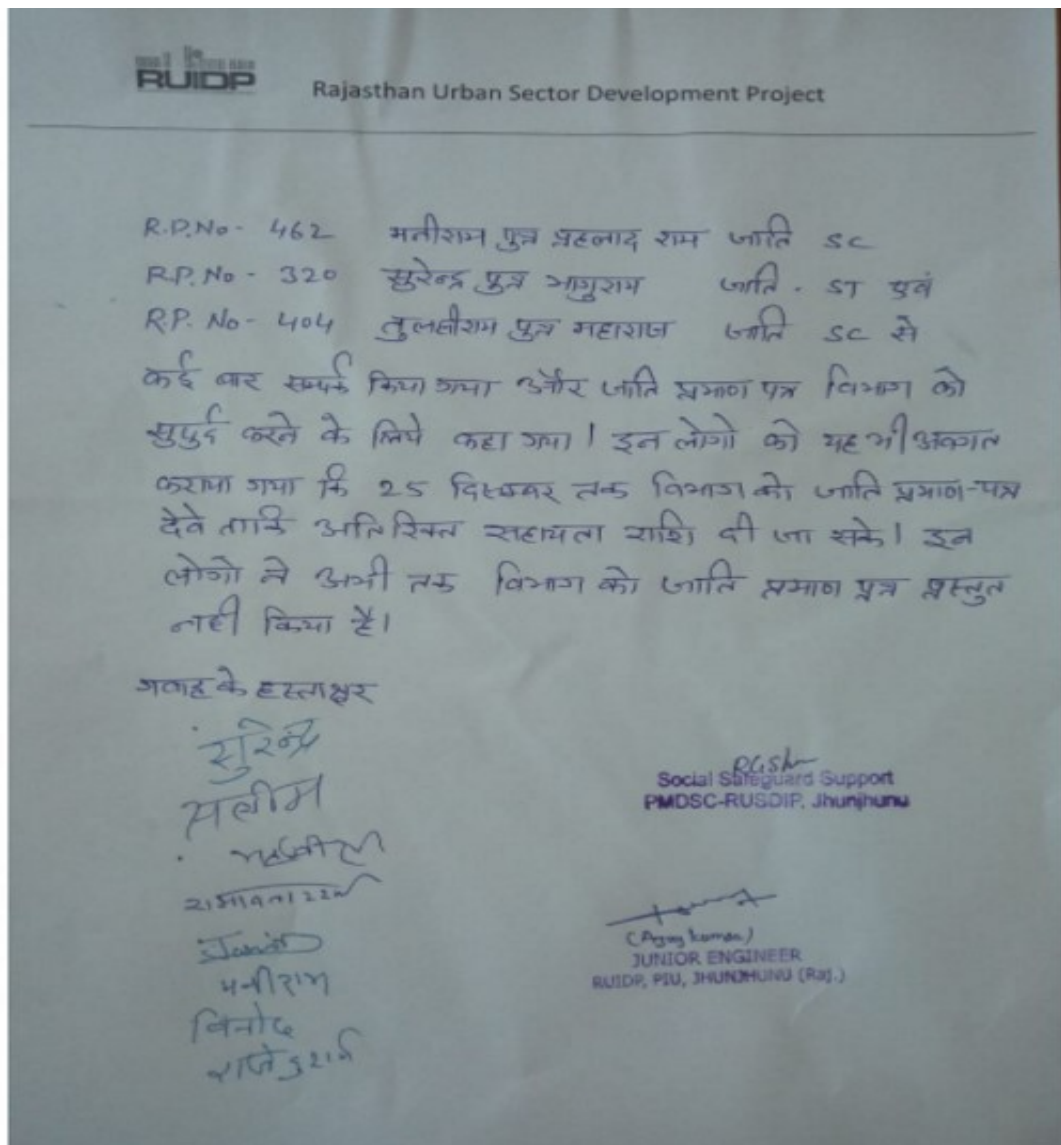

Table 2: Details of Missing APs

S.No.	Starting Point	End Point	Zone/DMA	Right	Left	Total	Missing
1	Collectrate circle	Bus Deport Tiraha	26,27	19	29	48	4
2	Kabadi market	Nagliya chouraha	27,30	1	10	11	2
3	Gudha circle	Khemi Sati mandir	18,21,33 LF & 19,21,24,33	3	13	16	1
4	Gudha circle	Khandela Road	31,33	9	7	16	0

12	RiCCO circle	Police Line	34	4	9	13	0
13	Bus stand Tiraha	Karnel Jay Prakash Sr.Sec.School	15, 30, 32	99	37	136	1
14	JP Govt. school	Gandhi chowk	18,20,21,22	11	10	21	0
15	Gandhi chowk	Old Bus stand	18.20.	24	25	49	6
16	Nehru Bazar	Shahidan chowk	16,20,22	19	30	49	0
						Total	28

During due diligence, it was also observed that inspite of good engineering practices adopted by implementation agency to avoid involuntary impact, impact was sustained on 307 APs vendors/traders due to temporary loss of access resulting in disruption to livelihood .These vendors were non-titled movable /transitory structure owners (push carts etc.) Out of these impacted APs, 59 APs are voluntarily inclined not to receive the compensation despite being offered. A final round of consultation was served by PMDSC Expert and Nodal Officer of PIU to all these APs to claim the amount but none of the above AP turned up. Accordingly it is recommended to consider these APs as unwilling APs and remove them from the list of potential APs as no pipelayng work is pending and project duration has also completed.

Table 3: Details of Unwilling APs

S.No.	Starting Point	End Point	Zone/DMA	Right	Left	Total	Unwilling	Willing APs/ APs compensated
1	Collectrate circle	Bus Deport Tiraha	26,27	19	29	48	11	33

प्रमाण पत्र

SRP No. 132 ... व्यवसाय ... मोती का कार्य ... स्थान गैंगी चौक, देहली नगरपालिका

परियोजना प्रभावित व्यक्ति के रूप में चिह्नित किया गया था लेकिन नियमित प्रवास किये जाने के उपरान्त भी यह व्यक्ति स्थान पर नहीं पाया गया जिससे इस व्यक्ति से सम्पर्क किया जा सके। अतः इसका पहचान पत्र भी नहीं बनाया जा सकता है एवं न ही अपेक्षित धनपूर्ववाही की जा सकती है। आस पास के लोगों से एवं यहाँ पाये गये अन्य परियोजना प्रभावित व्यक्तियों से इसके बारे में जानकारी ली तो उन्होंने बताया कि विक्रम कुमार / सुरेश ... सम्भवतः अन्यत्र व्यापार/आविविका करने चला गया है। इस बात की पुष्टि के लिए आस पास के लोगों एवं यहाँ पाये गए परियोजना प्रभावितों से साव्य हेतु हस्ताक्षर करवाये गए हैं।

SRP No. 235 ... व्यवसाय ... हस्तकला ... स्थान सुन्दरगढ़ की लोहे के डेले के लोहा

परियोजना प्रभावित व्यक्ति के रूप में चिह्नित किया गया था लेकिन नियमित प्रवास किये जाने के उपरान्त भी यह व्यक्ति स्थान पर नहीं पाया गया जिससे इस व्यक्ति से सम्पर्क किया जा सके। अतः इसका पहचान पत्र भी नहीं बनाया जा सकता है एवं न ही अपेक्षित धनपूर्ववाही की जा सकती है। आस पास के लोगों से एवं यहाँ पाये गये अन्य परियोजना प्रभावित व्यक्तियों से इसके बारे में जानकारी ली तो उन्होंने बताया कि अश्विनी/राकुल ... सम्भवतः अन्यत्र व्यापार/आविविका करने चला गया है। इस बात की पुष्टि के लिए आस पास के लोगों एवं यहाँ पाये गए परियोजना प्रभावितों से साव्य हेतु हस्ताक्षर करवाये गए हैं।

RUSDP/P ali /01	Surajpole Circle to Ahinsa Dwar	DMA-2, Surajpole	31	31	Work of water pipe laying was physically executed on 15/02/2017 during night time in right side. Sewer line laid under UIDSSMT project.
	Over Bridge to Kheteshwar Circle	DMA-1 & 02, Jodhpur Road	3	3	Water supply and sewer pipeline works proposed in right side. No works will be executed in the left side, hence mitigated. During this reporting period works were executed in front of 5 APs. Recommended for payment. One is missing.
	Subash Circle to Meel Gate	DMA-2, Jodhpur Road	7	7	Water supply and sewer pipeline works proposed in right side. No works will be executed in the left side, hence mitigated.
	Meel Gate to Over Bridge	DMA-2, Jhodpur Road	38	38	Water supply and sewer pipeline works proposed in right side. No works will be executed in the left side, hence mitigated.
	Purana Bus stand to Anuvart Dwar - Mandiya road	DMA-1, Surajpole DMA-3&4 Shantinath	55	55	Purana Bus stand upto Nehru Garden Night work executed. Impact on 17 APs was mitigated. Confirmation taken from APs. Nehru garden to Anuwat dwar Change of alignment, patch totally avoided. No works proposed, impact on 26 APs mitigated. During this reporting period works were executed in front of 3 APs. Payment

Package	Location start point	End point	Mitigate d/No impact upto June 2020	Mitigate d/No impact upto Dec 2020	Remarks
					disbursed on 28.10.2019.
					Anuwat Dwar to STP Water supply pipeline proposed on the right side and left side 15 APs mitigated. Sewer line already taken up under UIDSSMT project.
	Mastan Baba to Haider Colony		3	3	Access was available during works execution
	Total Mitigated APs		137	137	No APs mitigated during this reporting period.
	Chungi naka to Transport Nagar			18	Water supply pipeline works executed in both side. While sewer pipeline executed in right side under trenchless method. Access was available for all identified APs. Hence impact mitigated to 18 APs.
	Shivaji circle to Chungi Naka			40	Work of water pipe laying was physically executed in left side while sewer pipeline executed in right side under trenchless method. Access was available for all identified APs. Hence impact mitigated to 40 APs.
	Shivaji Circle to Indira Colony			1	
	Shivaji Circle to Ahinsa Dwar			17	Water supply pipeline works executed in both side While sewer pipeline executed in right side under trenchless method. Access was available for all identified APs. Hence impact mitigated to 17 APs.
	Shivaji Circle to Ambedkar Circle Circle			2	Water supply pipeline laid in the left side, access was available, sewer works executed through trenchless method, hence impact mitigated.
	Suraj pope to Ahinsa Circle			4	In the patches, water supply work was not executed from white house building to session court boundary sewer works executed through trenchless method, hence impact mitigated.
	Total		137	82	219
SGN	Sukhadiya Circle	Meera	28	28	Night work, no impact, impact

Package	Location start point	End point	Mitigate d/No impact upto June 2020	Mitigate d/No impact upto Dec 2020	Remarks
		Chowk			totally avoided
	Chahal Chowk to Meera Chowk	32,33	21	21	No Sewer work proposed in this stretch .Works already executed under UIDSSMT project. During laying of Water supply pipeline ,access was available for the road side petty businessmen.
	Total Mitigated APs		49	49	No APs mitigated during this reporting period.
	Sukhadia circle to Shiv Chowk			5	Water supply pipeline laid in right side in night time, sewer line is not proposed in that stretch. Thus all the 5 APs identified in right side have been mitigated.
	Meera Chowk to SSB office			11	Sewer line laid right side of the road under trenchless technology. Water supply pipeline laid both side from Meera chowk to 100 feet road. Water supply pipeline work curtailed/reduced around 300 mtr. Thus no IR impact were envisaged on 11 APs
	Lakarmandi Toraha to Azad Takies			5	Under this patches, Sewer network works curtailed/reduced from Lakarmandi Tiraha to Rly Gate/Phatak. Thus no IR impact envisaged on 5 APs.
		Total	49	21	70
JJN/01	Bus stand	JP School	30	30	Line not Proposed
	RICCO	Police Line	9	9	Water supply and sewer pipeline works executed in right side. No works will be executed in the left side, hence 9 APs mitigated. Confirmation taken from APs.
	Gandhi Chowk	Old Bus stand	20	20	As per discussion with Contractor,PMDSC/PIU,no works proposed in bus stand area as no habitation .
	Mandawa Circle	Jila Jail	25	25	Nagar Parishad constructed footpath and no physical works will be executed in that side . 25 APs were identified in that side during SIA. can be

Package	Location start point	End point	Mitigate d/No impact upto June 2020	Mitigate d/No impact upto Dec 2020	Remarks
					reported to ADB. Confirmation taken from APs.
	Railway station	RICCO circle	4	4	No works will be executed in Right side, where 4 APs are running their petty shops. Both the pipeline (WS+WW) laid in left side. Confirmation taken from APs.
	Jay Prakash govt. School	Gandhi chowk	0	21	Sewer line laid in the centre of the road, while water supply pipe line laid in the left side of the road. Both the works executed in the night time. Thus no livelihood impact was envisaged during laying of pipelines. Confirmation taken from APs.
Total mitigated APs=109					
BHIL 01	Sringrishi Circle	Badla Circle	28	28	No work proposed in right side as confirmed by Contractor/PIU/PMDSC, hence 28 APs mitigated
	Mahila Ashram	Keshav Hospital	2	2	In this stretch, during survey, form has been filled for both wife and husband, even though, both are running one shop, so husband name has been considered in mitigated list, similarly, one hut which was not impacted also considered in mitigated list
BHIL 01	Ahinsa circle	Sidhi vinayak hospital	0	5	Sewer line laid right side of the road. No IR impact was envisaged on left side APs. Confirmation taken from APs.
	Sanganare Gate Police Chowki Pani tanki	Ahinsa Circle	0	28	Sewer line laid right side of the road. No IR impact was envisaged on left side APs. Confirmation taken from APs.
	Shri guest house	Manak Nagar	0	6	Sewer line laid right side of the road and works were executed in the night time. No IR impact was envisaged on right side APs. Confirmation taken from APs.
Total mitigated AP=69
